Administrative Committee
The Growing Place 403(b) Thrift Plan
Santa Monica, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Growing Place 403(b) Thrift Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a qualified institution, such as the bank or similar institution or insurance carrier, in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024 and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but provides supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Growing Place 403(b) Thrift Plan
Notes to Financial Statements
June 30, 2025

Note 1—Summary Description of Plan

The following description of The Growing Place 403(b) Thrift Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution retirement plan, as defined under Section 403(b) of the Internal Revenue Code (IRC), covering employees of The Growing Place (Organization). Employees are eligible to participate in the Plan upon being hired by the Organization. There are no minimum age or service requirements to participate in the Plan. Participants, upon hire, are automatically enrolled at a deferral rate of 6% of compensation unless the participant elects otherwise. For employer matching contributions, the participant must be at least 21 years of age. There is no minimum service requirement. For discretionary employer base contributions, the participant must be at least 21 years of age and complete one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration—During the year ended June 30, 2025, the trustee of the Plan was Mutual of America Life Insurance Company (Mutual of America). Mutual of America also performs participant recordkeeping and other administrative duties for the Plan. The Organization appoints a committee to administer the Plan which is comprised of officers of the Organization.

Contributions—Each year, the participants may make annual contributions of pre-tax compensation limited to a maximum amount of the lesser of \$22,500 or 100% of the participants' compensation as defined by the Plan. Participants aged 50 and older may make catch-up contributions to the Plan, up to \$7,500 in 2025. Participants may also defer after-tax Roth contributions. Roth elective deferral contributions and pre-tax elective deferral contributions are both counted in the maximum deferral limit. Employer matching contributions are made on behalf of the participant equal to 50% of the participant contribution that does not exceed 3% of the participant compensation for the year. In addition to the employer matching contributions, the Organization may make discretionary employer base contributions. There were no discretionary employer base contributions for the year ended June 30, 2025. For the purposes of the Plan for the year ended June 30, 2025, compensation in excess of \$330,000 was not taken into account.

Participant Accounts—Each participant's account is credited with the participant's contribution, employer contribution, plan earnings, and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant contributions or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Vesting in the employer's matching contributions plus actual earnings thereon is 25% after one year of service, 50% after two years of service, and, 100% after three years of service.

Investing Options—Participants may direct their contributions to Mutual of America interest accumulation account or a variety of pooled separate accounts with Mutual of America. A listing of investment options is included in the supplemental schedule of assets (held at end of year) at June 30, 2025, which follows.

The Growing Place 403(b) Thrift Plan
Notes to Financial Statements—Continued

Note 1—Summary Description of Plan—Continued

Notes Receivable from Participants—Participants may borrow from Mutual of America, subject to certain limitations, using the assets of the Plan as collateral for the loans. General guidelines were that minimum loan amount was \$1,000, while the maximum was equal to the lesser of \$50,000 or 50% of the employee's vested balance. Loan terms range from one to five years or up to 10 years (but not beyond normal retirement age) for the purchase of a primary residence. The loans bear interest at a floating rate determined by Mutual of America, which is the rate of interest to the interest accumulation account plus 3%. Interest rates range from 4.60% to 5.85% for the year ended June 30, 2025. The loans do not reduce the balance of the participants' accounts unless the loan is in default at the time benefits are distributable. The Plan requires the participant to maintain at least 120% of the loan as collateral in Mutual of America income accumulation account. Principal and interest is paid directly to Mutual of America.

Outstanding plan loan balances from participants to Mutual of America totaled \$18,447 and \$25,555 at June 30, 2025 and 2024, respectively.

Forfeited Accounts—The Plan states that the non-vested portion of a participant's account that is forfeited may be allocated to other participants, used to defray administrative expenses of the Plan, or may be considered as part of the Employer's contribution. During the year ended June 30, 2025, there were forfeitures of \$11,224 which were used to offset employer matching contributions.

Payment of Benefits—Participants may withdraw a certain portion of their account while employed. The portion that can be withdrawn depends upon whether the employee is age 59½ and the source of funds. The withdrawal cannot exceed the current value of the total account. Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity or a lump-sum amount equal to the value of the participant's vested amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Administrative Expense—The Organization pays the majority of administrative expenses associated with the Plan. The Organization is not obligated to pay these costs in the future and may, at its discretion, elect to have the Plan pay these costs.

Note 2—Summary of Significant Accounting Policies

Income Tax Status— The Plan uses a volume submitter plan document provided by Mutual of America. Mutual of America received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2017, which states that the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not yet received a determination letter from the IRS, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Reclassifications—Certain amounts in 2024 have been reclassified to conform with the 2025 financial statement presentation.

The Growing Place 403(b) Thrift Plan
Notes to Financial Statements—Continued

Note 2—Summary of Significant Accounting Policies—Continued

Investment Valuation and Income Recognition—Investments are in pooled separate accounts and are valued at fair value. Fair value is determined based on net asset value (NAV) as provided by Mutual of America. NAV, which is used as a practical expedient to estimate fair value, is based on the fair value of the underlying investments held by each fund less their liabilities. There are no unfunded commitments related to the funds. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The Plan accounts for its interest accumulation account, which is considered fully benefit-responsive, at contract value.

Notes Receivable from Participants—Notes receivable from participants are recorded at amortized cost which represents unpaid principal plus accrued interest at year end.

Excess Contributions—There were no excess contributions June 30, 2025 which represent amounts owed to participants for contributions in excess of amounts allowed by the IRS, which has been recorded as a reduction in contributions for the year ended June 30, 2025.

Payment of Benefits—Benefits are recorded when paid.

Risks and Uncertainties—The Plan utilizes various investments instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, foreign currency risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments securities will occur in the near term, which could materially affect the amounts reported in the financial statements.

Plan Termination—Although it has not expressed any intention to do so, the Organization has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated in a participant's account balance become fully vested.

Use of Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3—Information Certified by Custodian

The Plan's asset information as of June 30, 2025 and 2024, and for the year ended June 30, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by Mutual of America, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the Plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to this information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- a. Investments as indicated on the statement of net assets available for benefits as of June 30, 2025 and 2024 and in Note 4;
- b. Investment income and net appreciation in fair value of investments indicated on the statement of changes in net assets available for benefits for the year ended June 30, 2025 and in Note 4;
- c. Supplemental schedule of assets (held at end of year) as of June 30, 2025.

The Growing Place 403(b) Thrift Plan
Notes to Financial Statements—Continued

Note 4—Investments and Fair Value Measurements

In determining the fair value of assets and liabilities, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market.

When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are characterized in one of the following levels:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.

Level 2—Valuations based on observable inputs (other than Level 1), such as quoted prices for similar assets at the measurement date, quoted prices in markets that are not active, or other inputs that are observable, either directly or indirectly.

Level 3—Valuations based on inputs that are unobservable and significant to the overall fair value measurement and involve management judgment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Pooled Separate Accounts—Investments in pooled separate accounts are valued using the net asset value (NAV) provided by the custodian of the funds. The NAV is based on the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not classified within the fair value hierarchy; however, the amounts measured using the NAV are disclosed to permit reconciliation of the fair value of investments in the Statement of Net Assets Available for Benefits.

Interest Accumulation Account—The Plan invests in the Mutual of America Interest Accumulation Account, which is classified as a fully benefit-responsive investment contract (FBRIC). In accordance with FASB ASC 962, the account is reported at contract value, which approximates fair value and represents the most relevant measure of the exit price for participant-initiated transactions. Contract value is the total of all amounts allocated under the contract through contributions plus accrued interest, less withdrawals, transfers, and administrative charges. Amounts allocated to the Interest Accumulation Account become part of the general assets of the custodian (the General Account), which supports the custodian's insurance and annuity obligations, and the custodian guarantees principal and a minimum interest crediting rate while bearing the related investment risk. The custodian guarantees a minimum interest credit, which was 2.85% and 2.85% at June 30, 2025 and 2024, respectively. The actual credited interest rates were 2.85% and 2.85% at June 30, 2025 and 2024, respectively. Interest is credited on dates determined by the custodian, but not less frequently than monthly. As contract value approximates fair value for this investment, it is not categorized within the fair value hierarchy; however, the inputs used by the custodian to determine crediting rates are primarily unobservable.

Restrictions—Within the contract, participants may transfer all or a portion of their account value among pooled separate accounts or between a pooled separate account and the General Account. The custodian reserves the right to adopt rules that would restrict excessive frequent transfers that could harm any fund's investment performance. Except as restricted by the Plan, the custodian allows participants to withdraw their account value, in whole or in part, at any time without penalty. However, the custodian has the right to delay transfers and withdrawals from the General Account for up to six months following the date that it receives the transaction request. During the year ended June 30, 2025, there were no delays in transactions in the General Account.

Note 4—Investments and Fair Value Measurements—Continued

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets as of June 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>

Transfers Between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended June 30, 2025, there were no transfers between levels.

Note 5—Related Party Transactions

Plan investments include pooled separate accounts and an interest accumulation account which are managed or issued through Mutual of America. Transactions involving these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Mutual of America provides certain necessary recordkeeping duties and functions on its behalf. Fees paid by the Plan to Mutual of America totaled \$2,020 for the year ended June 30, 2025. The Plan issues loans to participants which are secured by the vested balances in the participant's accounts. These transactions qualify as party-in-interest transactions for which the statutory exemption exists.

Note 6—Prohibited Transactions

During the year ended June 30, 2025, prohibited transactions consisted of four incidences of late payments of employee contribution to the plan totaling \$56,657.

Note 7—Subsequent Events

Management evaluated all activities of The Growing Place 403(b) Thrift Plan through April 13, 2026, which is the date the financial statements were available to be issued, and concluded that no material subsequent events have occurred that would require adjustment to the financial statements or disclosure in the notes to the financial statements.
