INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Encoder Products Company 401(k) Profit Sharing Plan and Trust
Sagle, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Encoder Products Company 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Encoder Products Company 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as June 30, 2025 and 2024 and for the year ended June 30, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Encoder Products Company 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Encoder Products Company 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Encoder Products Company 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Encoder Products Company 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENCODER PRODUCTS COMPANY 401(K) PROFIT SHARING PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan

The following description of Encoder Products Company 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time and hourly employees of the Plan Sponsor age 21 or older and are not covered by a collective bargaining agreement. For employee contribution purposes, employees are eligible for Plan participation on the first day of the month following the completion of 90 days of employment. To be eligible for the Plan Sponsor match, employees must have one year of service (at least 1,000 hours). Non-elective Plan Sponsor contributions and matching Plan Sponsor contributions, if any, begin the first day of each Plan year or the first day of the seventh month of each Plan year depending on when a Participant meets the eligibility requirements for such contributions. The Plan was effective July 1, 1974 and was amended as restated effective April 6, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to defer up to 60% of their pre-tax eligible compensation, as defined by the Plan, on a voluntary basis. The Plan also offers a Roth contribution option, which allows Participants to contribute after-tax dollars. Participants over age 50 before the close of the calendar year are eligible to defer an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company matches 100% of the first 4% of the employee’s base compensation that a participant contributes to the Plan. The Plan Sponsor contributed \$272,272 and \$175,050 in discretionary match during the Plan years ended June 30, 2025 and 2024, respectively. No profit sharing contribution was made for the years ended June 30, 2025 and 2024. Contributions are subject to certain limitations.

Note A – Description of Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Vesting in any company match or profit-sharing contribution is based on years of continuous services as defined in the plan agreement. Participants become fully vested upon completion of six years of service with the Company. The vesting schedule is as follows: 20% after two years of service, 40% after three years, 60% after four years, 80% after five years and 100% at the completion of the sixth year of service. If a participant is separated from the Company, the participant retains only their vested portion of their interest in funds contributed by the Company.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest. The loans are secured by the balance in the participant's account and bear an interest rate between 4.25% and 10.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions over a period not to exceed five years, unless the proceeds were used to purchase a primary residence, in which case the terms may not exceed ten years. Participants are permitted to have up to three notes outstanding at any time provided they do not exceed the maximum dollar limit.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution immediately after termination or may defer distribution to a later date if certain criteria are met. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Following a hardship withdrawal, participant's elective deferrals are suspended for a period of six months.

**ENCODER PRODUCTS COMPANY 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

Note A – Description of Plan (Continued)

Administrative Expenses

The Plan Sponsor pays substantially all the expenses associated with the administration of the Plan after forfeitures have been utilized. Fees paid by the Plan are for participant requested services and deducted directly from the participant's account.

Forfeited Accounts

At June 30, 2025 and 2024, there were \$75,344 and \$53,277 of forfeited nonvested accounts, respectively. Forfeitures are used to reduce future employer contributions or pay plan administrative expenses. The plan sponsor used \$6,101 of forfeited nonvested accounts to pay plan administrative expenses in 2025.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through an annuity contract offered by the trustee. Contract value for this investment is based on the net asset value of the contract, as reported by the trustee.

Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

**ENCODER PRODUCTS COMPANY 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

Note B – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions are included in the dividend income. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent to June 30, 2025, the Plan Sponsor adopted an amendment to the Plan's adoption agreement effective January 1, 2026. The amendment modifies the eligibility service requirement and entry provisions related to employer contributions. Under the amended provisions, participants will become eligible for matching employer contributions after completing three months of service, and entry for non-elective and matching employer contributions will occur on the first day of each month after satisfying the applicable eligibility requirements. The amendment was not effective during the year ended June 30, 2025 and, accordingly, had no impact on the accompanying financial statements.

The Plan has evaluated subsequent events through April 14, 2026 which is the date the financial statements were available to be issued.

**ENCODER PRODUCTS COMPANY 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value instrument.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. At June 30, 2025 and 2024, the Plan's investments are held in mutual funds, collective trust funds, self-directed participant brokerage accounts and a life insurance contract.

The Plan's investments in the money market funds, mutual funds, common/collective trust ("CCT"), and any self-directed brokerage investments are stated at fair value and are measured as Level 1 assets. All collective trust funds are valued based on the net asset value (NAV) of the observable market prices of underlying assets within the account less liabilities. Certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

ENCODER PRODUCTS COMPANY 401(K) PROFIT SHARING PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note C – Fair Value Measurements (Continued)

Mutual Funds and Money Market Funds (Registered Investment Companies)

These investments are public investment vehicles valued using the net asset value (NAV), provided by the administrators of the funds. The NAV is based on the value of the underlying assets owned by the funds, minus the liabilities, and then divided by the number of shares outstanding. These funds are required to publish their NAV daily and to transact at that price. The funds held by the Plan are deemed to be actively traded and classified within Level 1 of their fair value hierarchy. Money market funds seek to preserve a \$1.00 NAV.

Participant-Directed Self Brokerage Accounts

Participants have access to Fidelity BrokerageLink, which is a self-directed brokerage account. Through this account, a participant can elect to invest in numerous publicly traded securities and mutual funds not offered directly by the Plan. The Plans' investments in common stock and cash within the BrokerageLink account are valued using Level 1 measurements.

Life Insurance Contracts

Prior to June 2000, participants of the Plan had the option to designate a portion of their account for the purchase of life insurance policies. Any participants electing this option prior to June 2000 were allowed to continue contributing to their life insurance policy. The insurance contracts are measured at their cash surrender value, and are considered Level 3 assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Except for the cash surrender value of the investment in life insurance contracts, the table below is a summary of the investment information as of June 30, 2025 and 2024 included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the plan administrator. Fidelity Management Trust Company has certified that the following investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the information on the next page.

Unrealized losses	<u>(3,447)</u>
Balance, end of year	<u>\$ 7,438</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Note D – Related Party Transactions

Certain Plan investments are shares of funds managed by Fidelity Investment Institutional, the Plan's record keeper; therefore, these transactions qualify as party-in-interest transactions. During June 30, 2025 and 2024 administrative expenses paid to Fidelity Investments Institutional by the Plan were \$11,659 and \$13,569 respectively.

ENCODER PRODUCTS COMPANY 401(K) PROFIT SHARING PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note E – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall become 100% vested in their employer contributions.

Note F – Income Tax Status

The Plan is intended to be a qualified plan under Section 401(k) of the Internal Revenue Code, and the Plan is interpreted, applied and administered consistent with the intent to qualify. The Plan was established through the Fidelity Prototype Plan and Fidelity Basic Plan Documents No. 17 of Fidelity Management and Research Company, who had received a letter from the Internal Revenue Service indicating the Plan is acceptable. The Plan has been subsequently amended, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (assets) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
