Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year **0**.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditors' Report

To the Plan Administrator
Johnson Matthey Inc. Amended and Restated Salaried Employees Pension Plan
Wayne, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Johnson Matthey Inc. Amended and Restated Salaried Employees Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of June 30, 2025 (in liquidation) and June 30, 2024 (ongoing), and the related statements of changes in net assets available for benefits for the year ended June 30, 2025 (in liquidation) and June 30, 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, on May 13, 2024, the Board of Directors approved a plan to terminate the Plan effective June 30, 2024. As a result, Plan management has determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the ongoing basis of accounting used in presenting the June 30, 2024 financial statements to the liquidation basis of accounting used in presenting the June 30, 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025 (in liquidation) and schedule of reportable transactions for the year ended June 30, 2025 (in liquidation) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Johnson Matthey Inc. Amended and Restated Salaried Employees Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all salaried employees of Johnson Matthey Inc. (the Company), including certain employees of other companies who were acquired in prior years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Bank of New York Mellon/BNY Mellon, N.A., is the trustee of the Plan. Overall responsibility for administering the Plan rests with the Benefits Investment Committee of the Company. The Plan's trustee is responsible for management and control of the Plan's assets and has certain discretionary authority and control over such assets.

Under the terms of the Plan, employees who had completed 1,000 hours of service were eligible to participate in the Plan. Effective September 1, 2013, the Plan was closed to new hires or rehires. Effective July 1, 2019, the Plan was closed to those employees who transfer from collectively bargained or union status to non-union status. Effective June 30, 2023, the Plan was amended to freeze the Plan in preparation for termination and to incorporate prior amendments.

Plan Termination

On May 13, 2024, the Board of Directors of the Company approved a plan to terminate the Plan with an effective date of June 30, 2024 and adopted an amendment to terminate and liquidate the Plan. The termination and liquidation process, which preserves retirement benefits due to participants but changes the ultimate payor of such benefits, began in 2025 and is expected to be completed in 2026. During 2025, the Company first offered a lump-sum or annuity benefit payout option to Plan participants and completed the purchase of group annuity contracts to transfer any remaining pension benefit obligation to American National Insurance Company (ANICO). Upon termination of the Plan, all participants became 100% vested in their accounts to the extent that they were not already vested.

Employee Contributions and Participant Accounts

The Plan required employee contributions, as of April 1, 2014, for participants who were employed by the Company and actively earning an accrued benefit under the Plan. Participants were required to contribute 1.5% of their payroll on an after tax-basis to the Plan each payroll period. As a result of the Company amending the Plan document on March 28, 2023, no participant contributions were required or permitted after June 30, 2023.

An Employee Contribution Account was maintained for each participant and was credited with the participant's contributions made prior to July 1, 2023 and an annual credit of interest. Participants were always 100% vested in their employee contribution account.

Johnson Matthey Inc.
Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

Pension Benefits

Prior to the Plan termination, employees with five years of credited service are entitled to pension benefits beginning at the normal retirement age of 65. Generally, the normal retirement benefit formula takes into account the years of credited service, the final average monthly earnings received for the highest 60 consecutive months and the social security breakpoint. The normal retirement benefit formula will include an actuarial equivalent value of the employee contribution account as of April 1, 2014. For certain other participants' service, benefits and payments have been calculated under the provisions of the plans of the acquired companies, as defined.

The Plan also permits early retirement, which can be subject to a reduced benefit depending on the participant's age and years of service, as defined in the Plan document. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contribution. The employee will be entitled to receive the value within their employee contribution account. Benefits for unmarried participants are payable monthly with sixty months guaranteed; for married participants benefits are generally in the form of a qualified joint-and-survivor annuity.

Effective March 31, 2023, benefit accruals were frozen with respect to any participant who elected, prior to January 31, 2014, to participate in the non-elective contribution portion of the Johnson Matthey Salaried Employees Savings Investment Plan in lieu of continuing to participate in the Plan and make required participant contributions. Effective June 30, 2023, the Plan was amended to freeze all future benefit accruals and discontinue participant contributions.

Death and Disability Benefits

If an active participant dies after completing a minimum of five years of credited service, the participant's surviving spouse shall be entitled to receive a survivor's annuity benefit beginning in the month the participant would have reached age 55 had the participant lived.

Participants who become disabled after completing a minimum of ten years of credited service are entitled to receive pension benefits commencing as of the participant's normal retirement date or, at the participant's election, the early retirement date. Such benefits are computed as if the participant had continued in employment and as if earnings had not changed from the date of disability to the normal retirement date if such election is made.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying June 30, 2024 financial statements of the Plan are prepared on the accrual basis of accounting.

Johnson Matthey Inc.
Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

The June 30, 2025 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (ASU) 2013-07, Liquidation Basis of Accounting. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated benefits at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Benefit Investment Committee determines the Plan's valuation policies utilizing information provided by its investment adviser and custodian. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays some of the administrative costs of the Plan associated with professional services provided to the Plan, the balance being paid directly by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses recorded in the Plan may include professional fees, investment fees and the insurance premiums for the Pension Benefit Guaranty Corporation (PBGC).

3. Funding Policy for Company Contributions

The Company's policy is to make cash contributions to the Plan in amounts that will provide for employees' benefits by the time they retire.

Johnson Matthey Inc.

Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

Employer contributions to the Plan are made monthly on the basis of actuarial calculations of the normal cost and required amortization payments and are sufficient to satisfy funding requirements under applicable federal income tax regulations and ERISA. The Plan has met or exceeded the minimum funding requirements of ERISA for both Plan years. The Company made employer contributions of \$5,000,000 to the Plan for the year ended June 30, 2025. There were no employer contributions made to the Plan for the year ended June 30, 2024.

4. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at June 30, 2025 and 2024 and net appreciation in fair value of investments for the years ended June 30, 2025 and 2024, was obtained by management and agreed or derived from information certified as complete and accurate by Bank of New York Mellon/BNY Mellon, N.A., a qualified institution.

5. Purchase of Annuity Contract

In June 2025, the Plan entered into a purchase agreement with ANICO to provide a standard single premium guaranteed annuity contract (GAC) in connection with the settlement of liabilities associated with certain benefits under the Plan. Under the terms of the GAC, the obligation to make future pension payments transferred to ANICO, and participants ceased to be participants in the Plan. ANICO will make all future benefit payments to the Plan's participants and beneficiaries. The GAC provides for the continued payment of the participants' pension benefit in the same form that was in effect under the Plan immediately before the annuity purchase, including any beneficiary designation and survivor benefit. The purchase price of the annuity was \$131,878,848, net of a refund received from ANICO in the amount of \$999,147 and is reported in the accompanying statements of changes in net assets available for benefits. The refund from ANICO is reported as due from insurance company in the accompanying statements of net assets available for benefits as of June 30, 2025. Under the terms of the GAC, the obligation to make future pension payments began in September 1, 2025.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, *Fair Value Measurements* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Johnson Matthey Inc.

Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The investments in the common collective trusts are valued at net asset value (NAV) per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate fair value. There have been no changes in the methodology used at June 30, 2025 and 2024.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments that Calculate NAV

The following tables summarize investments measured at fair value based on NAV per share as of June 30, 2025 and 2024, respectively.

<i>June 30, 2025</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Temporary Investment Fund	\$ 5,024,256	N/A	Daily	Daily

<i>June 30, 2024</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

7. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. Benefits under the Plan are based on a benefit formula including the years of credited service, the final average monthly earnings and the social security breakpoint. The benefit formula, as of April 1, 2014, will include an actuarial equivalent value of the employee contribution account. The accumulated plan benefits for active employees are based on the benefit formula for normal retirement using the final average monthly earnings and years of credited service up until the date the benefit accruals were frozen on June 30, 2023. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by Mercer Human Resource Consulting, an independent actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of June 30, 2025 (liquidation) and June 30, 2024 (ongoing) were as follows:

Discount rate	-	2025 - N/A, 2024 - 5.20%
Mortality - Healthy	-	Pri-2012 employee/annuitant, sex-distinct mortality tables with no collar adjustment, projected generationally using scale MP-2021.
Mortality - Disabled	-	Pri-2012 disabled, sex-distinct mortality table, projected generationally using scale MP-2021
Retirement age	-	Based on the probabilities below, applied to the remaining employees eligible for retirement at the age indicated.

Johnson Matthey Inc.
Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

Retirement Rate

Age	Less than 15 years service	15 or more years service
55-58	5.0%	2.0%
59-60	5.0%	7.0%
61	10.0%	10.0%
62	10.0%	25.0%
63	10.0%	5.0%
64	10.0%	30.0%
65-66	25.0%	30.0%
67-69	25.0%	60.0%
70	100.0%	100.0%

As discussed in Note 1, the Plan was terminated effective June 30, 2024. As a result, the actuarial present value of accumulated plan benefits as of June 30, 2025 and 2024 reflect certain assumptions related to Plan termination, including annuity purchase rates, insurer premium and form-of-payment assumptions.

A summary of the actuarial present value of accumulated plan benefits as of June 30, 2025 (liquidation) and June 30, 2024 (ongoing), the date of the latest actuarial valuation, is as follows:

<i>June 30,</i>	2025 (In Liquidation)	2024 (Ongoing)
Actuarial Present Value of Accumulated Plan Benefits		
Vested benefits:		
Participants currently receiving payments	\$ 3,153,126	\$ 162,217,959

Notes to Financial Statements

The change in the accumulated plan benefits from July 1, 2024 to June 30, 2025 (liquidation) and July 1, 2023 to June 30, 2024 (ongoing) is as follows:

	July 1, 2024 to June 30, 2025 (In Liquidation)	July 1, 2023 to June 30, 2024 (Ongoing)
Actuarial present value of accumulated plan benefits at beginning of year	\$ 223,937,851	\$ 254,930,756
Increase (decrease) during the year attributable to:		
Benefits accumulated and (gains) losses	5,257,160	2,859,055
Benefits paid to participants	(100,040,751)	(36,804,627)
Group annuity contract purchase	(131,878,848)	-
Increase from interest due to decrease in discount period	5,112,366	11,514,751
Change in actuarial assumptions	(6,473,144)	(8,562,084)
Effect of Plan termination	9,372,108	-
Actuarial present value of accumulated plan benefits at end of year	\$ 5,286,742	\$ 223,937,851

The change in actuarial assumptions in the June 30, 2025 and 2024 valuations relate to the increase in the discount rate and changes to the interest rate on lump sum and interest rate on participant contributions.

Subsequent to June 30, 2025, \$1,137,812 of benefits related to missing participants were remitted to the PBGC. The remittance is reported as due to PBGC in the accompanying statements of net assets available for benefits as of June 30, 2025.

8. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. On May 13, 2024, as described in Note 1, the Company resolved to terminate the Plan effective June 30, 2024. Participants became 100% vested in their accounts as of the termination date.

9. Tax Status

The IRS has determined and informed the Company, by a letter dated August 23, 2016, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan was amended prior to receiving the determination letter, the Plan Administrator believes the Plan is designed and currently operating in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Johnson Matthey Inc.
Amended and Restated Salaried Employees Pension Plan

Notes to Financial Statements

The Company filed an application for termination of the Plan with the IRS. A letter dated November 24, 2025 determined that the termination of the Plan did not impact the qualified status of the Plan under the IRC.

10. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of total net decrease in net assets available for benefits per the financial statements to the Form 5500:

Year ended June 30, 2025

Total net decrease in net assets available for benefits, per the financial statements	\$ (222,271,581)
Add: Employer contribution received in liquidation	857,427
Add: Insurance company refund received in liquidation	999,147
Less: Expenses expected to be incurred in liquidation	(795,041)
Less: Remittance of pension benefits to PBGC in liquidation	(1,137,812)
Total Net Decrease in Net Assets Available for Benefits, per the Form 5500	\$ (222,347,860)

12. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

13. Subsequent Events

The Plan has evaluated subsequent events through April 15, 2026, the date the financial statements were available to be issued.
