## **Report of Independent Auditors**

The Trustees and Plan Administrative Committee of  
Olam West Coast, Inc. Pension Plan for Hourly Employees

### **Report on the Audit of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Olam West Coast, Inc. Pension Plan for Hourly Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Olam West Coast, Inc. Pension Plan for Hourly Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Olam West Coast, Inc. Pension Plan for Hourly Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Olam West Coast, Inc. Pension Plan for Hourly Employees' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Olam West Coast, Inc. Pension Plan for Hourly Employees' internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Olam West Coast, Inc. Pension Plan for Hourly Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter***

##### *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Notes to Financial Statements**

---

#### **Note 1 – Description of Plan**

The following brief description of the Olam West Coast, Inc. Pension Plan for Hourly Employees (the Plan) provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

**General** – The Plan is a defined benefit pension plan providing benefits to all eligible employees of Olam West Coast, Inc. (the Company), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan includes all hourly employees of the Company at the Hanford facility subject to the collective bargaining agreement. Employees are eligible to participate in the Plan upon reaching age 21, and on the first day of the month after completing 400 hours of service with the Company.

The Plan is administered by the Plan Administrative Committee (the Committee). The Trustees of the Plan are officers of the Company and have overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustees.

#### **Payment of benefits**

**Pension benefits and vesting** – Employees with five or more years of service are entitled to monthly payable pension benefits beginning at normal retirement age (65). For periods beginning July 7, 2024, the benefit is equal to a \$13 fixed amount each year of credited service until age 55 plus a \$16 fixed amount for each year of credited service thereafter. For periods before July 7, 2024, the benefit is equal to a \$10 fixed amount for each year of credited service until age 55 plus a \$13 fixed amount for each year of credited service thereafter. The Plan permits early retirement at age 55 with ten years of service, with a two-step reduction of benefits. If employees terminate before rendering five years of service, they forfeit the right to receive their accumulated plan benefits. Employees may elect to receive the value of their accumulated plan benefits as a single life annuity, joint and survivor annuity, or a life annuity with a 10-year term if greater than \$5,000. If less than or equal to \$5,000, the value of their accumulated plan benefits shall be paid in a lump sum.

**Death and disability benefits** – If an active employee dies prior to commencing payments under the Plan, a death benefit equal to the value of the employee's accumulated pension benefit is paid to the employee's beneficiary under a qualified preretirement survivor annuity. Active employees who become totally disabled receive annual disability benefits that are equal to the equivalent normal retirement benefit they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age.

## Notes to Financial Statements

### Note 2 – Summary of Accounting Policies

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

**Investment valuation** – The investments are stated at fair value or contract value. The Plan's custodian, Voya Retirement Insurance and Annuity Company (Voya), certifies the contract value of the guaranteed investment contract and fair value of the other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of unrealized appreciation and depreciation of those investments.

**Payment of benefits** – Benefit payments to participants are recorded upon distribution.

**Expenses** – The Plan's expenses are paid by the Plan or the Company, as specified in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are deducted from investment earnings, as disclosed in the investment prospectus, and thus are not separately disclosed in the accompanying financial statements.

### Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of credited service. The accumulated plan benefits for active employees are based on their credit service ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

### Notes to Financial Statements

---

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of June 30, 2025 and 2024, are as follows:

|                       |                                                              |
|-----------------------|--------------------------------------------------------------|
| Discount rate:        | 6.00%                                                        |
| Mortality assumption: | PRI-2012 amount weighted table with projection scale MP-2021 |
| Retirement age:       | Normal retirement age of 65                                  |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present values of accumulated plan benefits were made as of July 1, 2025 and 2024. Had the valuations been performed as of June 30, 2025 and 2024, there would be no material differences.

The actuarial present value of accumulated Plan benefits as of June 30, 2025 and 2024, are as follows:

|                                                            | 2025                | 2024                |
|------------------------------------------------------------|---------------------|---------------------|
| Actuarial present value of accumulated plan benefits       |                     |                     |
| Vested benefits                                            |                     |                     |

| Other participants                                         | 1,698,090           | 1,629,632           |
| Total vested benefits                                      | 3,428,113           | 2,932,794           |

|                                                                           |                     |

### **Notes to Financial Statements**

#### **Note 4 – Funding Policy**

**Employee contributions** – Contributions by participants are not required or permitted by the Plan.

**Employer contributions** – The Company's funding policy is to contribute amounts necessary to meet the funding requirements of ERISA and the Internal Revenue Code (IRC) such that, all employees' benefits will be fully provided for by the time they retire. There was no minimum funding requirement for the year ended June 30, 2025.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

#### **Note 5 – Plan Termination**

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

### Note 6 – Fair Value Measurements

Following is a description of the valuation technique used for assets measured at fair value. There have been no changes in the techniques used at June 30, 2025 and 2024.

**Pooled separate account** – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in certain entities that measure fair value using the NAV practical expedient:

|                         | Fair Value<br>June 30, 2025 | Fair Value<br>June 30, 2024 | Redemption<br>Frequency | Redemption<br>Notice Period | Redemption<br>Restrictions | Unfunded<br>Commitments |
|-------------------------|-----------------------------|-----------------------------|-------------------------|-----------------------------|----------------------------|-------------------------|
| Pooled separate account | \$ 4,730,005                | \$ 4,199,999                | Daily                   | 1 day                       | N/A                        | N/A                     |

Below are the investment strategies for investments that represent more than 5.0% of net assets as of June 30, 2025 and 2024:

*JP Morgan Large Cap Growth Fund Class R6 Shares:* The investment seeks long-term capital appreciation. The portfolio invests at least 80% of its assets in the equity securities of large, well-established companies. Large, well-established companies are companies with market capitalizations equal to those within the universe of the Russell 1000 Growth Index at the time of purchase.

*Columbia Dividend Income Fund Class A Shares:* The investment seeks total return, consisting of income and capital appreciation. The fund invests at least 80% of its net assets in a diversified portfolio of income-producing equity securities, which will consist primarily of common stocks but also may include preferred stocks and convertible securities. It invests principally in securities of companies believed to be undervalued but also may invest in securities of companies believed to have the potential for long-term growth. The fund may invest in companies that have market capitalizations of any size.

*MFS Research International Fund Class R6:* The investment seeks capital appreciation. The fund normally invests its assets primarily in foreign equity securities, including emerging market equity securities. Equity securities include common stocks and other securities that represent an ownership interest in another company or other issuer.

*Invesco Short Term Bond Fund Class R6:* The fund seeks to achieve total return, comprised of current income and capital appreciation by investing in a diversified portfolio of investment-grade, fixed-income securities with a weighted average effective maturity and effective duration of less than three years.

*DFA Intermediate Government Fixed Income Portfolio:* The investment seeks current income consistent with preservation of capital. The fund invests in high quality, low-risk obligations of the U.S. government and its agencies with maturities between five and fifteen years from the date of settlement. It normally invests in non-callable obligations issued or guaranteed by the U.S. government and U.S. government agencies, AAA-rated, dollar-denominated obligations of foreign governments, obligations of supranational organization, and futures contracts on U.S. Treasury securities.

## **Olam West Coast, Inc. Pension Plan for Hourly Employees**

### **Notes to Financial Statements**

---

*PIMCO International Bond Fund:* The investment seeks maximum total return, consistent with preservation of capital and prudent investment management. The fund invests at least 80% of its assets in fixed income instruments that are economically tied to at least three non-U.S. countries. The fund invests primarily in investment grade debt securities, but may invest up to 10% of its total assets in junk bonds as rated by Moody's, S&P or Fitch, or, if unrated, as determined by PIMCO.

*Vanguard Total Bond Market Index Fund Admiral Shares:* The investment seeks the performance of Bloomberg Barclays U.S. Aggregate Float Adjusted Index which measures the performance of a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities all with maturities of more than one year. All of its investments will be selected through the sampling process, and at least 80% of its assets will be invested in bonds held in the index.

The valuation method used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### **Note 7 – Guaranteed Investment Contract with Insurance Company**

In 2016, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

## **Olam West Coast, Inc. Pension Plan for Hourly Employees**

### **Notes to Financial Statements**

---

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

#### **Note 8 – Certified Investment Information**

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Voya, a qualified institution:

- Investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net appreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2025.
- Investments reflected on the schedule of assets (held at end of year) as of June 30, 2025.

#### **Note 9 – Tax Status**

The Plan has adopted a pre-approved plan document that received a favorable opinion letter from the Internal Revenue Service on March 30, 2018, which stated that the Plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax positions and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 10 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **Notes to Financial Statements**

---

#### **Note 11 – Party-in-Interest Transactions**

Certain Plan investments are managed by Voya. Voya is the custodian of the Plan and, therefore, transactions with this entity qualifies as exempt party-in-interest transactions.

#### **Note 12 – Subsequent Events**

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through April 13, 2026, which is the date the financial statements were available to be issued.

## Shortfall Amortization Calculation

### Shortfall Amortization Charges for 2024/25

Schedule C shows the Shortfall Amortization Charge (SAC), which is the Funding Shortfall (FS) amortized over a period of fifteen years.

To determine the Plan Funding Percentage for the Shortfall Amortization Base Exemption, plan assets are reduced by the Prefunding Balance, as shown below.

$$\begin{aligned} & (\text{Assets} - \text{Prefunding Balance}) / \text{Funding Target} \\ & = \\ & (4,679,010 - 0) / 3,155,903 = 148.26\% \end{aligned}$$

Since the funding percentage of 148.26% is greater than 100% for plan year 2024/25, a SAC is not needed for 2024/25.

### Amortization Schedule
