## Independent Auditor's Report

RSM US LLP

Board of Directors, Plan Administrator, and Plan Participants  
Vinfen 403(b) Employee Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Vinfen 403(b) Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

## Vinfin 403(b) Employee Retirement Savings Plan

### Notes to Financial Statements

---

#### Note 1. Description of Plan

The following description of the Vinfin 403(b) Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan originally effective January 1, 1979, and covers all eligible employees of Vinfin Corporation and Vinfin Corporation of Connecticut (the Employer or Plan Sponsor). The Plan has been amended throughout the years to comply with tax legislation.

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The board of directors is responsible for the oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Employer's board of directors.

**Eligibility:** All employees, except for leased employees, independent contractors or common law employees, as defined by the Plan document, are eligible to participate in and may enter the salary reduction arrangement in the Plan immediately upon hiring.

**Contributions:** The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a dollar value or percentage, limited by Plan provisions, of their compensation contributed as pretax 403(b) contributions to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan does not allow for Employer contributions. Contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or conduit IRAs (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

**Participant accounts:** Each participant's account is credited with the participant's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Effective January 1, 2015, participants are no longer allowed to make contributions to The Teachers Insurance and Annuity Association of America-College Retirement Equities Fund (TIAA) investment options.

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon.

**Participant investment options:** Participants direct their investments into various investment options offered by the Plan, as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

### Notes to Financial Statements

#### Note 1. Description of Plan (Continued)

**Payment of benefits:** Upon termination of service, death, disability or retirement, the participant may receive the value of the vested interest in their account in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ or has incurred a financial hardship, subject to Plan provisions. The Plan allows for in-service withdrawals of balances previously rolled into the Plan. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan Administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and are presented on the accrual basis of accounting in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive insurance annuity contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance annuity contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of estimates:** The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investments valuation and income recognition:** The Plan's investments are valued at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Fair value measurements:** The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## Vinfin 403(b) Employee Retirement Savings Plan

### Notes to Financial Statements

---

#### **Note 2. Summary of Significant Accounting Policies (Continued)**

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2025 and 2024.

**Mutual funds:** Valued at fair value based on the quoted market price of the funds.

**Registered investment companies:** The fair value of the registered investment companies offered by TIAA are determined based on the daily unit value published on NASDAQ. These funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

**Participant-directed brokerage account:** Valued at the closing price reported in the active market in which the individual securities within the participant-directed brokerage account are traded. These securities are categorized in Level 1 and consist of registered investment companies and cash.

**Pooled separate account:** The real estate account's value is principally derived from the market value of the underlying real estate holdings or other real estate related investments that are valued principally using external appraisals. It is a pooled separate account in which daily unit values are published on the NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Vinfen 403(b) Employee Retirement Savings Plan

### Notes to Financial Statements

---

#### Note 2. Summary of Significant Accounting Policies (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period. The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investments and size of transfer relative to total net assets available for benefits. For the year ended June 30, 2025, there were no transfers in or out of Levels 1, 2 or 3.

**Payment of benefits:** Benefit payments are recorded when paid.

**Administrative expenses:** Certain administrative expenses of the Plan related to the custodian, recordkeeping, investment advisory, legal and audit fees are paid by the Employer and subsequently charged to the Plan. Fees associated with each of the investment options and certain administrative expenses of the Plan are paid primarily by participants as a deduction from the amount invested or as an offset to investment earnings.

#### Note 3. Information Certified and Provided by Fidelity Management Trust Company and TIAA

The following is a summary of the Plan's asset information as of June 30, 2025 and 2024, and for the year ended June 30, 2025, included throughout the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by the custodians, Fidelity Management Trust Company (Fidelity) and TIAA, and furnished to the Plan Administrator. #### Note 5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

U.S. GAAP requires the financial statements and the supplemental schedule to present the fair value of investments, except for fully benefit-responsive annuity contracts. The traditional benefit-responsive annuity contract has been presented at contract value, which approximates fair value, as reported to the Plan by TIAA. Annuities are valued based on a discounted cash flow model, which used 20 years of data to determine the blended return on TIAA Traditional Annuity contracts for the participant population. This return is compared to the risk-free rate of a 10-year treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant, causing the financial statements to become materially misstated.

#### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### **Notes to Financial Statements**

---

#### **Note 7. Plan Tax Status**

The Plan has adopted a volume submitter plan sponsored by Fidelity Workplace Services LLC which received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 8. Party-in-Interest Transactions**

Fidelity Investments and TIAA are the custodians of the Plan; therefore, transactions with the custodians qualify as party-in-interest transactions. The Plan Sponsor also paid certain administrative expense of the Plan.

#### **Note 9. Excluded Contracts**

Because annuity or custodial accounts may have been issued to current and former employees without the Plan Sponsor's knowledge prior to January 1, 2009, any such accounts may have been excluded from investments, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to any such accounts may also have been excluded from the statement of changes in net assets available for plan benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Sponsor is not able to determine the amount of any such excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist.

#### **Note 10. Group Annuity Contracts**

The Plan entered into a traditional group annuity contract with Principal Life Insurance Company (Principal). As part of the contract, Principal maintains a portion of the contributions in a fixed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. The fixed account is included in the financial statements at contract value, (which approximates fair value and represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefit-responsive. Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

Upon termination of the investment contract, the lump-sum liquidation value of the fixed account portion of the participant's accumulation value shall be equal to the product of: (a) the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the NAIC Model Index Method and can never be less than 1% and no greater than 3%. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

### **Notes to Financial Statements**

---

#### **Note 10. Group Annuity Contracts (Continued)**

The Plan has invested in annuity insurance contracts with TIAA, the TIAA Traditional Annuity Account (benefit-responsive). TIAA maintains the contributions in a general account for each contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For insurance annuity contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value as reported to the Plan by TIAA and as allowed in accordance with U.S. GAAP. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to the Plan's normal withdrawal limitations.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision; (3) bankruptcy of the Plan Sponsor, or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes, or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract does not permit TIAA and Principal to terminate the agreement prior to the scheduled maturity date.

#### **Note 11. Subsequent Events**

The Plan Administrator has evaluated subsequent events through April 10, 2026, the date the financial statements were available to be issued.
