Janet McNeil and management of Bekaert Corporation 401(k) Profit Sharing Plan:

We have audited the financial statements of Bekaert Corporation 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended December 31, 2024, and we will issue our report thereon dated October 14, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Empower Trust Company and Empower Annuity Insurance Company of America, the custodians, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 13, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive accounting estimates used in the Plan's financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of the Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 14, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

The Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 discloses nonexempt prohibited transactions, as disclosed in Schedule H, Line 4(a) of the financial statements.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets which provide benefits under the plan and held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Reportable Findings and Internal Control Matters

We are required to communicate to you, in writing and in a timely manner, all reportable findings, significant deficiencies, and material weaknesses that have been identified in the Plan's internal control. The definitions of a reportable finding, deficiency, significant deficiency, and material weakness are as follows:

Reportable Finding

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) an identified instance of noncompliance or suspected noncompliance with laws and regulations, (2) a finding arising from the audit that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to you by other parties and that in our professional judgment are sufficiently important to merit your attention.

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A reportable finding may also be considered a deficiency, significant deficiency, or a material weakness.

In accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control. In accordance with 29 CFR 2520.103-5, our audit did not extend to the certified investment information and as such internal control relating to the certified investment information was not considered.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses, significant deficiencies, or reportable findings and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

We consider the following deficiencies in the Plan's internal control to be significant deficiencies which were also considered to be reportable findings:

Merger Resolution Not Available:

During our audit we noted the lack of a formal resolution and/or amendment supporting a December 31, 2023 merger date of the Bridon Non-Union Plan into the Bekaert Profit Sharing Plan. We note the prior audit reports of the Bekaert Profit Sharing Plan and Bridon Non-Union Plans supported a December 31, 2023 merger date. We recommend working with advisors and executing a resolution and/or amendment supporting the December 31, 2023 merger date.

We identified, as a result of our audit, the following deficiencies in the Plan's internal control related to relevant plan provisions which were also considered to be reportable findings. We did not consider these to be material weaknesses or significant deficiencies:

Improperly Included Compensation:

During our testing of participant and employer contributions, we noted multiple instance in which certain group term life compensation was improperly included in the compensation used to calculate participant contributions. We also noted multiple instances of overtime being improperly included in the calculation of employer contributions. Furthermore, we noted some individuals had pay reward included in the calculation of participant contributions while others had it excluded. The plan document defines compensation as W-2 wages and does not specifically include group term life in plan compensation for participant contributions or overtime in plan compensation for employer contributions. Plan management has reviewed the entire population and determined the error is immaterial. We recommend that the plan administrator refund the participant contributions and ensure that the excess match is forfeited. We further recommend that management review the procedures in place to ensure that all forms of plan compensation are properly included in the calculation of compensation for deferral and match purposes. Lastly, we recommend reviewing the deferral practice for pay reward and ensure it is administered consistently amongst all participants and ensure the treatment is in line with plan documentation. This is an operational error.

Principal Residence Loan Documentation:

During our testing, we noted one instance in which management was unable to provide documentation to support a participant's primary residence purchase. We recommend management obtain this documentation prior to approval of any loan with a term greater than five years.

Discrepancy Between Loan Policy and Plan Document:

During our testing we noted the number of loans allowed per the loan policy is two; however, the plan document indicated one. Per discussions with plan management the practice is to allow two loans. We recommend updating the plan document to reflect operations.

We identified, as a result of our audit, the following reportable findings that we did not consider to be material weaknesses, significant deficiencies, or other control deficiencies related to relevant plan provisions:

Unclear if Determination Letter is Needed:

During our audit we noted comments from Empower representatives implying that a determination letter as well as a pre approval letter may be advisable. We recommend visiting with advisors and filing and obtaining a determination letter if deemed advisable.

Late Remittances:

When reviewing Company remittances to the Plan, we noted that certain participant contributions and loan repayments were not remitted within 15 business days after the end of the month withheld and/or were remitted within 15 business days but later than the normal remittance period. It is important that contributions and loan repayments withheld from employees' pay be remitted to the plan trustee/custodian as soon as they can be segregated from the general assets of the Company (at each location). The Department of Labor is focusing on this issue, so it is important to revisit compliance. The "within 15 business days after the end of the month withheld" [DOL Reg. 2510.3-102(b)] is the latest possible date to remit to avoid future violations and taxes. It is not the date that the DOL will necessarily use when looking at the timeliness of remittances.

Late remittances must be reported on Schedule H, Line 4(a) of the Plan's Form 5500 as well as in the supplemental Schedule of Delinquent Participant Contributions. The Company must also calculate lost earnings on the late remittances and contribute the lost earnings to the Plan. Finally, the Plan sponsor must file a form 5330 and pay the excise tax on the lost earnings, unless a prohibited transaction exemption is applied for and received. We recommend that (each location of) the Company begin remitting payments consistently and as soon as possible after each pay period, when the assets are identified and segregated from the general assets.

Match Double Funded:

During our testing we noted one participant who had both pretax and roth contributions a double funded match for two pay dates. Per discussion with management the issue was later caught and corrected in payroll going forward. This is an operational error. We recommend management review the population for others impacted and forfeit the excess match.

Lack of Deferral Rate Documentation:

During our testing, we noted multiple instances in which deferral elections forms or other evidence was unable to be provided. Maintaining proper documentation can safeguard the Plan and the plan sponsor. We recommend that plan management obtain signed copies or other documentation of all deferral election forms and that the documentation be maintained in the employees' personnel file.

As noted above certain errors identified are operational failures which require correction under the IRS Employee Plans Compliance Resolution System ("EPCRS"). The Company elected to correct the failures through the Self-Correction Program ("SCP") available under EPCRS. In accordance with the requirements of EPCRS, the correction method above has put the affected participants in the position they would have been in had the failures not occurred. In order to correct failures using SCP, the Company must have established practices and procedures reasonably designed to prevent such failures. As a best practice we recommend that the Company document corrections and the related controls in place when the failures occurred. Providing such documentation may reduce or eliminate potential sanctions in the event that the IRS selects the plan for examination and identifies the failures.

This information is intended solely for the use of Janet McNeil and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
