Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Report of Independent Auditors

The Plan Administrative Committee of
Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions as of and for the year ended June 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods

Actuarial Basis

Overview

This 2024 Form 5500 Schedule SB for the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees ("Plan") has been prepared for the Internal Revenue Service and the Department of Labor. The purpose of this 2024 Schedule SB is to provide reporting of the Plan's minimum funding and other Plan information as requested to the Department of Labor's Employee Benefits Security Administration (the "EBSA"), as stated in the instructions to the 2024 Form 5500. This 2024 Schedule SB consists of the three-page Schedule SB form provided by the EBSA and the associated attachments filed concurrently with this form.

This 2024 Schedule SB is signed and dated by Kenneth K. Lining, the plan's Enrolled Actuary. As an Enrolled Actuary and a Fellow of the Conference of Consulting of Actuaries, he meets the *Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States* of the American Academy of Actuaries to render the actuarial opinion contained herein. He is aware of no conflict of interest that could potentially impact the objectiveness of his work and of no subsequent events that could have a material impact on the values shown on the Schedule SB.

Liabilities shown in this report were determined using a third-party actuarial valuation software. This software is designed for the specific purpose of modeling pension plan liabilities and costs and is the standard pension valuation software used by Gallagher Benefit Services, Inc. The results in this report are based on various inputs into the software model, including the plan provisions and assumptions shown in this report, and demographic and financial information provided by State Street and Transamerica Retirement Solutions. While the results have been tested and reviewed for overall accuracy and consistency, we have relied upon the validity of the underlying software coding in preparing this report.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to a variety of factors. An analysis of the potential range of such future measurements is outside the scope of this report.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (continued)

Funding assumptions and methods selection and rationale

The following non-prescribed actuarial assumptions were selected by the plan's Enrolled Actuary. The asset valuation method was selected by the plan sponsor with input from the actuary. The actuarial cost method is prescribed by the Pension Protection Act of 2006.

Use of Models

Actuarial Standard of Practice No. 56 ("ASOP 56") provides guidance to actuaries when performing actuarial services with respect to designing, developing, selecting, modifying, using, reviewing, or evaluating models. Gallagher uses third-party software in the performance of annual actuarial valuations and projections. The model is intended to calculate the liabilities associated with the provisions of the plan using data and assumptions as of the measurement date under the funding rules and/or accounting standards specified in this report. Further, the model applies those funding rules and/or accounting standards to the liabilities derived and other inputs, such as plan assets and contributions, to generate this report. Gallagher has an extensive review process whereby the results of the liability calculations are checked using detailed sample output, changes from year to year are summarized by source, and significant deviations from expectations are investigated. Other funding and/or accounting outputs are similarly reviewed in detail and at a high level for accuracy, reasonability and consistency with prior results. Gallagher also reviews the model when significant changes are made to the software. The review is performed by experts within the company who are familiar with applicable funding and/or accounting rules as well as the manner in which the model generates its output.

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the actuarial assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report. An assessment of risks for the plan was performed and provided in our actuarial valuation report as of July 1, 2024.

Mortality

Mortality tables for non-disabled participants prescribed by applicable law and regulation as specified in IRS Regulation 1.430(h)(3)-1, as amended in the Federal Register on October 20, 2023, in TD 9983, 88 FR 72357, applied on a fully generational basis using the IRS 2024 Adjusted Scale MP-2021 Rates mortality improvement scale.

For disabled participants (pre-1995), mortality is based on Revenue Ruling 96-7 table for participants who became disabled before 1995. For disabled participants (post-1994), Revenue Ruling 96-7 table for participants who became disabled after 1994 and are eligible for Social Security benefits.

Actuarial cost method

The Funding Target is the present value of accrued benefits based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan administrative expenses to be paid from plan assets during the year.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (continued)

Salary increases

4.20% for 2024/2025, and 3.50% for 2025/2026 and thereafter compounded annually.

Expenses

Administrative expenses paid from the trust are estimated to be \$493,000 for the 2024 plan year. This assumption is our reasonable estimate of anticipated future experience under the Plan.

Withdrawal rates for active participants not eligible for retirement

Participants are assumed to terminate according to the following termination rates:

Termination Rates During First Five Years

Service	Rate
Less than 5 years	20.0%

Ultimate Termination Rates

Age	Rate
20-39	14.0%
40-54	10.0%
55 and over	0.0%

These rates were developed based on the plan experience review of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees conducted during 2024 and represent a reasonable estimate of anticipated future experience under the Plan.

Asset valuation method

The Actuarial Value of Assets is market value as of the valuation date, including the discounted value of accrued contributions, reduced by 2/3 of the gain/(loss) for the immediately preceding plan year and reduced by 1/3 of the gain/(loss) for the plan year before that. The gain/(loss) for each period is determined as the actual return on market value during the period less the expected return on market value based on an assumed earnings rate chosen by the actuary but required by current law and regulation to be not greater than the applicable third Segment Rate. The resulting value is constrained to be within a corridor of 90% to 110% of market value, including discounted receivable contributions.

	Actuary's Assumption	Third Segment Rate	Reflecting Limit
2024 Expected Return	7.00%	5.59%	5.59%
2023 Expected Return	7.00%	5.74%	5.74%
2022 Expected Return	6.75%	5.92%	5.92%

Receivable contributions for the prior plan year that are made after the valuation date are included if they have been made before the date of the certification. These receivable contributions are discounted back to the valuation date using the Effective Interest Rate for the prior year before adding to the actuarial value of assets. Contributions are made for the current plan year, whether deposited before or after the valuation date, are excluded from the actuarial value of assets.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (continued)

Summary of Changes from the July 1, 2023 Valuation

The segment rates and mortality tables were updated for the 2024 plan year, as required for minimum funding calculations by Treasury regulations under IRC section 430 and for funding certifications by Treasury regulations under IRC Section 436. Note that the Segment Rates used for IRC Section 430 minimum funding calculations reflect ARPA 2021.

Based on the discussions with the Hospital, revisions were adopted to the actuarial assumptions which included updates from the prior valuation to the assumptions for salary increases, administrative expenses, optional payment form, retirement rates, and withdrawal rates.

The salary increase assumption was revised as follows to better reflect future anticipated experience:

- Prior assumption for the July 1, 2023 valuation: 4.50% for 2023/2024, 4.00% for 2024/2025, and 3.50% for 2025/2026 and after, compounded annually.
- Revised assumption for the July 1, 2024 valuation: 4.20% for 2024/2025, and 3.50% for 2025/2026 and after, compounded annually.

The administrative expense assumption was updated from \$800,000 for 2023 to \$493,000 for 2024 to better reflect anticipated plan experience.

The optional form of payment, retirement rates, and withdrawal rates assumptions were developed based on the plan experience review of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees conducted during 2024 and represent a reasonable estimate of anticipated future experience under the Plan.

These net funding assumption changes caused a decrease in the funding target liability of approximately \$3.5 million.

The underlying software used to calculate the actuarial value of plan assets was revised for this valuation; therefore, we are required under IRS guidance to report a technical change in the actuarial funding method. There is no action for this change required by the plan sponsor and the IRS provides automatic approval for this change.

Report of Independent Auditors

The Plan Administrative Committee of
Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions as of and for the year ended June 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees Notes to Financial Statements

Note 1 – Description of Plan

The following brief description of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is administered by Children's Hospital & Research Center of Oakland (the Company), for the purpose of providing retirement benefits for the Company's unrepresented employees as described below. Plan assets are held by State Street Bank & Trust Company (State Street) (the Trustee). Information about the plan agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation (the PBGC) benefit guarantee is contained in the Summary Plan Description, copies of which are available from the Company. The Plan is a noncontributory defined benefit plan that covers eligible employees if they work 1,000 hours or more in a 12-month period, as defined in the plan document.

The Plan covers unrepresented employees with the following conditions (1) certain unrepresented employees, as defined in the plan document, who are classified as on call or per diem are excluded, (2) unrepresented employees who are hired or rehired on or after January 1, 2012, are excluded, (3) benefit accruals as of December 31, 2011, for unrepresented participants who are classified as on call or per diem are frozen, (4) benefit accruals for unrepresented participants who terminate employment and were not rehired on or before December 31, 2011, were frozen as of as of December 31, 2011, and (5) benefit accruals as of the date of termination for unrepresented participants who terminate employment after December 31, 2011, were frozen.

Effective July 6, 2025, Benefit Service is frozen as of July 5, 2025 and pay is frozen for benefit accrual purposes after June 30, 2030.

In no event shall a Participant's vested interest in the Participant's Accrued Benefit on and after July 5, 2025 be less than the Participant's vested interest in the Participant's Accrued Benefit prior to July 5, 2025.

Contributions – The Company is required to make contributions to fund the Plan as determined by the Plan's actuary. The minimum funding standards of the Employee Retirement Income Security Act (ERISA) have been met for the years ended June 30, 2025 and 2024.

Retirement benefits and vesting – The Plan is a final average pay plan. Participants are vested after five years of plan service. To be eligible for retirement benefits, participants must have reached the normal retirement age of 65 and have a minimum of five years of plan participation. Retirement benefits may begin as early as age 55, contingent upon completing at least five years of plan service, with a reduction in benefits paid. Pension benefits are based upon the participant's compensation, age, and years of service.

When eligible, participants may elect to receive their pension benefits in various forms of annuities as specified in the plan document. The normal form of benefit is a 50% joint and survivor annuity for married participants and a single life annuity for unmarried participants. Participants who terminate before age 65 and prior to achieving five years of vested service normally forfeit benefits accrued under the terms of the Plan.

Plan transfers – There were approximately \$2,300,000 and \$14,500,000 of net asset transfers out for the years ended June 30, 2025 and 2024, respectively. Amounts were transferred to the Retirement Plan for Children's Hospital & Research Center at Oakland.

Note 2 – Summary of Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value. The Plan's trustee, State Street, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date (see Note 6).

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefit payments to participants are recorded upon distribution.

Expenses – Administrative expenses related to operating and maintaining the Plan can be paid by the Company or paid by the Plan. During the 2025 plan year, the Plan paid the PBGC premium, legal fees, and the actuary fees. Certain investment and transaction fees are paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through April 14, 2026, which is the date the financial statements were available to be issued.

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of July 1, 2024. Had the valuations been performed as of June 30, there would be no material differences.

The accumulated plan benefits as of June 30, 2024, were as follows:

	June 30, 2024
Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	\$ 45,395,635
Other participants	49,351,485
	94,747,120
Nonvested benefits	910,197
Total actuarial present value of accumulated plan benefits	<u>\$ 95,657,317</u>

Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees

Notes to Financial Statements

	Year Ended June 30, 2024
Actuarial present value of accumulated plan benefits at beginning of year	<u>\$ 109,443,985</u>
Increase (decrease) during the year attributable to	
Benefits accumulated and other plan experience	(7,295,443)
Benefits paid	(12,731,521)
Increase for interest	7,223,012
Change in actuarial assumptions	<u>(982,716)</u>
Net increase	<u>(13,786,668)</u>
Actuarial present value of accumulated plan benefits at end of year	<u><u>\$ 95,657,317</u></u>

Significant assumptions underlying the actuarial computations as of July 1, 2024, were as follows:

Rate of return	7.00% for 2024
Mortality basis	Mortality tables for non-disabled participants prescribed by applicable law and regulation as specified in IRS Regulation 1.430(h)(3)-1, as amended in the Federal Register on October 20, 2023, in TD 9983, 88 FR 72357, applied on a fully generational basis using the IRS 2024 Adjusted Scale MP-2021 Rates mortality improvement scale. For disabled participants (pre-1995), mortality is based on Revenue Ruling 96-7 table for participants who became disabled before 1995. For disabled participants (post-1994), Revenue Ruling 96-7 table for participants who became disabled after 1994
Retirement	Retirement is assumed to occur at various ages starting at age 55 with 100% retirement assumed at age 70.
Termination rate	Rates were developed based on the plan experience review of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees conducted during 2024 and represent a reasonable estimate of anticipated future experience under the plan.
Expenses	The administrative expense assumption was updated from \$800,000 for 2023 to \$493,000 for 2024 to better reflect anticipated plan experience for lower PBGC premiums resulting from the 2023 lump sum window.
Salary increase	Prior assumption for the July 1, 2023 valuation: 4.50% for 2023/2024, 4.00% for 2024/2025, and 3.50% for 2025/2026 and after, compounded annually. Revised assumption for the July 1, 2024 valuation: 4.20% for 2024/2025, and 3.50% for 2025/2026 and after, compounded annually.

Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees Notes to Financial Statements

Note 4 – Funding Policy

Employee contributions – Contributions by participants are not required or permitted by the Plan.

Employer contributions – The Company's policy is to contribute an actuarially-determined amount necessary to provide assets sufficient to meet the benefits expected to be paid to plan participants at the time of retirement. The contributions are within the minimum and maximum limits, as determined by the Internal Revenue Service and ERISA.

The minimum funding standards of ERISA have been met for the years ended June 30, 2025 and 2024.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Note 5 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination, if any.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations (discussed below).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees Notes to Financial Statements

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2026, that ceiling is \$7,790 per month. That ceiling applies to those annuitants who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants, or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Retirement Plan for Children's Hospital & Research Center
at Oakland Unrepresented Employees**
Notes to Financial Statements

Following is a description of the valuation techniques used for assets in the Plan measured at fair value. There have been no changes in the techniques used at June 30, 2025 and 2024.

Mutual fund – Valued at the daily closing price as reported by the fund. This fund is required to publish their daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded. Mutual fund held by the Plan is open-end mutual funds that is registered with the U.S. Securities and Exchange Commission.

Interest-bearing cash – Certificate of deposit is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Common/collective trust – Units held in collective/common trusts (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying asset owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.

	Fair Value 6/30/2025	Fair Value 6/30/2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts	\$ 88,228,125	\$ 75,917,829	\$ -	Daily	N/A

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurements at the reporting date.

Note 7 – Certified Investment Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, the trustee of the Plan, has certified to the completeness and accuracy of:

- Plan interest in investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024.
- Investments reflected on the schedule of assets (held at end of year) as of June 30, 2025.
- Transactions reflected on the schedule of reportable transactions for the year ended June 30, 2025.

Note 8 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 3, 2012, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10 – Party-in-Interest Transactions

Certain Plan investments are managed by State Street. State Street is the trustee of the Plan and therefore, transactions with this entity qualify as exempt party-in-interest transactions.

Schedule SB, Part V – Summary of Plan Provisions

This plan is a result of a spinoff of asset and liabilities from the Retirement Plan for Children's Hospital & Research Center at Oakland ("Rep Plan" for the summary of plan provisions below). Except as noted in this report, this valuation is based on the Plan's provisions as of the July 1, 2024 valuation date. Any amendments to the Plan's provisions that are adopted or are effective after the July 1, 2024 valuation date are not reflected in this valuation except as noted in this report.

EIN/PN 94-0382330/007

Effective Date July 1, 2018, the Spinoff Date

Most recent plan amendments included:

Amendment for voluntary lump sum payments to certain terminated vested participants, effective as of June 7, 2023.

Plan Year July 1 to June 30.

Eligible Employees All active Employees hired or rehired prior to January 1, 2012 under the Rep Plan whose compensation and conditions of employment are not established by the terms of a collective bargaining agreement and who were participants in the Rep Plan on June 30, 2018 currently accruing or eligible to accrue in the future if employed in an eligible category and work sufficient hours. The plan is closed to new entrants

Vesting Service (a) Each Employee who is an Eligible Employee on the Spinoff Date, shall be credited with Vesting Service for purposes of the Plan for periods prior to the Spinoff Date equal to the Vesting Service with which he or she had been credited in accordance with the Rep Plan provisions in effect immediately prior to the spinoff date.

(b) Years of Vesting Service between January 1, 2018 and June 30, 2019. An Employee shall be credited with one (1) year of Vesting Service under the Plan for the period January 1, 2018 to December 31, 2018 if he or she has at least 1,000 Hours of Service. An Employee shall be credited with a second year of Vesting Service under the Plan for the period July 1, 2018 to June 30, 2019 if he or she has at least 1,000 Hours of Service during that period.

(c) Years of Vesting Service on or after July 1, 2019. An Employee shall be credited with one (1) year of Vesting Service under the Plan for each Plan Year in which he or she has at least 1,000 Hours of Service.

Schedule SB, Part V – Summary of Plan Provisions (continued)

Benefit Service

(a) Each Employee who is an Eligible Employee on the Spinoff Date, shall be credited with Benefit Service for purposes of the Plan for periods prior to the Spinoff Date equal to the Benefit Service with which he or she had been credited in accordance with the Rep Plan provisions in effect immediately prior to the Spinoff Date.

(b) Years of Benefit Service between January 1, 2018 and June 30, 2019.

(1) A Participant shall be credited with one-half (1/2) year of Benefit Service under the Rep Plan for the period January 1, 2018 to June 30, 2018 if he or she has at least 500 Hours of Service as an Eligible Employee, unless such Participant has at least 1,000 Hours of Service for the period January 1, 2018 to December 31, 2018 in which case the Participant shall accrue one (1) year of Benefit Service under the Plan in accordance with Section (b)(2) below.

(2) A Participant shall be credited with one (1) year of Benefit Service under the Plan for the period January 1, 2018 to December 31, 2018 if he or she has at least 1,000 Hours of Service as an Eligible Employee.

(3) A participant shall be credited with one (1) year of Benefit Service under the Plan for the period July 1, 2018 to June 30, 2019 if he or she has at least 1,000 Hours of Service as an Eligible Employee; provided, however, that if the Participant was credited with one (1) year of Benefit Service for the period January 1, 2018 to December 31, 2018 under the Plan, then such Participant would be credited with one-half (1/2) year of Benefit Service under the Plan for the period July 1, 2018 to June 30, 2019.

(4) For the avoidance of doubt, a Participant shall not be credited with more than one and one-half (1 1/2) years of Benefit Service for the period January 1, 2018 to June 30, 2019 under the Plan or in combination with the Rep Plan.

(c) Years of Benefit Service on or after July 1, 2019.

A Participant shall be credited with one (1) year of Benefit Service for each Plan Year beginning in which he has at least 1,000 Hours of Service as an Eligible Employee.

Schedule SB, Part V – Summary of Plan Provisions (Continued)

**Final 10-Year Average
Monthly Compensation**

The monthly average of the last ten consecutive years' compensation prior to retirement or termination. Compensation includes W-2 compensation plus any amounts contributed by the Employer under Section 403(b). Compensation in excess of the Section 401(a)(17) limit is not recognized.

**Final 5-Year Average
Monthly Compensation**

The monthly average of the 60 consecutive months' compensation out of the last 120 months that gives the highest average. Compensation includes W-2 compensation plus any amounts contributed by the Employer under Section 403(b). Compensation in excess of the Section 401(a)(17) limit is not recognized.

Schedule SB, line 25 – Change in Methods

The underlying software used to calculate the actuarial value of plan assets was revised for this valuation; therefore, we are required under IRS guidance to report a technical change in the actuarial funding method. There is no action for this change required by the plan sponsor and the IRS provides automatic approval for this change under Revenue Ruling 2017-56.

Schedule SB, line 24 – Change in Actuarial Assumptions

The segment rates and mortality tables were updated for the 2024 plan year, as required for minimum funding calculations by Treasury regulations under IRC section 430 and for funding certifications by Treasury regulations under IRC Section 436. Note that the Segment Rates used for IRC Section 430 minimum funding calculations reflect ARPA 2021.

Based on the discussions with the Hospital, revisions were adopted to the actuarial assumptions which included updates from the prior valuation to the assumptions for salary increases, administrative expenses, optional payment form, retirement rates, and withdrawal rates.

The salary increase assumption was revised as follows to better reflect future anticipated experience:

- Prior assumption for the July 1, 2023 valuation: 4.50% for 2023/2024, 4.00% for 2024/2025, and 3.50% for 2025/2026 and after, compounded annually.
- Revised assumption for the July 1, 2024 valuation: 4.20% for 2024/2025, and 3.50% for 2025/2026 and after, compounded annually.

The administrative expense assumption was updated from \$800,000 for 2023 to \$493,000 for 2024 to better reflect anticipated plan experience.

The optional form of payment, retirement rates, and withdrawal rates assumptions were developed based on the plan experience review of the Retirement Plan for Children's Hospital & Research Center at Oakland Unrepresented Employees conducted during 2024 and represent a reasonable estimate of anticipated future experience under the Plan.

These net funding assumption changes caused a decrease in the funding target liability of approximately \$3.5 million.

The underlying software used to calculate the actuarial value of plan assets was revised for this valuation; therefore, we are required under IRS guidance to report a technical change in the actuarial funding method. There is no action for this change required by the plan sponsor and the IRS provides automatic approval for this change.
