Independent Auditors' Report

To the Board of Directors of Urban Resource Institute as
Sponsor of URI Employee's Retirement Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of URI Employee's Retirement Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

URI EMPLOYEE'S RETIREMENT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2025 AND 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of URI Employee's Retirement Pension Plan (the "Plan") is provided for general information purposes. Participants of the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General — Substantially all the Urban Resource Institute and Affiliates' (the "Company" or the "Sponsor") full time employees are covered by the noncontributory, defined contribution, money purchase pension plan, except for members of a collective bargaining unit or non-resident aliens. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. Effective November 1, 2023, the Plan was amended and restated. The description of the Plan that follows has been updated to reflect any changes.
- B. Eligibility — Employees are eligible to participate in the Plan if they have reached the age of 20 1/2 years or older and have completed at least 1,000 service hours.
- C. Contributions — The Plan is funded by an annual employer contribution. The Plan also accepts rollovers from another qualified retirement plan or an IRA. For employees hired prior to January 1, 2017, this employer contribution is equal to 7.5 percent of eligible employees' current salaries, plus 5.7 percent of the excess compensation that exceeds 100 percent of the social security taxable wage base up to \$330,000. For employees hired after January 1, 2017, this employer contribution is equal to 5 percent of eligible employees' current salaries, plus 5 percent of the excess compensation that exceeds 100 percent of the Social Security taxable wage base. Employer contributions are recorded in the year earned. An employer contribution receivable is recorded for amounts not remitted by the end of the Plan year. The Employer remits the employer contribution receivable before the end of the following year. All Employer contributions are expected to be collected; therefore, no allowance is deemed necessary.

Each participant's self-directed account is credited with the Company's contribution and actual earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Employee contributions are not permitted under this Plan.

- D. Investment Options — Upon enrollment in the Plan, a participant may direct contributions to several investment options offered by Mutual of America. Additionally, participants may redirect their investment balances among these various investment options. The investment options include a Guaranteed Interest Account (the "Contract") and various registered investment companies. The Contract is a group annuity contract which is backed by Voya's general account and provides a stated rate of return. The fair value of the Contract is the surrender value as defined in the Contract.
- E. Participant Accounts — Individual accounts are established for each Plan participant. Each participant's account is credited with the Sponsor's contributions and the proportionate share of dividends, interest and investment gains. The participant's account is reduced by withdrawals, losses on investments, and administrative fees, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. Payment of Benefits — Upon termination of employment due to death, disability or retirement, a participant or a participant's beneficiary is entitled to receive a lump-sum payment of his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or installments directly from the Plan.

URI EMPLOYEE'S RETIREMENT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2025 AND 2024

NOTE 1 – DESCRIPTION OF PLAN (Continued)

- G. Vesting — Vesting in the Sponsor's contribution portion of the participants' accounts is based on years of service, and is determined by the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years and more	100%

- H. Notes Receivable from Participants — Participants may borrow a minimum of \$1,000 against their vested account balances at any time. The loan can not exceed 50% of the participant's vested account balance or \$50,000, whichever is lower. A participant may not have more than two outstanding loans at any time. The repayment period on these loans may not exceed five years, with the exception of loans used to purchase a principal residence, which may be repaid over a ten-year period. The loans are secured by the vested balance in the participants' accounts and bear interest at a rate of 1% above the prime rate. During the year ended June 30, 2025, the interest rates ranged from 4.25% to 9.50%.
- I. Forfeited Accounts — Forfeitures of non-vested accounts, as a result of terminations, are credited to the Plan Sponsor and are used to either offset future contributions under the Plan or offset Plan administrative expenses. As of June 30, 2025 and 2024, forfeited non-vested accounts totaled \$469,874 and \$161,771, respectively. For the years ended June 30, 2025 and 2024, the Sponsor used \$469,874 and \$146,885, respectively, to offset the Sponsor's contributions under the Plan.
- J. Regulatory Compliance Affecting Retirement Plans — The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0 Act) became law on December 20, 2019. The SECURE Act made major changes to the Required Minimum Distribution ("RMD") rules, increasing the age from 70½ to 72 for participants over 72 after January 1, 2020. Plans were required to be formally amended for certain other changes if adopted on or before the last day of the 2026 plan year.

The SECURE Act 2.0 (SECURE 2.0) was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act of 2019, which altered the rules around how employees can save and withdraw money from their retirement accounts. SECURE 2.0 further increased the age of RMDs, increased the catch-up contributions for older workers and required automatic enrollment for new plans. The SECURE 2.0 Act increased the age at which individuals must begin taking RMDs to 73 from 72, beginning January 1, 2023 as well as other increases starting in 2030. The SECURE 2.0 Act increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable year beginning after December 31, 2024.

In addition, the SECURE 1.0 Act and further by the SECURE 2.0 Act lowered the eligibility requirements to enable part-time workers to participate in 401(k) plans. These rules for long-term, part-time workers are expanded to apply to ERISA 403(b) plans, as well. The SECURE 2.0 Act changes the eligibility requirements under 401(k) so that it is easier for part-time employees to participate in them. The enacted law, the SECURE 1.0 Act, allows plans to limit eligibility for participation of part-time employees who reach the later of: (1) age 21 or completion of one 12-month period in which the employee worked at least 1,000 hours (pre-SECURE 1.0 Act rule); or (2) three consecutive years of service with 500 or more hours in each year. Under the SECURE 2.0 Act, a plan must allow a part-time employee to participate if the employee has either satisfied the above rule #1, or if the employee has completed two consecutive 12-month periods in which the employee worked at least 500 hours in each one of the two periods, and reached age 21 by the end of the second 12-month period. This is effective for periods beginning after December 31, 2025.

URI EMPLOYEE'S RETIREMENT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2025 AND 2024

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

- A. **Basis of Accounting** — The financial statements of the Plan are prepared on the accrual basis of accounting. The specific Plan year in which a discretionary employer contribution is recorded is determined by management after the particular contribution is evaluated based on a combination of established criteria, which includes resolutions covering specific contributions, consistent patterns in payments, the related year the payment is attributed to, the year the contribution is deducted by the Plan's Sponsor for federal tax purposes and the year the contribution is expensed in the financial statements of the Plan's Sponsor.
- B. **Investment Valuation and Income Recognition** — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when received. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.
- As of June 30, 2025 and 2024, the Plan has invested in a fully benefit-responsive investment contract with Voya (see Note 8) which is reflected at contract value. Fully benefit-responsive investment contracts held by a defined-contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.
- C. **Payments of Benefits** — Benefits are recorded when paid.
- D. **Administrative Expenses** — Certain expenses of maintaining the Plan are paid directly by the Sponsor. Expenses that are paid directly by the Sponsor are excluded from these financial statements. Administrative expenses recorded by the Plan represent custodian fees and other recordkeeping fees paid directly from the Plan to the Plan's custodians. Loan fees are deducted directly from the participant's account.
- E. **Use of Estimates** — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.
- F. **Notes Receivable from Participants** — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. The loans are secured by the balance in the participant's account, and bear interest at rates which are commensurate with local prevailing rates. The loans bear interest at rates that range from 4.25 percent to 9.5 percent as of June 30, 2025. There were \$243,358 and \$379,713 of participant loans outstanding as of June 30, 2025 and 2024, respectively.

NOTE 3 – INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS AS COMPLETE AND ACCURATE

As noted in the independent auditors' report, the Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information, and the information contained in the supplemental schedule of assets (held at end of year), were certified as complete and accurate by the Plan's custodians and were not subjected to any auditing procedures performed by the independent auditors. The independent auditors' audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

NOTE 3 – INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS AS COMPLETE AND ACCURATE (Continued)

As described in Note 1, the Plan's third-party providers were changed effective December 6, 2024. Voya and MATC have certified the completeness and accuracy of the investments included in the financial statements as of June 30, 2025 and 2024, and investment activity included in the financial statements for the years then ended as summarized below:

	<u>2025</u>	<u>2024</u>
Mutual funds	\$ 15,755,913	\$ 12,968,869
Investments at contract value	<u>821,127</u>	<u>1,536,884</u>
Total investments	<u>\$ 16,577,040</u>	<u>\$ 14,505,753</u>

The investment activity included in the accompanying statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024, is summarized as follows:

	<u>2025</u>	<u>2024</u>
Interest and dividends	\$ 404,103	\$ 485,439
Net appreciation in fair value	<u>1,305,444</u>	<u>1,142,417</u>
	<u>\$ 1,709,547</u>	<u>\$ 1,627,856</u>

NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments as of June 30, 2025 and 2024 are held by Voya and MATC, who are the custodians, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Generally, Plan administrative fees are paid by the Sponsor. The Plan allows participants to take loans against their account balances, which are considered exempt party-in-interest transactions. Administrative expenses paid for by the Plan amounted to \$97,648 and \$53,470 for the years ended June 30, 2025 and 2024, respectively.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts which would be distributed in such a manner as the Sponsor may determine. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, including, but not limited to exposure to changes in interest rates, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

URI EMPLOYEE'S RETIREMENT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2025 AND 2024

NOTE 7 – FAIR VALUE MEASUREMENTS

The financial accounting standards framework established for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of June 30, 2025 and 2024.

Mutual Funds:

Mutual funds are valued at the closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Financial assets carried at fair value as of June 30, 2025 are classified as follows:

	<u>Level 1</u>
Mutual funds	\$ 15,755,913
Total investments	<u>\$ 15,755,913</u>

Financial assets carried at fair value as of June 30, 2024 are classified as follows:

	<u>Level 1</u>
Mutual funds	\$ 12,968,869
Total investments	<u>\$ 12,968,869</u>

NOTE 8 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya totaling \$821,127 and \$1,536,884 as of June 30, 2025 and 2024, respectively. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the insurance company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

URI EMPLOYEE'S RETIREMENT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2025 AND 2024

NOTE 8 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. As of June 30, 2025 and 2024, the rate was approximately 1.85% and 1.75%, respectively.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 9 – TAX STATUS

The Plan has adopted Non-Standard Pre-Approved Money Purchase Pension Plan, which has been determined by the Internal Revenue Service ("IRS"), in its determination letter dated November 30, 2020, to be in accordance with the applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at June 30, 2024:

Net assets available for benefits per the financial statements	\$ 15,956,452
Less: accrued dividends	<u>8,414</u>
Net assets available for benefits per Form 5500	<u>\$ 15,948,038</u>

The following is a reconciliation of interest and dividends per the financial statements to Form 5500 for the years ended June 30, 2025 and 2024:

Interest and dividends per financial statements	\$ 404,103	\$ 485,439

NOTE 11 – DELINQUENT REMITTANCES

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participant loan repayments from its general assets as soon as practicable, but in no event more than the 15th business day following the end of the pay period in which amounts are withheld from a participant's wages for a pension benefit plan.

Participant loan repayments for certain payroll periods during the years ended June 30, 2025 and 2024 for \$75,627 and \$66,980, respectively were not remitted by the Sponsor to the recordkeeper within the period prescribed by the Department of Labor regulations. The Sponsor agreed to absorb all costs incurred by the Plan because of the untimely remittances.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through April 13, 2026, the date the financial statements were available to be issued.

Beginning in FY 2026, all employees will receive a 7.5% employer contribution.
