Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FUSTCHARLES LLP**

(2) EIN: **16-1226221**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Anaren Microwave, Inc. Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Anaren Microwave, Inc. Pension Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As more fully described in note 1(a) to the financial statements, In October 2025, the Sponsor's Board of Directors adopted a resolution to terminate the Plan effective December 31, 2025. Our report is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedules Required by ERISA, Continued

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

June 30, 2025 and 2024

(1) Description of Plan

The following description of the Anaren Microwave, Inc. Pension Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a noncontributory defined benefit pension plan covering eligible employees of Anaren Microwave, Inc. (Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is covered by the Pension Benefit Guaranty Corporation (PBGC).

Anaren, LLC, the parent company of the Sponsor, was acquired by TTM Technologies, Inc. in April 2018.

Effective December 31, 2019, the Plan was amended to freeze the accrued benefits for all participants.

In October 2025, the Sponsor's Board of Directors adopted a resolution to terminate the Plan effective December 31, 2025. On February 24, 2026, the Sponsor received a favorable determination letter from the Internal Revenue Service (IRS) to terminate the Plan. The Sponsor is in the process of notifying Plan participants and will offer a temporary opportunity to receive the value of their accumulated plan benefits in a lump-sum distribution.

(b) Eligibility

Full-time employees and part-time employees hired prior to August 15, 2000 who are at least 21 years of age with 1,000 hours of service per year are eligible to participate in the Plan. Employees hired after August 15, 2000 are not eligible to participate in the Plan. Current participants accrued benefits under the Plan until the December 31, 2019 freeze date.

(c) Funding Policy

The Plan's funding policy is for the Sponsor to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirement of ERISA has been met for both 2025 and 2024.

PENSION PLAN

Notes to Financial Statements

(1) Description of Plan, Continued

(d) Pension Benefits

Under the terms of the Plan, participants are eligible for a single lump sum payment or monthly benefit payments upon reaching age 65 (normal retirement) or at age 55 with a minimum of twelve years of service. Normal retirement benefits are equal to 0.60% of the average of the highest five consecutive years compensation from date of employment to June 30, 1992, times the years of service through June 30, 1992, plus 0.75% of compensation for each year of service thereafter, subject to certain limitations.

(e) Death Benefits

If death occurs after a participant is vested, 50% of the participant's accrued benefit is payable to the surviving spouse, at the participant's earliest retirement date applicable, reduced for early retirement and joint and survivor option.

(f) Vesting

Vesting is based on years of credited service. A participant becomes 20% vested after 3 years of service with an additional 20% for each subsequent year to 100% vested after 7 years.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

ANAREN MICROWAVE, INC.
PENSION PLAN

Notes to Financial Statements

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(e) Administrative Expenses

The Plan agreement states that the administrative expenses, unless paid by the Sponsor, will be paid out of the assets of the Plan. Actuarial and accounting fees are paid by the Sponsor; all investment fee expenses in 2025 and 2024 were paid out of the assets of the Plan.

(f) Subsequent Events

Subsequent events have been evaluated through April 10, 2026, which is the date the financial statements were available to be issued.

**ANAREN MICROWAVE, INC.
PENSION PLAN**

Notes to Financial Statements

(3) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations were (a) assumed retirement age of 65 (including assumptions for early retirement); (b) a 5.50% interest rate in 2024 and 2023; (c) assumed mortality rate based on the sex-distinct Amount-Weighted Pri-2012 Mortality Tables for employees, healthy annuitants, and contingent survivors, with mortality improvements projected using Scale MP-2021 on a fully generational basis for 2024 and 2023; (d) compensation rate increase not applicable in 2024 and 2023, and (e) actual administrative expenses paid, rounded to the nearest five-thousand dollars. The forgoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of July 1, 2024 and 2023. Had the valuations been performed as of June 30, there would be no material differences.

The actuarial present value of accumulated plan benefits of the Plan as of July 1 is as follows:

	<u>2024</u>	<u>2023</u>
Vested benefits:		
Participants currently receiving benefits	\$ 13,987,368	12,410,156
Other vested participants	<u>8,512,652</u>	<u>10,070,651</u>
Total vested benefits and actuarial present value of accumulated plan benefits	<u>\$ 22,500,020</u>	<u>22,480,807</u>

**ANAREN MICROWAVE, INC.
PENSION PLAN**

Notes to Financial Statements

(3) Actuarial Present Value of Accumulated Plan Benefits, Continued

Changes in the actuarial present value of accumulated plan benefits for the years ended July 1 are as follows:

	<u>2024</u>	<u>2023</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ <u>22,480,807</u>	<u>22,866,149</u>
Increase (decrease) during the year attributable to:		
Interest due to the decrease in discount period	1,192,923	1,219,493
Benefits accumulated and actuarial gains and losses	430,366	(217,726)
Benefits paid	<u>(1,604,076)</u>	<u>(1,387,109)</u>
Net increase (decrease)	<u>19,213</u>	<u>(385,342)</u>
Actuarial present value of accumulated plan benefits at end of year	\$ <u><u>22,500,020</u></u>	<u><u>22,480,807</u></u>

(4) Certified Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments, including accrued interest and dividends, as of June 30, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Wilmington Trust, qualified institutions. Effective June 14, 2024, the Plan changed its qualified institution from Wilmington Trust to Fidelity Management Trust Company.

(5) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

ANAREN MICROWAVE, INC.
PENSION PLAN

Notes to Financial Statements

(5) Fair Value Measurements, Continued

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: Valued at the NAV of units of the collective investment trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

(6) Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- (b) Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations.
- (c) All other vested benefits (that is vested benefits not insured by the PBGC).
- (d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

(7) Party-In-Interest

Certain Plan investments are managed by Fidelity Management Trust Company, who acts as the trustee and third party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees charged to the Plan for investment management services amounted to \$101,778 in 2025.

Fidelity Management Trust Company and Wilmington Trust provided investment management services to the Plan in 2024. Fees charged to the Plan for investment management services amounted to \$119,865 in 2024.

Notes to Financial Statements

(8) Tax Status

The Plan obtained its latest determination letter on February 24, 2026, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

(9) Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Actuarial Assumptions and Methods for Funding

ERISA Interest Rates as required by IRC Section 430 based on plan sponsor election of the look-back month for the segment rates:

“Minimum” means for the purpose of calculating the PPA funding liability and normal cost for the minimum required contribution.

“Maximum” means for the purpose of calculating the PPA funding liability and normal cost for the maximum tax-deductible contribution.

Actuarial Assumptions and Methods for Funding (continued)

Salary Scale: Not applicable.

Increase in Consumer Price Index (CPI): Not applicable.

Increase in Social Security Taxable Wage Base: Not applicable.

Administrative Expenses included in Target Normal Cost: \$108,000. Estimated based on the non-investment related administrative expenses expected to be paid from the Trust for the current plan year plus the estimated PBGC premiums for the current plan year, rounded to the nearest thousand.

Mortality:

ERISA: IRS 2024 Generational Mortality Table as prescribed by IRC Section 430. This is a fully generational mortality table based on the Pri-2012 Total Mortality Tables projected with the adjusted MP 2021 Mortality Improvement Scale with annual mortality improvements capped at 0.78% as required by Secure 2.0 Act. This plan does not have a large enough population to vary from the standard tables.

Retirement Rates: Rates of retirement are shown below for active participants based on the assumption used by the prior actuary for this plan.

Age	Rate
60-61	5%
62	10%
63-64	5%
65-66	35%
67-69	20%
70	100%

Current and future vested terminated participants are assumed to retire at age 65.

EIN: 16-0928561

PN: 001

Schedule SB Part V – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods for Funding (continued)

Termination Rates: No rates of termination were assumed as it had no material impact. Based on the assumption used by the prior actuary for this plan.

Disability Rates: None.

Marital Status: 80% of males and females are assumed married, with females three years younger than males based on the assumption used by the prior actuary for this plan.

Maximum Benefit: \$275,000 for 2024. For determining limitations under funding amounts and liabilities under FASB ASC 960. No future increases in the IRC Section 415 limit have been reflected.

Timing of payment: For future retirements, middle of the year decrements (expected that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).

Form of Payment: It has been assumed benefits will be paid in the normal annuity form applicable to the particular benefit. To the extent optional forms of payment are elected and conversions are determined under an actuarial basis, which differs from the basis funded in the valuation, gains or losses will occur. These gains or losses will be recognized through the routine application of the actuarial cost method. Other optional forms are roughly actuarially equivalent on the valuation basis, so no significant gains or losses are anticipated.

Actuarial Assumptions and Methods for Funding (continued)

Actuarial Value of Plan Assets for Funding Purposes:

The actuarial value of assets is equal to:

- a) the market value of assets, including discounted receivables, on the valuation date, less
- b) the following percentages of prior years' investment gains (losses):
 - i) 67% of the prior year, and
 - ii) 33% of the second prior year,

Investment gains and losses are defined as the excess or deficiency of the expected return on the market value (not to exceed the third segment rate for that year) over the actual return on the market value of assets, including discounted receivables, for any given year.

- c) The actuarial value of assets can be neither less than 90% nor greater than 110% of the market value of assets, including discounted receivables.

Shortfall Amortization Charge for ERISA Funding Purposes: Per IRC Section 430(c), the shortfall amortization charge for any plan year is the aggregate total (not less than zero) of the shortfall amortization installments for such plan year with respect to any shortfall amortization base which has not been fully amortized. The shortfall amortization installments are the amounts necessary to amortize the shortfall amortization base of the plan for any plan year in level annual installments over the 15-year period beginning with such plan year.

Actuarial Assumptions and Methods for Funding (continued)

Actuarial Cost Method: The unit credit cost method is used for ERISA Funding Target (FT). Under this method, accrued pension benefits are determined for all eligible active participants. These benefits reflect service, salary and negotiated benefit increases to date. The liability is then equal to the present value of all benefits for inactive participants plus the PVAB for active participants.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings, or negotiated benefit increases, to date in both cases. The total normal cost is based upon the sum of the individual normal costs. The target normal cost for funding is equal to the total normal cost plus assumed administrative expenses expected to be paid from the trust.

The projected unit credit method is used for IRS maximum deductible limit cushion amount. Under this method, accrued pension benefits are determined for all eligible active participants reflecting service to date and anticipated salary and negotiated benefit increases to the assumed retirement age. This liability for active participants is then added to the present value of all benefits for inactive participants to determine the total liability under this method.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings and negotiated benefit increases projected to assumed retirement age in both cases. The total normal cost is based upon the sum of the individual normal costs.

Monthly pension benefit:

The accrued benefit as of the Normal Retirement Date for participants who terminate employment on or after July 1, 1992 shall be equal to the sum of:

- a. 0.60% of the participant's highest average Compensation in five consecutive plan years from date of employment to June 30, 1992, times Benefit Service as of June 30, 1992, plus
- b. 0.75% of compensation for each year in which Benefit Service is credited after June 30, 1992 until December 31, 2019.

The accrued benefit as of the Normal Retirement Date for participants who terminate employment after June 30, 1989 and prior to July 1, 1992 shall be equal to the sum of:

- a. 0.275% of the participant's highest average Compensation times Benefit Service, plus
- b. 0.275% of the participant's highest average Compensation in excess of one-third of their Covered Compensation times Benefit Service, where the maximum Benefit Service is 35 years.

If Participants have attained age 62 and 12 years of Vesting Service when they terminate employment, they are eligible for a minimum benefit of \$250 per month (\$3,000 per year) as of their Normal Retirement Date.

Schedule SB Part V – Summary of Plan Provisions

Plan Provisions (continued)

Monthly pre-retirement spouse death benefit:

Benefit owed to the surviving Spouse of a deceased Active or Terminated Vested Participant is calculated based on the following:

- a. If the Participant dies after the Earliest Retirement Age, then it is assumed that such Participant had retired with an immediate 50% Joint and Survivor Annuity on the day before the Participant's date of death, or
- b. If the Participant dies on or before the Earliest Retirement Age, then it is assumed that:
 - The Participant became a Terminated Vested Participant on the date of death;
 - The Participant survived to their earliest eligible retirement age;
 - The Participant elected a 50% Joint and Survivor Annuity at the Earliest Retirement Age; and
 - The participant died immediately after making this election.

If a Participant dies after their Normal Retirement Date, such death benefit shall commence on the first day of the month following the month of the Participant's death.

Eligibility for Benefits:

Normal retirement: Retirement on NRD.

Early retirement: Age 55 and 12 years of Vesting Service. Terminated Vested Participants with a lump sum value greater than the Cashout Limit but less than \$20,000 are eligible to commence their benefit as a lump sum, even if they have not otherwise satisfied the eligibility requirements.

Postponed retirement: Retirement after NRD.

Deferred vested: Terminations for reasons other than death, disability, or retirement after completing at least 3 years of Vesting Service or reaching age 65.

Pre-retirement spouse benefit: Death while eligible for Normal, Early, Postponed, or Deferred Vested Retirement benefits, with a surviving spouse.

Monthly Benefits Paid Upon the Following Events:

Normal retirement: Monthly Pension Benefit determined as of NRD.

Early retirement: The Monthly Pension Benefit payable is the accrued Normal Retirement Benefit, actuarially reduced according to the Plan's definition of Actuarial Equivalence, based on the participant's age as of their Early Retirement Date.

Termination with deferred vested benefit: Monthly pension benefit determined as of termination date, actuarially reduced for the period that the benefit commencement precedes the participant's NRD.

Death with pre-retirement spouse benefit: Monthly pre-retirement spousal benefit is payable. If the participant was eligible for early retirement, the benefit is payable immediately. Otherwise, the benefit is payable when the participant would have been eligible for early retirement.

Schedule SB Part V – Summary of Plan Provisions

Plan Provisions (continued)

Forms of Payment:

Normal form (single participants): 10 Year Certain and Life Annuity.

Normal form (married participants): Actuarially reduced 50% Joint and Survivor Annuity with Spouse as beneficiary.

Optional forms: Participants who retire under the plan may elect a Ten-year or Twenty-year Certain and Continuous Annuity, Single Life Annuity, 50%, 75% or 100% Joint and Survivor Annuity, or, if the present value of their benefit is \$20,000 or less, a Lump Sum.

Actuarial Equivalence:

For purposes of optional form conversion:

1971 Group Annuity Mortality Table for Males, and 6.0% interest rate per year.

For purposes of converting normal annuity form to calculating a lump sum:

Applicable Mortality Tables and Applicable Interest described in IRC Section 417(e).

Maximum on Benefits and Pay: All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes: No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.
