Independent Auditor's Report

To the Trustees of
Northern California Pipe Trades Health and Welfare Plan:

Opinion

We have audited the financial statements of Northern California Pipe Trades Health and Welfare Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended and the statements of benefit obligations as of June 30, 2025 and 2024 and the related statements of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of June 30, 2025 and 2024 and the changes in net assets available for benefits for the years then ended and the benefit obligations as of June 30, 2025 and 2024 and the changes in benefit obligations for the years then ended, of Northern California Pipe Trades Health and Welfare Plan in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northern California Pipe Trades Health and Welfare Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern California Pipe Trades Health and Welfare Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northern California Pipe Trades Health and Welfare Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern California Pipe Trades Health and Welfare Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Northern California Pipe Trades Health and Welfare Plan

Notes to Financial Statements

June 30, 2025 and 2024

1. Description of Plan

The following description of the Northern California Pipe Trades Health and Welfare Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer plan that was established effective September 1, 1993 as a result of a collective bargaining agreement ("CBA") between United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry, Local Union 342 of the United States and Canada, AFL-CIO and various associations of employers and individual employers engaging in the plumbing and pipe fitting industry in the San Francisco Bay Area; the Plan was restated effective July 1, 2023. To be eligible, an employee must be working for a participating employer who is subject to the CBA or for a participating employer subject to a trustee approved participation agreement. Further, the Plan covers all employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

General eligibility rules under the Plan are as follows:

- a. Initial eligibility requires 300 hours to be worked within six consecutive months.
- b. To maintain eligibility, a participant must have a minimum of 130 hours in their hour bank.

Funding Policy

The Plan is financed by employer and retiree contributions, from members electing COBRA, and/or by active self-pay coverage. The monthly employer contribution rate is specified in the collective bargaining agreements. The rate for retiree and COBRA coverage is determined annually by the Board of Trustees.

HRA Benefits

Effective July 1, 2006, certain employers, based on their collective bargaining agreement, were required to make contributions to the Plan for the Health Reimbursement Account ("HRA") on behalf of the eligible participants. Each eligible participant for whom contributions were made will receive the HRA credit for those contributions.

These accounts are separate from other contributions. The Plan is not permitted to refund any of the balances to the participants and the amounts can only be used for qualified expenses, as outlined in the Plan documents. During the year ended June 30, 2017, the Plan issued HRA debit cards, which can be utilized to pay qualifying medical expenses.

The Plan received HRA contributions totaling \$4,117,901 and \$4,862,342 and paid HRA benefits to participants totaling \$4,816,753 and \$3,848,214, for the years ended June 30, 2025 and 2024, respectively. HRA contributions are included in employer contributions on the statements of net assets available for benefits. The HRA asset balance is included in cash and investments on the statements of net assets available for benefits as of June 30, 2025 and 2024. The HRA asset balance as of June 30, 2025 and 2024, totaled \$24,660,145 and \$25,423,812, respectively. At any given time within the year, the HRA savings account could be reduced by outstanding claims not paid currently and is not shown as a liability to the Plan until such time of presentment.

Benefits

The Plan provides medical and prescription drug benefits through insured arrangements with Kaiser, Blue Shield of California PPO, and Blue Shield of California HMO. The Plan provides jury duty benefits on a self-funded basis for members who meet the Plan's minimum eligibility requirements. Dental and orthodontic benefits are provided through insured arrangements with Kaiser and Blue Shield Health Plan (PPO and HMO coverage).

Life insurance benefits for active participants are provided by Principal Life, with an active death benefit. Vision benefits for active and retired participants are paid by Vision Service Plan.

The cost of the post-retirement benefit plan is shared by the Plan's participating employers and retirees. In addition to deductibles and co-payments, 5.2% and 5.1% as of June 30, 2025 and 2024, respectively, of the estimated cost of providing post-retirement benefits is through retiree contributions.

Northern California Pipe Trades Health and Welfare Plan

Notes to Financial Statements

June 30, 2025 and 2024

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), has been adopted by the Plan.

Participants should refer to the Summary Plan Description and recent Plan amendments for more complete information.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Premiums paid are recorded as premium payments in the accompanying statements of changes in net assets available for benefits. Premiums not yet paid at year-end are included as amounts currently payable in the accompanying statements of benefit obligations. HRA benefits are recorded when benefits are paid to participants. See Note 1 for further information on HRA benefits.

Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan Administrator allocates certain administrative and record-keeping costs to the Plan, in addition to the cost of payroll and related payroll benefits directly attributable to the Plan. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Plan in relation to the various other entities administered by the Plan Administrator. These expenses are reported in administrative fees on the statements of changes in net assets available for benefits. Certain investment related expenses are included in net appreciation in fair value of investments.

Accumulated Eligibility Credits

The Plan provides eligibility for benefits on a skip-month basis whereby hours worked in June provide for August eligibility. In general, hours worked in excess of 130 hours per month, effective July 2020, can accumulate to a capped amount in an hour bank. Accumulated eligibility credits represent the estimated liability for future benefits based on the participants' accumulated eligibility arising from hours worked through June 30.

Overpayment Recoveries Receivable

Overpayment recoveries receivable represent amounts due from Plan participants for overpayments made by the Plan as a result of certain participants who failed to timely enroll in Medicare or failed to notify the Plan that a previously eligible dependent no longer qualified for benefits under the Plan. The Plan provides for an allowance for credit loss, based on evaluation of collection history and current and financial conditions of participants. The allowance for credit loss as of June 30, 2025 and 2024, totaled approximately \$33,000 for both years, and is included in the overpayment recoveries receivable account balance. During the years ended June 30, 2025 and 2024, the Plan recorded credit loss expense in the amount of \$30,741 and \$20,666, respectively, which is included in the statements of changes in net assets under administrative expenses.

Northern California Pipe Trades Health and Welfare Plan
Notes to Financial Statements
June 30, 2025 and 2024

Post-retirement Benefit Obligations

Post-retirement benefit obligations are actuarially determined based on claims experience, census data and other factors, as described in Note 3.

Contributions Receivables

Employer contributions due and not paid prior to the year-end are recorded as employer contributions receivable. Allowance for credit loss is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received. Reciprocity is recorded when employer contributions, income or payments are identified

Subsequent Events

Subsequent events were evaluated through April 13, 2026, the date the financial statements were available to be issued.

3. Postretirement and Postemployment Benefit Obligations

The Plan provides lifetime health coverage to certain retirees and their dependents. The amount reported as the post-retirement benefit obligations represents the total actuarial present value of those estimated future benefits that are attributed by terms of the Plan to employees' service rendered to June 30, 2025 and 2024, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Post-retirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active participant's full eligibility date, the post-retirement benefit obligation is the portion of the expected post- retirement benefit obligation that is attributed to that participant's service in the industry rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligations is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Some of the more significant actuarial assumptions used to calculate the post-retirement health and death benefit obligations at June 30, 2025 and 2024, are as follows:

Mortality Rates	PRI-2012 Private Retirement Plans Mortality Table with Blue Collar adjustment, healthy non-annuitant and annuitant and contingent survivor lives, fully generational projection using Scale MP-2019.
Expenses	Included in assumed cost of benefits.
Interest	2025: 5.50% per annum. 2024: 5.25% per annum.

Northern California Pipe Trades Health and Welfare Plan
Notes to Financial Statements

Retirement rates:

Attained age	
55	20%
56	10%
57	10%
58	10%
59	10%
60	20%
61	20%
62	20%
63	20%
64	20%
65 and over	100%

Normal retirement age is 65.

The statements of changes in benefit obligations included a decrease of approximately \$79 million for the change in assumptions for the period ended June 30, 2025. The changes in assumptions include medical inflation using Getzen model, future medical costs, and discount rate change from 5.25% to 5.50%. The average retirement age is 62.0 years for the year ended June 30, 2025.

It is assumed that the portion of health care costs subsidized by the Plan will continue to increase. That is, the self-pay rates for retirees, survivors and dependents will remain constant.

The trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the post-retirement benefit obligations as of June 30, 2025 and 2024, by \$128,418,692 and \$137,480,441, respectively.

The funding of the post-retirement benefit obligations is not covered by the current collective bargaining agreement. It is expected that any deficiency will be funded through future increases in the collectively bargained contribution rates.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

Northern California Pipe Trades Health and Welfare Plan
Notes to Financial Statements
June 30, 2025 and 2024

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at June 30, 2025 and 2024.

Interest-Bearing Cash: These investments are stated at cost, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2025 and 2024:

June 30, 2025				
	Level 1	Level 2	Level 3	Total

Total investments at fair value	\$ 118,042,239	\$ 6,117,071	\$ -	\$ 124,159,310

5. Related-Party and Party In Interest Transactions

The funding of the post-retirement benefit obligations is not covered by the current collective bargaining agreement. It is expected that any deficiency will be funded through future increases in the collectively bargained contribution rates.

The Plan is administered jointly with Northern California Pipe Trades Pension Plan and Northern California Pipe Trades Supplemental 401(k) Retirement Plan by U.A. Local 342 Joint Labor Management Cooperation Committee, Inc. (the "JLM"). These plans and the JLM have common board members. Certain expenses are funded by the JLM and are allocated between these funds based on amounts approved by the Board of Trustees. The Plan's share of these administrative costs during the years ended June 30, 2025 and 2024, totaled \$1,036,884 and \$1,018,172, respectively.

In addition, during the years ended June 30, 2025 and 2024, the Plan paid \$723,540 and \$710,393, respectively, to the JLM to cover joint service administration costs.

Northern California Pipe Trades Health and Welfare Plan
Notes to Financial Statements
June 30, 2025 and 2024

6. Plan Termination

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated. Termination shall not permit any part of the Plan assets to be used for, or diverted to, purposes other than the exclusive benefit of the participants. In the event of termination, the assets remaining in the Plan, after providing for any administrative expenses, shall be applied for the purposes of the trust and otherwise allocated among the participants and beneficiaries in the manner determined to be prudent by the Trustees and consistent with ERISA.

7. Tax Status

The Plan obtained its latest determination letter, dated June 15, 1994, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded, as of June 30, 2025 and 2024, that there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions.

8. Concentrations

Cash Concentrations

The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution. Cash balances regularly exceeded the insured deposit limit. Cash at June 30, 2025 and 2024, consisted of the following:

	2025	2024
Fremont Bank:		
HRA money market account	\$ 854,047	\$ 1,183,991
Money market account	7,333,637	7,916,035

Administrative checking account	(82,858)	(400,924)
	<u>\$ 9,171,789</u>	<u>\$ 9,951,071</u>

Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's financial condition, result of operation, and cash flows.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2025 and 2024, to Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 142,873,952	\$ 141,387,105
Benefit obligations currently payable	(116,827)	(145,697)
Net assets available for benefits per Form 5500	<u><u>\$ 142,757,125</u></u>	<u><u>\$ 141,241,408</u></u>

The following is a reconciliation of benefits paid to or for participants per the financial statements for the years ended June 30, 2025 and 2024, to Form 5500:

Benefits paid to or for participants per the financial statements	\$ 83,520,899
Add: Amounts payable at June 30, 2025	116,827
Less: Amounts payable at June 30, 2024	(145,697)
Benefits paid per Form 5500	<u><u>\$ 83,492,029</u></u>

10. Major Employers

The Plan considers a large employer to be one contributing at least 5% of total contributions, which is approximately \$3,763,643 and \$4,803,075, for the Plan years ended June 30, 2025 and 2024. Respectively for the years ended June 30, 2025 and 2024, there were four employers, who contributed at this level. Further information may be acquired at the Trust Fund Office.

11. Risks and Uncertainties

The Plan invests in mutual funds and exchange-traded funds and cash equivalents. Such investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Report on Supplementary Information

Independent Auditor's Report

To the Board of Trustees of
Northern California Pipe Trades Health and Welfare Plan:

We have audited the financial statements of Northern California Pipe Trades Health and Welfare Plan (the "Plan") as of and for the years ended June 30, 2025 and 2024, and have issued our report thereon dated April 13, 2026, which contained an unmodified opinion on those financial statements. Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The discretionary supplemental information for the years ended June 30, 2025 and 2024 are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.
