Mainstay Life Services 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mainstay Life Services 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of and June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of June 30, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED JUNE 30, 2025 AND 2024

1. Description of Plan

Mainstay Life Services (Company) established the Mainstay Life Services 401(k) Profit Sharing Plan (Plan) as of July 1, 1990. The Plan was established for the purpose of providing retirement benefits to the employees of the Company. The accompanying financial statements include only the activity and financial position of the Plan and are not intended to reflect the Company as a whole.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan operates as a safe harbor 401(k) plan under Sections 401(k) and 401(m) of the Internal Revenue Code. Under this design, employer matching contributions are structured to meet the safe harbor requirements so that, for any year in which the safe harbor conditions are satisfied, the Plan's elective deferrals and matching contributions are deemed to satisfy the ADP and ACP nondiscrimination tests.

Effective April 8, 2024, the Plan changed custodians from American United Life Insurance Company (AUL), a OneAmerica Company (OneAmerica) to Principal Trust Company (Principal). The blackout period for this change was March 29, 2024 through April 8, 2024. The Plan held one investment with OneAmerica as of June 30, 2024 and held no investments with OneAmerica as of June 30, 2025.

General

The Plan is a 401(k) profit sharing defined contribution plan covering all employees of the Company. All employees who have reached the age of 21 are eligible to make salary deferrals after completing 30 days of service with monthly plan entry dates for all employees meeting the eligibility requirements. Employees who have reached the age of 21 and completed one year of service, with a minimum of 1,000 hours of service during the year, as defined by the Plan, are eligible for the employer contributions. Unless otherwise notified by the employee, once an employee becomes eligible, they are automatically enrolled into the Plan with a 3% deferral. The automatic enrollment percentage will increase by 1% each July 1st up to 5%. The Plan is subject to the provisions of ERISA, as amended.

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED JUNE 30, 2025 AND 2024

Contributions

During the Plan years ended June 30, 2025 and 2024, participants under the age of 50 could contribute up to 90 percent of eligible compensation as defined by the Plan, or as otherwise limited by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions, or rollovers, from other qualified defined benefit or defined contribution plans. All contributions, including the employer contributions, may be directed at the discretion of each participant into the various investment options offered by the Plan.

The Company makes a matching contribution for each participant equal to 100% of the participant's elective deferrals that do not exceed 5% of compensation for the Plan year. The Plan also provides for a discretionary additional employer matching contribution and a discretionary profit-sharing contribution. There were no such discretionary contributions made by the Company during the years ended June 30, 2025 and 2024. Employer matching contributions are calculated and distributed to the respective participant accounts bi-weekly.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company's contribution, and (c) any earnings or losses thereon and is charged with administrative expenses and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions, employer matching contributions, and actual earnings thereon. Vesting in the discretionary profit-sharing contribution is subject to a two to six year graded vesting schedule.

Participants are also completely vested in their accounts upon the normal retirement age and due to death or disability.

Forfeitures

Participant account balances which are not 100 percent vested upon termination of service are forfeited. Forfeitures may be used to reduce Plan expenses or used to reduce the

employer's contributions to the Plan. The total amount of forfeited accounts was \$0 as of June 30, 2025 and 2024 and there was no forfeiture activity during either year.

Notes Receivable from Participants

Participants may borrow from their account, limited to the lesser of (a) \$50,000 reduced by the excess of the highest outstanding note receivable balance during the one year period ending the day before the note was made, over the outstanding note receivable balance on the day the note was made or (b) one-half of the sum of the participant's vested account plus the participant's voluntary contributions, rollover contributions, or other transferred or segregated monies for which an account balance is maintained. A participant may not request a note receivable for less than \$1,000. Notes receivable are to be repaid over a period not to exceed five years, unless used to acquire a principal residence. Notes receivable are secured by the balance in the participant's account and bear a reasonable rate of interest, ranging from 4.25% through 9.50% during 2025 and 2024.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may receive, upon request, a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants with accumulated balances of less than \$5,000 at the date of the service termination receive a distribution of their account balance.

A participant who has reached age 59½ can take a distribution of up to 100% of his or her contribution account.

Investment Options

Upon enrollment in the Plan, a participant may direct all participant and employer contributions into the various investment options of the Plan. All participant and employer contributions are allocated to the respective participant's individual investment account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefit payments are recorded when paid. There were no benefits allocated to the accounts of persons who had withdrawn from the Plan but were not paid as of June 30, 2025 and 2024.

MAINSTAY LIFE SERVICES

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED JUNE 30, 2025 AND 2024

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees related to the administration of distributions and notes receivable are charged directly to the participant's account and are included as administrative expenses.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair values for Level 1 investments are determined by reference to unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access. Fair values for Level 2 investments are determined by reference to quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 investments have significant unobservable inputs, as they trade infrequently or not at all.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Principal

The Principal Real Estate investment fund and the Collective Investment Trusts (CIT) are valued at net asset value per share as determined by investment managers under the so-called "practical expedient." The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using the method are met.

MAINSTAY LIFE SERVICES

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED JUNE 30, 2025 AND 2024

The Principal Real Estate Investment fund is a pooled separate account that invests in a single mutual fund – the Principal Global Real Estate Securities R6 Fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the net asset value of the pooled separate account.

Net asset value is the basis for current transactions and the pooled separate account and CIT can be redeemed at net asset value as of the measurement date. Interest in the pooled separate account and CIT is valued at fair value, which is principally derived from the market value, as determined using third-party pricing vendors and utilizing observable market information. Unit values are calculated on a daily basis. There were no unfunded commitments as of June 30, 2025 and 2024.

Mutual funds are valued at fair value, which is primarily derived from the market quotations or prices, obtained from independent pricing sources, of the underlying equity, fixed income, and short-term investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

OneAmerica

The Stable Value Account is a fixed interest investment option and is backed by the American United Life Insurance Company (AUL) general account, a OneAmerica company (OneAmerica). The OneAmerica general account is invested in a conservatively managed, well diversified portfolio consisting predominately of fixed income investments. The objective of the Stable Value Account is to maximize long-term, risk-adjusted returns. The Stable Value Account earns interest at the higher of the rate guaranteed under the contract or the rates established or declared in advance by OneAmerica. Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year next following the current year. Each quarter's contributions and the corresponding interest rate are tracked together in a quarterly interest rate pocket (quarterly pocket). At the end of the calendar year next following the current year, the quarterly pockets established in the prior

year are converted to an annual interest rate pocket (annual pocket) that is established and declared for each annual pocket and will remain in effect for at least that calendar year. The Stable Value Account is not a stable value fund invested in guaranteed investment contracts (GICs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. In the event of Plan termination, participants would become 100 percent vested in their account balance.

examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. 6. Information Certified by the Plan's Custodians

Certain information related to investments and notes receivable disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2025 and 2024, and net (depreciation) appreciation in fair value of investments and dividends and interest and interest income on notes receivable from participants for the years ended June 30, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (AUL), a OneAmerica company (OneAmerica), which certified such information through June 30, 2024, and Principal Trust Company (Principal), which certified such information from April 1, 2024 to the present, in their capacities as custodians of the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. Related-Party and Party-In-Interest Transactions
