Independent Auditor's Report

Plan Administrator
Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan
Louisville, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Kiosk Information Systems, Inc. (the Company or Employer) effective January 1, 1997 and most recently restated effective January 9, 2024. The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Issuer, and Administration of the Plan

Prior to January 9, 2024, Empower Trust Company, LLC ("Empower") was the trustee and insurance company, and the recordkeeping administrative services were performed by Empower Retirement. Effective January 9, 2024 all assets were transferred to Fidelity Management Trust Company ("Fidelity") and Fidelity became the trustee of the Plan, and the recordkeeping administrative services are performed by Fidelity Workspace Service LLC. Fidelity holds all assets of the Plan in accordance with the provisions of the service provider contract with the Company. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the month coinciding with or following attainment of age 21 and completion of 30 days of service for all contribution types. Leased employees, union employees, non-resident aliens, residents of Puerto Rico, and temporary employees under contract status are not eligible to participate in the Plan.

Contributions

Participants may contribute up to 100% of their eligible annual compensation on a pre-tax or after-tax Roth basis, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or older based on IRC limitations.

The Company makes safe harbor matching contributions equal 100% of first 3% of compensation deferred, plus 50% of the next 2% of compensation the employee contributes to the Plan. The Plan also allows for an additional discretionary matching contribution and a discretionary profit-sharing contribution to eligible employees who complete 1,000 hours of service during the plan year and are employed on the last day of the plan year. No additional discretionary matching or profit-sharing contributions were made for the year ended December 31, 2024.

Rollover contributions from other qualified plans or Individual Retirement Accounts (IRA) may also be made to the Plan if certain criteria are met.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Participants' Accounts

Participants' accounts are credited with participant pre-tax, Roth, rollover, discretionary matching, safe harbor matching, and discretionary profit-sharing contributions, as well as an allocation of plan earnings or losses. Participants are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option or based on participant-initiated transactions. Participants may direct the investment of their account balances into various mutual funds and a fixed-rate group annuity contract offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

An employee may borrow a minimum of \$1,000 up to the lesser of \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the previous 12 months, or one-half of their vested account balance. Participants may not have more than one loan outstanding at any time. The maximum term of the borrowing is five years, unless for the purchase of a principal residence where the loan can be up to 15 years. A participant's loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the loan agreement. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal posted prime rate plus 1% and are fixed for the duration of the loan. Principal and interest are repaid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, separation of service, or attainment of normal retirement age (65), a participant may elect to receive his/her benefit payment in the form of a lump-sum amount, installment payments, or annuity; remain in the Plan; or may roll over the amount to another qualified retirement plan or Individual Retirement Account (IRA). Immediate lump sum distributions are to be made to terminated participants if the participant's vested account balance is \$1,000 or less. If the account balance is \$1,001 to \$5,000, the balance is rolled into an IRA. These mandatory distributions are only made if the participant has not affirmatively elected to receive their distribution in another form. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Vesting

Participants are immediately vested in their pre-tax, after-tax Roth, rollover, catch-up, Safe Harbor matching, discretionary matching, and discretionary profit-sharing contributions and actual earnings thereon.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to terminate the Plan, subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual and money market funds, as detailed in the accompanying ERISA-Required supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year), are stated at fair value as further discussed in Note 4, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Fidelity.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Contributions

Participant contributions and safe harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Employer profit sharing contributions are recorded in the relevant period in accordance with the terms of the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimis at December 31, 2024 and 2023. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Revenue Credits

The Plan's trust agreement with Empower Retirement provided for a participant revenue credit arrangement, whereby the trustee allocated quarterly deposits into the accounts of eligible participants who were invested in certain funds or pay administrative expenses. There were no unallocated revenue credits at December 31, 2024 and 2023. During 2024, the Plan received credits of approximately \$35,574, which was used to pay administrative expenses. Revenue credits are presented in other income in the statement of changes in net assets available for benefits.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, other income and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America and Fidelity Management Trust Company, qualified institutions.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued at the daily closing price as reported by the fund.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,896,203	\$ -	\$ -	\$ 9,896,203
Money market funds	153,027	-	-	153,027
Total Investments, at fair value	\$ 10,049,230	\$ -	\$ -	\$ 10,049,230

December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,605,618	\$ -	\$ -	\$ 8,605,618
Total Investments, at fair value	\$ 8,605,618	\$ -	\$ -	\$ 8,605,618

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Accounting for Investment Contracts with Insurance Company

The Plan entered into the Key Guaranteed Portfolio Fund (the Fund) with Empower, which was a fixed-rate group annuity contract. The Fund met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fund is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0% and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring. As a result of a change in trustee and recordkeeper during the plan year, the investment in the Key Guaranteed Portfolio Fund was liquidated, and no funds remained in the plan as of December 31, 2024.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Related Party and Party-In-Interest Transactions

Certain plan investments are currently managed by Fidelity. Participant loan and distributions processing fees are paid to Fidelity (and previously Empower) by participants. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. As Any transactions involving these investments are on the open market at fair value, as outlined in Note 4. The Plan also received revenue credits from Empower. The Plan also issues loans to participants which are secured by the vested balance of participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

8. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity Management and Research Company, LLC. The pre-approved plan received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Subsequent Events

The Plan has performed an evaluation of subsequent events through February 24 ,2025, which is the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Kiosk Information Systems, Inc. (the Company or Employer) effective January 1, 1997 and most recently restated effective January 9, 2024. The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Issuer, and Administration of the Plan

Prior to January 9, 2024, Empower Trust Company, LLC ("Empower") was the trustee and insurance company, and the recordkeeping administrative services were performed by Empower Retirement. Effective January 9, 2024 all assets were transferred to Fidelity Management Trust Company ("Fidelity") and Fidelity became the trustee of the Plan, and the recordkeeping administrative services are performed by Fidelity Workspace Service LLC. Fidelity holds all assets of the Plan in accordance with the provisions of the service provider contract with the Company. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the month coinciding with or following attainment of age 21 and completion of 30 days of service for all contribution types. Leased employees, union employees, non-resident aliens, residents of Puerto Rico, and temporary employees under contract status are not eligible to participate in the Plan.

Contributions

Participants may contribute up to 100% of their eligible annual compensation on a pre-tax or after-tax Roth basis, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or older based on IRC limitations.

The Company makes safe harbor matching contributions equal 100% of first 3% of compensation deferred, plus 50% of the next 2% of compensation the employee contributes to the Plan. The Plan also allows for an additional discretionary matching contribution and a discretionary profit-sharing contribution to eligible employees who complete 1,000 hours of service during the plan year and are employed on the last day of the plan year. No additional discretionary matching or profit-sharing contributions were made for the year ended December 31, 2024.

Rollover contributions from other qualified plans or Individual Retirement Accounts (IRA) may also be made to the Plan if certain criteria are met.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Participants' Accounts

Participants' accounts are credited with participant pre-tax, Roth, rollover, discretionary matching, safe harbor matching, and discretionary profit-sharing contributions, as well as an allocation of plan earnings or losses. Participants are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option or based on participant-initiated transactions. Participants may direct the investment of their account balances into various mutual funds and a fixed-rate group annuity contract offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

An employee may borrow a minimum of \$1,000 up to the lesser of \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the previous 12 months, or one-half of their vested account balance. Participants may not have more than one loan outstanding at any time. The maximum term of the borrowing is five years, unless for the purchase of a principal residence where the loan can be up to 15 years. A participant's loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the loan agreement. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal posted prime rate plus 1% and are fixed for the duration of the loan. Principal and interest are repaid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, separation of service, or attainment of normal retirement age (65), a participant may elect to receive his/her benefit payment in the form of a lump-sum amount, installment payments, or annuity; remain in the Plan; or may roll over the amount to another qualified retirement plan or Individual Retirement Account (IRA). Immediate lump sum distributions are to be made to terminated participants if the participant's vested account balance is \$1,000 or less. If the account balance is \$1,001 to \$5,000, the balance is rolled into an IRA. These mandatory distributions are only made if the participant has not affirmatively elected to receive their distribution in another form. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Vesting

Participants are immediately vested in their pre-tax, after-tax Roth, rollover, catch-up, Safe Harbor matching, discretionary matching, and discretionary profit-sharing contributions and actual earnings thereon.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to terminate the Plan, subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual and money market funds, as detailed in the accompanying ERISA-Required supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year), are stated at fair value as further discussed in Note 4, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Fidelity.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Contributions

Participant contributions and safe harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Employer profit sharing contributions are recorded in the relevant period in accordance with the terms of the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimis at December 31, 2024 and 2023. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Revenue Credits

The Plan's trust agreement with Empower Retirement provided for a participant revenue credit arrangement, whereby the trustee allocated quarterly deposits into the accounts of eligible participants who were invested in certain funds or pay administrative expenses. There were no unallocated revenue credits at December 31, 2024 and 2023. During 2024, the Plan received credits of approximately \$35,574, which was used to pay administrative expenses. Revenue credits are presented in other income in the statement of changes in net assets available for benefits.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, other income and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America and Fidelity Management Trust Company, qualified institutions.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued at the daily closing price as reported by the fund.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2024</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,896,203	\$ -	\$ -	\$ 9,896,203
Money market funds	153,027	-	-	153,027
Total Investments, at fair value	\$ 10,049,230	\$ -	\$ -	\$ 10,049,230

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,605,618	\$ -	\$ -	\$ 8,605,618

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Accounting for Investment Contracts with Insurance Company

The Plan entered into the Key Guaranteed Portfolio Fund (the Fund) with Empower, which was a fixed-rate group annuity contract. The Fund met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fund is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0% and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring. As a result of a change in trustee and recordkeeper during the plan year, the investment in the Key Guaranteed Portfolio Fund was liquidated, and no funds remained in the plan as of December 31, 2024.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Related Party and Party-In-Interest Transactions

Certain plan investments are currently managed by Fidelity. Participant loan and distributions processing fees are paid to Fidelity (and previously Empower) by participants. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. As Any transactions involving these investments are on the open market at fair value, as outlined in Note 4. The Plan also received revenue credits from Empower. The Plan also issues loans to participants which are secured by the vested balance of participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Kiosk Information Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

8. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity Management and Research Company, LLC. The pre-approved plan received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Subsequent Events

The Plan has performed an evaluation of subsequent events through February 24 ,2025, which is the date the financial statements were available to be issued.
