RSM US LLP

Participants and Pension and Investment Committee
Qlarant 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Qlarant 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 5 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended June 30, 2025, and Schedule H, line 4i—schedule of assets (held at end of year) as of June 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Qlarant 403(b) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Qlarant 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Qlarant Quality Solutions, Inc.; Qlarant Advisory Solutions, Inc.; Qlarant Commercial Solutions, Inc.; Qlarant Integrity Solutions, LLC; Qlarant Foundation, Inc.; and Qlarant, Inc. (collectively, the Plan Sponsor). The Pension and Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute a percentage of compensation as defined in the Plan. Eligible employees may enroll in the Plan on their first day of employment. Participants are automatically enrolled in the Plan when they become eligible, unless they elect otherwise. The automatic enrollment elective deferral contribution is 3% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions to various investment options offered by the Plan. There are no Plan Sponsor contributions to the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of Plan losses, and administrative expenses that are paid by the Plan. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately 100% vested in their contributions plus actual earnings thereon.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, as defined, or becomes disabled or deceased. Benefits are payable in a lump-sum payment or by purchase of an annuity which provides installments over a period not more than the participant's assumed life expectancy. The Plan also allows in-service withdrawals for individuals who have attained the age of 59½ and for hardship withdrawals.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's account balance, or \$50,000. Note terms range up to five years. The notes are collateralized by the balance in the participant's account and bear interest at the prime rate of interest (as published in the *Wall Street Journal*) plus 1%, as of the second business day of the month of inception of the note. These rates range from 4.25% to 9.50% on notes outstanding at June 30, 2025, and the loans mature through May 2030. Principal and interest are paid ratably through bi-weekly payroll deductions.

Qlarant 403(b) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension and Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the note receivable from participant to be in default, the participant note balance is reduced, and a benefit payment is recorded based on the terms of the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2025 and 2024.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through April 15, 2026, the date the financial statements were available to be issued.

In November 2025, the Plan approved to change its record keeper from Ascensus, LLC to Empower. The transition to Empower is expected to occur in May 2026.

Qlarant 403(b) Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by Charles Schwab Trust Bank (Charles Schwab)

The following is a summary of the Plan's asset information as of and for the years ended June 30, 2025 and 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab, a qualified institution:

	June 30	
	2025	2024
Cash, noninterest-bearing	\$ 1,080	\$ 863
Investments at fair value:		
Registered investment companies	\$ 39,839,290	\$ 33,934,430

Charles Schwab also certified to the completeness and accuracy of \$3,121,124 of net appreciation in fair value of investments and \$1,841,003 of interest and dividends related to the aforementioned plan assets for the year ended June 30, 2025.

Charles Schwab also certified to the completeness and accuracy of \$3,090,601 of net appreciation in fair value of investments and \$994,041 of interest and dividends related to the aforementioned plan assets for the year ended June 30, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Qlarant 403(b) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds and exchange-traded funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

Description	Assets at Fair Value as of June 30, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 39,839,290	\$ -	\$ -	\$ 39,839,290

Description	Assets at Fair Value as of June 30, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 33,934,430	\$ -	\$ -	\$ 33,934,430

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Note 5. Excluded Contracts

The DOL published Form 5500 revisions and related final regulations generally effective for plan years beginning on or after January 1, 2009, which among other things, changed the annual reporting requirements for Code Section 403(b) plans covered by Title I of ERISA. Following these revisions, the DOL issued Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (the FAB), issued on July 20, 2009.

Note 5. Excluded Contracts (Continued)

Under the criteria of the FAB, the administrator of a 403(b) plan does not need to treat annuity contracts and custodial accounts as part of the Plan Sponsor's Title I plan or as plan assets for purpose of ERISA's annual reporting requirements provided that:

- The contract or account was issued to a current or former employee before January 1, 2009
- The Plan Sponsor ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009
- All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the Plan Sponsor
- The individual owner of the contract is fully vested in the contract or account

The Plan Sponsor has determined that certain 403(b) custodial accounts of the Plan meet the criteria of the DOL's FAB No. 2009-02, therefore, these accounts have been excluded from reporting in the financial statements and in the Form 5500. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Note 6. Related Party and Party-in-Interest Transactions

Certain plan investments are managed by Charles Schwab, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions for which statutory exemption exists under the DOL's Rules and Regulations.

Certain accounting and administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 8. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated December 1, 2017, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document. However, the Plan Administrator believes the Plan is designed, and is being operated, in conformity with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Nonexempt Transactions

During the year ended June 30, 2025, the Plan Sponsor inadvertently failed to deposit \$292,138 of participant contributions and loan repayments within the required time frame as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor deposited lost interest in the amount totaling \$130 to correct this failure in the year ended June 30, 2025. The correction was made from the Plan Sponsor's assets and not from assets of the Plan.
