Independent Auditor's Report

To the Trustees and Participants
Friendship House
Group Medical Plan
Scranton, Pennsylvania

Opinion

We have audited the financial statements of Friendship House Group Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan's benefit obligations as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits and in plan's benefit obligations for the year ended June 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and of plan's benefit obligations of the Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits and in plan's benefit obligations for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

To the Trustees and Participants
Friendship House
Group Medical Plan

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Trustees and Participants
Friendship House
Group Medical Plan

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) as of June 30, 2025 and Schedule of Reportable Transactions for the year ended June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Friendship House Group Medical Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a health and welfare benefit plan that provides benefits to employees of the Friendship House (the Plan Sponsor). The Plan also provides benefits to former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provisions. In order to be eligible for medical benefits, the employee must be a full-time employee who works at least 30 hours a week and employed for 60 days. Benefits are also provided to dependents of these individuals who elect coverage on their behalf. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 1, 2022, the Plan is a member of Veris Benefits Consortium, LLC, which operates as a health insurance consortium under which the members negotiate and establish employee welfare benefit plans for their employees. The Plan year end was changed to June 30. Some expenses of the health plan are paid through the Veris Benefits Consortium, LLC Trust. The employees are required to pay for a portion of the cost of the benefit.

Contributions

The Company shall contribute such amounts to the Plan as necessary for timely payment of all claims and administrative expenses of the Plan. The Company provides for stop loss insurance over a specified amount as per agreement with the reinsurance carrier, with the premiums being paid by funds deposited in the Plan. Employee contributions are determined on a fixed fee basis. The amount varies depending on the selection of individual or eligible dependent coverage.

Benefits

The Plan provides health (medical, hospital, surgical, major medical, and prescription drug) benefits to all employees of the Company who meet the service requirements of the Plan and to their covered dependents. Retirees of the Company are eligible to continue medical insurance coverage after retirement. The Plan also provides continuation of certain benefits upon termination of employment through COBRA as defined in the plan document.

All health benefits are self-insured. These claims are currently processed through Highmark.

The Company provides most health insurance benefits and pays the administrative fees incurred. The employees pay a portion of their health coverage based upon the coverage chosen.

Note 1 - Description of the Plan - (Continued)

Stop Loss Coverage

The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, IBNR, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Premiums paid by the trust are recorded as insurance premiums in the accompanying statement of changes in net assets available for benefits when paid.

Claim payments are recorded when paid by the third-party claims processor.

Stop Loss Insurance

The Plan has a stop loss insurance arrangement whereby the stop loss insurance will cover the Plan's obligations for any plan participant's claims in excess of a fixed dollar amount (self-insured retention). The self-insured retention for the Company was \$50,000 per covered person for the year ended June 30, 2025. In addition, the Plan has an aggregate stop loss insurance arrangement whereby the aggregate stop loss insurance will cover the Plan's obligations if all claims exceed a fixed dollar amount. Premiums for stop loss insurance are included in insurance premiums in the accompanying statement of changes in net assets available for benefits. Stop loss refunds of \$189,840 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits for the one month ended June 30, 2025.

Note 2 - Summary of Significant Accounting Policies - (Continued)

Benefit Obligations

Plan obligations at June 30 for claims incurred by active participants, but not reported at that date, are estimated by the Plan's actuary in accordance with accepted actuarial principals based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. Such estimated amounts are reported in the accompanying statement of plan's benefit obligations. Due to the short-term nature of the reserve liability, time value of money was not used to discount future payments.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party administrators, the custodian, and actuary. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through April 14, 2026, the date the financial statements were available to be issued and concluded no events or transactions occurred during that period requiring recognition or disclosure.

Note 3 - Investments

The Plan's investments are held by a bank-administered trust fund. All investments in the Plan are nonparticipant-directed.

Investments at June 30, 2025 and 2024 are as follows:

	<u>2025</u>	<u>2024</u>
UMB Bank Money Market Account	<u>\$ 8,473</u>	<u>\$ 12,522</u>

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements - (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 or 2024.

Money Market Funds: Shares of the money market funds are valued at the quoted net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between levels during the plan years ended June 30, 2025 or 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

June 30, 2025				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ -	\$ 8,473	\$ -	\$ 8,473
Totals assets at fair value	\$ -	\$ 8,473	\$ -	\$ 8,473
June 30, 2024				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ -	\$ 12,522	\$ -	\$ 12,522
Totals assets at fair value	\$ -	\$ 12,522	\$ -	\$ 12,522

Note 5 - Related Party Transactions

Plan investments are managed by the UMB Bank, custodian of the Plan. The Plan has several arrangements with service providers. These transactions qualify as party-in-interest transactions under ERISA.

Note 6 - Tax Status

The Plan is funded through the Veris Benefits Consortium, LLC Trust. The Veris Benefits Consortium, LLC Trust is included on the U.S. Income Tax Return for an S Corporation Form 1120S of the third-party administrator for the Plan. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for tax years before 2021.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to active employees, discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for any other purposes other than for the exclusive benefit of the Plan's participants.

Note 8 - Risks and Uncertainties

The Plan invests in money market funds. Money market funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with money market funds, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of June 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ (57,110)	\$ (44,603)
Less benefit obligations currently payable	<u>(166,649)</u>	<u>(131,448)</u>
Net assets available for benefits per the Form 5500	<u>\$ (223,759)</u>	<u>\$ (176,051)</u>

The following is a reconciliation of benefits paid to participants per the financial statements to Form 5500 for the year ended June 30, 2025.

Benefits paid to participants per the financial statements	\$ 1,493,588
Add amounts payable at end of year	166,649
Less amounts payable at beginning of year	<u>(131,448)</u>
Benefits paid to participants per the Form 5500	<u>\$ 1,528,789</u>

Claims that have been processed and approved for payment at year-end, but not paid and claims incurred but not reported are not considered liabilities under accounting principles generally accepted in the United States of America and, therefore, are not presented as liabilities or claims paid in the accompanying financial statements, but are recorded on the Form 5500 as a liability.
