Report of Independent Auditors

The Employee Benefit Committee of
The Clorox Company Pension Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Clorox Company Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of June 9, 2025 and June 30, 2024, and the related statement of changes in net assets available for benefits in liquidation for the period from July 1, 2024 through June 9, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Clorox Company Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 9, 2025 and June 30, 2024 and for the period from July 1, 2024 through June 9, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Clorox Company Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter – Plan Termination

As described in Note 1 to the financial statements, on May 16, 2022, the sponsor of The Clorox Company Pension Plan adopted a resolution to terminate The Clorox Company Pension Plan. The Clorox Company Pension Plan's termination related distributions were complete as of June 9, 2025. The Clorox Company Pension Plan's financial statements are presented on the liquidation basis. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Clorox Company Pension Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4j – Schedule of Reportable Transactions for the period from July 1, 2024 through June 9, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Clorox Company Pension Plan

Notes to Financial Statements in Liquidation

1. Description of the Plan

The following description of The Clorox Company Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was a noncontributory defined benefit plan which included several benefits with the most recent predominant benefit being the cash balance benefit. The Plan was frozen for all participants as of January 1, 2019. As a result of the Plan freeze, no employees were eligible to commence participation in the Plan or accrue any additional benefits under the Plan. However, interest credits continued to accrue on participant cash balance account balances until termination.

The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Employee Benefits Committee, established by The Clorox Company (the Company)’s Board of Directors, served as the plan administrator responsible for managing the operation and administration of the Plan.

Prior to termination, the Plan covered substantially all eligible employees of the Company, subject to specific exclusions and special provisions as outlined in the Plan document. Benefits were determined in accordance with the formulas and provisions outlined in the Plan document, which included cash balance accounts and traditional defined benefit formulas for certain employee groups.

The Plan satisfied ERISA minimum funding requirements prior to termination; accordingly, no contributions were required for the period from July 1, 2024 through June 9, 2025.

Plan Termination

On May 16, 2022, the Management Development Compensation Committee of The Clorox Company Board of Directors adopted a resolution to terminate the Plan in accordance with ERISA. Termination amendment provided for the following:

1. All participants employed on September 30, 2022, by the Company and its affiliated companies that had adopted the Plan (“Participating Company”) became 100% vested.
2. Actuarially determined benefits valued at \$5,000 or less were distributed as a lump-sum.
3. Participant with actuarially determined benefits greater than \$5,000 could elect to receive payments in lump-sum or an annuity contract from an insurance company.

1. Description of the Plan (continued)

As of June 9, 2025, all of the Plan's benefit obligations were settled through a combination of an annuity contract purchase with a third-party insurance provider, lump sum payouts to participants and beneficiaries, and payments to Pension Benefit Guaranty Corporation ("PBGC"). These payments were made using Plan assets. The third-party insurance provider assumed the obligation to pay future pension benefits and provide administrative services effective October 2023 and made the initial direct payment to participants in January 2024.

As of June 9, 2025, the Plan transferred excess plan assets to The Clorox Company 401(k) Plan (EIN 31-0595760, Plan No. 001), another plan sponsored by the Company, a "qualified replacement plan" as defined in the Internal Revenue Code (the "Code").

Administrative Expenses

The Plan paid its direct administrative expenses, including, but not limited to, actuarial, and trustee fees.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the liquidation basis of accounting in accordance with the accounting principles generally accepted in the United States of America ("GAAP") as required by the Accounting Standards Update (ASU) 2013-07, *Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting*. The liquidation basis was applied once the Plan termination became imminent (see Note 1). In accordance with ASU 2013-07, the Plan accrued costs and income that it expected to incur or earned through the end of its liquidation if and when it had a reasonable basis for estimation. Such accrual was reversed in the period from July 1, 2024 through June 9, 2025, when actual costs and income were recognized. The differences between expected and actual amounts were not material.

The Plan's financial statements in liquidation were evaluated for subsequent events from the date after the financial statement date through April 7, 2026, the date the financial statements in liquidation were available to be issued.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments were recognized when paid.

3. Investments and Information Certified by Trustee

The Plan's investments were held in a single trust by State Street Bank & Trust Company (the "Trustee").

The plan administrator elected the ERISA Section 103(a)(3)(C) audit, a method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements as of June 9, 2025 and June 30, 2024, and interest income in the amount of \$55,526 for the period from July 1, 2024 through June 9, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee. The remainder of interest income was not certified.

As of June 9, 2025, the Plan no longer holds any investments.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). Fair value is determined based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. An asset or liability's classification is based on the lowest level of input that is significant to the fair value measurement. Assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs reflecting management's own assumptions.

Common collective trust fund was valued using the Net Asset Value ("NAV") practical expedient of the common collective trust fund as determined by the portfolio's manager. The NAV practical expedient is based on the fair value of underlying net assets held by the common collective trust fund on the last business day of the plan year. There were no redemption restrictions on or unfunded commitments to the common collective trust fund. As of June 9, 2025, the Plan no longer holds any investments.

5. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was as follows at June 9, 2025 and June 30, 2024:

	June 9, 2025	June 30, 2024
Vested benefits:		
Other participants	\$ -	\$ 2,249,972
Actuarial present value of accumulated plan benefits	<u>\$ -</u>	<u>\$ 2,249,972</u>

All benefit payments in connection with Plan termination (see Note 1) were completed as of June 9, 2025. Accordingly, the actuarial present value of the accumulated plan benefits as of June 9, 2025, was \$0.

5. Actuarial Present Value of Accumulated Plan Benefits (continued)

The changes in the actuarial present value of accumulated plan benefits were as follows for the period from July 1, 2024 through June 9, 2025:

Actuarial present value of accumulated plan benefits, June 30, 2024	\$ 2,249,972
Increase (decrease) attributable to:	
Benefits paid directly to participants	(461,721)
Benefits paid through PBGC	(1,322,775)
Annuity purchase refunds	4,324,088
Census data changes	(4,789,564)
Actuarial present value of accumulated plan benefits, June 9, 2025	<u>\$ -</u>

6. Party-in-Interest Transactions

As of June 30, 2024 and during period from July 1, 2024 through June 9, 2025, the common collective trust fund was invested with the Trustee. Consequently, such transactions qualified as party-in-interest transactions for which a statutory exemption existed. As of June 9, 2025, the Plan no longer holds any investments.

7. Income Tax Status

The Plan received its latest determination letter from the IRS dated July 8, 2024, stating that the Plan was qualified under Section 401(a) of the Code and, therefore, the related trust was exempt from taxation. The Plan was required to operate in conformity with the Code to maintain its qualified tax status. The plan administrator believes the Plan was operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, was qualified and the related trust was tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 9, 2025, there were no uncertain positions taken. The Plan recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
