Independent Auditor's Report

The Plan Administrator
401(k) Profit-Sharing Plan
for Employees of Rising Ground, Inc.
Yonkers, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agree to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc.

Notes to Financial Statements

1. Description of the Plan

The following description of the 401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Rising Ground, Inc. (the Plan Sponsor, Company, or Employer) for the benefit of its employees. The Plan was amended and restated in May 2018 to change the name of the Plan Sponsor from Leake and Watts Services, Inc. to Rising Ground, Inc. and the Plan name was changed from Leake and Watts Defined Contribution Retirement Plan to the 401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc. An employee is eligible to participate in the Plan and have salary reduction contributions made on their behalf after attaining age 21 and after one month of service. Participants are required to have one month of service to qualify for employer matching contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Mutual of America Life Insurance Company (Mutual of America) serves as the Plan custodian.

Effective July 1, 2018, Rising Ground, Inc. entered into an affiliation agreement with Edwin Gould Services for Children and Families. As part of this agreement, all employees of Edwin Gould Services for Children and Families became employees of Rising Ground, Inc. and are eligible to participate in the Plan effective January 1, 2019.

The Plan was amended and restated effective January 1, 2022 to comply with certain regulatory and legislative requirements.

Contributions

Each year, participants may elect to defer a portion of their annual earnings to the Plan. Participants may elect to defer up to 100% of their compensation on a pre-tax basis not exceeding the elective deferral limit allowed by law (\$22,500 and \$20,500 in 2023 and 2022, respectively). For participants who do not make an election, the Plan provides for auto-enrollment with a deferral rate of 2% of eligible compensation in the initial year the employee meets the Plan criteria to participate and 1% incremental automatic increases in subsequent Plan years, up to a maximum of 8%.

The Company contributes an amount equal to 100% of each participant's pre-tax contributions, subject to a maximum of 4% of eligible compensation contributed to the Plan. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions and are included within employee contributions in the statements of changes in net assets available for benefits.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily. If the participant does not give directions on their investments, then their account will be invested in accordance with the default investment alternative established by the Plan.

401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contributions, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever was less. All loans are covered by demand notes and are repayable over a period not to exceed five years (loans for the purchase of a principal residence may be as long as ten years). Loans are secured by the balance in the participant's account and bear interest at Prime interest rate plus 1%. Principal and interest are paid ratably through periodic payroll deductions.

Vesting

Participants are vested immediately in their contributions and employer contributions plus actual earnings thereon.

Payment of Benefits

Under the terms of the Plan, participants are eligible for normal retirement upon reaching age 65. Participants may elect to receive a distribution of the vested account balance in a single lump-sum payment, installments over a period of not-more-than-assumed life expectancy, or partial withdrawals. The amount of benefits is based upon the employee's vested amount included in his or her participant account.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc.

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments, with the exception of the fully benefit-responsive contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Fully benefit-responsive investment contracts are valued at contract value. Contract value equals the sum of the contributions, earnings on the underlying investments, and a charge for participant withdrawals and administrative expenses. See Note 6 for a discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Risk and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial

401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc.

Notes to Financial Statements

Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology, which include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Pooled Separate Accounts - These assets are valued at their accumulation unit value (AUV) as a practical expedient to measuring fair value. The AUV is determined daily based on the net asset value (NAV) of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments. The underlying funds of the pooled separate accounts are generally invested in registered investment companies whose investment strategies are to seek capital appreciation through investment in common and preferred stocks and debt securities.

The Plan's investments in the pooled separate accounts are \$31,863,697 and \$26,579,262 at June 30, 2023 and 2022, respectively. The pooled separate accounts are measured at fair value using the NAV per unit (or its equivalent) practical expedient and are not required to be categorized in the fair value hierarchy.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the years ended June 30, 2023 and 2022.

5. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of

401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc.

Notes to Financial Statements

June 30, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended June 30, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, a qualified institution.

6. Guaranteed Interest Contract

The Plan has a fully benefit-responsive guaranteed interest contract with Mutual of America as of June 30, 2023 and 2022. Mutual of America's general account is a group annuity product issued by Mutual of America. Because the guaranteed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of Mutual of America. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Mutual of America. Mutual of America is the custodian, as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions. The Plan Sponsor provides certain administrative services at no cost to the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested in their accounts and the net assets of the Plan will be distributed, as prescribed by ERISA.

9. Tax Status

The Plan relies on the opinion letter dated November 30, 2020 for the Mutual of America Life Insurance Company Non-Standardized Pre-Approved Profit Sharing/Money Purchase/Cash or Deferred Arrangement (CODA) Plan, in which the Internal Revenue Service (IRS) stated that the form of the prototype plan is acceptable under the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

401(k) Profit-Sharing Plan for Employees of Rising Ground, Inc.

Notes to Financial Statements

Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is also subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Late Remittances

During the Plan year ended June 30, 2023, employee withholdings in the amount of \$536,965 were not remitted within the appropriate time period by the Plan Sponsor. These non-exempt party-in-interest transactions constitute a prohibited transaction, as defined by ERISA. The Plan Sponsor will take corrective action to make participant accounts whole for late employee withholdings and will complete the Form 5330 in order to complete the corrections. There were no late employee withholdings for the Plan year ended June 30, 2022.

11. Subsequent Events

Effective October 12, 2023, the Plan was retroactively amended to July 1, 2018, to make the entry date the date a participant reaches all eligibility provisions. The Plan has evaluated subsequent events through November 24, 2025, the date the financial statements were available to be issued.
