INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Wise Consulting Associates, Inc. Profit Sharing Plan
Timonium, Maryland

Opinion

We have audited the financial statements of Wise Consulting Associates, Inc. Profit Sharing Plan (formerly Wise Consulting Associates, Inc. Employee Stock Ownership Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for plan benefits in liquidation as of June 30, 2025, December 31, 2024, and December 31, 2023, and the related statements of changes in net assets available for plan benefits in liquidation for the six month period ended June 30, 2025 and year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements above present fairly, in all material respects, the net assets available for plan benefits in liquidation of Wise Consulting Associates, Inc. Profit Sharing Plan as of June 30, 2025, December 31, 2024 and December 31, 2023, and the changes in its net assets available for plan benefits in liquidation for the six month period ended June 30, 2025 and year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wise Consulting Associates, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Wise Consulting Associates, Inc. Profit Sharing Plan approved a plan of liquidation on April 30, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis. All Plan assets were fully distributed during the six month period ended June 30, 2025, and as of June 30, 2025, the Plan has no net assets available for benefits. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wise Consulting Associates, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at Year End) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the Wise Consulting Associates, Inc. Profit Sharing Plan (formerly Wise Consulting Associates, Inc. Employee Stock Ownership Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

Wise Consulting Associates, Inc. (the "Company") established the Plan effective as of January 1, 2016. The Plan operated as a leveraged employee stock ownership plan (ESOP), and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan purchased Company common shares using the proceeds of a loan (Note 7) from the Company, and held the common stock in a trust established under the Plan. As the Plan made debt payments, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with the plan document and applicable regulations under the IRC.

The borrowing was collateralized by the unallocated shares of common stock and was guaranteed by the Company. The Company had no rights against shares of common stock once they were allocated to participants in accordance with the terms of the ESOP.

Under a stock purchase agreement entered into in March 2023, RSM US LLP, an Iowa limited liability partnership, acquired the Company's stock. In connection with such acquisition, the Plan was terminated April 30, 2023. The termination resolution also suspended new employees from being eligible to participate in the Plan and suspended employer contributions to the Plan. Pursuant to the stock purchase agreement, the Plan received cash proceeds from the redemption of 100 percent of its investment in Wise Consulting Associates, Inc. common stock (aggregating 1,000,000 shares) in May 2023 in the amount of \$14,492,221. The proceeds were deposited into an interest-bearing cash account. In September 2023 approximately 75 percent of plan assets were distributed to employees. The remaining 25 percent was distributed in June 2025 upon receipt of the final determination letter. Participants are deemed to be 100 percent vested in their account balances as a result of the Plan's termination. As a result of the Plan termination, immediately prior to closing, the outstanding note (and applicable interest) was repaid and all remaining shares allocated to participants before being liquidated.

In August 2023 the Plan sponsor submitted an application to the IRS for determination that all aspects of the Plan termination will be handled in accordance with ERISA. The IRS approved the application in a letter dated February 2025. As a result of the ESOP termination, the Plan shall cease to be a stock ownership plan and will continue as a profit-sharing plan under Section 401(a) of the Code until all funds have been distributed, transferred, or paid from the Trust.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Eligibility

Prior to the termination of the Plan in April 2023, employees of the Company were eligible to participate in the Plan after one month of service. Participants who were not employed on the last working day of a Plan year were not eligible for an allocation of Company contributions for such year.

Employer Contributions

Prior to the Plan's termination, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan and fund any distributions to terminated participants (from the assignment of the put option to the plan). Employee contributions were not permitted.

Payment of Benefits

Prior to the termination of the Plan in April 2023, distributions on account of death, disability, or retirement were made in accordance with the distribution policy and generally consist of a lump sum as soon as reasonably practicable. Distributions for other separations from service commenced in the fifth Plan year following the separation from service and were made in five annual installments. However, if the benefit did not exceed \$5,000, it was generally distributed in the form of a single, lump-sum payment to the participant (if less than \$1,000) or into an individual retirement account with a qualified institution in the participant name (if between \$1,000 and \$5,000) no later than one year after the close of the plan year in which termination occurred. The amount to be distributed was based upon the account valuation date immediately preceding the distribution. Distributions were made in cash, as long as the Company elected to be taxed as an "S" corporation. Through the date of the sale in April 2023, the Company was an electing "S" corporation.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. During 2025 and 2024 the Plan paid for fees related to the termination and wind-down of the plan which included audit fees.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant, to record his or her share of the contributions to the Plan made by the Company, together with earnings. Each participant's account consists of two sub-accounts: (1) a stock account, which will indicate the number of shares of Company stock credited on his or her behalf; and (2) a cash account, which reflects the share of Plan assets invested in other than Company stock, as well as Plan earnings and losses. Effective with the sale of the company all participants shares were liquidated and are being held in an interest-bearing cash account.

WISE CONSULTING ASSOCIATES, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Prior to the acquisition of the Company and the Plan's termination, each participant's account was credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who were eligible employees of the Company as of the last day of the Plan year received an allocation. Allocations were based on a participant's eligible compensation, relative to total eligible compensation.

Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company as follows:

Years of Vesting Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective with the termination of the Plan, participants became 100% vested in his or her account balance.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures of terminated nonvested account balances allocated to remaining participants in 2025 or 2024.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Other Plan Provisions

The following provisions were in effect prior to the termination of the Plan and the sale of 100 percent of the Company common stock held by the Plan during April 2023.

Voting Rights

Each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to certain major corporate matters, such as proposed corporate mergers or consolidations involving the Company, sales of substantially all of the Company's assets, or the liquidation of the Company. On all other corporate matters, such as the annual appointment of members of the Board of Directors, the shares of the Company stock owned by the Plan are voted by the Plan Trustee. The Plan Trustee would notify participants prior to the time that such rights are to be exercised. The trustee was not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Put Option

Under Federal income tax regulations, the company stock that was held by the Plan and its participants and was not readily tradable on an established market, or was subject to trading limitations, included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there was no market. The put price was representative of the current value of the stock. The Company could pay for the purchase with interest over a period of five years. The purpose of the put option was to ensure that the participant had the ability to ultimately obtain cash.

Diversification

Diversification was offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in Company common stock into investments which were more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan could have elected to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elected to diversify received a cash allocation. The election to diversify was made subsequent to year-end based upon the shares of employer stock in the participant's account at year end.

Basis of Accounting

As a result of the Plan termination, the financial statements have been prepared on the liquidation basis of accounting, which approximates the accrual basis of accounting that was used in previous years.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to the release. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid. Effective with the Plan termination in 2023 all shares were liquidated and invested in interest bearing cash.

Investment Valuation and Income Recognition

Investments are reported at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Effective with the Plan termination in 2023 all investments were liquidated and invested in interest bearing cash.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 TAX EXEMPT STATUS

The Plan adopted a Non-Standardized Pre-Approved ESOP Plan document that was deemed acceptable under section 401 of the Internal Revenue Code (IRC). The prototype plan sponsor has obtained an opinion letter dated June 30, 2020, in which the IRS states that the restated prototype plan document is compliant with the applicable requirements of the IRC. The plan administrator adopted the restated prototype plan effective January 1, 2022. As per Note 1 during August 2023 the Plan sponsor submitted an application to the IRS for determination that all aspects of the Plan termination will be handled in accordance with ERISA. The plan received the approved determination letter dated February 25, 2025.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions, generally for a period of three years after the returns are filed; however, there are currently no audits for any tax periods in progress.

NOTE 4 ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of interest-bearing cash, are held by the Trustee of the Plan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 5 INVESTMENTS

Upon termination of the Plan, all investments were liquidated and the proceeds were held in interest-bearing cash which was maintained to fund distributions and related plan expenses.

NOTE 6 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest-Bearing Cash (Money Market Account and Bank Sweep Account)

Valued at carrying value/cost, which equals fair value.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023.

NOTE 7 LOAN PAYABLE

In September 2016, the Plan entered into a \$500,000 term loan agreement with the Company. The proceeds of the loan were used to purchase 1,000,000 shares of Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments.

The loan agreement provided for the loan to be repaid over twenty years, with a maturity date of December 31, 2035. The interest rate is fixed at 1.90 percent. The estimated fair market value of the note payable as of December 31, 2023 was approximately \$325,000, which was the carrying amount of the loans payable. Fair value was determined using interest rates currently available for issuance of debt with similar terms, maturity dates and nonperformance risk.

As a result of the Plan termination as described in Note 1, immediately prior to the closing of the sale of the Company common stock, the outstanding note (and applicable interest) was repaid, and all remaining shares allocated to participants before being liquidated. A total of 620,809 shares were allocated to participants during 2023 prior to liquidation.

NOTE 8 RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

As described in Note 1, the Plan paid various service providers. Such transactions qualify as party in interest transactions under ERISA. The Plan paid audit fees to Smith Elliot Kearns and Company, LLC, trustee fees to Ventura ESOP Fiduciary Services, contract administrator/recordkeeping fees to Principal Life Insurance Company, and bank fees to Truist Bank totaling \$53,833 and \$40,788 during 2025 and 2024.

NOTE 9 PLAN TERMINATION

As described in Note 1, in connection with the stock purchase agreement entered into in March 2023, RSM US LLP, an Iowa limited liability partnership, acquired the Company's common stock. In connection with such acquisition, the Plan was terminated April 30, 2023. Upon termination of the Plan, participants became 100 percent vested in their account balances. No more than 75 percent of the Plan's assets were to be distributed as soon as administratively feasible following the effective termination date. The remainder is to be distributed as a lump sum as soon as administratively possible following the issuance of a favorable determination letter by the IRS with request to the Plan's qualification upon termination under Section 401(a) of the Code. Final distributions were paid out in June 2025.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to June 30, 2025 through April 9, 2026, the date these financial statements were available to be issued. Based on the definitions and requirements of accounting principles generally accepted in the United States of America, we have not identified any events that have occurred subsequent to June 30, 2025 and through April 9, 2026, that require recognition or disclosure in the financial statements.
