Independent Auditors' Report

Board of Trustees
Glazing Health and Welfare Trust
Las Vegas, Nevada

Opinion

We have audited the financial statements of Glazing Health and Welfare Trust (the Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Trust as of June 30, 2025 and 2024, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Trust and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current trust instrument, including all trust amendments, administering the trust, and determining that the trust's transactions that are presented and disclosed in the financial statements are in conformity with the Trust's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required By ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of June 30, 2025 and reportable transactions for the year ended June 30, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GLAZING HEALTH AND WELFARE TRUST

NOTES TO FINANCIAL STATEMENTS

June 30, 2025 And 2024

1. Description Of The Trust

The following description of the Glazing Health and Welfare Trust (the Trust) is provided for general information purposes only. Participants should refer to the Trust Agreement for a more complete description of the Trust's provisions.

General

The Agreement creating the Trust was entered into as of August 1, 1974, between the Floor Coverers, Glaziers and Allied Trades Local No. 2001 and the Glazing Contractors Association of Southern Nevada. The agreement provides for employers to contribute to the Trust at rates from \$5.64 to \$9.25 for each hour worked by employees performing covered employment in Southern Nevada, depending on their work classification. The self-pay, cobra and retiree contribution rates are determined by the Board of Trustees and adjusted as necessary. The Trust is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trust provides health and welfare benefits to eligible employees represented by the International Union of Painting and Allied Trades District Council 16, Glaziers Union Local 2001.

Effective October 1, 2001, the Substance Abuse Program (the Program) was implemented to enhance workplace safety, promote a drug-free environment, and to provide a management procedure for addressing job-site drug abuse issues. Expenses related to the Program for June 30, 2025 and 2024 were \$28,926 and \$32,046, respectively.

Amendments

Effective May 24, 2022, the Employee Classifications under the Weekly Disability Benefits should be updated to match the current Classifications under Southern Nevada Glazing Industry Master Agreement, Appendix A: Wage & Benefits schedule, effective September 1, 2021. The Employee Classifications and applicable Weekly Disability Benefits shall be:

Effective May 24, 2022, the Trust has updated the Reimbursable Maternity Disability Benefits and Leave Program policy and added couple administration requirements.

Effective July 1, 2022, the Trust executed an Amendment which increased the life insurance benefits from \$10,000 to \$15,000 to the beneficiary. Amounts to be paid to spouses has been increased from \$5,000 to \$15,000, dependents 12 years or younger will receive \$2,500, and dependents between age 13 and 26 will receive \$7,500.

GLAZING HEALTH AND WELFARE TRUST

Notes To Financial Statements (*Continued*)

Effective February 1, 2024, the Trust executed an Amendment for which dental benefits, Diagnostic and Preventive (D&P) benefits costs are waived towards the annual calendar year maximum. This benefit removes the use of the annual maximum for any D&P services (exams, cleaning, x-rays and sealants), leaving more of maximum available for standard dental treatment.

Effective February 1, 2024, the Trust executed an Amendment for which vision benefits, member doctor benefits covered up to Plan Allowance of \$200 for frames and \$150 for elective professional fees and materials.

Effective January 1, 2025, the Trust executed an Amendment which the maximum hour bank increased from 560 to 720 hours.

Effective January 28, 2025, the Trust executed an updated Amendment No. 2 to the policies and procedures on delinquency collection and payroll audit. This updates language that an employer will be audited every three years instead of every two years, except for any employer with any delinquencies, defaults, or shortages with the Trust, or if the employer is remitting more than 10% of the total contributions to the Trust during the prior plan year. If so, the employer will be audited every two years. The Trust also executed an updated Amendment No.3 that the sponsoring Union (IUPAT DC 16 Painters, Tapers, Floorcoverers and Glaziers Local Union No. 567) and Employer Association (The Nevada Chapter of the Associated General Contractors of America Inc.), as set forth in their Collective Bargaining Agreement, shall be deemed affiliated with, and subject to, the terms and provisions of the Trust Fund's Policies and Procedures on Delinquency Collection Payroll audits.

Benefits

Monthly premiums for eligible employees and their beneficiaries and covered dependents are paid to insurance carriers to provide health benefits (hospital, surgical, major medical, dental, vision), life insurance and accidental death coverage. Participating employees are eligible, after establishing initial eligibility, of at least 130 hours per month in their hour bank. Effective July 1, 2005, eligible employees are able to accumulate up to 560 hours in their hour bank. Employees participating before October 1, 2000 that had an hour bank above 560 are able to keep the old maximum hour bank until their hour bank falls below 560, at which point their maximum hour bank will then be 560. Fabricators are also allowed an hour bank, and due to their lower contribution rate do not have vision coverage. Effective January 1, 2025, the 560 hours has been updated to 720 hours.

GLAZING HEALTH AND WELFARE TRUST

Notes To Financial Statements (*Continued*)

Effective January 1, 2008, the Trust was amended to provide for a weekly disability benefit. Benefits are paid if an individual becomes totally disabled as a result of injury or sickness while covered under the Trust and continues without interruption for a period longer than the waiting period. The waiting period is defined in the Trust Agreement as seven days for disabilities as a result of sickness and immediate as a result of inquiry. Participants must accrue at least 500 hours during twelve consecutive months to be eligible for the weekly disability benefit payment. If a participant does not have the 500 hours accrued but becomes totally disabled they may obtain coverage at no cost for a maximum of twelve months or until they are no longer disabled. If eligibility is lost under the Trust but is subsequently re-established, the participant must have at least 500 hours during a twelve month period after re-establishing eligibility.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, benefit obligations and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Trust's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Net change in fair value of investments represents the difference between the aggregate fair value of investments at year-end and the values at the beginning of the year and includes any realized gains and losses in shares that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

GLAZING HEALTH AND WELFARE TRUST

Notes To Financial Statements *(Continued)*

Contributions Receivables And Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate that will not be collected. This assessment considers historical experience, current conditions, and when appropriate, reasonable and supportable forecasts.

The Trust has determined that no allowance for current credit losses was necessary at June 30, 2025 or 2024.

Payment Of Benefits

Premiums paid are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Disability benefits are recorded when paid.

Accumulated Eligibility Credits

The estimated liability for future benefit coverage represents the obligation of the Trust to maintain benefit coverage for participants who have accumulated credit hours in excess of the hours required for one month's coverage. At June 30, 2025 and 2024, participants had accumulated approximately 221,000 and 213,000 hours, respectively, in reserve time for future health, accident and life insurance coverage. At June 30, 2025 and 2024, it is estimated that the Trust has a liability of \$2,553,000 and \$2,226,000, respectively, for future payments of benefits based on participants' accumulated eligibility.

Due To/From Other Trust Funds

The Trust holds the lockbox account where all contributions are received. There is a timing difference of when the funds are received and when they are reconciled, allocated and remitted to the various other trust fund accounts. The amounts due to other trusts as June 30, 2025 and 2024 were \$2,840,347 and \$3,030,009, respectively. There was no amount due from other trusts as June 30, 2025 or 2024.

Subsequent Events

Management of the Trust evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Income Tax Status

The Trust received an exemption letter from the Internal Revenue Service (IRS) dated October 28, 1975 stating that the voluntary employee's beneficiary association (VEBA) trust established under the Trust was in compliance with the applicable requirements of the provisions of Section 501(c)(9) of the Internal Revenue Code (IRC); and accordingly, the Trust's net investment income is exempt from income taxes. The Trust Administrator and Trust's counsel believe that the Trust, as amended, continues to qualify and to operate as designed in accordance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Trust management to evaluate tax positions taken by the Trust and recognize a tax liability (or asset) if the Trust has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair Value Measurements

The Trust utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Trust has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets |

GLAZING HEALTH AND WELFARE TRUST

Notes To Financial Statements *(Continued)*

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds And Money Market Fund

Valued at the daily closing price as reported by the fund. The mutual funds and money market fund held by the Trust are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and money market fund held by the Trust are deemed to be actively traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Trust believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodology used at June 30, 2025 or 2024.

GLAZING HEALTH AND WELFARE TRUST

Notes To Financial Statements *(Continued)*

The following table sets forth by level, within the fair value hierarchy, the Trust's assets at fair value as of June 30, 2025:

Description	Level 1	Level 2	Level 3	Total
Money market fund	\$ 7,939,859	\$ —	\$ —	\$ 7,939,859
Mutual funds	3,214,283	—	—	3,214,283
	\$ 11,154,142	\$ —	\$ —	\$ 11,154,142

The following table sets forth by level, within the fair value hierarchy, the Trust's assets at fair value as of June 30, 2024:

Description	Level 1	Level 2	Level 3	Total
Money market fund	\$ 7,256,004	\$ —	\$ —	\$ 7,256,004
Mutual funds	2,881,868	—	—	2,881,868
	\$ 10,137,872	\$ —	\$ —	\$ 10,137,872

5. Termination Of The Trust

Although they have not expressed intent to do so, the Trustees have the right under the Trust to terminate the Trust, subject to the provisions of ERISA. In the event of Trust termination, all monies of the Trust would be used to pay all obligations of the Trust with the excess to be distributed in accordance with the Trust's provisions. In no event would any of the assets of the Trust revert back to contributing employers.

6. Postretirement Benefit Obligations

The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to services rendered to June 30 of the respective year, reduced by the actuarial present value of contributions expected to be received in the future from Plan participants. Postretirement benefits include future benefits to be paid to or for (1) currently retired participants, including beneficiaries and covered dependents, (2) active or terminated participants who are fully eligible to receive benefits and (3) active participants who are not yet fully eligible to receive benefits. Prior to an active employee's full eligibility date, the postretirement benefit obligation recorded for that employee is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered prior to the valuation date.

GLAZING HEALTH AND WELFARE TRUST

Notes To Financial Statements (Continued)

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical per capita cost data to estimate the future annual per capita cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those of death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, the medical inflation rate was 6.20% for each of the years ended June 30, 2025 and 2024.

For the year beginning July 1, 2024, medical inflation trends begin at 6.20% and grade to an ultimate 4.04% by year 2076. For the year beginning July 1, 2025, medical inflation trends begin at 6.20% and grade to an ultimate 4.04% by year 2076.

The weighted-average health care cost-trend rate assumption has a significant effect on the amounts reported each year in the financial statements. If the assumed rates increased by one percentage point, it would increase the obligations as of June 30, 2025 and 2024 by \$10,083,995 and \$11,144,424, respectively.

The following are other significant assumptions used in the valuations as of June 30:

	2025	2024
Discount Rate	4.25%	4.25%
Mortality Rates	2025 IRS Prescribed 417 (e)(3) Table	2024 IRS Prescribed 417 (e)(3) Table
Assumed Participation Rate at Retirement	100%	100%

Assumed Retirement Rates

2025		2024	
Retirement Age	Retirement Rates	Retirement Age	Retirement Rates
55-59	5%	55-59	5%
60-62	10%	60-62	10%
63-64	20%	63-64	20%
65+	100%	65+	100%

The foregoing assumptions are based on the presumption that the Trust will continue. Were the Trust to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

7. Administrative Agreements And Party In Interest Transactions

The Trust has an agreement with BeneSys, Inc. to provide for administrative services. The Trust has a custodial agreement with BMO Harris Bank to act as a custodian of assets held for investment. Effective January 1, 2024, BMO Harris Bank transitioned its custodial business to Midwest Institutional Trust Company (MITC). The Trust holds investments that are managed by MITC. The Trust has an agreement with NWPS to act as independent actuary and Trust consultant. The Trust pays fees and expenses to various professional firms, investment managers and asset custodians to provide administrative functions to the Trust. These transactions qualify as exempt party in interest transactions.

8. Risks And Uncertainties

The Trust invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Concentration Of Contributing Employers

Significant contributing employers are those that account for greater than 10% of the Trust's contributions.

The Trust received a substantial portion of its contributions from three employers (10%, 11% and 24%) in 2025 and two employers (10% and 28%) in 2024. As of June 30, 2025 and 2024, the amount due from these employers included in employer contributions receivable was \$142,308 and \$111,912, respectively. The loss of significant contributing employers could have a material adverse effect on the financial position of the Trust. The Trust expects to maintain its relationship with these employers.
