Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Board of Trustees
Menorah Manor, Inc. Retirement Savings Incentive Plan
St. Petersburg, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Menorah Manor, Inc. Retirement Savings Incentive Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

General

The following description of the Menorah Manor, Inc. Retirement Savings Incentive Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan, which was established effective July 1, 1996, and subsequently amended, is classified as a defined-contribution plan, covering all employees of Menorah Manor, Inc. (the “Plan Sponsor” or “Company”). The purpose of the Plan is to reward eligible employees of the Company for long and loyal service by providing them with retirement benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Custodians

Effective May 1, 2015, the Plan started a transition of custodianship from Variable Annuity Life Insurance Company (“VALIC”) to TD Ameritrade Trust Company (“TD Ameritrade Trust”). The Plan was restated in May 2018 and adopted an Internal Revenue Service (“IRS”) pre-approved 403(b) volume submitter plan. Effective March 13, 2020, TD Ameritrade Trust ceased all custodian business operations; as such, all Plan assets were transferred to Matrix Trust Company. VALIC and Matrix Trust Company are collectively referred to as the “Plan Custodians.”

Contributions

Immediately upon hire, employees may contribute a percentage of their pre-tax or after-tax annual compensation, as defined in the Plan, up to the maximum allowed by the IRS on an annual basis. Catch-up contributions are allowed for a participant if the participant is at least 50 years of age by the end of the Plan year. Contribution deferral percentages can be changed throughout the year. The Plan has an auto-enrollment feature whereby newly eligible employees contribute an initial 3% with a 1% increase each year thereafter up to 8% unless they opt out.

Employees who are over 21 years of age become eligible for Company matching contributions on the next January 1 or July 1 following the completion of one year of service with at least 1,000 hours of service. The Company may make a matching contribution expressed as a base percentage, as determined annually by the Board of Trustees. For the year ended June 30, 2025, the Company provided a 50% match on employee contributions up to 4% of an eligible participant’s compensation contributed to the Plan. The Plan was amended effective July 1, 2024, that matching contributions were not to exceed 4% and were calculated and deposited each payroll period rather than annually.

At the discretion of its Board of Trustees, the Company may make additional matching contributions to the Plan. There were no additional matching contributions made by the Company during the year ended June 30, 2025.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and allocations of the Company’s discretionary contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Menorah Manor, Inc. Retirement Savings Incentive Plan
Notes to Financial Statements
June 30, 2025 and 2024

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Otherwise, vesting in the Company's matching and discretionary contribution portion of their account, plus actual earnings thereon, is based on years of continuous service in which the employee had at least 1,000 hours of service, as follows:

1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to reduce administrative expenses of the Plan or to reduce Company contributions made to the Plan. Forfeitures that will be used to reduce future administrative expenses and employer contributions were approximately \$17,700 and \$4,600 at June 30, 2025 and 2024, respectively. During the year ended June 30, 2025, approximately \$-0- of forfeitures were used to reduce employer contributions and administrative expenses, respectively.

Investment Options

Upon enrollment in the Plan, a participant may elect to have their employee and employer contributions, and related earnings allocated to one or more registered investment companies held by Matrix Trust Company. The Plan no longer permits allocations to the funds held by VALIC.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risk. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodians.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant Notes Receivable

Participants may borrow from their Matrix Trust accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Note terms range from 1-5 years, or up to 30 years for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding note receivable at a time.

Effective August 2016, the Plan no longer permits new loans directly from VALIC. The loans from VALIC were made directly between the participant and VALIC; accordingly, they are not Plan assets and are not reflected in these financial statements. The loans are collateralized by the balance in the participant's account held by VALIC and bear interest at a rate commensurate with prevailing rates. The amount collateralizing participant loans held by VALIC approximated \$35,900 and \$66,900 as of June 30, 2025 and 2024, respectively.

Menorah Manor, Inc. Retirement Savings Incentive Plan
Notes to Financial Statements
June 30, 2025 and 2024

Payment of Benefits

Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Hardship withdrawals are permitted under the Plan. The normal form of benefit payment under the Plan is a qualified joint and survivor annuity ("QJSA") paid in installments based upon the participant's life expectancy at the time of retirement.

A participant can waive the QJSA and elect a lump-sum distribution alternative. A participant may also take a distribution in the form of any of the payout options available under the participant's investment arrangement.

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their account or a joint and survivor annuity.

There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of June 30, 2025 and 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Liabilities

Liabilities consist of advance participant contributions. On June 30, 2024, the Plan received an advance of approximately \$1,000 of 2025 payroll withholdings.

Administration Costs and Investment Fees

Certain administrative expenses, including fees to have the performance of the Plan's investment options monitored by a third-party investment advisor, are paid by the Company and will not be reimbursed by the Plan. The administrative expenses included in these financial statements primarily relate to recordkeeper charges. Investment expenses are netted against net change in the fair value of investments.

Investment Valuation and Income Recognition

Investments in registered investment company fund vehicles are valued at quoted market prices or at net asset value ("NAV") calculated daily by the fund administrator, based upon the quoted market prices of the underlying securities held by the fund, less unpaid expenses.

Investments in pooled separate accounts are credited to a participant's account in the form of accumulation units. The units of pooled separate accounts are stated at fair value, as determined by the issuer of the account, based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit-value basis.

Menorah Manor, Inc. Retirement Savings Incentive Plan
Notes to Financial Statements
June 30, 2025 and 2024

The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the NAV of the shares of the underlying investment adjusted for any dividends or distributions received by the Plan Custodians and the daily equivalent of any fee charged by the Plan Custodians pursuant to the contract. The value of each accumulation unit is published each business day. The account values of separate accounts are not publicly quoted.

Investments held in the VALIC Fixed Account Plus ("FAP") and the VALIC Short-Term Fixed Account ("STF") (see Note 5) are deemed to be fully benefit-responsive investment contracts and are recorded at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis, and interest income is recorded on the accrual basis. The net change in the fair value of the Plan's investments include the Plan's gains and losses on investments bought and sold, as well as the unrealized appreciation/depreciation on those investments that are held at the end of the year.

Participant Notes Receivable

Participant notes are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collections of participants' loans are deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through April 9, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VALIC and Matrix Trust Company, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of June 30, 2025 and 2024, respectively.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended June 30, 2025.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of June 30, 2025.

Menorah Manor, Inc. Retirement Savings Incentive Plan
Notes to Financial Statements
June 30, 2025 and 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Income Tax Status

The Plan administrator believes that the Plan is a qualified trust under Section 403(b) of the Internal Revenue Code ("IRC") and is, therefore, exempt from federal income taxes, provided that all terms of the Plan continue to be followed. The Plan has adopted a volume submitter 403(b) plan that has obtained an advisory letter from the Internal Revenue Service dated March 31, 2017 stating that form of the plan document satisfies the requirements of IRC Section 403(b). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Note 5. Fully Benefit-Responsive Investment Contracts

The STF and FAP investment contracts are fully benefit responsive; therefore, contract value is the relevant measurement. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. All amounts accumulated in the STF will be credited with the same rate of interest for each plan year. The FAP will credit interest periodically, but not less than annually, when interest rates are declared, and will be applied to amounts accumulated in separate time periods. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. If a participating plan terminates participation in the fixed interest contracts, the lesser of the guaranteed value or the fair value will be received. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value.

The underlying contracts of the FAP investments include the Portfolio Director Group Fixed and Variable Deferred Annuity Contract, the Independence Plus Group Fixed and Variable Annuity Contract, and the V-Plan Group Fixed Annuity Contract. The underlying contracts of the STF Account consist of the Portfolio Director Group Fixed and Variable Deferred Annuity Contract.

Notes to Financial Statements
June 30, 2025 and 2024

Note 6. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2025 and 2024:

2025				
Fair Value Measurements Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

2024

Pooled separate accounts	\$ 804,799	\$ -	\$ 804,799	\$ -
Registered investment companies	5,174,392	5,174,392	-	-
Total assets in the fair value hierarchy	<u>\$ 5,979,191</u>	<u>\$ 5,174,392</u>	<u>\$ 804,799</u>	<u>\$ -</u>

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are units of variable annuity accounts or a pooled separate account that is managed by Plan's recordkeepers.

Board of Trustees
Menorah Manor, Inc. Retirement Savings Incentive Plan
St. Petersburg, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Menorah Manor, Inc. Retirement Savings Incentive Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

General

The following description of the Menorah Manor, Inc. Retirement Savings Incentive Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, which was established effective July 1, 1996, and subsequently amended, is classified as a defined-contribution plan, covering all employees of Menorah Manor, Inc. (the "Plan Sponsor" or "Company"). The purpose of the Plan is to reward eligible employees of the Company for long and loyal service by providing them with retirement benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Custodians

Effective May 1, 2015, the Plan started a transition of custodianship from Variable Annuity Life Insurance Company ("VALIC") to TD Ameritrade Trust Company ("TD Ameritrade Trust"). The Plan was restated in May 2018 and adopted an Internal Revenue Service ("IRS") pre-approved 403(b) volume submitter plan. Effective March 13, 2020, TD Ameritrade Trust ceased all custodian business operations; as such, all Plan assets were transferred to Matrix Trust Company. VALIC and Matrix Trust Company are collectively referred to as the "Plan Custodians."

Contributions

Immediately upon hire, employees may contribute a percentage of their pre-tax or after-tax annual compensation, as defined in the Plan, up to the maximum allowed by the IRS on an annual basis. Catch-up contributions are allowed for a participant if the participant is at least 50 years of age by the end of the Plan year. Contribution deferral percentages can be changed throughout the year. The Plan has an auto-enrollment feature whereby newly eligible employees contribute an initial 3% with a 1% increase each year thereafter up to 8% unless they opt out.

Employees who are over 21 years of age become eligible for Company matching contributions on the next January 1 or July 1 following the completion of one year of service with at least 1,000 hours of service. The Company may make a matching contribution expressed as a base percentage, as determined annually by the Board of Trustees. For the year ended June 30, 2025, the Company provided a 50% match on employee contributions up to 4% of an eligible participant's compensation contributed to the Plan. The Plan was amended effective July 1, 2024, that matching contributions were not to exceed 4% and were calculated and deposited each payroll period rather than annually.

At the discretion of its Board of Trustees, the Company may make additional matching contributions to the Plan. There were no additional matching contributions made by the Company during the year ended June 30, 2025.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's discretionary contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes to Financial Statements
June 30, 2025 and 2024

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Otherwise, vesting in the Company's matching and discretionary contribution portion of their account, plus actual earnings thereon, is based on years of continuous service in which the employee had at least 1,000 hours of service, as follows:

1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to reduce administrative expenses of the Plan or to reduce Company contributions made to the Plan. Forfeitures that will be used to reduce future administrative expenses and employer contributions were approximately \$17,700 and \$4,600 at June 30, 2025 and 2024, respectively. During the year ended June 30, 2025, approximately \$-0- of forfeitures were used to reduce employer contributions and administrative expenses, respectively.

Investment Options

Upon enrollment in the Plan, a participant may elect to have their employee and employer contributions, and related earnings allocated to one or more registered investment companies held by Matrix Trust Company. The Plan no longer permits allocations to the funds held by VALIC.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risk. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodians.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant Notes Receivable

Participants may borrow from their Matrix Trust accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Note terms range from 1-5 years, or up to 30 years for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding note receivable at a time.

Effective August 2016, the Plan no longer permits new loans directly from VALIC. The loans from VALIC were made directly between the participant and VALIC; accordingly, they are not Plan assets and are not reflected in these financial statements. The loans are collateralized by the balance in the participant's account held by VALIC and bear interest at a rate commensurate with prevailing rates. The amount collateralizing participant loans held by VALIC approximated \$35,900 and \$66,900 as of June 30, 2025 and 2024, respectively.

Payment of Benefits

Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Hardship withdrawals are permitted under the Plan. The normal form of benefit payment under the Plan is a qualified joint and survivor annuity ("QJSA") paid in installments based upon the participant's life expectancy at the time of retirement.

A participant can waive the QJSA and elect a lump-sum distribution alternative. A participant may also take a distribution in the form of any of the payout options available under the participant's investment arrangement.

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their account or a joint and survivor annuity.

There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of June 30, 2025 and 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Liabilities

Liabilities consist of advance participant contributions. On June 30, 2024, the Plan received an advance of approximately \$1,000 of 2025 payroll withholdings.

Administration Costs and Investment Fees

Certain administrative expenses, including fees to have the performance of the Plan's investment options monitored by a third-party investment advisor, are paid by the Company and will not be reimbursed by the Plan. The administrative expenses included in these financial statements primarily relate to recordkeeper charges. Investment expenses are netted against net change in the fair value of investments.

Investment Valuation and Income Recognition

Investments in registered investment company fund vehicles are valued at quoted market prices or at net asset value ("NAV") calculated daily by the fund administrator, based upon the quoted market prices of the underlying securities held by the fund, less unpaid expenses.

Investments in pooled separate accounts are credited to a participant's account in the form of accumulation units. The units of pooled separate accounts are stated at fair value, as determined by the issuer of the account, based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit-value basis.

Menorah Manor, Inc. Retirement Savings Incentive Plan
Notes to Financial Statements
June 30, 2025 and 2024

The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the NAV of the shares of the underlying investment adjusted for any dividends or distributions received by the Plan Custodians and the daily equivalent of any fee charged by the Plan Custodians pursuant to the contract. The value of each accumulation unit is published each business day. The account values of separate accounts are not publicly quoted.

Investments held in the VALIC Fixed Account Plus ("FAP") and the VALIC Short-Term Fixed Account ("STF") (see Note 5) are deemed to be fully benefit-responsive investment contracts and are recorded at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis, and interest income is recorded on the accrual basis. The net change in the fair value of the Plan's investments include the Plan's gains and losses on investments bought and sold, as well as the unrealized appreciation/depreciation on those investments that are held at the end of the year.

Participant Notes Receivable

Participant notes are recorded at their unpaid principal balance, plus accrued but unpaid interest. If collections of participants' loans are deemed doubtful, the amount is recognized as a distribution in the period the determination is made.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through April 9, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VALIC and Matrix Trust Company, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of June 30, 2025 and 2024, respectively.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended June 30, 2025.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of June 30, 2025.

Menorah Manor, Inc. Retirement Savings Incentive Plan
Notes to Financial Statements
June 30, 2025 and 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Income Tax Status

The Plan administrator believes that the Plan is a qualified trust under Section 403(b) of the Internal Revenue Code ("IRC") and is, therefore, exempt from federal income taxes, provided that all terms of the Plan continue to be followed. The Plan has adopted a volume submitter 403(b) plan that has obtained an advisory letter from the Internal Revenue Service dated March 31, 2017 stating that form of the plan document satisfies the requirements of IRC Section 403(b). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Note 5. Fully Benefit-Responsive Investment Contracts

The STF and FAP investment contracts are fully benefit responsive; therefore, contract value is the relevant measurement. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. All amounts accumulated in the STF will be credited with the same rate of interest for each plan year. The FAP will credit interest periodically, but not less than annually, when interest rates are declared, and will be applied to amounts accumulated in separate time periods. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. If a participating plan terminates participation in the fixed interest contracts, the lesser of the guaranteed value or the fair value will be received. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value.

The underlying contracts of the FAP investments include the Portfolio Director Group Fixed and Variable Deferred Annuity Contract, the Independence Plus Group Fixed and Variable Annuity Contract, and the V-Plan Group Fixed Annuity Contract. The underlying contracts of the STF Account consist of the Portfolio Director Group Fixed and Variable Deferred Annuity Contract.

Note 6. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2025 and 2024:

2025				
Fair Value Measurements Using

Total assets in the fair value hierarchy	<u>\$ 5,979,191</u>	<u>\$ 5,174,392</u>	<u>\$ 804,799</u>	<u>\$ -</u>

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are units of variable annuity accounts or a pooled separate account that is managed by Plan's recordkeepers.
