Trustees:

Scope and nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Romine Group, Inc. Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of June 30, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit Section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Romine Group, Inc. Employees 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Romine Group, Inc. Employees 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Romine Group, Inc. Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about The Romine Group, Inc. Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investments at June 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A: Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General – The Plan which was established August 1, 2002, is a defined contribution plan with a 401(k) elective deferral arrangement covering all eligible employees of the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Eligibility – An employee may become a participant in the Plan after completing the selected service requirements and attaining the age of 21. Eligible participants may enter the Plan on the first day of the month following the date they become eligible.
3. Contributions – Contributions to participant accounts are made by employees through tax-deferred and after tax (Roth) salary deductions and by the Company from its earnings. Participants may voluntarily contribute up to 25% of total compensation to the Plan on a pretax or after-tax basis, not to exceed the maximum contribution allowable by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may elect to change fund elections and transfer investment balances between funds on a daily-basis. Rollover contributions are allowed by the Plan.

The Company matches employee contributions up to 4% of compensation. In addition, the Company may elect to make profit sharing contributions to the Plan at the discretion of the owners of the Company.

4. Participant Accounts – Each participant's account is credited with the participant's contributions, the employer's contributions and any income or loss allocation of Plan earnings or losses and forfeitures of terminated participants' non-vested accounts.
5. Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions, in any increments, to any of the investment options offered by the Plan. These options consist of several different pooled separate accounts, guaranteed interest accounts, and money market funds, each with their own financial goals and array of investments. Participants may change their investment options at any time.
6. Vesting – Participants are fully vested at all times in their elective contributions plus the actual earnings thereon. Participants become fully vested in matching and profit sharing discretionary contributions after five years of service.

In the event of attainment of normal retirement age 65 or death of a participant, as defined in the Plan document, the Company contributions are fully vested.

7. Notes Receivable from Participants – Notes receivable were transferred in along with a rollover contributions. These notes originated prior to the transfer. The loans are secured by the balance in the participants' accounts. Each loan will be repaid within a specific period of time. Reasonable interest rates, terms and other conditions apply to all loans. No new loans are permitted.

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Note A: **Description of Plan (Continued)**

8. Forfeitures – Forfeitures are used to reduce future employer contributions to the Plan. Forfeited non-vested accounts totaled \$117,383 for the year ended June 30, 2025.
9. Payment of Benefits – Distributions are allowed upon retirement, attainment of age 59 ½, disability, the death of an employee and termination of service without affecting rights under the Plan. A participant or their beneficiary may receive a lump sum distribution equal to the value of their vested interest in the account or installment payments as requested by the participant, subject to minimum distribution requirements by the Internal Revenue Code. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan also provides for early withdrawal of savings in the event of a financial hardship of a participant. A hardship is considered to be necessary in cases of immediate and significant financial need. Events that may qualify as an immediate and significant need include medical expenses incurred that are not covered by insurance, purchase of a principal residence, payment of tuition and for the prevention of eviction from or foreclosure on the mortgage of a principal residence. A hardship exists only when funds are not reasonably available from the participant's other sources, and the amount withdrawn must not exceed the needed amount. A hardship participant is not allowed to make contributions to the Plan for six months following the hardship withdrawal.

10. Administration – The Company and the third-party administrator administer the Plan. The Custodian holds all assets in the Plan in trust as of June 30, 2025. Separate accounts are maintained for each individual participant. Each participant is allowed self-direction of the assets held in their individual accounts.

Note B: **Summary of Significant Accounting Policies**

1. Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

2. Use of Estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America periodically requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note B: Summary of Significant Accounting Policies (Continued)

3. Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Investments in guaranteed interest accounts are stated at fair value with an adjustment to contract value. Money market funds are stated at estimated fair values, which equal their cost. Pooled separate accounts are valued at net asset value per share (or its equivalent) of the investment, which is based on the fair value of the investment company’s underlying net assets. See Note D for explanation of insurance contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

4. Payment of Benefits – Benefits are recorded when paid.
5. Administrative Expenses – The Plan pays the administrative expenses which are reflected in the accompanying financial statements. These expenses include professional, custodial, bookkeeping, and other administrative expenses incurred by the Plan. In addition, the Company provides other administrative expenses to the Plan as described in Note F.

Note C: Investment Information Certified by the Custodian (Unaudited)

At June 30, 2025 and 2024, the Plan’s investments were held by Voya Financial (the Custodian). The following is a summary of the Plan’s financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note C: **Investment Information Certified by the Custodian (Unaudited) (Continued)**

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,857,767 and \$4,013,167, respectively, for the years ended June 30, 2025 and 2024.

Note D: **Investment Contract with Insurance Company**

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Voya Financial (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2025 and 2024 was \$914,957 and \$861,282, respectively. The crediting service interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed regularly.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note D: Investment Contract with Insurance Company (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

<u>Average Yields:</u>	<u>2025</u>	<u>2024</u>
Based on actual earnings	1.501%	1.372%
Based on interest rate credited to participants	1.452%	1.213%

Note E: Fair Value Measurements

FASB Accounting Standards Codification (ASC), Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note E: Fair Value Measurements (Continued)

Level 3 In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Money market funds – Money market funds are stated at estimated fair values, which equal their cost.

Insurance company general investment account and Pooled separate accounts – These investments are valued at net asset value per share (or its equivalent) of the investment, which is based on the fair value of the investment company's underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level of the fair value hierarchy, the Plan's assets at fair value as of:

Fair Value Measurement at June 30, 2025

	<u>Total</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Money market funds	\$ 7,421	\$ -	\$ 7,421	\$ -
Investments measured at NAV:				
Pooled separate accounts	38,278,436			
Insurance company general investment account	<u>914,957</u>			
	<u>\$ 39,200,814</u>

Note E: Fair Value Measurements (Continued)

<u>Fair Value Measurement at June 30, 2024</u>				
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Money market funds	\$ 18,667	\$ -	\$ 18,667	\$ -
Investments measured at NAV:				
Pooled separate accounts	32,557,370			
Insurance company general investment account	<u>861,282</u>			
	<u>\$ 33,437,319</u>			

In accordance with ASC 820-10, certain investments that are measured at fair value using the net assets value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Note F: Party-in-Interest Transactions

The Company, participants, Custodian, and the Trustees have all been identified as parties-in-interest.

Plan investments are managed by Voya Financial. Voya Financial is the Custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Certain expenses, including salaries and services required for Internal Revenue Service reporting, related to the administration of the Plan are paid by the Company. The Company is the sponsor of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Note G: Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 8, 2004 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe the Plan continues to be designed and is operating in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

THE ROMINE GROUP, INC. EMPLOYEES 401(K) PLAN

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note H: **Tax Uncertainties and Open Tax Years**

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examination for years prior to June 30, 2022.

Note I: **Plan Termination**

The Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan, although its expectation is to continue the Plan as a permanent program. Upon termination, participants would be 100% vested in their accounts, and the assets of the Plan would be distributed among participants according to their respective account balances.

Funds held in the Voya Fixed Account and Voya Money Market Fund are not insured by FDIC or any government agency.

Note J: **Reconciliation of Financial statements to Form 5500**

The following is a reconciliation of the Guaranteed Interest Account per the financial statements as of June 30, 2025 and 2024 to the Form 5500.

	<u>2025</u>	<u>2024</u>
Insurance company general investment account per financial statements	\$ 914,957	\$ 861,282
Contract value adjustment	<u>120,700</u>	<u>136,780</u>
 Insurance company general investment account per the Form 5500	 <u>\$1,035,657</u>	 <u>\$ 998,062</u>

Note K: **Risks and Uncertainties**

The Plan provides for various investment options in any combination of pooled separate accounts, guaranteed interest accounts and money market funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note L: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant-directed investments to be disclosed separately in the financial statements as a reportable transaction.

Note M: Subsequent Events

The date to which events occurring after June 30, 2025, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is April 15, 2026, which is the date on which the financial statements were available to be issued.
