Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PRICEWATERHOUSECOOPERS LLP**

(2) EIN: **13-4008324**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒

Report of Independent Auditors

To the Administrator of the Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended June 30, 2025 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences

Notes to Financial Statements

June 30, 2025 and 2024

1. Description of the Plan

The following brief description of the Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan covering employees of the Academy of Motion Picture Arts and Sciences, Academy Foundation, Archival Foundation, Academy Museum Foundation, and Vine Street Archive Foundation (collectively, the "Company"). The Plan is subject to the Employment Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company. The Plan's investments are administered by the Company's Investment Committee ("Committee"), which is a committee of the Board of Governors of the Company. The Company has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Governors.

JP Morgan Chase Bank, N.A. ("JPMCB") is the trustee of the Plan's real estate fund investment. Grantham Mayo van Otterloo ("GMO"), is the trustee of the Plan's GMO private investments. Charles Schwab Trust Bank is the trustee of investment securities other than the real estate fund and GMO private investments.

Effective July 1, 2013, the Plan was amended whereby the defined benefit was converted to a cash balance benefit for all employees under the age of 55 at the effective date ("Cash Balance"). For those participants 55 years or older, there were no changes to the benefits ("Legacy").

Eligibility

Employees of the Company are eligible to become participants of the Plan on the earliest of January 1 or July 1 following the date on which the employee has attained age 21, been employed with the Company for twelve months, and completed at least 1,000 Hours of Service (as defined in the plan document) in the applicable eligibility period. The applicable eligibility period is initially the twelve-month period after initial employment. After the initial twelve-month period, the eligibility period to complete 1,000 Hours of Service is July 1 to June 30.

Retirement

Normal retirement is at age 65 or the fifth anniversary of the date of participation in the Plan (as defined in the plan document), whichever is later. Early retirement at reduced benefits is available for participants who have completed three years of service and left the employment of the Company prior to normal retirement age.

Benefits – Legacy

Normal retirement benefits are determined in accordance with the Plan, the maximum monthly benefit being one and three-quarters percent (1.75%) of the first \$800 of the participant's average monthly compensation, plus two and one-fourth percent (2.25%) of such compensation in excess of \$800 multiplied by years of benefit service to a maximum of 45 years. When expressed as a monthly amount, a benefit shall not exceed the lesser of (1) \$17,500, or (2) 100% of the participant's average monthly compensation for the three consecutive calendar years when the total compensation paid to the participant was the highest. Participants also have the option of

Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences

Notes to Financial Statements

June 30, 2025 and 2024

electing to receive their benefits in the form of a lump-sum amount instead of the monthly benefit described above.

Benefits – Cash Balance

Effective July 1, 2013, a hypothetical account is maintained for each participant in which contributions are credited for the benefit of the individual. Participants who were actively employed on July 1, 2013 were credited with a lump-sum opening balance equivalent to the present value of the accrued pension benefit under the Plan's prior provisions. For employees employed at April 1, 2025, Cash Balance participants will receive a compensation credit for a Plan Year equal to 6% of compensation for the Plan Year. An additional compensation credit will be made for certain participants, as follows: (a) if you were age 45 to age 49 on July 1, 2013, 1% of your compensation, or (b) if you were age 50 to age 54 on July 1, 2013, 2% of your compensation. On February 5, 2025, the Plan was amended such that for all employees hired or rehired after April 1, 2025, the annual compensation credit for a Plan Year will be equal to 3% of compensation. This amendment is not reflected in the actuarial present value of accumulated plan benefits as of July 1, 2024.

Each account will be credited annually with an interest adjustment. The interest adjustment for a Plan Year is determined by multiplying (1) the value of the account balance on the immediately preceding allocation date (typically, June 30th) by (2) the actual rate of return of the Plan's total assets minus 50 basis points (0.50%) (but capped at the market rate of return). Market rate of return is the total gain or loss of the Plan investments over the Plan year, as a percentage increase over the Plan year beginning investment income balance.

Vesting

Legacy participants became vested in their accrued benefits based on the following schedule:

	Percentage Vested
Years of service	
3 but less than 4	20 %
4 but less than 5	40 %
5 but less than 6	60 %
6 but less than 7	80 %
7 or more	100 %

Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences

Notes to Financial Statements

June 30, 2025 and 2024

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (1) Benefits attributable to employee contributions, if any, taking into account those paid out before termination.
- (2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC"), a U.S. government agency, up to the applicable limitations.
- (4) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefits that the PBGC guarantees. For Plan terminations occurring during 2025 and 2024, that ceiling is \$7,432 and \$7,108 a month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years of age at the time of retirement or Plan termination, whichever comes later. For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Expenses of the Plan

Trustee administrative expenses are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the financial statements. Fees related to the administration of disbursements are included in administrative expenses. Administrative expenses also include fees paid directly by the Plan for investment advisor costs.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments in mutual funds are valued at fair market value based on quoted market prices. Unit investment trusts are valued at fair market value based on quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

As disclosed in Note 5, the Plan invests in certain investments, with a fair value of \$12,114,199 and \$11,529,927, as of June 30, 2025 and 2024, respectively, which are not exchange-traded. The fair value of the units of the Plan's investments are determined by the fund manager at each valuation date. The Company's Investment Committee determines the Plan's valuation policies utilizing information obtained from its investment advisors and trustees.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. See Note 5 for discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures at the date of the financial statements, including the actuarial present value of accumulated plan benefits and changes therein, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in the net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes to Financial Statements

June 30, 2025 and 2024

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited services. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the beginning of the plan year (the "Valuation Date"). The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the Valuation Date and the expected date of payment.

Notes to Financial Statements

June 30, 2025 and 2024

The significant assumptions underlying the actuarial valuations as of and for the Plan Year beginning July 1, 2024 and 2023 were:

Assumption	July 1,2024	July 1,2023
Interest Rate (expected return on investments)	7.00%	7.00%
Cash balance interest crediting rate	6.50%	6.50%
Turnover	Sex-distinct rates starting at about 12% for males and 21% for females at age 20 decreasing slowly to 0% for males and females at age 55, for both years.	
Retirement	Annual rates of retirement of 5% for ages 55 to 64, 25% for ages 65 to 67 and 100% for age 68 and older, for both years.	
Payment from election assumption	100% of Cash Balance Participants who leave employment due to retirement or termination elect an immediate lump sum cash-out and 50% of Legacy Participants who leave employment due to retirement or termination elect an immediate lump sum cash-out and 50% elect the single life annuity form of payment commencing immediately for retirement and deferred to age 65 for termination. 100% of current terminated vested Legacy Participants elect the single life annuity form of payment deferred to age 65 and 100% of the current terminated vested Cash Balance Participants elect the lump sum cash at the end of the year.	
Lump sum conversion assumptions as required by the IRC §417(e)(3) as of the benefit information date	Interest: July 2024 per IRS Notice 2024-59 4.99%,5.29%, 5.29% Mortality: For expected lump sum distributions during the plan year ending June 30, 2025, the 2024 Applicable Mortality Table, per IRS Notice 2023-73.	Interest: July 2023 per IRS Notice 2023-53 3.22%,4.22%, 4.34% Mortality: For expected lump sum distributions during the plan year ending June 30, 2024, the 2023 Applicable Mortality Table, per IRS Notice 2022-22.
Mortality Assumption	Pri-2012 Employee, Retiree, and Contingent Survivor Mortality Tables for males and females (Total Dataset), with generational projections of mortality improvements (Scale MP-2021) from base year of 2012.	Pri-2012 Employee, Retiree, and Contingent Survivor Mortality Tables for males and females (Total Dataset), with generational projections of mortality improvements (Scale MP-2021) from base year of 2012.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of the plan year beginning July 1, 2024 and 2023. Had the valuations been performed as of June 30, there would be no material differences.

Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences

Notes to Financial Statements

June 30, 2025 and 2024

3. Federal Income Tax Status

The Plan has implemented the mandatory provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), and the SECURE 2.0 Act of 2022. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

A favorable determination letter was received from the Internal Revenue Service on March 4, 2016 regarding the tax status of the Plan. The Plan Document has been amended. Although the Plan Document has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan is qualified and thus tax-exempt. Therefore, no provision for federal income taxes has been recorded in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

4. Funding Policy

The Plan requires that Company contributions be sufficient to enable the Plan to continue to qualify for tax-exempt status under the applicable provisions of the IRC and to fund benefits under the Plan on an actuarially sound basis. Contributions to the Plan for the years ended June 30, 2025 and 2024 met the minimum funding requirements of ERISA.

5. Fair Value Measurements

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts. Fair value is based on the assumptions market participants would use when pricing the asset or liability and establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are:

Level 1 Quoted prices in active markets for assets or liabilities that the Plan has the ability to access at the measurement date. An active market for the asset is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value and is used to measure fair value whenever available.

Retirement Plan for the Employees of the Academy of Motion Picture Arts and Sciences

Notes to Financial Statements

June 30, 2025 and 2024

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in markets that are either active or inactive, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs are unobservable for the asset or liability. Unobservable inputs are used to measure fair value to the extent that observable inputs are not available. Unobservable inputs reflect the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Valuation Methodologies

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2025 and 2024.

Mutual Funds

The Plan's mutual fund holdings include equity based funds, fixed income based funds, and funds which are commonly known as 'absolute return' funds. Generally, the fair values of shares in mutual funds are based on inputs that are quoted prices in active markets for identical assets and, therefore, have been categorized in Level 1 in the fair value hierarchy.

Other Investments

Other investments consist of absolute return hedge funds, private credit funds, private equity fund, and a real estate fund. These funds are private funds. The fair values of other investments are based upon net asset value (NAV) as a practical expedient for fair value as reported by the investment manager. One of the hedge funds is actively managed to achieve the goal of generating positive returns that are independent of the markets. The other hedge fund's investment objective is to deliver a high level of absolute return consistent with preservation of capital. Both hedge funds will implement a diversity of strategies which, in the aggregate, attempt to provide lower volatility and lower correlation than the broader general markets. The private equity fund seeks to generate attractive long-term returns through bottom-up, fundamental research and focused, long-term investments in emerging market equities. The private credit funds are invested in debt securities and are actively managed. The real estate fund is composed of investments in a pool of real estate properties.

Unit Investment Trusts

The Plan's unit investment trust holdings are exchange traded funds which hold equities. Generally, the fair values of shares in unit investment trusts are based on inputs that are quoted prices in active markets for identical assets and, therefore, have been categorized in Level 1 in the fair value hierarchy.

Real Estate Fund

The Plan's real estate fund consists of an investment in a fund composed of investments in a pool of real estate properties. The real estate fund is valued based on the NAV per share as a practical

expedient for fair value multiplied by the number of shares held by the Plan, without further adjustment. The NAV per share is provided by JPMCB. This fund is not held by the Trustee.

The following table presents the Plan's investments measured at fair value on a recurring basis classified using the fair value hierarchy:

- a. Certain investments that are valued using the net asset value per share as a practical expedient for fair value have not been classified in the fair value hierarchy in accordance with ASC 820, Fair Value Measurement. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in statements of net assets available for benefits.

The following table summarizes the investments measured at fair value based on NAV per share as a practical expedient for fair value as of June 30, 2025 and 2024:

- a. Certain other investments are reported by Trustee on a lag and have been updated to fair value at June 30, 2025 and 2024 based on most recent fund manager reporting.

7. Party-In-Interest Transactions

Certain Plan investments represent funds invested in or maintained by Schwab, GMO, JPMCB, and Advanced Research Investment Solutions Consulting LLC, the Plan's investment advisor. These investments represent exempt party-in-interest transactions.

The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

8. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated Plan benefits at July 1, 2024 is as follows:

A. Actuarial Assumptions for IRS Funding Purposes (continued)

Election of options

For Legacy Participants (final average pay formula):

50% of Legacy Participants retiring on or after age 55 are assumed to elect an immediate lump sum distribution. The other 50% of such participants are assumed to elect an immediate single life annuity.

All Legacy Participants terminating employment before age 55 and after the valuation date are assumed to elect an immediate lump sum distribution.

Legacy Participants who have terminated with a vested benefit prior to the valuation date, and who have not yet elected to commence benefits, are assumed to elect a single life annuity, commencing at age 65.

Lump sums are valued as the actuarial equivalent of the participant's immediate retirement benefit, based on the valuation's lump sum interest rate and mortality assumptions.

For Cash Balance Participants:

100% of Cash Balance Participants terminating employment or retiring from active employment after the valuation date are assumed to elect an immediate lump sum distribution.

Cash Balance Participants who have terminated with a vested benefit prior to the valuation date, and who have not yet elected to commence benefits, are assumed to elect a lump sum benefit commencing 1 year after the valuation date.

Changes from prior valuation

The valuation interest rates (including assumed lump sum interest rates) for determining the minimum required contribution and AFTAP changed from rates of 4.75%, 5.00%, and 5.74% to segment rates of 4.99%, 5.29%, and 5.59%.

The mortality assumption was updated to the 2024 generational tables from the 2023 separate static tables. The lump sum mortality table was updated to the 2024 Applicable Mortality Table.

B. Actuarial Methods for IRS Funding Purposes

1. Actuarial Cost Method

The actuarial cost method for funding calculations is the Unit Credit method. Under this method the funding target liability is calculated as the actuarial present value of accrued benefits as of the valuation date. The funding target normal cost is the actuarial present value of the benefits to be earned during the valuation year.

2. Asset Valuation Method

The actuarial value of assets is equal to the market value of assets, including receivable contributions discounted with interest to the valuation date.

3. Changes From Prior Valuation

The actuarial cost method is unchanged from the prior year.

The asset valuation method is unchanged from the prior year.

Account Balance Benefit (cont)

The cash balance account consists of the total aggregate annual compensation credits, adjusted for interest. Annual compensation credits for a plan year shall be determined by multiplying the participant's earnings for a plan year by 6%.

An additional 1% of compensation is provided to participants who were active participants as of June 30, 2013, and who were at least age 45, but not yet age 50 as of June 30, 2013.

An additional 2% of compensation is provided to participants who were active participants as of June 30, 2013 and who were at least age 50, but not yet age 55 as of June 30, 2013.

Compensation credits are provided to eligible participants for a plan year if the participant earns at least 1,000 hours of service. No compensation credits are provided for plan years beginning before July 1, 2013.

Interest adjustments for both the opening balance and the cash balance accounts are annual credits for earnings, or debits for losses, based on the actual rate of return on the plan's aggregate assets, less a margin of 50 basis points.

Amount of Benefits

Normal Retirement

Monthly benefit (Legacy participants)

Equal to the participant's accrued benefit calculated using benefit service and compensation as of the participant's Normal Retirement Date.

Monthly benefit (Cash Balance participants)

The single life annuity that is actuarially equivalent to the sum of the participant's opening balance, if any, and cash balance accounts, adjusted with interest. However, in no event shall the portion of the benefit attributable to the opening account be less than the actuarial equivalent of the accrued benefit as of June 30, 2013, as determined under the terms of the plan at that date.

In addition, as of any annuity starting date, the benefit attributable to the opening account shall not be less than the opening balance at July 1, 2013, and the cash balance account shall not be less than the sum of all previous plan year compensation credits (i.e., the preservation of capital requirement).

Early Retirement

Monthly benefit (Legacy participants)

Normal pension accrued multiplied by the percentage vested and by an age-based factor as shown in the following table. Factors between the ages shown can be interpolated.

<u>Age</u>	<u>Factor</u>
35	6.1%
40	9.1%
45	14.5%
50	22.0%
55	40.0%
65	100.0%

Monthly benefit (Cash Balance participants)

The single life annuity that is actuarially equivalent to the sum of the participant's opening balance, if any, and cash balance accounts, adjusted with interest. However, in no event shall the portion of the benefit attributable to the opening account be less than the actuarial equivalent of the accrued benefit as of June 30, 2013, as determined under the terms of the plan at that date. In addition, as of any annuity starting date, the benefit attributable to the opening account shall not be less than the opening balance at July 1, 2013, and the cash balance account shall not be less than the sum of all previous plan year compensation credits (i.e., the preservation of capital requirement).

Late Retirement

Monthly benefit (Legacy participants)

Greater of additional accruals to actual retirement date or the actuarial equivalent of the normal retirement benefit.

Monthly benefit (Cash Balance participants)

The single life annuity that is actuarially equivalent to the sum of the participant's opening balance, if any, and cash balance accounts, adjusted with interest. However, in no event shall the portion of the benefit attributable to the opening account be less than the actuarial equivalent of the accrued benefit as of June 30, 2013, as determined under the terms of the plan at that date. In addition, as of any annuity starting date, the benefit attributable to the opening account shall not be less than the opening balance at July 1, 2013, and the cash balance account shall not be less than the sum of all previous plan year compensation credits (i.e., the preservation of capital requirement).

Vesting upon termination of
employment prior to retirement

Monthly benefit (Legacy participants)

Normal retirement benefit accrued, multiplied by the vesting percentage, payable at any time following termination of employment, and reduced for Early retirement using the factors described above. The vested percentage is based on the following table:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
3 but less than 4	20%
4 but less than 5	40%
5 but less than 6	60%
6 but less than 7	80%
7 or more	100%

Monthly benefit (Cash Balance participants)

The single life annuity that is actuarially equivalent to the sum of the participant's opening balance, if any, and cash balance accounts, adjusted with interest. However, in no event shall the portion of the benefit attributable to the opening account be less than the actuarial equivalent of the accrued benefit as of June 30, 2013, as determined under the terms of the plan at that date. In addition, as of any annuity starting date, the benefit attributable to the opening account shall not be less than the opening balance at July 1, 2013, and the cash balance account shall not be less than the sum of all previous plan year compensation credits (i.e., the preservation of capital requirement).

Cash Balance participants are 100% vested in their benefit after completion of 3 years of vesting service.

Pre-retirement death benefit

Spouse Annuity

For the surviving spouse of a vested participant, 50% of the benefit the participant would have received had he or she retired the day before death and elected the joint and survivor option. Benefits commence immediately.

Lump Sum

The benefits payable to a surviving spouse are eligible to be paid in the form of a single lump sum payment, in lieu of the spouse annuity described above. If there is no eligible surviving spouse, the participant's beneficiary may receive a lump sum death benefit.

If it results in a larger benefit, those who were participants of the Plan prior to July 1, 1983, are eligible for a death benefit equal to 97% of the premiums paid on the participant's behalf under the Prior Plan, accumulated with interest at 2.75% per annum to the date of death, or the participant's termination date if earlier.

Forms of Retirement Benefit

Normal	Life annuity.
Optional	5 or 10 year guaranteed, 50% or 100% Joint-and-Survivor, Lump Sum.
Actuarial basis for lump sum benefits	Segment rates described in IRC Section 417(e)(3)(C) for the month of November of the calendar year preceding the year of payment and the Applicable Mortality Table described in IRC Section 417(e)(3)(B).
Actuarial basis for optional benefit forms	Segment rates described in IRC Section 417(e)(3)(C) for the month of November of the calendar year preceding the year of payment and the Applicable Mortality Table described in IRC Section 417(e)(3)(B).

Service

Benefit Service	A plan year in which an employee works at least 1,000 hours. During the first and last year of benefit service, a fraction of one year of service is earned (equal to the number of hours during the applicable period divided by 1,000).
Vesting Service	A plan year in which an employee works at least 1,000 hours.

Plan Year

July 1 to June 30
