INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of *CTP Carrera, Inc.* and the
Plan Administrator of the *Carclo Technical Plastics 401(k) Profit Sharing Plan*

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carclo Technical Plastics 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carclo Technical Plastics 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carclo Technical Plastics 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carclo Technical Plastics 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carclo Technical Plastics 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carclo Technical Plastics 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Carclo Technical Plastics 401(k) Profit Sharing Plan

Notes to the Financial Statements

June 30, 2025 and 2024 and Year Ended June 30, 2025

Note A—Description of Plan

The following description of the Carclo Technical Plastics (Company) 401(k) Profit Sharing Plan (Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering employees of the Company who have worked 1,000 hours in a 12 month period and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective July 1, 2022, the Plan was restated to reflect the appointment of Reliance Trust Company as Trustee. ADP Retirement Trust Services, LLC was appointed Trustee upon the resignation of Reliance Trust Company effective December 31, 2024.

Contributions—Each year, participants may contribute up to 90 percent of compensation, as defined in the Plan. This elective deferral cannot exceed the annual permissible dollar limit in effect for the year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into any of the various mutual funds or the common collective trust offered by the Plan. Additionally, participants may elect to invest in a self-directed brokerage account (SDBA). The SDBA allows for a broader range of investment choices, including individual stocks, bonds, and exchange-traded funds (ETFs). Participants are solely responsible for selecting investments, managing risks, and monitoring the performance of assets held within the SDBA. Effective July 1, 2016, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a Target Date Retirement Fund until changed by the participant. For the year ended June 30, 2025, the Company contributed, a 50 percent match on the participants' contributions to the Plan, up to 3% of the participant's annual salary. These matching amounts are invested in the accounts chosen by the participants for their elective deferrals. Additional discretionary profit sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in the same manner as employee deferrals. A safe harbor contribution was made equal to three percent of employee compensation for the year ended June 30, 2025.

Participant Accounts—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching, safe harbor, and discretionary contributions, (b) Plan earnings/(losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service for discretionary employer contributions and after 5 years for employer matching contributions. Participants are immediately vested in the non-elective safe harbor contributions made.

Notes to the Financial Statements

June 30, 2025 and 2024 and Year Ended June 30, 2025

Note A—Description of Plan (Continued)

Payment of Benefits—On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount. The amount received would be based on the participant's vested interest in his or her account. The Plan permits in-service distributions to participants over age 59 1/2. Hardship withdrawals are also permitted by the Plan.

Forfeited Accounts— As of June 30, 2025 and 2024, forfeited nonvested accounts totaled \$10,267 and \$1,624, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. Also, during the year ended June 30, 2025, employer contributions were reduced by \$82,695 from forfeited nonvested accounts and \$16,280 from forfeited nonvested accounts was used to pay Plan expenses.

Note B—Summary of Significant Accounting Policies

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As a practical expedient, the fair value of the common collective trust fund is measured using the net asset value per share of the fund. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefits are recorded when paid.

Expenses—Certain expenses of maintaining the Plan, including audit fees and third-party administrator fees, are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments.

Date of Management's Review of Subsequent Events—Subsequent events were evaluated through April 14, 2026, which is the date the financial statements were available to be issued.

Notes to the Financial Statements

June 30, 2025 and 2024 and Year Ended June 30, 2025

Note C—Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including \$13,523,581 and \$12,206,411 of investments at fair value held at June 30, 2025 and 2024, respectively, and \$1,061,914 of net appreciation in fair value of investments, and \$596,407 of dividends for the year ended June 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and ADP Retirement Trust Services, LLC, qualified institutions. Effective January 1, 2025, the Plan changed its qualified institution from Reliance Trust Company to ADP Retirement Trust Services, LLC.

Note D—Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	<u>June 30, 2025</u>	<u>June 30, 2024</u>
Net Assets:		
Money Funds	\$ 993	\$ 993
	<u>Year Ended</u>	
	<u>June 30, 2025</u>	
Changes in Net Assets	\$ -	

Note E—Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs would be used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at June 30, 2025 and 2024.

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Self-directed brokerage accounts – The fair value is based on the closing prices reported in the active markets where the securities are traded.

Notes to the Financial Statements

June 30, 2025 and 2024 and Year Ended June 30, 2025

Note E—Fair Value Measurements (Continued)

Common collective trust - Units of the Great Gray CIT III for MetLife GAC No. 25554 Class J are valued each day on which the NYSE is open for trading in accordance with the valuation procedures established by the Trustee. The Net Asset Value (NAV) per Unit is calculated as of the close of trading on the NYSE. The NAV per unit is computed by dividing the total contract value of the assets of the fund, less its liabilities, by the total number of units outstanding at the time of such computation. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The Plan's investment in the stable value fund is not required to be classified within the fair value hierarchy since it is measured at net asset value.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2025 and 2024:

		Fair Value Measurements at the End of the Reporting Period Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	
June 30, 2025	Fair Value		
Mutual Funds	\$ 12,755,547	\$	12,755,547
Self-Directed Brokerage Accounts	3,736		3,736
Money Funds	993		993
Total Investments in the Fair Value Hierarchy	12,760,276	\$	12,760,276
Common Collective Trust Measured at Net Asset Value ^(a)	764,298		
Total Investments at Fair Value	<u>\$ 13,524,574</u>		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	
June 30, 2024	Fair Value		
Mutual Funds	\$ 11,612,955	\$	11,612,955
Money Funds	993		993
Total Investments in the Fair Value Hierarchy	11,613,948	\$	11,613,948
Common Collective Trust Measured at Net Asset Value ^(a)	593,456		
Total Investments at Fair Value	<u>\$ 12,207,404</u>		

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchies to the amounts presented in the statements of net assets available for benefits.

Carclo Technical Plastics 401(k) Profit Sharing Plan

Notes to the Financial Statements

June 30, 2025 and 2024 and Year Ended June 30, 2025

Note E—Fair Value Measurements (Continued)

Gains and losses included in changes in net assets available for benefits for the year ended June 30, 2025, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year June 30, 2025, there were no transfers of investments into or out of Level 3.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize the Plan's investments for which fair value is measured using the net asset value per share as a practical expedient as of June 30, 2025 and 2024, respectively. The redemption notice period is applicable only to the Plan.

June 30, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Great Gray CIT III for MetLife GAC No. 25554 Class J	\$764,298	-	Daily	60 days

June 30, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Great Gray CIT III for MetLife GAC No. 25554 Class J	\$593,456	-	Daily	60 days

The Plan invests in the Great Gray CIT III for MetLife GAC No. 25554 Class J, a bank collective investment trust (CIT) maintained by Great Gray Trust Company, LLC (Trustee). The fund is invested entirely in the MetLife Group Annuity Contract No. 25554. The investment objective of the Fund is to provide safety of principal, adequate liquidity and a competitive yield with low return volatility. Participants may redeem Fund units on a daily basis for withdrawal or transfer of all or a portion of their investment at contract value.

Note F—Related Party and Party-In-Interest Transactions

Certain employees of the Company (who are participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. These employees are compensated by the Company not the Plan.

As discussed in Note B, some costs of the Plan are absorbed by the Plan sponsor. The Plan also engages a third-party administrator who is also considered a party-in-interest under ERISA.

Carclo Technical Plastics 401(k) Profit Sharing Plan

Notes to the Financial Statements

June 30, 2025 and 2024 and Year Ended June 30, 2025

Note G—Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their entire accounts.

Note H—Tax Status

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by ADP, LLC. The Internal Revenue Service (IRS) has determined and informed ADP, LLC by an opinion letter dated October 6, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note I—Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments held in the SDBA are not designated investment alternatives of the Plan. As such, these investments are not monitored by the Plan fiduciary, and they do not receive the same regulatory protection as the core investment menu. Account values fluctuate with market conditions, and the principal value may be worth more or less than its original amount invested.
