We have performed audits of the financial statements of Epic Sheet Metal, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Epic Sheet Metal, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Epic Sheet Metal, Inc. ## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Epic Sheet Metal, Inc. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Epic Sheet Metal, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Epic Sheet Metal, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Notes to Financial Statements

---

#### Note 1 – Description of plan

The following description of Epic Sheet Metal, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

##### General

The Plan is a defined contribution plan. Employees of Epic Sheet Metal, Inc. (the “Company”) become eligible to participate in the Plan on the first day of each calendar month following the date the employee completes two months of service, providing they are at least eighteen years of age and they are not a non-resident alien with no U.S. source income or subject to a collective bargaining agreement.

##### Contributions

Each year participants may contribute their eligible compensation, as defined in the Plan document, up to the annual limit allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make non-elective contributions equal to a percentage of compensation or dollar amount per hour of service based on the Participant’s classification. The non-elective contribution for the year ended December 31, 2022 was \$0.50 per service hour for all eligible employees.

##### Rollover contributions

The Plan provides for rollover contributions, which represents contributions by participants from other tax qualified retirement plans. The maximum amount of a participant’s rollover contribution is not affected by the limits otherwise applicable to participant contributions.

##### Participant accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant account based upon the participant’s investment elections. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

##### Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company’s non-elective contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is obtained upon completion of at least 1,000 hours of service. A participant vests in Company contributions at the rate of 20% per year beginning in year one and is 100% vested after five years of credited service.

### Notes to Financial Statements

---

#### Note 1 – Description of plan (continued)

##### Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability, hardship or in-service if the participant has attained age 59 ½. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account, or they may be rolled over into another plan or an Individual Retirement Account.

##### Hardship withdrawals

Participants may withdraw their elective deferral contributions in the event of hardship as defined by the plan agreement.

##### Administrative expenses

The Plan's administrative fees are paid directly by the participants.

##### Forfeitures

Upon termination of employment, the unvested portion of a participant's Company contribution account is forfeited. Forfeitures of non-elective contributions are used to reduce Company contributions and pay Plan expenses. At December 31, 2022 forfeited accounts available were \$22,045. No forfeitures were used during 2022.

#### Note 2 – Summary of accounting policies

##### Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

##### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### Payment of benefits

Benefits are recorded when paid.

### Note 2 – Summary of accounting policies (continued)

#### Subsequent events

Management evaluates events occurring subsequent to December 31, 2022 in determining the accounting for and disclosure of events that affect the financial statements. The Plan has no subsequent events that required recognition or disclosure in the financial statements for the year ended December 31, 2022. Subsequent events were evaluated through December 5, 2024, which is the date the financial statements were available to be issued

### Note 3 – Information prepared and certified by custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets held at December 31, 2022.

### Note 4 – Fair value measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## Epic Sheet Metal, Inc. Retirement Plan

### Notes to Financial Statements

#### Note 4 – Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*U.S. Government securities:* Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

*Mutual funds:* Valued at the daily closing price, as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Fair Value	Level 1
<u>December 31, 2022</u>		
U.S. Government securities	\$ 52,482	\$ 52,482
Mutual funds	1,404,075	1,404,075
Total investments at fair value	<u>\$ 1,456,557</u>	<u>\$ 1,456,557</u>
<u>December 31, 2021</u>		
U.S. Government securities	\$ 46,201	\$ 46,201
Mutual funds	1,430,257	1,430,257
Total investments at fair value	<u>\$ 1,476,458</u>	<u>\$ 1,476,458</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 5 – Income tax status

The Plan document is a Volume Submitter Profit Sharing Plan with CODA with an Internal Revenue Service (IRS) opinion letter dated December 17, 2021, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's annual return/report of employee benefit plan filings for the past three years are subject to examination by tax authorities, and may change upon examination.

Notes to Financial Statements

---

### **Note 6 – Plan termination**

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contribution accounts.

### **Note 7 – Risks and uncertainties**

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### **Note 8 – Related party and party-in-interest transactions**

Certain Plan investments were managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. There were no administration fees paid by the Plan to Nationwide Trust Company, FSB for the year ended December 31, 2022.
