INDEPENDENT AUDITORS' REPORT

Administrators and Participants of Johnny's
Selected Seeds 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Johnny's Selected Seeds 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Administrators and Participants of Johnny's
Selected Seeds 401(k) Retirement Savings Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JOHNNY'S SELECTED SEEDS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

1. Description of Plan

The following description of Johnny's Selected Seeds 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Johnny's Selected Seeds (the Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE 2.0 Act) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

Eligibility and Participation

Employees are eligible to participate in the Plan after having completed service requirements and reaching age 18. Employees must complete 30 days of continuous service to reach eligibility. Part-time employees are employees whose normal work schedule is less than 1,000 hours per year. To be eligible, part-time employees must complete 1,000 hours of service along with meeting the applicable service requirements. A participant can enter the Plan on the first day of the next month following the date on which eligibility is established; at that time, participants are also eligible to receive matching contributions. To be eligible for employer discretionary profit sharing, employees must complete one year of service and be employed by the Company on the last day of the Plan year.

Effective July 1, 2024, all employees are eligible to participate in the Plan after completing 30 days of continuous service and reaching age 18.

Contributions

A participant may elect to contribute pre-tax or post-tax (Roth) dollars to the Plan up to the Internal Revenue Service maximum amount. Participants direct the investment of their contributions, and contributions made on their behalf, into various investment options offered by the Plan.

Employees that become eligible to participate in the plan will be deemed to have made an Elective Deferral Contribution election in the amount of 3% of compensation unless the participant elects to stop or alter the contribution amount. The amount of such automatic contribution will increase by 1% in the second through sixth year to a maximum of 8%.

On behalf of each participant who elects to contribute to the Plan, the Company will make a matching contribution in an amount equal to 25% of the first 8% of eligible compensation contributed by the participant. The Company matches participant elective deferrals at each payroll period.

The Company may make a discretionary profit sharing contribution to the Plan. There were no discretionary profit sharing contributions during 2025 or 2024.

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

1. Description of Plan (Continued)

Effective January 1, 2025, the Plan provided for the optional provision with the SECURE 2.0 Act to permit increased amounts of catch-up contributions for eligible participants who attain age 60 – 63 as of the close of the year. The increase in catch-up contributions will be 150% of the regular catch-up limit for the year. These increased limits are subject to annual cost-of-living adjustments, and cease to apply to participants at the beginning of the year in which they turn age 64 and the regular limit would then apply.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and employer matching contributions. Vesting in the profit sharing contribution, if any, plus actual earnings thereon is based on years of continuous service. Participants vest in the Company's profit sharing contributions as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
Two years but less than three years	20
Three years but less than four years	40
Four years but less than five years	60
Five years but less than six years	80
Six or more years	100

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their balances.

Notes Receivable From Participants

The Plan allows the participants to borrow from their accounts. The minimum loan request is \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of a participant's vested account balance. A participant may only have one outstanding loan at any time. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at fixed rates equal to Prime plus one percent at the date of origination. Principal and interest is paid ratably through payroll deductions.

JOHNNY'S SELECTED SEEDS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

1. **Description of Plan (Continued)**

Benefits

The Plan provides benefits to participants upon death, disability, normal retirement (age 65), or termination of employment. The Plan also provides for in-service distributions upon a participant reaching age 59½. If the participant's vested account balance is less than \$5,000 at the time of distribution, they must elect to receive benefits in either a lump-sum payment or by transfer to another qualified plan or individual retirement account. A participant whose vested account balance is greater than \$5,000 will have the same payment options as a participant whose balance is less than \$5,000 with the additional option of electing to leave their money in the Plan until they reach age 73. Participants are permitted to make hardship withdrawals provided they meet certain criteria and are approved by the Plan Administrator.

2. **Summary of Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based upon quoted market prices which represent the net asset value of shares held by the Plan. Investments in the collective trusts are valued at net asset value (NAV) as a practical expedient to estimate fair value, where NAV has been determined based on the unit values of the trusts. Unit values are determined by the trusts by dividing the fund's net assets based on the fair value of the underlying investments by its units outstanding at each valuation date. Certain employer initiated events may reduce the reported value of the investments in the collective trust. These events include discontinued operations, layoffs, Plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of the Plan or other events. Such events are not expected to be probable to occur. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Employee elective deferrals are recorded in the period in which payroll deductions are made. Employer matching contributions are recorded in the same period as the corresponding participant contributions and employer discretionary profit sharing contributions are recorded in the period they are approved by management.

Notes Receivable From Participants

Notes receivable from participants are carried at the unpaid principal balance plus any accrued but unpaid interest.

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 and 2024

2. **Summary of Accounting Policies (Continued)**

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in mutual funds and collective trusts which invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which would impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

Administrative expenses are paid by the Plan to the extent that they are not paid by the Plan sponsor. Certain fees for recordkeeping services and investment management are paid through revenue sharing rather than direct payment.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management has evaluated the impact of all subsequent events through March 10, 2026, the date the financial statements were available to be issued.

3. **Information Certified by the Custodian**

The Plan's investments, investment income, including dividends and interest, net appreciation in investments and investment transactions, notes receivable from participants, interest income on notes receivable and notes receivable transactions, were certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the custodian of the Plan, as of and for the years ended June 30, 2025 and 2024. The Plan Administrator has determined that Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, meets the requirements of a qualified institution as defined by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, in accordance with the request of the Plan's Administrator and as permitted by CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to generally accepted auditing procedures by the Plan's independent public accountants.

4. Related Party and Party-In-Interest Transactions

Certain investments of the Plan are investments in collective investment trust funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Custodian. Administrative fees consist of loan origination, distribution, and base service fees paid to the third party administrator. These transactions qualify as party-in-interest transactions. In addition, notes receivable from participants qualify as party-in-interest transactions.

5. Fair Value Measurements

Valuation Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy has been established that prioritizes the inputs to valuation techniques used to measure fair value into three levels:

- **Level 1** – Unadjusted quoted prices in active markets for identical assets.
- **Level 2** – Inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.
- **Level 3** – Significant unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at June 30, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2025</u>

NOTES TO FINANCIAL STATEMENTS

5. **Fair Value Measurements (Continued)**

- (a) In accordance with Accounting Standards Update 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

The Morley Capital Management Principal Stable Value Z Fund's investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates consistent with seeking to maintain required liquidity. The target retirement date funds seek to achieve investment returns and align the associated risk with the anticipated retirement date of the associated fund. There are no unfunded commitments for any of the collective trust funds. Participants are provided with daily redemption opportunities with a notice period not to exceed 30 days.

6. **Tax Status**

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

The Plan is a non-standardized pre-approved plan for which the Internal Revenue Service has most recently issued a favorable opinion letter January 15, 2021. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. **Reconciliation to Form 5500**

Notes receivable from participants are reflected as receivable on the financial statements, which is different from the Form 5500 presentation. On the Form 5500, notes receivable are classified as investments under the caption "participant loans."
