INDEPENDENT AUDITORS' REPORT

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits and changes in plan benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 DESCRIPTION OF PLAN

The following description of The Vollrath Company, L.L.C. Retiree Health Care Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2011 to provide health and other benefits to eligible retirees of The Vollrath Company, L.L.C. (the Company) and covered dependents. Certain Plan assets are held in an irrevocable trust (Trust). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides participants with hospitalization, surgical-medical, accident, sickness, drug coverage, vision, dental and death benefits, subject to certain exclusions and specified maximum coverage limitations, as described in the various Plan documents.

Contributions

Company contributions are made to the Plan as needed throughout the year. Participant contributions are determined each year based on levels of coverage selected and are made by monthly payments to the Company at rates determined each year. The Company then makes payments to the trustee based on receipts. Retiree contribution rates are as follows:

Hourly retirees (based on retiring age 65 or after): For retirements prior to April 1, 1995, no contribution is required. For retirements on or after April 1, 1995 and prior to April 1, 2007, retirees pay the cost of insurance less an annual subsidy of $90 (single) or $135 (family) per year of service, up to a maximum 30 years of service. For retirements on or after April 1, 2007, retirees pay the cost of insurance less an annual subsidy of $90 (single) or $150 (family) per year of service, up to a maximum 30 years of service.

Salaried retirees (based on retiring age 65 or after): For retirements prior to June 1, 1994, no contribution is required. For retirements on or after June 1, 1994 and prior to April 1, 2007, retirees pay the cost of Medigap insurance less an annual subsidy of $1,000 (single) or $1,500 (family).

Benefits

The Company, as Plan administrator, entered into administrative service contracts with Prairie States Enterprises, Inc. (Prairie States) and Serve You Custom Prescription Management, Inc. (Serve You) whereby Prairie States performs the processing and payment of all medical and dental benefits, and Serve You performs the processing and payment of all drug benefits. All other benefits are administered by the Company.

Stop Loss Coverage

The Company has entered into a stop-loss insurance arrangement in an effort to limit the Plan's exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

The Trust pays administrative expenses reasonably incurred in the administration of the Plan and Trust. These expenses are reported on the statements of changes in net assets available for benefits as Administrative Expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Payment of Benefits

Claim payments are recorded when paid by the Trust.

Premiums paid by either the Company or the Trust are recorded in the accompanying statements of changes in net assets available for benefits.

Stop Loss

Premiums for stop loss insurance are included in insurance premiums paid for participants in the accompanying statements of changes in net assets available for benefits. There were no stop loss refunds received by the Plan for the years ended June 30, 2025 and 2024.

Refunds

Refunds from Prairie States and Serve You are due to the Company based on the arrangement. The Company decides whether to contribute to the Plan. Refunds received by the Company and subsequently contributed to the Plan are included with Company contributions. Refunds of $275,725 and $366,126 for the years ended June 30, 2025 and 2024, respectively, have been included with Company contributions in the accompanying statements of changes in net assets available for benefits.

Plan Benefits and Benefit Obligations

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service previously rendered. Postretirement benefits include benefits expected to be paid to or for (a) retired employees or their beneficiaries and dependents, and (b) active employees or their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date that will be paid from the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Benefits and Benefit Obligations (Continued)

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy. The Company has included the effects of the Medicare subsidy in measuring its postretirement benefit obligation; therefore, the Plan's postretirement benefit obligation differs from that of the Company.

Significant assumptions underlying the computations included in the actuarial valuations are as follows:

Weighted average discount rate:	5.45% and 5.55% as of June 30, 2025 and 2024, respectively
Retirement:	100% by age 70
Mortality:	Pri-2012 separate employee, retire, and survivor mortality tables and projected forward on a fully generational basis using MP-2021.
Withdrawal:	Rates of turnover inherent in Sarason T-6 Table
Health care cost trend rate:	6.75% for 2025, decreasing to 4.5% at a rate of 0.25% per year until 2034; 6.0% for 2024, decreasing to 4.50% at a rate of 0.20% per year

The foregoing actuarial assumptions are based upon the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated postretirement benefit obligations.

The health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If this rate was increased by one percentage point, the obligation as of June 30, 2025 and 2024 would increase by $824,891 and $918,542, respectively.

The Plan's deficiency of net assets available for benefits over obligations at June 30, 2025 and 2024 relates to the postretirement obligation, which is funded on a pay-as-you-go basis. It is expected that the deficiency will be funded through future Company and eligible retiree contributions.

Subsequent Events

The Plan has evaluated subsequent events through April 10, 2026, the date the financial statements were available to be issued.

NOTE 3 TAX STATUS

The voluntary employees' beneficiary association (VEBA) trust funding certain benefits of the Plan received an exemption letter from the IRS, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the IRC. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded as of June 30, 2025 and 2024 for unrelated business taxable income.

In addition, the Plan and trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits or for on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

As described in Note 1, the Plan has several arrangements with service providers. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 6 RISKS AND UNCERTAINTIES

The postretirement benefit obligation is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
