INDEPENDENT AUDITORS' REPORT

To the Trustees

East Oregonian Publishing Company Profit Sharing and Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of East Oregonian Publishing Company Profit Sharing and Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have an audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution, Charles Schwab Trust Bank, as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EAST OREGONIAN PUBLISHING COMPANY
PROFIT SHARING AND RETIREMENT SAVINGS PLAN

Notes to Financial Statements

June 30, 2025

Note 1 – Description of Plan

The following description of the East Oregonian Publishing Company Profit Sharing and Retirement (“the Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan was established on July 31, 1984. It is a defined contribution plan providing benefits to eligible employees of East Oregonian Publishing Company (“the Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

All employees over eighteen years of age and not classified as on call are eligible to participate in the Plan after completing two months of service. Employees are eligible for the profit-sharing portion of the Plan after completing one year of service.

Contributions

Participants may contribute up to 100% of their compensation (as defined in the Plan document), subject to the maximum dollar amounts allowed by law. Contributions from participants can be either pre-tax deferrals or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Unless an employee has voluntarily enrolled in the Plan or has declined to participate in the Plan, all newly eligible participants are automatically enrolled in the Plan at a default rate of three percent and increasing by one percent each year via automatic escalation up to six percent.

Participants may also contribute amounts representing distributions from other qualified plans (“rollovers from other qualified plans”)

Contributions from the Company are discretionary and are made in accordance with the terms of the Plan. The Plan provides for discretionary employer matching contributions, non-elective contributions, and qualified non-elective contributions, as determined by the Company in its sole discretion. The Company did not make any employer matching contributions, non-elective contributions, or qualified non-elective contributions for the year ended June 30, 2025.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of the employer contributions and plan earnings (losses), less an allocation of administrative expenses. Allocations are determined in accordance with the Plan’s provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants have full discretion to direct their proportionate share (vested and non-vested) of Plan assets to a variety of investment funds.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The employer matching

and profit-sharing contributions and the earnings thereon vest based on the number of years of continuous service. A participant becomes 100% vested after six years of credited service, reaching the normal retirement age of 65, upon death, or becoming totally disabled physically or mentally.

<u>Completed Years of Service</u>	<u>Vesting percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loan term may not extend beyond five years unless the loan is used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

On termination of service, a participant may elect to receive the value of his or her vested account in a lump-sum amount or annual installments over a term not to exceed the life expectancy of the Participant and the Participant's spouse, if any. If their account balance is over \$5,000 at the time of termination, participants may also elect to keep their accounts in the plan until a future date. If the value of a participant's vested account balance is \$1,000 or less, the participant will receive an immediate cash-out of his/her account balance as soon as administratively feasible. If the value of the participant's vested account balance is between \$1,000 and \$5,000, the participant may elect a cash distribution or rollover to an individual retirement account.

In the event of hardship (as defined by the Plan document), participants may withdraw some or all of their account balances, subject to the requirements of the Plan document.

Forfeited Accounts

Forfeitures of unvested benefits due to termination of employment are used to offset administrative costs. Forfeitures in excess of administrative costs, if any, are allocated among the accounts of eligible employees based upon the ratio of the participants' gross wage to the total of all participants' gross wages. As of June 30, 2025 and 2024, the balance of forfeitures from participant accounts was \$0 for each year. Forfeitures and related earnings of \$11,128 were used to offset administrative costs for the year ended June 30, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

EAST OREGONIAN PUBLISHING COMPANY
PROFIT SHARING AND RETIREMENT SAVINGS PLAN

Notes to Financial Statements

June 30, 2025

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the note regarding discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default in accordance with Plan provisions, the participant's loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of June 30, 2025 and 2024.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute the excess contributions and related earnings to the applicable participants as soon as possible, and the Plan sponsor will pay any excise tax for the late payments.

Payment of Benefits

Benefits paid to participants are recorded when payment is initiated.

Administrative Expenses

Administrative expenses are paid first by plan forfeitures available and any remaining balance of expenses are paid by the Plan. Loan administration and distribution expenses are charged to the participant's account. In addition to the fees deducted from the Plan earnings, certain plan administrative expenses are paid directly by the Plan sponsor and are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through April 8, 2026, the date the audited financial statements were available to be issued.

Note 3 – Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be used to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability.

There are three levels that prioritize the inputs used in measuring fair values as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly.
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following describes the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used at June 30, 2025 and 2024.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: These are valued at the NAV of units of a common collective investment trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments related to these investments.

Total investments at fair value				\$ 3,116,208

Fair Value Measurement at June 30, 2024, Using:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,572,223	\$ -	\$ -	\$ 4,572,223
Collective investment trusts*				7,153,890
Stable value fund*				128,692
Total investments at fair value				\$11,854,805

* Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits for the years ended June 30, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended June 30, 2025, and the supplementary Schedule of Assets (Held at End of Year) as of June 30, 2025.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5 – Investment in the Stable Value Fund

During the years ended June 30, 2025 and 2024, the Plan held investments in a fully benefit responsive investment contract with Morley Financial Services, Inc. (Morley), a subsidiary of Principal Financial Group.

EAST OREGONIAN PUBLISHING COMPANY
PROFIT SHARING AND RETIREMENT SAVINGS PLAN

Notes to Financial Statements

June 30, 2025

Morley maintains the contributions in a pooled account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully-benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Morley, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Morley. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with plan participants is not probable.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions. See Note 7 for partial plan termination.

Note 7 – Partial Plan Termination

On October 31, 2024, the Company completed the sale of substantially all assets to new ownership. As a result of the transaction, the Plan Sponsor ceased all business operations, although the legal entity continues to exist.

In connection with the transaction, 100% of the Plan Sponsor's employees were terminated effective October 31, 2024. Although the Plan Sponsor no longer has employees, the Plan was not terminated and remains in operation. No further employer or employee contributions are being made due to the absence of active employees. Plan administrative and investment fees are paid by plan participants, and the Trustees continue to provide governance and oversight of the Plan in accordance with its governing documents and applicable law.

Under Internal Revenue Service regulations and the Employee Retirement Income Security Act of 1974 ("ERISA"), a partial plan termination is deemed to occur when a significant percentage of plan participants are terminated due to an employer-initiated event. Based on the facts and circumstances, including the termination of Plan participants, a partial plan termination occurred as of October 31, 2024.

EAST OREGONIAN PUBLISHING COMPANY
PROFIT SHARING AND RETIREMENT SAVINGS PLAN

Notes to Financial Statements

June 30, 2025

As required under ERISA, all terminated participants became fully vested in their respective Plan account balances as of the date of the partial plan termination. Vesting for any remaining participants, if applicable, continues in accordance with the provisions of the Plan.

Note 8 – Tax Status

The Company has adopted a volume submitter plan document and is relying on the volume submitter sponsor's opinion letter from the Internal Revenue Service dated June 30, 2020. The letter states that the form of the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended and restated since the volume submitter received the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements on June 30, 2024, to Form 5500:

Net assets available for benefits per the financial statements	\$ 11,948,472
Excess contributions payable not yet accrued on the Form 5500	6,121
Net assets available for benefits per the Form 5500	<u>\$ 11,954,593</u>
