Independent Auditor's Report

Board of Directors
Employee Benefits Plan of Ohel Children's Home and Family Services, Inc.
Far Rockaway, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employee Benefits Plan of Ohel Children's Home and Family Services, Inc. (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025, and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Board of Directors
Employee Benefits Plan of Ohel Children's Home and Family Services, Inc.
Far Rockaway, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employee Benefits Plan of Ohel Children's Home and Family Services, Inc. (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025, and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of Employee Benefits Plan of Ohel Children's Home and Family Services, Inc. (the Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the plan administrator.

The Plan is a non-contributory defined benefit plan covering substantially all employees of Ohel Children's Home and Family Services, Inc. (the Company) and provides for retirement, death, and disability benefits. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Mutual of America Life Insurance Company (MOA) is the custodian of the Plan.

The Plan is administered by the Company's Benefits Committee (the Committee), which is a committee of the Board of Directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Employees become eligible to participate in the Plan upon completing one full year of service and attaining the age of 21 at the time of completing one year of service.

Contributions

Employees are not allowed to make contributions to the Plan. The Company's funding policy is to make contributions to the Plan in amounts that are determined actuarially. Based on actual experience as related to actuarial assumptions, either favorable or unfavorable, the future required contributions may decrease or increase. The Plan has met the minimum funding requirements established by ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth under ERISA.

Curtailment of Benefit Accruals

The Board of Directors of the Company adopted a resolution to curtail benefit accruals as of December 31, 2007.

Pension Benefits

Employees with 10 or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to the greater of (A) or (B):

- a) The frozen accrued benefit or;
- b) The sum of 1.0% of the annual average compensation of their last five consecutive years preceding termination of employment multiplied by the number of years of service plus .50% of excess, if any, of the annual average compensation over the Social Security Average Monthly Wage multiplied by the lesser of the number of the years of service, or 35 reduced (not below zero) by the number of the employees' total cumulative permitted disparity years.

Participants can receive their benefits as a lump sum payment or as a life annuity payable monthly.

Employee Benefits Plan of Ohel Children's Home and Family Services, Inc.
Notes to Financial Statements
June 30, 2025 and 2024

Participants who retire early are entitled to receive a pension benefit based on the vested percentage of their accrued benefit beginning as of the first day of the calendar month coincident with or next following their severance from employment with the Company, reduced by the factors indicated below based on the benefit formula. If the benefit formula excess percentage is greater than .60% but no greater than .65%, then the standard early retirement reduction factors shall be 1/12 for each of the first three years that the participant's benefit commencement date precedes their normal retirement date and 1/24 for each of the next seven years with a pro-rata reduction for any portion of a year. If the benefit formula excess percentage does not exceed .60%, then the standard early retirement reduction factors shall be 1/15 for each of the first five years that the participant's benefit commencement date precedes their normal retirement date and 1/30 for each of the next five years with a pro-rata reduction for any portion of a year.

Death Benefits

Death benefits are available as the lump sum payment option of 100% of the retirement benefit that the ceased participant would have been entitled to receive if they had terminated employment with the Company on the day before the death or on the date that they actually terminated employment with the Company, if earlier. If a participant is married at the time of their death, the death benefit shall be distributed to the participant's spouse in the form of an immediate monthly annuity.

Vesting

Benefits are vested at an ascending rate with full vesting after five years or upon attaining age 55. All participants are fully vested.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts of the custodian are valued at estimated fair value, which have been determined based on unit values of the accounts as provided by MOA. Quoted market prices, if available, are used to value investments.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance companies.

The Plan's investment account with MOA is liquid and is not subject to any form of interest rate adjustment. There are no front-end or back-end charges and the value reflected on the statement is immediately redeemable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employee Benefits Plan of Ohel Children's Home and Family Services, Inc.
Notes to Financial Statements
June 30, 2025 and 2024

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Accumulated Plan Benefits

Accumulated plan benefits, see Note 6, are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a) Retired or terminated employees or their beneficiaries
- b) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Note 3. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a) Benefits attributable to employee contributions, taking into account those paid out before termination
- b) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination
- c) Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations discussed below
- d) All other vested benefits (that is, vested benefits not insured by the PBGC)
- e) All nonvested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Employee Benefits Plan of Ohel Children's Home and Family Services, Inc.
Notes to Financial Statements
June 30, 2025 and 2024

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4. Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MOA, the custodian of the Plan, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2025 and 2024
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024
- Investment information included in the accompanying schedule of assets (held at end of year), other than the cost basis, as of June 30, 2025 and the accompanying schedule of reportable transactions for the year ended June 30, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall on June 30, 2025 and 2024:

2025				
	Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at NAV (A)
Total				
Pooled separate accounts	<u>\$11,862,741</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,862,741</u>

2024				
	Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at NAV (A)
Total				
Pooled separate accounts	<u>\$11,189,037</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,189,037</u>

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended on June 30, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified

in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits, determined by actuaries from MOA, is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of July 1, 2024 the date of the latest valuation by the Plan's independent actuary, is as follows:

Vested	
Retired participants	\$ 3,496,441
Inactive participants	4,537,197
Active participants	<u>3,223,030</u>
	11,256,668
Nonvested	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 11,256,668</u></u>

Changes in the actuarial present value of accumulated plan benefits were as follows:

Actuarial present value of accumulated plan benefits at July 1, 2023	<u>\$ 12,042,933</u>
Increase (decrease) during the year attributable to	
Benefits paid	(1,165,117)

Net change	<u>(786,265)</u>
Actuarial present value of accumulated plan benefits at July 1, 2024	<u><u>\$ 11,256,668</u></u>

The Plan has met the minimum funding requirements.

Notes to Financial Statements
June 30, 2025 and 2024

Significant assumptions underlying the actuarial computations are:

Types and basis of funding	Traditional Unit Credit actuarial cost method
Expected rate of return on investments	6.50% per year
Mortality	Pri-2012 Total Dataset Employee Mortality with Scale I
Retirement age	Age 65 or immediate if beyond age 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 7. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Plan investments are shares of pooled separate accounts and general investment account managed by MOA. MOA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$2,800 and \$3,598 of administrative fees to MOA and \$38,380 and \$97,452 was paid to PBGC during the years ended June 30, 2025 and 2024, respectively. During the year ended June 30, 2025 the Plan paid \$24,640 to MOA for the actuarial valuation. The Company provides certain administrative services at no cost to the Plan.

Note 8. Tax Status

The Plan operates under a prototype non-standardized pre-approved defined benefit plan document sponsored by Mutual of America. This volume submitter plan document has been filed with the appropriate agency and has obtained an advisory letter dated February 28, 2023 from the Internal Revenue Service stating that the volume submitter plan document is acceptable under Section 401(a) of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date. The Plan has been amended since receiving the advisory letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10. Subsequent Events

Subsequent events have been evaluated through April 7, 2026, which is the date the financial statements were available to be issued.

Schedule SB, Part V: statement of actuarial assumptions and methods

Plan name: Employee Benefits Plan of Ohel Children's Home and Family Services, Inc. **EIN:** 11-6078704

Plan sponsor: Ohel Children's Home and Family Services, Inc. **PN:** 001

Actuarial cost method**Funding target and target normal cost**

An actuarial cost method allocates the expected cost of a pension plan on a year-by-year basis. The primary objective is to accumulate enough assets prior to each participant's retirement to provide the promised pension benefits.

The Pension Protection Act of 2006 (PPA) requires plan sponsors to use the Traditional Unit Credit actuarial cost method in which the estimated accrued benefit is based on service and, if applicable, earnings as of the valuation date. The funding target is equal to the actuarial present value of all accrued benefits as of the valuation date. The target normal cost is the actuarial present value, as of the valuation date, of the expected increases in projected accrued benefits attributable to service expected to be completed during the plan year (i.e., if applicable, one year's salary growth is reflected in the determination of target normal cost).

For tax deduction purposes, the funding target may reflect the value of future pay increases on accrued benefits, if applicable.

PPA discounting method

The plan sponsor must choose between full yield curve spot rates or a segmented yield curve of 24-month average corporate bond rates. If the segmented yield curve is selected, the plan sponsor can use either the rates as of the month of the valuation or as of a lookback month, up to 4 months prior to the valuation date. If the full yield curve is selected, the rates as of the month of valuation must be used.

For purposes of this valuation, the following discounting method was used and is assumed to be approved by the plan sponsor:

Segment rates through the month of June preceding the valuation date, adjusted so each segment rate is no less than the applicable minimum percentage* of the corresponding 25-year average segment rate for the calendar year that contains the first day of the plan year and no more than the applicable maximum percentage of that 25-year average segment rate. The 25-year average cannot be less than 5.0% prior to application of the corridor.**

Asset valuation method

Plan assets for purposes of this actuarial valuation are valued under the Asset Averaging method, including, if applicable, discounted receivable contributions. The value is equal to the average of the fair market value of assets on the valuation date and the adjusted fair market value (including expected earnings) for the two earlier annual determination dates. Expected earnings are calculated using a rate no greater than the third segment rate of the segmented yield-curve in effect at the beginning of each valuation year. The resulting average value must fall between 90 and 110 percent of the fair market value of assets on the valuation date.

* Minimum is 95% through 2030, decreasing 5% per year beginning in 2031 until 70% is reached in 2035

** Maximum is 105% through 2030 and increasing 5% per year beginning in 2031 until 130% is reached in 2035

Miscellaneous Assumptions

Form of Payment: Lump Sum

Expenses: Assumed equal to prior year's actual expenses

Percent Married: 80.00%

Spouse's Age: Wives assumed to be 3 years younger than husbands

Rationale for significant assumptions

Economic assumptions

- **Expected return on plan assets:** The assumption was selected by the client with input from their investment advisor. We believe the assumption is reasonable as it falls within a reasonable range of expected returns for the plan's asset allocation based on capital market assumptions.
- **ASC 960 pre-retirement discount rate:** This assumption is based on the **expected return on plan assets** assumption.
- **ASC 960 post-retirement discount rate:** The lump sum conversion interest is based on the long-term expectation of lump sum rates based on yields on high quality corporate bonds. The lump sum conversion mortality is based on the IRS lump sum mortality table for the current plan year.

Actuarial assumptions

Demographic Assumptions

- **ASC 960 mortality:** The mortality base table and projection scale is based on the most recent mortality table and improvement scale published by the Society of Actuaries (SOA) and in our judgement, adequately reflects expected mortality rates as of the measurement date. The SOA elected not to release a new mortality scale since MP-2021 which would have included mortality data affected by the COVID-19 pandemic, but instead will continue to study emerging mortality experience and assess what mortality improvement scale options might be considered to be implemented in the future. As such, we have decided not to reflect any adjustments to the most recent mortality improvement scale. The plan's relatively small size would not support a credible mortality study.
- **Termination:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in termination patterns are not expected.
- **Retirement:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in retirement patterns are not expected.

Miscellaneous assumptions

- **Expenses:** The assumption is based on actual PBGC expenses projected for the year, and assuming non-PBGC related expenses will be similar to the prior year.
- **Form of payment:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan.
- **Spouse's age and percent married:** The employer does not have enough credible data to analyze spousal demographics. These assumptions are based on the actuary's experience with similar plans.

Schedule SB, Part V: summary of plan provisions

Plan name:	Employee Benefits Plan of Ohel Children's Home and Family Services, Inc.	EIN:	11-6078704
Plan sponsor:	Ohel Children's Home and Family Services, Inc.	PN:	001

Summary of plan provisions

Effective Date of Plan	July 1, 1979.
Effective Date of Latest Amendment	January 1, 2016.
Fresh Start Date	December 31, 1988.
Eligibility	All employees become Participants of this Plan after completion of one year of service, and attainment of age 21. Service with an organization in the health and social service field counts towards the service requirement for eligibility. Effective January 1, 2008 no additional employees will be eligible to enter the plan.
Compensation	Compensation includes all wages, salaries, fees and amounts received for personal service rendered in the course of employment. Compensation includes excludes contributions made to a salary reduction or deferred compensation plan. Prior to 2002, compensation for any plan year, for benefit purposes, is limited to \$150,000 adjusted for increases prescribed by the Secretary of the Treasury. For the 2002 plan year, EGTRRA increased prospectively the limit to \$200,000 annually. For prospective years after 2002, the \$200,000 limit will be indexed for inflation. For 2024, the compensation limit is \$345,000.
Final Average Earnings	The highest average monthly compensation for 5consecutive completed calendar years of employment within the last consecutive 10 completed calendar years of service. Compensation earned effective January 1, 2008 and later will not be reflected.
Social Security Average Monthly Wage	Monthly average of the Social Security Taxable Wage Bases for the 35 calendar years ending with the year the Participant attains Social Security Retirement Age.
Benefit Accrual Service	Years and months of employment after completing the eligibility requirements. Effective July 1, 1998, Benefit Accrual Service shall also include Benefit Accrual Service with Bais Ezra. Benefit Accrual Service will cease effective January 1, 2008.

Summary of plan provisions

Vesting	20% after 3 Years of Vesting Service, 40% after 4 Years of Vesting Service, and 100% after 5 Years of Vesting Service or upon attaining age 55. Effective July 1, 1998 service with Bais Ezra shall be counted towards Years of Vesting Service.
Retirement Dates	
Normal	The first of the month coincident with or next following the Participant's 65th birthday.
Early	The first of the month on or after attainment of age 55 (but before age 65), on which the Participant elects to retire.
Deferred	The first of any month following Normal Retirement Date on which the Participant elects to retire.
Frozen Accrued Benefit	The Accrued Benefit as of the Fresh Start Date determined under the provisions of the Plan then in effect.
Benefit Formula	The monthly Normal Retirement benefit is determined as follows: The greater of (A) or (B): (A) The Frozen Accrued Benefit; (B) The sum of 1.0% of Final Average Earnings multiplied by Benefit Accrual Service and 0.5% of Final Average Earnings in excess of the Social Security Average Monthly Wage multiplied by Benefit Accrual Service not greater than 35.
Accrued Benefit	The Accrued Benefit is computed under the Benefit Formula above using Final Average Earnings and Social Security Average Monthly Wage at date of determination assuming the Participant continues to earn Benefit Accrual Service until his Normal Retirement Age or date of determination, if later, and adjusted as follows: The portion of the retirement benefit based on total Benefit Accrual Service (item (B) in the Benefit Formula above) is multiplied by a fraction (not to exceed one) equal to actual Benefit Accrual Service divided by projected Benefit Accrual Service at Normal Retirement Age. The multiplication by this factor does not apply to the Frozen Accrued Benefit (item (A) in the Benefit Formula above).
Early Retirement Benefit	The Accrued Benefit reduced by 1/15 for each of the first 5 years and 1/30 for each of the next 5 years by which the Early Retirement Date precedes the Normal Retirement Date.

Summary of plan provisions

Deferred Retirement Benefit	The Accrued Benefit reflecting Final Average Earnings and Benefit Accrual Service to the Deferred Retirement Date.
Maximum Benefit	The annual benefit shall not exceed the lesser of (i) \$160,000 indexed after 2002 for inflation adjustments and (ii) 100% of the average compensation for the 3 consecutive years producing the highest average. For 2024, the dollar amount of \$275,000 is in the form of a non-refund life annuity. This amount is adjusted to reflect commencement before age 62 or after age 65 or for forms of payment other than a non-refund life annuity and Cost of Living Supplements, if any. It is prorated for less than 10 years of participation in the Plan.
Minimum Accrued Benefit	The Accrued Benefit computed under the provisions of the plan as of the latest amendment adoption date.
Normal Form of Payment	A non-refund monthly life annuity.
Automatic Form of Payment	For a married Participant, a monthly Joint and 66 2/3% Survivor with 120 months certain and continuous annuity actuarially equivalent to the monthly benefit in the normal form.
Optional Forms of Payment	The Plan provides other possible forms of annuity, all actuarially equivalent to the normal form of payment.
Lump Sum at Retirement	The Plan allows Participants to receive a single lump sum in lieu of a monthly annuity at retirement. The actuarial basis for determining the lump sum is different than for other optional forms. For the 2024 plan year, interest rate is equal to the monthly spot segment rate based on high quality corporate bonds and mortality using the 2024 Unisex Mortality Table specified in IRS Notice 2023-73.
Disability Annuity Credit	Periods of disability while a participant receives a Social Security Disability Income are also counted as Benefit Accrual Service excluding the first six months of disability and ending on Normal or Early Retirement Date. The compensation rate in effect immediately prior to disability is assumed to continue while disabled. Such compensation rate shall not exceed 120% of the compensation rate in effect one year prior to disability.

Statement by Enrolled Actuary	
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
