INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustee
Adhesives Research, Inc. Employee Stock Bonus Plan

Opinion

We have audited the financial statements of Adhesives Research, Inc. Employee Stock Bonus Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2025 and 2024, and the changes in net assets available for benefits for the year then ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements - continued

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions, for the year ended June 30, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

June 30, 2025 and 2024

NOTE A - DESCRIPTION OF PLAN

The following description of the Adhesives Research, Inc. Employee Stock Bonus Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Adhesives Research, Inc. (the Company) established the Plan effective January 1, 1999 and it operates, in relevant part, as an employee stock ownership plan (ESOP). It is designed to comply with the regulations of Section 4975(e)(7) of the Internal Revenue Code (IRC) of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Administrator and Trustee, who are appointed by the Board of Directors of the Company.

Eligibility

The Plan is a noncontributory defined contribution plan covering substantially all full-time and part-time employees of the Company who have completed 1,000 or more hours of service, are age 18, and are not covered by a collective bargaining agreement. One year of service is completed at the end of the first 12 consecutive months of employment if 1,000 hours of service were credited to the employee. If an employee has not been credited with 1,000 hours of service at the end of the first 12 consecutive months of employment, the employee will have completed a year of service at the end of any following plan year in which he/she is credited with 1,000 hours of service. Participants enter the Plan on the first day of the plan year.

Voting Rights

Each participant is entitled to exercise voting rights attributable to certain shares allocated to his or her account by directing the trustee as to the manner in which to vote those shares (including fractional shares) and is notified by the trustee prior to the time that such rights are to be exercised. The trustee shall vote any shares that are not allocated to participants or shares for which participants did not provide voting instructions. There were no unallocated shares as of June 30, 2025 and 2024.

Contributions

The Company may make discretionary contributions. The discretionary contributions may be paid in cash or shares of the Company stock. Employees must have worked at least 1,000 hours and be actively employed on the last day of the plan year to share in the allocation of employer contributions. A participant need not be employed on the last day of the plan year to share in such contribution if he or she dies, becomes disabled or retires after his or her normal retirement date during the plan year. The Plan does not allow contributions by plan participants.

During the year ended June 30, 2025, the Company made cash contributions of \$400,000. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE A - DESCRIPTION OF PLAN - continued

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of employer contributions and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's end of year eligible compensation, relative to total end of year eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting and Forfeitures

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company as follows:

<u>Years of Vesting Services</u>	
Less than 3 years	0%
3 years or more	100%

Plan forfeitures are allocated on the last day of each plan year to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. During the year ended June 30, 2025, there were \$35,627 of forfeitures reallocated to remaining participants.

Payment of Benefits

A participant shall not be permitted to withdraw any portion of his or her interest under the Plan while he or she is employed by the Company. All distributions shall be subject to mandatory withholding rules and may be in effect under the IRC and accompanying regulations unless a participant elects a direct rollover. A participant may elect to have all, or a portion of an eligible rollover distribution paid directly to an eligible retirement plan.

Distributions from the Plan are to be made upon retirement, death, disability, or termination of employment with the Company. The normal form of benefit payment is five equal annual installments. Payments are made in cash, or if the participant elects, in the form of company common stock plus cash for any fractional share of common stock. Upon receiving stock, the participant must immediately exercise the put option as discussed later in this note.

Distributions of vested account balances in excess of \$10,000 shall be distributed in five annual installment payments. However, if the vested accrued benefit is no more than \$10,000, the payment will be made in a lump sum.

ADHESIVES RESEARCH, INC. EMPLOYEE STOCK BONUS PLAN

Notes to Financial Statements

June 30, 2025 and 2024

NOTE A - DESCRIPTION OF PLAN - continued

Payment of Benefits - continued

The Plan includes a provision for the automatic cash out of account balances that are \$5,000 or less. Automatic rollover of account balances greater than \$1,000 but not more than \$5,000, will be made to an individual retirement plan designated by the Plan Administrator if the participant makes no election regarding their distribution.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company will buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The put option is exercised as participants terminate and make withdrawals. 58,702 shares with a value of \$1,101,246 were repurchased by the Company during 2025.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company common stock into investments which are more diversified. Participants who are at least age 55, completed 10 years of participation in the Plan and have an account balance of at least \$500 have the option to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the shares allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. Diversification feature relates to shares contributed to the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

ADHESIVES RESEARCH, INC. EMPLOYEE STOCK BONUS PLAN

Notes to Financial Statements

June 30, 2025 and 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continuedInvestment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of June 30, 2025 and 2024, the company common stock represented approximately 66% and 75%, respectively, while the mutual funds represented approximately 26% and 22%, respectively, of the total investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

The number of shares, cost, and estimated fair value of the Plan's investment in Adhesive Research, Inc. common stock at June 30, 2025 and 2024 are as follows:

	June 30,	
	2025	2024
Number of shares (all allocated)	631,303	690,005
Cost*	\$ 3,226,554	\$ 3,502,628

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs for identical assets and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of June 30, 2025			
	Level 1	Level 2	Level 3	Total
Mutual fund	\$ 3,569,338	\$ -	\$ -	\$ 3,569,338
Interest-bearing cash	-	1,167,075	-	1,167,075

NOTE D - FAIR VALUE MEASUREMENTS - continued

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes to the methodologies used at June 30, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Interest-Bearing Cash: Interest-bearing cash is valued at cost which approximates fair value.

Common Stock: Valued at estimated fair value as determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years. Plan management accumulated data for the appraiser from the financial statements of the Company. The appraiser took into account historical and projected cash flow and net income return on assets, return on equity, market comparable, and estimated fair value of the Company's assets and liabilities.

The preceding method described produces a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and issues of level 3 investments were as follows:

	June 30,	
	2025	2024
Stock repurchased by the Company	\$ (1,101,246)	\$ -

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the plan provisions. Upon such termination of the Plan, the accounts of participants affected by the termination shall be fully vested and non-forfeitable. The Board of Directors shall direct the Trustees to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

NOTE F - PLAN TAX STATUS

The Plan obtained its latest determination opinion letter dated September 7, 2017, in which the IRS stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2022.

NOTE G - ADMINISTRATION OF PLAN ASSETS AND TRANSACTIONS WITH PARTIES

The Plan's assets, which consist principally of the Company's common shares are held by the Trustee of the Plan. Certain plan investments are held by First National Bank, N.A. and Vanguard, the custodians of the interest-bearing cash investment and mutual funds in the Plan. These transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists.

Company contributions are held and managed by the Trustee, who invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. All expenses of maintaining the Plan are paid by the Company with the exception of investment fees.

The transactions noted above are exempt under Section 408 (b)(8) and are not prohibited by ERISA.

NOTE H - CONCENTRATION OF CASH AND SECURITIES RISK

The Plan maintains its cash balances in a financial institution. The balances insured by the Federal Deposit Insurance Corporation (FDIC) are up to \$250,000 for all accounts. The Company may, at times, during the years ended June 30, 2025 and 2024 have had cash balances in excess of the FDIC insured amount.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through April 13, 2026, the date the financial statements were available to be issued.
