Independent Auditor's Report

To the Participants and Plan Administrator of
403(b) Thrift Plan of Maryhurst, Inc.
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We were engaged to perform an audit of the financial statements of 403(b) Thrift Plan of Maryhurst, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2025 Financial Statements

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2025 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2025 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statement may have been affected by these conditions.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2025 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2025 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule referred to above.

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated January 1, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(B) THRIFT PLAN OF MARYHURST, INC.

Notes to the Financial Statements

1. Description of the Plan

The following description of the 403(b) Thrift Plan of Maryhurst, Inc. (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and became effective January 1, 1987 and was restated effective July 1, 2024. The Plan covers all eligible employees of Maryhurst, Inc. (the Plan Sponsor, Employer, and Plan Administrator).

Eligibility

Employees are eligible to participate in the Plan on their hire date. At that time, participants can begin deferring compensation into the Plan. Employees are eligible for the Employer matching contributions upon attainment of 18 years of age.

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the Plan, subject to certain Internal Revenue Service (IRS) limitations. Eligible participants are automatically enrolled in an elective deferral contribution of 3% of compensation, unless the participant affirmatively elects a different percentage or elects not to make an elective deferral contribution. Automatic enrollment deferral contributions are increased by 1% per Plan year up to a maximum of 7%, based on completion of service. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan Sponsor may, at its discretion, make a matching contribution each Plan year on behalf of eligible participants equal to a discretionary percentage of the participant's elective deferrals. The discretionary Employer match was 100% of the first 3% of eligible compensation that the participant contributed to the Plan during the year ended June 30, 2025, and totaled \$316,827.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsor's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan adoption agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

403(B) THRIFT PLAN OF MARYHURST, INC.

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. The Plan Sponsor's contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants hired prior to July 1, 2019 were also immediately vested in all Employer contributions, as well as actual earnings thereon. Effective July 1, 2019, vesting in the discretionary Employer matching contributions and earnings on those contributions is based on years of service for those employees hired or rehired on or after July 1, 2019, as outlined in the following table:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	50%
3	75%
4	100%

If a participant dies or becomes disabled, he or she is automatically 100% vested in all accounts.

Participant Loans

Participants may borrow up to a maximum of the lesser of \$50,000 or 50% of their vested balance, reduced by the highest outstanding loan balance in the preceding 12 months. Participants are only allowed one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than \$5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

403(B) THRIFT PLAN OF MARYHURST, INC.

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Forfeited Accounts

Forfeitures are applied to Plan Sponsor contributions or Plan expenses. As of June 30, 2025 and 2024, forfeited nonvested accounts totaled \$14,263 and \$1,659, respectively. During 2025, forfeitures totaling \$25,303 were used to reduce contributions. Forfeited participant balances during 2025 totaled \$39,437.

Risks and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan adoption agreement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Investment related expenses are included in net appreciation of fair value of investments. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of distributions and notes receivables from participants are charged directly to the participant's account and are included in administrative expenses.

Reclassifications

Certain 2024 amounts have been reclassified to conform with 2025 presentation with no effect on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through April 14, 2026, the date that the financial statements were available to be issued.

3. Information Certified or Provided by Custodians

The Plan's asset information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by the Lincoln Financial Group (Lincoln), the Teachers Insurance and Annuity Association of America (TIAA), Delaware Charter Guaranteed & Trust Company d/b/a Principal Trust Company (Principal), and Mutual of America (Mutual), the custodians of the Plan, collectively, and furnished to the Plan Administrator. In April 2025, the Plan transferred Plan assets from Mutual to Principal and terminated its custodial agreement with Mutual. The Plan Administrator has obtained certifications from the custodians that asset information provided to the Plan Administrator by the custodians is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor's not to perform any auditing procedures with respect to asset information in this note and which appears throughout the financial statements and the ERISA-required supplemental schedule.

The following table presents the fair value of assets (except for fully benefit-responsive investment contracts, which are reported at contract value) in the Plan that were certified by the custodians as of June 30:

	<u>2025</u>	<u>2024</u>
Mutual funds	\$ 6,390,481	\$ 210,772
Pooled separate accounts	828,466	8,352,768
Fully benefit-responsive investment contracts	480,870	18,029
Non benefit-responsive investment contract	123,407	133,461
General account	<u>-</u>	<u>117,108</u>
Total investments	<u>\$ 7,823,224</u>	<u>\$ 8,832,138</u>
Notes receivable from participants	\$ 104,445	\$ 56,205

The custodians also certified to the completeness and accuracy of \$581,118 of net realized and unrealized appreciation in the value of investments and \$18,947 of interest and dividends related to the investments for the year ended June 30, 2025.

4. Investment Contract with Insurance Company

The Plan has fully benefit-responsive investment contracts with the custodians. The custodians maintain the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value, as reported to the Plan by the custodians. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Investment Contract with Insurance Company, continued

The following table presents the contract value of the fully benefit-responsive investment contracts in the Plan that were certified by the custodians as of June 30:

<u>Custodian</u>	<u>Contract Description</u>	<u>2025</u>	<u>2024</u>
Principal	Fixed income guaranteed option	\$ 469,400	\$ -
Lincoln	Fixed account	9,745	16,369
TIAA	Traditional benefit responsive	<u>1,725</u>	<u>1,660</u>
Total		<u>\$ 480,870</u>	<u>\$ 18,029</u>

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

Principal - Fixed income guaranteed option: (i) termination of contract; or (ii) a surrender charge of 5% will apply if the withdrawal and transfer percentage exceeds 20%

Lincoln - Fixed account: (i) a surrender charge ranging from 0% to 8%, determinable based on amount and timing, will apply to withdrawals and transfers.

The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest crediting rates are reviewed on a quarterly basis for resetting. The interest crediting rates for the Principal and Lincoln insurance contracts were 1.00% and 3.50%, respectively, as of June 30, 2025. The average yield of the investment contracts for the year ended June 30, 2025 was 4.90%.

5. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

403(B) THRIFT PLAN OF MARYHURST, INC.

Notes to the Financial Statements, continued

5. Fair Value Measurements, continued

Pooled separate accounts: Valued at NAV per share based on quoted market prices of underlying investments.

Non-benefit responsive investment contract: TIAA Traditional Annuity accounts are valued at contract value which equals the accumulated cash contributions and interest credited to the Plan's contracts less any withdrawals. Contract value approximates fair value.

General account: Fair value is determined by the insurance company as of the close of business on each valuation day based on the contributions made to the account, plus interest at the contract rate, less benefits paid to participants and administrative expenses charged by the insurance company.

There have been no changes in the valuation methodologies used at June 30, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements, continued

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended June 30, 2025, there were no significant transfers in or out of Level 3.

The following table provides a summary of changes in fair value of the Plan's Level 3 assets held as of June 30, 2025:

June 30, 2024	\$ 250,569
Net appreciation	4,268
Interest and dividends	1,616
Benefits paid	(15,938)
Participant directed interfund transfers out	<u>(117,108)</u>
June 30, 2025	<u>\$ 123,407</u>

All pooled separate accounts have no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' NAV. The NAV is updated daily.

A description of the investment strategies for pooled separate accounts whose value is derived using NAV are as follows: emerging markets, growth, growth and income, international equity and value funds seek long-term growth through capital appreciation; government/corporate debt and real estate funds seek a long-term rate of return with capital preservation; balanced and global debt funds seek a long-term rate of return; fixed income option funds seek a total return with current income and capital preservation; blended funds seek to maximize performance and minimize risk; specialty funds seek long-term capital growth and current income; and index funds seek investment returns consistent with stock indexes.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of investments managed by the custodians. The custodians as defined by the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses of \$19,345 for the year ended June 30, 2025 are comprised of fees paid by the Plan to the custodians for investment management services and withdrawal charges.

Additionally, indirect fees are paid to the custodians based on investment account values. These fees range from 0.00% to 0.86% of the investment account value. The fees reduce net appreciation in the value of investments on the statement of changes in net assets available for benefits.

7. Tax Status

The Plan uses a prototype Plan document sponsored by Lincoln. Lincoln received an opinion letter from the IRS, dated March 31, 2017, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

8. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.
