INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Defined Benefit Pension Plan of
Special Service for Groups, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Defined Benefit Pension Plan of Special Service for Groups, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits and the Statement of Accumulated Plan Benefits as of June 30, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits and the Statement of Changes in Accumulated Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Defined Benefit Pension Plan of Special Service for Groups, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

continued

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Defined Benefit Pension Plan of Special Service for Groups, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Defined Benefit Pension Plan of Special Service for Groups, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Defined Benefit Pension Plan of Special Service for Groups, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Defined Benefit Pension Plan of Special Service for Groups, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

continued

Supplementary Schedule Required by ERISA

The supplementary schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Defined Benefit Pension Plan of Special Service for Groups, Inc. ("the Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan, effective July 1, 1988, under provisions of the Internal Revenue Code and covers substantially all employees, except leased employees of Special Service for Groups, Inc. ("SSG"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Individuals must be over 21 years old and have completed one year of service in order to be eligible to participate in the Plan. Prior service with an organization in the health and social service field counts towards the service requirement for eligibility.

Effective December 31, 2012, the Plan was frozen so that employees whose completed years and months of age plus completed years and months of employment service was less than 55 as of December 31, 2012, or who were eligible to enter the plan on or after January 1, 2013, can no longer earn benefit accruals from the Plan.

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65).

The normal retirement benefit is determined as follows: the greater of the frozen accrued benefit or the sum of 1.75% of the final average earnings multiplied by benefit accrual service and .50% of final average earnings in excess of the social security average monthly wage, for each year of participation under this plan or any prior SSG plan. The Plan permits early retirement at ages 55 - 64, at reduced amounts. The frozen accrued benefit is the benefits accrued under any prior SSG plan. The accrued benefit is the benefits calculated under the normal retirement benefit formula assuming the participant continues to earn benefits with continued service until normal retirement age.

The normal form of payment is a non-refund monthly life annuity. The Plan provides other possible forms of annuity, all actuarially equivalent to the normal form of payment. The Plan allows participants to receive a single lump sum in lieu of a monthly annuity at retirement. The actuarial basis for determining the lump-sum is different than for other optional forms.

Vesting

Participants are 100% vested upon completion of five years of service or upon attaining age 55. If participants terminate before completing five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to SSG's contributions. Benefits attributable to employment with a prior employer are 100% vested after five years of participation in this plan.

DEFINED BENEFIT PENSION PLAN OF SPECIAL SERVICE FOR GROUPS, INC.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The financial statements of the Plan are reported on the liquidation basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains on investments bought and sold, as well as held, during the year.

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets

Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs - estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific technique used to measure fair value for the financial statement element is described in the notes below that relates to the element.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

DEFINED BENEFIT PENSION PLAN OF SPECIAL SERVICE FOR GROUPS, INC.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' highest average annual compensation during any 36 consecutive calendar months out of the last consecutive 120 calendar months of employment with SSG during which participant earned benefit accrual service. The accumulated plan benefits for active employees are based on the same formula. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures as of the date and for the period presented. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible, given the level of risk associated with certain investment securities, that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various asset classes and the utilization of investment managers.

Administrative Expenses

SSG absorbs all administrative expenses of the Plan other than the contract services fees charged by the custodian. During 2025 and 2024, total contract charges were \$7,895 and \$15,360, respectively.

Subsequent Events

Management has evaluated subsequent events through April 9, 2026, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

DEFINED BENEFIT PENSION PLAN OF SPECIAL SERVICE FOR GROUPS, INC.

NOTES TO FINANCIAL STATEMENTS

3. Information Prepared and Certified by the Custodian

No auditing procedures were performed on investments and plan income as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following summarizes the information certified by Mutual of America Life Insurance Company, the custodian of the Plan, as of June 30, 2025 and 2024, respectively:

	<u>2025</u>	<u>2024</u>
Mutual funds	\$28,973,557	\$26,882,333
General account	<u>13,725</u>	<u>36,407</u>
	<u>\$28,987,282</u>	<u>\$26,918,740</u>

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>June 30, 2025</u>				
Mutual funds				
in the fair value hierarchy	\$28,973,557	\$ -	\$ -	\$28,973,557
Investments measured at net asset value*				<u>13,725</u>
	\$28,973,557	\$ -	\$ -	<u>\$28,987,282</u>
<u>June 30, 2024</u>				
Mutual funds				
in the fair value hierarchy	\$26,882,333	\$ -	\$ -	\$26,882,333
Investments measured at net asset value*				<u>36,407</u>
	\$26,882,333	\$ -	\$ -	<u>\$26,918,740</u>

The fair value of mutual funds in the fair value hierarchy has been measured on a recurring basis using quoted prices for identical assets in active markets (Level 1 inputs).

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

5. Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2025 and 2024:

Investments	Fair Value as of June 30, 2025 2024		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
General account	<u>\$13,725</u>	<u>\$36,407</u>	n/a	Daily	12 months

6. Funding Policy

SSG's funding policy is to make contributions estimated on an actuarial basis to be necessary to provide the benefits for participants and their beneficiaries under the Plan. SSG's contributions met the minimum funding requirements of ERISA.

SSG has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision set forth in ERISA (see Note 7).

7. Plan Termination

Effective June 30, 2018, the Board of Directors of the Plan sponsor authorized the Plan to be terminated.

The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Payment of benefits derived first from any voluntary, and then any mandatory, employee contributions under the Plan;
- Payments to retirees and beneficiaries whose benefits commenced at least three years before the Plan's termination;
- Payments to individuals who would have been eligible to receive benefits at least three years before the Plan's termination;
- Payment of all other benefits up to the amount guaranteed by the Pension Benefit Guaranty Corporation ("PBGC");
- Payment of non-forfeitable benefits; and
- Any other benefits accrued before the Plan's termination.

continued

DEFINED BENEFIT PENSION PLAN OF SPECIAL SERVICE FOR GROUPS, INC.

NOTES TO FINANCIAL STATEMENTS

7. **Plan Termination**, continued

If the assets of the pension fund are not adequate to provide the full benefits in any of the above categories, the existing assets will be allocated on a pro rata basis within the first category in which obligations are not fully satisfied. Amendments to the Plan within five years before the termination date will not apply unless assets are sufficient. However, if the assets of the pension fund are adequate to meet the benefit obligations in each of the above categories and any other obligations which may be required by law, SSG may be entitled to a cash refund of the excess assets to the extent allowed by law.

Participants will be 100% vested in the benefits accrued to the date of termination.

Benefits under this plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

The PBGC guarantees vested benefits at the level in effect on the date of plan termination. However, if a plan has been in effect less than five years before it terminates, or if benefits have been increased within five years before plan termination, the whole amount of the plan's vested benefits or the benefit increase may not be guaranteed. In addition, there is a ceiling on the amount of monthly benefit that PBGC guarantees, which is adjusted periodically.

Whether all participants receive their benefits will depend on the sufficiency of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

8. **Related Party and Party-in-Interest Transactions**

Certain administrative functions are performed by officers and employees of the Plan. No officer or employee received compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

9. **Tax Status**

The trust established under the Plan to hold the plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") and the Plan's sponsor believes that the Plan continues to qualify and to operate as designed.

**DEFINED BENEFIT PENSION PLAN OF
SPECIAL SERVICE FOR GROUPS, INC.**

NOTES TO FINANCIAL STATEMENTS

9. Tax Status, continued

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

Schedule SB, Part V: Statement of Actuarial Assumptions and Methods**Plan name:** Defined Benefit Plan of Special Service for Groups, Inc.**EIN:** 95-1716914**Plan sponsor:** Special Service for Groups, Inc.**PN:** 001**Actuarial cost method****Funding target and target normal cost**

An actuarial cost method allocates the expected cost of a pension plan on a year-by-year basis. The primary objective is to accumulate enough assets prior to each participant's retirement to provide the promised pension benefits.

The Pension Protection Act of 2006 (PPA) requires plan sponsors to use the Traditional Unit Credit actuarial cost method in which the estimated accrued benefit is based on service and, if applicable, earnings as of the valuation date. The funding target is equal to the actuarial present value of all accrued benefits as of the valuation date. The target normal cost is the actuarial present value, as of the valuation date, of the expected increases in projected accrued benefits attributable to service expected to be completed during the plan year (i.e., if applicable, one year's salary growth is reflected in the determination of target normal cost).

For tax deduction purposes, the funding target may reflect the value of future pay increases on accrued benefits, if applicable.

PPA discounting method

The plan sponsor must choose between full yield curve spot rates or a segmented yield curve of 24-month average corporate bond rates. If the segmented yield curve is selected, the plan sponsor can use either the rates as of the month of the valuation or as of a lookback month, up to 4 months prior to the valuation date. If the full yield curve is selected, the rates as of the month of valuation must be used.

For purposes of this valuation, the following discounting method was used and is assumed to be approved by the plan sponsor:

Segment rates through the month of June preceding the valuation date, adjusted so each segment rate is no less than the applicable minimum percentage* of the corresponding 25-year average segment rate for the calendar year that contains the first day of the plan year and no more than the applicable maximum percentage of that 25-year average segment rate. The 25-year average cannot be less than 5.0% prior to application of the corridor.**

Asset valuation method

Plan assets for purposes of this actuarial valuation are valued under the Asset Averaging method, including, if applicable, discounted receivable contributions. The value is equal to the average of the fair market value of assets on the valuation date and the adjusted fair market value (including expected earnings) for the two earlier annual determination dates. Expected earnings are calculated using a rate no greater than the third segment rate of the segmented yield-curve in effect at the beginning of each valuation year. The resulting average value must fall between 90 and 110 percent of the fair market value of assets on the valuation date.

* Minimum is 95% through 2030, decreasing 5% per year beginning in 2031 until 70% is reached in 2035

** Maximum is 105% through 2030 and increasing 5% per year beginning in 2031 until 130% is reached in 2035

Percent Married:	80.00%
Spouse's Age:	Wives assumed to be 3 years younger than husbands

Rationale for significant assumptions

Economic assumptions

- **Expected return on plan assets:** The assumption was selected by the client with input from their investment advisor. We believe the assumption is reasonable as it falls within a reasonable range of expected returns for the plan's asset allocation based on capital market assumptions.
- **ASC 960 pre-retirement discount rate:** This assumption is based on the **expected return on plan assets** assumption.
- **ASC 960 post-retirement discount rate:** The lump sum conversion interest is based on the long-term expectation of lump sum rates based on yields on high quality corporate bonds. The lump sum conversion mortality is based on the IRS lump sum mortality table for the current plan year.
- **Salary increase:** This assumption is based on the plan sponsor's long-term expectation of salary increases. We believe that this is representative of anticipated future experience. In addition, based on discussions with the plan sponsor, significant changes in future salary growth or compensation practices are not expected.

Actuarial assumptions

Demographic Assumptions

- **ASC 960 mortality:** The mortality base table and projection scale is based on the most recent mortality table and improvement scale published by the Society of Actuaries (SOA) and in our judgement, adequately reflects expected mortality rates as of the measurement date. The SOA elected not to release a new mortality scale for 2023 which would have included mortality data affected by the COVID-19 pandemic, but instead will continue to study emerging mortality experience and assess what mortality improvement scale options might be considered to be implemented in the future. As such, we have decided not to reflect any adjustments to the most recent mortality improvement scale. The plan's relatively small size would not support a credible mortality study.
- **Termination:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in termination patterns are not expected.
- **Retirement:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan. In addition, based on discussions with the plan sponsor, significant changes in retirement patterns are not expected.

Miscellaneous assumptions

- **Expenses:** The assumption is based on the expectation of expenses to be paid out during the plan year assuming expenses will be similar to the prior year, and assuming non-PBGC related expenses will be similar to the prior year.
- **Form of payment:** We believe that this assumption is representative of anticipated future experience. Historically, this assumption has not produced significant gains or losses for the plan.
- **Spouse's age and percent married:** The employer does not have enough credible data to analyze spousal demographics. These assumptions are based on the actuary's experience with similar plans.

Schedule SB, Part V: Summary of Plan Provisions

Plan name:	Defined Benefit Plan of Special Service for Groups, Inc.	EIN:	95-1716914
Plan sponsor:	Special Service for Groups, Inc.	PN:	001

Summary of Plan Provisions

The following is a summary of the principal plan provisions upon which this actuarial valuation is based. This summary should not be relied on to provide benefit estimates or other information to participants.

Effective Date of Plan	July 1, 1988.
Effective Date of Latest Amendment	June 30, 2021.
Fresh Start Date	June 30, 1989.
Eligibility	All employees except Leased Employees become Participants of this Plan after completion of one year of service, and attainment of age 21. Service with an organization in the health and social service field counts towards the service requirement for eligibility. Effective March 1, 2005, Government Contract Employees are no longer excluded from the plan. Effective January 1, 2013, no Employees are eligible to enter the Plan. Effective January 1, 2013, all Participants whose completed years and months of age plus employment service is less than 55 as of December 31, 2012 are no longer eligible to participate in the Plan. No Employee shall be eligible to become a Participant in the Plan on or after June 30, 2018.
Compensation	Compensation includes all wages, salaries, fees and amounts received for personal service rendered in the course of employment. Compensation includes contributions made to a salary reduction or deferred compensation plan. Prior to 2002, compensation for any plan year, for benefit purposes, is limited to \$150,000 adjusted for increases prescribed by the Secretary of the Treasury. For the 2002 plan year, EGTRRA increased prospectively the limit to \$200,000 annually. For prospective years after 2002, the \$200,000 limit will be indexed for inflation. For 2024, the compensation limit is \$345,000.
Final Average Earnings	The highest average monthly compensation for 36 consecutive months within the last consecutive 120 months of service but shall not include any compensation earned after June 30, 2018.
Social Security Average Monthly Wage	Monthly average of the Social Security Taxable Wage Bases for the 35 calendar years ending with the year the Participant attains Social Security Retirement Age.

Summary of Plan Provisions

Benefit Accrual Service	Years and months of participation under this Plan or any prior plan of this Employer. Benefit Accrual Service shall also include participation under any other pension plan underwritten by Mutual of America. Effective June 30, 2018, Benefit Accrual Service shall cease to accrue for all participants.
Vesting	100% upon completion of 5 years of service or upon attaining age 55. Benefits attributable to employment with a prior Employer are 100% vested only after 5 years of participation in this Plan. Effective before July 1, 1999, service with any United Way or Prior Employer shall be counted toward the Years of Vesting requirement. Effective on or after July 1, 1999, service with any United Way or Prior Employer shall no longer be counted toward Years of Vesting requirement. Effective June 30, 2021, a Participant who is not 100% vested will become 100% vested.
Retirement Dates	
Normal	The first of the month coincident with or next following the Participant's 65 th birthday.
Early	The first of the month on or after attainment of age 55 (but before age 65), on which the Participant elects to retire.
Deferred	The first of any month following Normal Retirement Date on which the Participant elects to retire.
Frozen Accrued Benefit	The Accrued Benefit as of the Fresh Start Date determined under the provisions of the Plan then in effect. The Accrued Benefit is reduced by the retirement benefit provided by a prior plan of this Employer, or a plan of a Prior Employer attributable to Benefit Accrual Service also recognized by this Plan.
Benefit Formula	The monthly Normal Retirement benefit is determined as follows: The greater of (A) or (B): (A) The Frozen Accrued Benefit; B) The sum of 1.75% of Final Average Earnings multiplied by Benefit Accrual Service and .50% of Final Average Earnings in excess of the Social Security Average Monthly Wage multiplied by Benefit Accrual Service not greater than 35.

Summary of plan provisions

Accrued Benefit	The Accrued Benefit is computed under the Benefit Formula above using Final Average Earnings and Social Security Average Monthly Wage at date of determination assuming the Participant continues to earn Benefit Accrual Service until his Normal Retirement Age or date of determination, if later, and adjusted as follows: The portion of the retirement benefit based on total Benefit Accrual Service (item (B) in the Benefit Formula above) is multiplied by a fraction (not to exceed one) equal to actual Benefit Accrual Service divided by projected Benefit Accrual Service at Normal Retirement Age. The multiplication by this factor does not apply to the Frozen Accrued Benefit (item (A) in the Benefit Formula above).
Early Retirement Benefit	The Accrued Benefit reduced by $\frac{1}{15}$ for each of the first 5 years and $\frac{1}{30}$ for each of the next 5 years by which the Early Retirement Date precedes the Normal Retirement Date. A Participant with 30 “years of service” may retire early at age 62 with no reduction in Accrued Benefit, or reductions of $\frac{1}{15}$ for each of the first 5 years and $\frac{1}{30}$ for each of the next 2 years by which the Early Retirement Date precedes age 62. For this purpose “years of service” means years of employment with the Employer.
Deferred Retirement Benefit	The Accrued Benefit reflecting Final Average Earnings and Benefit Accrual Service to the Deferred Retirement Date.
Maximum Benefit	The annual benefit shall not exceed the lesser of (i) \$160,000 indexed for inflation adjustments and (ii) 100% of the average compensation for the 3 consecutive years producing the highest average. For 2024, the dollar amount of \$275,000 is in the form of a non-refund life annuity. This amount is adjusted to reflect commencement before age 62 or after age 65 for forms of payment other than a non-refund life annuity and Cost of Living Supplements, if any. It is prorated for less than 10 years of participation in the Plan.
Minimum Accrued Benefit	The Accrued Benefit computed under the provisions of the plan as of the latest amendment adoption date.
Normal Form of Payment	A non-refund monthly life annuity.
Automatic Form of Payment	For a married Participant, a monthly Joint and $66\frac{2}{3}\%$ Survivor with 120 months certain and continuous annuity actuarially equivalent to the monthly benefit in the normal form.
Optional Forms of Payment	The Plan provides other possible forms of annuity, all actuarially equivalent to the normal form of payment.

Summary of plan provisions

Lump Sum at Retirement	The Plan allows Participants to receive a single lump sum in lieu of a monthly annuity at retirement. The actuarial basis for determining the lump sum is different than for other optional forms. For the 2024 plan year, the interest rate is equal to the monthly spot segment rates based on high quality corporate bonds and mortality using the 2024 Unisex Mortality Table.
Cost of Living Supplements	None.
Death Benefit Before Retirement	If a partially or fully vested participant dies before retirement benefits have begun, the annual death benefit payable to the spouse is equal to 66 2/3% of the vested Accrued Benefit, reduced for early commencement, and further reduced to reflect the Automatic Form of Payment.
Disability Annuity Credit	Periods of disability while a participant receives a Social Security Disability Income are also counted as Benefit Accrual Service excluding the first six months of disability and ending on Normal or Early Retirement Date. The compensation rate in effect immediately prior to disability is assumed to continue while disabled. Such compensation rate shall not exceed 120% of the compensation rate in effect one year prior to disability.
Employee Contributions	None. However, for active participants, on or after April 1, 1987, employee accumulations will be used to purchase additional benefits or may be withdrawn by the employee without jeopardizing the total accrued benefit.
