Independent Auditor's Report

To the Plan Administrator of
the 403(b) Thrift Plan of
MFI Recovery Center
Riverside, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the 403(b) Thrift Plan of MFI Recovery Center, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June, 30, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan of MFI Recovery Center and to meet our other ethical responsibilities in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of MFI Recovery Center's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of MFI Recovery Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of MFI Recovery Center's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i; Schedule of Assets (Held at End of Year) as of the year ended June 30, 2025 on page 14 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the 403(b) Thrift Plan of MFI Recovery Center as of June 30, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 23, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) THRIFT PLAN OF MFI RECOVERY CENTER

Notes to Financial Statements

1. Description of the Plan

The following description of the 403(b) Thrift Plan of MFI Recovery Center (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. MFI Recovery Center (Center) is the Plan administrator, trustee and sponsor. Mutual of America Life Insurance Company is the Plan's custodian.

General

The Plan is a defined contribution plan providing benefits to all employees of MFI Recovery Center. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors oversees governance of the Plan. The Board determines the appropriateness of the Plans investment offerings, and monitors investment performance.

Contributions

Under the provisions of the Plan, each year, participants may contribute pretax compensation, up to the maximum statutory limitations as described yearly by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers from other qualified contribution plans. Participants who have completed one year of service are eligible for employer base and matching contributions.

The Center contributes 3% of participants' base compensation earned each year for eligible participants. The Center also makes a matching contribution on eligible participants' behalf equal to 100% of the salary reduction amount that a participant contributes to the Plan that does not exceed 2% of annual compensation received. Contributions are subject to certain statutory limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a general account as investment options for participants. Contributions for participants who do not select their investments upon enrollment are automatically invested in a designated balanced fund until changed by the participant.

Participant Accounts

An account is maintained for each participant. The participant's account is credited with the participant's contribution, allocations of the Center's base and matching contributions and Plan earnings and losses, and charged with an allocation of administrative expenses paid by the Plan. Allocation of the Center's non-elective contribution is based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Center's contribution portion of their account is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the participant's vested interest in their account and bear interest of 5.85%, which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

**403(b) THRIFT PLAN OF
MFI RECOVERY CENTER**
Notes to Financial Statements

1. Description of the Plan (continued)

Forfeited Accounts

At June 30, 2025, forfeited nonvested accounts totaled \$33,258 and are created when the employer makes an excess contribution to the Plan or when uncashed distributions are credited back to the Plan. The forfeitures attributable to excess contributions may be used to reduce employer contributions or to pay certain administrative expenses. For the year ended June 30, 2025, contributions were reduced by \$33,258 from forfeited nonvested accounts.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The default form of distribution upon retirement is a life annuity contract (for unmarried participants) or a joint and survivor annuity contract (for married participants) unless another form is elected. Participants may elect other available forms of distributions (subject to spousal consent) including lump sum payments. Distributions must be taken in a single distribution of cash as soon as administratively feasible if the participant's account balance is equal to or less than \$1,000. Participant consent to such distribution shall be required after the participant's annuity starting date if the distribution to the participant is subject to Code Sections 401(a)(11) and 417. If the participant's vested account balance is not greater than \$10,000 at the time of the participant's termination of service, the participant will receive a distribution of the vested account balance. If the vested share of a participant's account balance exceeds \$10,000 at the time of the participant's termination of service, the participant can either (a) leave all or part of the vested balance in the plan and defer receipt of the benefit or (b) withdraw all or part of the vested account in a single sum provided the participant has met the requirements for withdrawals. In the event of disability, a participant may receive a distribution at any time. Hardship and in-service withdrawals are allowed, subject to Plan provisions.

Administrative Expenses

The Center provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to participant requested services are charged directly to participants' accounts and are included in administrative fees. Certain record keeping fees are paid to the service provider through revenue sharing arrangements with the investment funds. These fees are included in the investment-related expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for forfeitures (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**403(b) THRIFT PLAN OF
MFI RECOVERY CENTER**
Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2025, and 2024, no allowance for credit losses has been recorded. Participant loans in which the participant has a distributable event (such as employment termination, death, or disability) would be considered distributions. At such point, the loan is recorded as a distribution and removed from net assets available for benefits. Delinquent loans (although they may be "deemed distributions" for tax purposes) are assets of the plan for financial statement purposes, and continue to accrue interest, until they are determined to be uncollectible or cancelled in the event the loans go into "default". This is because active participants may still have an opportunity to make the delinquent payments. Therefore, this may result in a reconciling item between the Form 5500 and financial statements.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Some prior year balances have been reclassified to conform to the current year's presentation.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Amounts held in the General Account are valued at contract value which is equal to fair value. Amounts held in the General Account are cash equivalents and are not subject to fair value evaluation.

Non-distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Excess Contributions Payable

There were no excess contributions payable for the years ended June 30, 2025 and 2024.

**403(b) THRIFT PLAN OF
MFI RECOVERY CENTER**

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Recently Issued Accounting Standards

In December 2022, Congress passed the Securing a Strong Retirement Act of 2022 (Secure 2.0). The act's provisions have a variety of effective dates from January 1, 2023 through January 1, 2026. Among many changes for retirement plans, the act includes an increase in required minimum distribution age, decreased penalties for missed required minimum distributions, Roth employer match option, penalty free withdrawals for terminal illness and emergency expenses, reduced service requirement for part-time, long-term employees, hardship withdrawal self-certification, age- and income-based catch-up contribution requirements, and automatic enrollment requirement for new plans.

Employers may amend their plan to take into account Secure 2.0 Act provisions by December 31, 2026, provided their plan operates in accordance with such amendment as of its effective date. The Plan is reviewing the provisions of Secure 2.0. The optional features within the act are currently being assessed and some have been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

3. Information Prepared and Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Mutual of America Life Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of the date of the financial statements under audit and covered by the certification, and net appreciation in fair value of investments, interest, and interest income on notes receivable from participants for the year ended June 30, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2025 and 2024.

Level 1 Fair Value Measurements

At June 30, 2025 and 2024, all of the Plan's assets are invested in mutual funds and in a general account. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at the price. The mutual funds held by the Plan are considered to be actively traded and as such are classified as Level 1.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30:

	<u>2025</u>	<u>2024</u>
Mutual Funds	\$5,562,217	\$5,061,850
Total Level 1 Investments	5,562,217	5,061,850
General Account	<u>1,235,347</u>	<u>793,348</u>
Total Investments	<u>\$6,797,564</u>	<u>\$5,855,198</u>

4. Fair Value Measurements (continued)

Amounts held in the General Account are valued at contract value which is equal to fair value. Amounts held in the General Account are considered to be cash equivalents and are not subject to fair value evaluation.

Gains and losses included in changes in net assets available for benefits for the year ended June 30, 2025 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended June 30, 2025, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

5. Party-In-Interest Transactions

Certain Plan investments are shares of Mutual of America Life Insurance Company managed by Mutual of America Life Insurance Company. Mutual of America is the custodian as defined by the Plan, and therefore these transactions with an affiliate qualify as party-in-interest transactions.

Fees paid by the Plan for commissions and investment management services amounted to \$4,231 for the year ended June 30, 2025.

The Plan's administrative fees, other than contract administrator fee and commissions, are paid by the Center. Therefore, these expenses are excluded from these financial statements.

Additionally, as noted in Note 1, certain administrative expenses related to participant-initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Plan Tax Status

Individually designed 403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. Reconciliation of Financial Statements to Form 5500

The differences between the Form 5500 and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at June 30:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$6,894,815	\$5,910,009
Employer contributions receivable		(16,505)
Participant contributions receivable		(14,909)
Corrective contributions receivable	<u>(6,479)</u>	<u>(10,843)</u>
Net assets available for benefits per Schedule H to the Form 5500	<u>\$5,117,918</u>	<u>\$5,878,752</u>

9. Subsequent Events

The Plan has evaluated subsequent events occurring between July 1, 2025 and April 13, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to add a Roth feature permitting participants to make Designated Roth Contributions on an after-tax basis and to roll over such amounts (and related earnings) only to Roth IRAs or other eligible retirement plans that maintain those Roth amounts in a separate account
