Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CHERRY BEKAERT, LLP**

(2) EIN: **56-0574444**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditor

To the Plan Administrator and Participants
Appalachian Regional Healthcare, Inc. Pension Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Appalachian Regional Healthcare, Inc. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of June 30, 2025, and Schedule of Reportable Transactions – Form 5500, Schedule H, Part IV, Line 4j for the year ended June 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

Note 1—Description of the Plan

The following description of the Appalachian Regional Healthcare, Inc. Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a non-contributory defined benefit plan covering Appalachian Regional Healthcare, Inc.’s (the “Company” or “Employer”) employees who are represented by the United Steelworkers of America in accordance with the collective bargaining agreement between the Company and the United Steelworkers of America, AFL-CIO-CLC, and provides retirement, death, and disability benefits. As of April 1, 2013, the Plan was frozen to new members. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – The Company’s funding policy is to make annual contributions to the Plan as determined by the Plan’s independent actuary. No employee contributions are permitted. Net investment income serves to reduce contributions that would otherwise be required to provide for the defined level of benefits under the Plan. Amounts forfeited by any participant through termination of employment are used to reduce future contributions to the Plan and do not increase the benefits which other participants would otherwise receive under the Plan. The Company’s contributions for 2025 and 2024 met the minimum funding requirements of ERISA (none required for 2025). If the value of the assets of the Plan as of any date exceeds the amount required as of that date to fund accrued benefits, the excess will not be used to provide benefits not otherwise provided by the Plan.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension Benefits – The Plan provides several payment options for receiving Plan benefits. A participant may elect to receive a lump sum, life annuity, or a joint and survivor annuity. Normal retirement benefits are available to eligible participants the first of the month coincident with or next following their 65th birthday. Early retirement benefits are available for participants who have attained age 55 and are vested. Late retirement, disability retirement, termination of employment benefits, and death benefits are also available as defined by the Plan agreement.

Vesting – One year of vesting service accrues for each Plan year during which an employee accrues at least 1,000 hours of service. A participant becomes fully vested upon accrual of five years of vesting service.

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; the disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the Plan year.

APPALACHIAN REGIONAL HEALTHCARE, INC. PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

Note 2—Summary of significant accounting policies (continued)

Payments of Benefits – Benefits are recorded upon distribution. There were no benefit payments requested and not yet disbursed at June 30, 2025 or 2024.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company. Expenses not paid by the Company are the responsibility of the Plan.

Investment Management Fees and Operating Expenses – Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Note 3—Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on years of credited service or benefits earned through June 30, 1989 under the career average formula, if greater. The accumulated plan benefits for active employees are based on benefits earned to the valuation date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was estimated by an independent actuarial firm. This amount results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The computations were made as of July 1, 2025 and 2024. Had the valuations been as of June 30, 2025 and 2024, there would be no material differences.

The significant actuarial assumptions used in the valuation as of July 1, 2025 and 2024, are shown below:

Actuarial cost method	Projected unit credit
Assumed rate of return on investments	6.25%
Mortality rates - healthy	Pri-2012 Mortality Table (with separate rates for contingent survivors) with blue collar adjustment projected generationally using Scale MP-2021 (base year 2012).
Mortality rates - disabled	Pri-2012 Disabled Lives Mortality Table projected generationally by Scale MP-2021 (base year 2012).
Assumed retirement rates	Various rates ranging from 5% at age 55 to 100% at age 70.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

APPALACHIAN REGIONAL HEALTHCARE, INC. PENSION PLAN
NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

Note 3—Actuarial present value of accumulated plan benefits (continued)

The actuarially computed present value of accumulated plan benefits as of July 1 are as follows:

	2025	2024
Vested benefits:		
Participants currently receiving benefits	\$ 91,997,332	\$ 80,833,968
Other participants	64,554,411	41,383,062
	156,551,743	122,217,030
Nonvested benefits	112,088	1,160,341
Total actuarial present value of accumulated plan benefits	<u>\$ 156,663,831</u>	<u>\$ 123,377,371</u>

The changes in the actuarially computed present value of accumulated plan benefits for the years ending July 1 are as follows:

	2025	2024
Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 123,377,371</u>	<u>\$ 123,585,679</u>
Increase (decrease) during the year attributable to:		
Benefits accrued and actuarial experience	9,852,344	2,192
Interest	9,483,166	9,505,684
Benefits paid	(9,865,375)	(9,716,184)
Actuary assumption changes	23,816,325	-
Net increase (decrease)	<u>33,286,460</u>	<u>(208,308)</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 156,663,831</u>	<u>\$ 123,377,371</u>

For the July 1, 2025 and 2024 valuations, the changes in actuarial assumptions were adjusted due to an underlying factor that caused a reduction in discount rate.

During the current valuation cycle, several assumption and methodology refinements were implemented. First, the ASC 960 discount rate was decreased from 8.00% to 6.25%. The impact of this change is reflected in the assumption change component of the liability reconciliation. In addition to increasing the overall projected benefit obligation, the lower discount rate resulted in a decrease in the nonvested liability, as the actuarial adjustment applied at early commencement more closely aligns with the plan's early retirement factors.

Second, late retirement valuation programming was refined following discussions with, and the transition from, the prior actuary (Aon). These updates addressed four specific areas: (i) the prior assumption regarding the issuance of suspension of benefit notices to active participants was updated to reflect current plan administration; (ii) late retirement factors applied to terminated vested participants were revised to conform with the plan document; (iii) late retirement factors for terminated vested participants were corrected to be based on age at assumed commencement rather than age at valuation; and (iv) late retirement factors were incorporated for terminated vested participants under age 65 who are assumed to commence benefits after age 65.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

Note 4—Information prepared and certified by qualified institutions

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, and Transamerica Trust Company (formerly known as Massachusetts Fidelity Trust Company), a qualified institution.

- Cash noninterest-bearing, investments at fair value, and investments at contract value as shown in the statements of net assets available for benefits as of June 30, 2025 and 2024.
- Interest and dividends, and net appreciation in fair value of investments as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2025 and 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of June 30, 2025.
- Schedule of Reportable Transactions – Form 5500, Schedule H, Part IV, Line 4j for the year ended June 30, 2025.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Note 5—Fair value investments

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5—Fair value measurements (continued)

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Interest Bearing Cash – Valued at cost, which approximates fair value and is classified as Level 1 within the fair value hierarchy.

Mutual Funds and Unit Investment Trusts – Valued at the daily closing price as reported by the fund or trust. Mutual funds and unit investment trusts held by the Plan are registered with the Securities and Exchange Commission. These funds or trusts are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds and unit investment trusts held by the Plan are deemed to be actively traded and are categorized as Level 1 within the fair value hierarchy.

U.S. Government Securities – Valued using pricing models (i.e. discounted cash flows), and quoted prices of securities with similar characteristics or broker quotes. These are categorized as Level 2 within the fair value hierarchy.

Collective Trust Fund and Real Estate Investment Trusts – Valued at NAV of units held by the Plan at year-end provided by the issuer of the fund. NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments. Investments valued using NAV as a practical expedient are not reflected in the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5—Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at June 30:

	2025			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 3,267,266	\$ -	\$ -	\$ 3,267,266
Unit investment trusts	115,871,920	-	-	115,871,920

Investments measured at NAV *				<u>9,421,887</u>
Investments, at fair value				<u>\$ 159,399,339</u>

	2024			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 3,225,043	\$ -	\$ -	\$ 3,225,043
Unit investment trusts	111,792,769	-	-	111,792,769
Mutual funds	23,213,858	-	-	23,213,858
U.S. government securities	-	5,013,357	-	5,013,357
Total assets in the fair value hierarchy	<u>\$ 138,231,670</u>	<u>\$ 5,013,357</u>	<u>\$ -</u>	143,245,027
Investments measured at NAV *				<u>8,340,148</u>
Investments, at fair value				<u>\$ 151,585,175</u>

* In accordance with Financial Accounting Standards Board guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statements of net assets available for benefits.

Note 6—Fully benefit-responsive investment contract

The Plan has a fully benefit-responsive investment contract with Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account and there are no particular segregated or identifiable assets ascribed to the Plan's investment. The fixed interest investment contract is included in the financial statements at contract value as reported to the Plan by Standard. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The fixed interest investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Crediting interest rates for the fixed interest investment contract are set by Standard using a process similar to that used by banks or other insurance companies for similar products, taking into account yield forecasts from Standard's asset advisory group and the margins required for business. The crediting interest rate is based on a formula agreed upon with the issuer and is guaranteed not to drop below 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

Note 6—Fully benefit-responsive investment contract (continued)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value are not probable of occurring.

The investment contract does not have a maturity date. Standard may terminate the agreement with 30 days advance written notice to the contract owner for reasonable cause. Upon termination by Standard, a market value adjustment or other withdrawal restrictions may apply.

Note 7—Plan termination

Should the Plan terminate at some future time, its net assets will generally not be available on a pro-rata basis to provide participant's benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Information about the Plan agreement, the vesting and benefit provisions, and the PBGC's benefit guarantee is contained in the pamphlet *The Appalachian Regional Healthcare Pension Plan* as well as the *Summary Plan Description*. Copies of this pamphlet as well as copies of the *Summary Plan Description* are available from the Retirement Committee.

Note 8—Income tax status

The Internal Revenue Service ("IRS") ruled August 1, 2014, that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receipt of the opinion letter. However, the Plan administrator believes the Plan was designed, and was operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken

that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Related party and party-in-interest transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties-in-interest. The Plan invests in a collective trust fund managed by Transamerica Retirement Solutions, the Plan's third party administrator. These transactions and related activity qualify as party-in-interest.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025 AND 2024

Note 10—Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

The actuarial present value of accumulated plan benefits is prepared based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation process, it is at least reasonably possible that changes in these estimates in the near-term would be material to the financial statements.

Note 11—Subsequent events

The Plan has evaluated all subsequent events through April 13, 2026, which is the date these financial statements were available to be issued and has determined there are no subsequent events that require disclosure.

Note 12—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 as of June 30:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 163,496,047	\$ 158,361,952
Employer contribution receivable	<u>-</u>	<u>(3,000,000)</u>
Net assets per Form 5500	<u>\$ 163,496,047</u>	<u>\$ 155,361,952</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended June 30, 2025:

Net increase in net assets available for benefits per the financial statements	\$ 5,134,095
Change in employer contribution receivable	<u>3,000,000</u>
Net income per Form 5500	<u>\$ 8,134,095</u>

Surviving Spouse Benefit

It is assumed that 75% of males and 75% of females have an eligible spouse, and that males are three years older than their spouses

Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, Part V — Summary of Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date:	January 1, 1973
Effective Date of Last Amendment:	January 1, 2013
Plan Year:	July 1 through June 30
Employer Fiscal Year:	July 1 through June 30
Employer ID Number:	52-0795508
Plan Administrator's ID Number:	52-0795508
Plan Number:	002
Plan Administrator:	Appalachian Regional Healthcare, Inc.

Eligibility

All union employees hired before April 1, 2013 (United Steelworkers of America, AFL-CIO-CLC) who had, or will have, completed 1,000 hours in the first anniversary year or in any plan year.

Credited Service

Service from the date of hire to the date of determination, prorated based on the number of hours worked in each plan year.

Hours of Service	Credited Service Years
0 – 99	0.0
100 – 195	0.1

Vesting Service

One year of vesting service accrues for each plan year during which an employee completes at least 1,000 hours. A participant becomes fully vested upon accrual of five years of vesting service.

Normal Retirement Date

Normal Retirement Date is the first of the month coincident with or next following the participant's 65th birthday.

Normal Retirement Benefit

The normal retirement benefit is \$25 times credited service.

Accrued Benefit

The Accrued Benefit at any time prior to a participant's Normal Retirement Date shall be the benefit as calculated under Normal Retirement Benefit above.

Early Retirement Benefit

Employees who are vested and have attained the age of 55 may retire at the beginning of any month. The amount payable to an early retiree shall be his or her accrued benefit at the time of early retirement reduced by 1/180 for each of the first 60 months and 1/360 for each of the next 60 months that the commencement of benefits precedes the participants normal retirement date.

Late Retirement Benefit

A participant may continue in the employment of the Employer after his Normal Retirement Date. The late retirement benefit is the greater of i) the normal retirement benefit calculated using benefit service as of the late retirement date, or ii) the actuarial equivalent of the benefit as of the normal retirement date.

Disability Retirement Benefit

If the Administrative Committee determines that a participant is totally disabled on medical evidence, the participant is eligible for a disability benefit if vested.

A participant who is entitled to receive benefits under an employer-provided disability program will continue to accrue benefits during such period until his normal retirement date.

A disabled participant may commence receiving his monthly accrued benefit from the plan, unreduced for early payment, at any time after his commencement of Social Security disability payments, provided the participant is no longer entitled to benefits from an employer-provided disability program.

Termination of Employment Benefit

Upon the termination of employment after five or more years of service or attainment of age 65, a participant is fully vested in his Accrued Benefit.

The accrued benefit is payable to terminated vested participants at age 65. Alternatively, a reduced benefit is payable at any time after attainment of age 55. The reduction is the same as indicated under the Early Retirement Benefit provisions.

Pre-Retirement Death Benefit

If a vested participant dies prior to commencement of benefits, a death benefit shall be payable to the participant's spouse, children, or estate.

The participant's spouse will receive a monthly retirement income payable for life in an amount equal to 50 percent of the amount the participant would have received if he had survived and elected to commence receiving a retirement income at the earliest date allowed under the plan, payable under the qualified 50 percent joint and survivor option.

If a member is not survived by a spouse, the children will share 24 payments of the benefits the member would have received had he retired on his date of death and elected immediate benefits.

If a member is not survived by a spouse or children, a death benefit equal to the lump-sum value of a monthly benefit calculated as if the member were survived by a spouse of the same age is payable to the member's estate.

Form of Payment

The normal form of payment is a Single Life Annuity with 24 months guaranteed if the participant is single, or an actuarially equivalent 50 percent joint & survivor annuity if married. Optional forms of annuity payment are:

- Single Life Annuity
- 50 percent or 100 percent Contingent Annuitant Option (with non-spouse beneficiary)
- Single Life Annuity with 60, 120 or 240 months guaranteed

Actuarial Equivalence

Members with Credited Service after July 31, 1983:

Single life annuity = 1.003

2-year certain & continuous = 1.000

5-year certain & continuous = .987

10-year certain & continuous = .949

The lump sum option is based on the applicable mortality table and the applicable interest rate as prescribed by the Secretary of Treasury as provided in Code Section 417(e) for the second month preceding the beginning of the Plan Year containing the date of distribution.

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the Plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

The above description is a summary only; for additional details, reference should be made to the formal plan document.

Plan Changes

The funding valuation does not reflect any plan changes.
