Independent Auditors' Report

To the Retirement Oversight Committee of
The Case Western Reserve University Employees'
Retirement Plan C
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Case Western Reserve University Employees' Retirement Plan C (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions is not reasonably determinable. Accounting principles generally accepted in the United States of America ("GAAP") require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025 and the supplemental schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on these supplemental schedules.

THE CASE WESTERN RESERVE UNIVERSITY EMPLOYEES' RETIREMENT PLAN C

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of The Case Western Reserve University Employees' Retirement Plan C (the "Plan"), a 403(b) defined contribution and tax-deferred annuity plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering certain employees of Case Western Reserve University (the "University") who are immediately eligible on their date of hire to contribute a portion of their pay to the Plan. Employees who are eligible to participate in The Case Western Reserve University Faculty and Key Administrative Employees' Retirement Plan A are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Participants may elect to contribute a portion of their compensation to the Plan on a pre-tax basis subject to certain limitations of the Plan and the Internal Revenue Code ("IRC"). The Plan provides for the investment of catch-up contributions for participants age 50 or older or who have completed 15 years of service with the University. The Plan also provides for qualified rollover contributions. Participants may also elect to contribute post-tax Roth contributions. The University will match an amount up to 50% of the first 4% of compensation contributed by the participant. Employees are immediately eligible to receive matching contributions from the University upon commencement of participation in the Plan. Participants hired after June 30, 2015 also receive a non-elective contribution from the University in the amount of 6% of compensation. Generally, employees must complete one year of consecutive service before they are eligible to receive contributions from the University.

Participant Accounts – Teachers Insurance & Annuity Association of America and College Retirement Equities Fund (together "TIAA-CREF") and Vanguard Fiduciary Trust Company ("Vanguard"), the Custodians of the Plan ("Custodians"), maintain individual accounts for each participant. Each participant's account is credited with the participant's contribution, the University's contributions, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants elect to allocate their aggregate contributions in the investment funds available to the Plan. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – The Plan allows active participants to take loans from Vanguard funds. These Vanguard loans are subject to certain regulatory restrictions. The amount of the loans cannot exceed \$50,000 or 50% of the participant's vested balance. The loans are secured by the balance in the participant's account. The maximum length of these loans is 5 years for general purpose and 15 years for a principal residence. Interest is charged based on the prevailing rate at the time of the loan. Repayments of principal and interest are credited to the participant's separate account within the funds as elected by the participant, with payments made directly to Vanguard. Until such repayments are received, the loan is accounted for in the participant loan fund.

THE CASE WESTERN RESERVE UNIVERSITY EMPLOYEES' RETIREMENT PLAN C

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Vesting – Participants are immediately vested in all voluntary and matching contributions and earnings thereon. Participants vest in the non-elective contributions after three years, or upon death, disability or normal retirement age, as defined by the Plan.

Forfeitures of non-elective Company contributions are used to reduce the Company's contributions. During the years ended June 30, 2025 and 2024, \$63,592 and \$107,540 of forfeitures, respectively, were used to reduce the Company's contributions. At June 30, 2025 and 2024, \$26,050 and \$76,969, respectively, remained unallocated in forfeitures.

Payment of Benefits – Upon attainment of age 59½ or termination of service due to death, disability, retirement, or separation, a participant is entitled to receive a distribution of his or her account balance in the form of a lump sum payment, installment payments, or an annuity contract. Participants are also permitted to receive a distribution from their accounts prior to termination of employment if they experience financial hardship.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the University has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the affected participants' accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition – The Plan's investment in the benefit-responsive guaranteed investment contract is reported at contract value. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. All other Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by TIAA-CREF and Vanguard. See Note 4 and Note 5 for a discussion of fair value measurements and guaranteed investment contracts, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses are paid by the University or the Plan, at the University's discretion.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee is charged equal to 2% of money transferred out of certain funds fewer than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants. In addition, the Plan may invest in certain funds that charge purchase and redemption fees to offset the costs of buying and selling securities.

The University has entered into a contract with TIAA-CREF that returns to the Plan, as a Plan asset, revenue that exceeds the amount required to operate the Plan. Revenue sharing credits of \$44,127 and \$43,892 were deposited into the Plan during the years ended June 30, 2025 and 2024, respectively. These are included within net appreciation in fair value of investments. These Revenue credits may be used either to (i) pay direct, reasonable, and necessary expenses of the Plan which the Plan is allowed to pay or (ii) provide benefits for Plan participants and beneficiaries in the form of revenue credits. These amounts were fully utilized in 2025 and 2024.

Evaluation of Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, April 13, 2026.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Unaudited Information

TIAA-CREF and Vanguard, the Custodians of the Plan, hold the Plan's investment assets and execute transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, management received a certification from the Custodians, acknowledging the completeness and accuracy of all investments and notes receivable from participants held by them on behalf of the Plan that are reflected in the statements of net assets available for benefits at June 30, 2025 and 2024, the supplemental schedule as of June 30, 2025, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for investments of the Plan measured at fair value as of June 30, 2025 and 2024:

- The TIAA Real Estate Account's value is principally derived from the market value appraisals of the underlying real estate holdings or other real estate-related investments. This pooled separate account is valued at fair value using the net asset value ("NAV") per share (or its equivalent) as a practical expedient; therefore, it has not been classified in the fair value hierarchy.
- Included in registered investment companies are various CREF funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. These are considered to be Level 2 inputs. All other funds in registered investment companies and money market funds are based on market quotations or prices from independent pricing services and are considered to be Level 1 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2024 to 2025. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Guaranteed Investment Contract

The Plan has a benefit-responsive guaranteed investment contract with TIAA-CREF. Contributions are maintained by TIAA-CREF in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA-CREF votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all interests of the participants existing at such time would be distributed to the participants in accordance with the Plan document.

Note 7. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan administrator and the Plan's tax counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

THE CASE WESTERN RESERVE UNIVERSITY EMPLOYEES' RETIREMENT PLAN C

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 8. Party-in-Interest Transactions

Certain Plan assets are held in a pooled separate account, a guaranteed investment contract, and registered investment companies of both TIAA-CREF and Vanguard or their affiliates. TIAA-CREF and Vanguard are plan Custodians; therefore, these transactions as well as plan expenses paid to these parties qualify as party-in-interest transactions.
