Independent Auditor's Report

To the Plan Administrator of
KETCH Pension Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KETCH Pension Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KETCH Pension Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period July 1, 2024 through June 13, 2025 and as of and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate. Investment information for the period June 13, 2025 through June 30, 2025, also described in Note 3, was not covered by a certification.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KETCH Pension Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KETCH Pension Trust's ability to continue as a going concern for within one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KETCH Pension Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KETCH Pension Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the KETCH Pension Trust (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan sponsored by Kansas Elks Training Center for the Handicapped, Inc. (the Organization) for the benefit of its full-time employees who have completed 6 months of service and are age 18 or older and part-time employees who have completed at least 500 hours of service during each of the employee's first consecutive 3 years of eligibility and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan is administered by the Organization's Benefits Committee (the Committee), which is a committee of upper-level management of the Organization. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions - Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization contributes a non-discretionary match of 100% of the first 5% of eligible compensation that a participant who has completed 1 year of service contributes to the Plan. Participants must be employed by the Organization on June 30 and December 31 (the anticipated semi-annual funding dates) in order to receive matching contributions. The Company currently intends to make matching contributions to the Plan on a semi-annual basis as of June 30 and December 31. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 24 mutual fund accounts as investment options for participants.

KETCH Pension Trust
Notes to Financial Statements

1. Description of Plan (continued)

Participant accounts - Each participant's account is credited with the participant's contributions, Organization matching contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants contributions plus actual earnings are 100% vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of participant accounts is based on years of continuous service. A participant is 20 percent vested after 2 years of credited service and continues to vest in increments of 20 percent until 100 percent vested after 6 years of credited service.

Vesting

	Vested %
Less than 2 years of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 or more years of service	100%

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Upon termination, a participant with a vested account balance less than \$5,000 will receive a distribution request with the option of a lump-sum payment or a direct rollover distribution to an eligible retirement plan specified by the participant. If no election is made by the participant, the Plan administrator will transfer the participant's vested funds to an Individual Retirement Account. A participant with a vested account balance less than \$1,000 will automatically receive a lump sum distribution of their vested account balance. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the IRS.

KETCH Pension Trust

Notes to Financial Statements

1. Description of Plan (continued)

Forfeited accounts - At June 30, 2025 and 2024, forfeited nonvested accounts totaled \$0 and \$2,749, respectively. These accounts will be used to reduce future employer contributions. During 2025 and 2024, employer contributions were reduced by \$8,304 and \$11,380, respectively, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for further discussion of investments reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

KETCH Pension Trust
Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Unit Values - Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each account are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of Benefits - Benefits are recorded when paid. There were no benefits requested before year end that were not paid.

Other Revenue - Direct payments to the Plan's third-party service provider were overpaid by \$49,768. These funds were redeposited into the Plan and allocated back to participant accounts, along with lost earnings of \$5,232 that are included in the statements of changes in net assets available for benefits as other revenue and applied to participant accounts.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. For the years ended June 30, 2025 and 2024, plan expenses total \$5,081 and \$59,137, respectively.

Subsequent Events - The Plan have evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements of accompanying footnotes.

3. Information Certified by Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. American United Life Insurance Company (AUL), the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of June 30, 2024, and the related investment activity reported in the statements of changes in net assets available for benefits for the period July 1, 2024 through June 13, 2025 and for the year ended June 30, 2024.

KETCH Pension Trust

Notes to Financial Statements

3. Information Certified by Custodian (continued)

Accordingly, AUL has certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments for the period July 1, 2024 through June 13, 2025 and as of and for the year ended June 30, 2024:

- Investments, at fair value
- Investments, at contract value
- Net appreciation (depreciation) in fair value of investments
- Interest on insurance investment contracts

The Plan's independent auditor did not perform auditing procedures with respect to this information for the period July 1, 2024 through June 13, 2025 and as of and for the year ended June 30, 2024, except for comparing such information to the related information included in the financial statements.

All Plan assets were transferred from AUL to T. Rowe Price, the current custodian of the Plan, on June 13, 2025. All investment information from July 1, 2024 up to the transfer of assets to T. Rowe Price was certified as noted above by AUL. For the period June 13, 2025 through June 30, 2025, the Plan's investments were held by T. Rowe Price. A certification of the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of June 30, 2025, and the related investment activity reported in the statements of changes in net assets available for benefits for the period June 13, 2025 through June 30, 2025 was not available. Accordingly, the Plan's independent auditor did perform auditing procedures on this investment information for the time period not covered by a certification in accordance with GAAS.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

KETCH Pension Trust

Notes to Financial Statements

4. Fair Value Measurements (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no significant changes in the techniques used at June 30, 2025 and 2024.

In accordance with FASB ASC 820, certain investments held by the Plan that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. See "investments measured at net asset value" below.

Investments measured at net asset value: Consisting of variable investment options provided through an AUL pooled separate account, valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan. Additionally, there are no unfunded commitments. As of June 30, 2025 and 2024, the Plan held investments in pooled separate accounts measured at NAV of \$0 and \$ 5,276,420 respectively, and reported as investments at fair value on the statements of net assets available for benefits.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

KETCH Pension Trust

Notes to Financial Statements

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis as of June 30, 2025 and 2024.

Investments at fair value as of June 30, 2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,730,474	\$ -	\$ -	\$ 6,730,474
Total assets in the fair value hierarchy	\$ 6,730,474	\$ -	\$ -	\$ 6,730,474
Investments measured at net asset value*				
Pooled separate accounts				-
Investments at fair value				\$ 6,730,474
Investments at fair value as of June 30, 2024				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				
Pooled separate accounts				5,276,420
Investments at fair value				\$ 5,276,420

5. Investments at Contract Value

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. See Note 6 for discussion on Plan assets measured at contract value.

6. Fully Benefit-Responsive Investment Contracts

The Plan held a traditional fully benefit-responsive guaranteed investment contract, for which contributions were maintained to a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

KETCH Pension Trust
Notes to Financial Statements

6. Fully Benefit-Responsive Investment Contracts (continued)

The AUL Stable Value Account was considered fully benefit-responsive and therefore was reported at contract value. Contract value also approximated fair value for the year ended June 30, 2024. The contract values are an aggregation of contributions plus accrued interest, less withdrawals, if any, and are guaranteed by the investment contract issuer and reflect the exit value available to the Plan and Plan participants.

This investment was the equivalent of a savings account and paid interest for the time period invested. The contract issuer was contractually obligated to repay the principal and interest at the specified interest rate guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but could not be less than 0%. The crediting rate was reviewed on an annual basis for resetting. The average yield for the AUL Stable Value Account was 1.5% for the year ended June 30, 2024. The contract itself did not have a scheduled maturity date.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The contract value of the fully-benefit responsive contract was \$0 and \$631,225 as of June 30, 2025 and 2024, respectively, and is reported as investments at contract value on the statements of net assets available for benefits.

Certain events could have limited the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuers that also would have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events might have been different under each contract. Such events include:

KETCH Pension Trust
Notes to Financial Statements

6. Fully Benefit-Responsive Investment Contracts (continued)

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

All participant investments in the AUL Stable Value Account were transferred into mutual funds held in T. Rowe Price as of June 13, 2025.

7. Related-Party and Party In Interest Transactions

Certain Plan investments are/were managed by the Custodians (T. Rowe Price and American United Life Insurance Company), and therefore, these transactions qualify as party in interest transactions. As described in Note 2, the Plan made direct payments to the custodians and/or agents of \$5,081 and \$59,137 for the years ended June 30, 2025 and 2024, respectively, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Fees incurred by the Plan for the investment management services provided by a third party are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. American United Life Insurance Company received revenue from investment fund service providers for services American United Life Insurance Company provides to the funds. This revenue was used to offset certain amounts owed to American United Life Insurance Company for its administrative services to the Plan. If the revenue received by American United Life Insurance Company from such investment fund service providers exceeds the amount owed for its services, American United Life Insurance Company remitted the excess to the Plan's trust on a quarterly basis. The Plan or Plan Sponsor may have made a payment to American United Life Insurance Company for administrative expenses not covered by revenue sharing.

8. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

KETCH Pension Trust
Notes to Financial Statements

9. Tax Status

The Plan adopted a pre-approved plan offered by Foulston Siefkin LLP. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of June 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress (2022 and after).

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
