## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee  
Portable Practical Educational Preparation, Inc. (PPEP) and Affiliates  
401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PPEP & Affiliates 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PPEP & Affiliates 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PPEP & Affiliates 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PPEP & Affiliates 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PPEP & Affiliates 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PPEP & Affiliates 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets Held for Investment Purposes at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**PPEP & AFFILIATES 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2025 and 2024**

**1. Description of the Plan**

The following description of the PPEP & Affiliates 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of PPEP, Inc., PPEP Microbusiness and Housing Development Corporation, and PPEP of California who have one year of service and are age eighteen or older. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*.

*Eligibility*

Employees are eligible to participate upon attaining eighteen years of age.

Effective April 1, 2016, employees are eligible to participate for purposes of elective deferrals on the first day of a plan quarter following their date of employment and having attained the age of 18.

The Plan excludes leased employees, reclassified employees, and developmentally disabled workers who work less than 15 hours each week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Profit Sharing Portion*

Employer contributions are made to the plan at the discretion of the employer out of its current or accumulated earnings. Contributions during the years ended June 30, 2025 and 2024 were \$0. Employer contributions are allocated to eligible participants' accounts based upon the ratio that the eligible participants' compensation bears to all participants' compensation during the plan year.

*401(k) portion*

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage or stated dollar amount, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investments of their contributions, rollover contributions, and Company matching contributions into various investment options offered by the Plan. Participants are always fully vested (100%) in their 401(k) individual accounts.

Employer contributions are made to this part of the plan at the discretion of the employer out of its current or accumulated earnings. Matching contributions during the years ended June 30, 2025 and 2024 were \$64,972 and \$78,238, respectively. Employee contributions were \$227,050 and \$235,950 for the years ended June 30, 2025 and 2024, respectively.

*Forfeitures*

Forfeitures are allocated to participants' accounts based upon the same method as employer profit sharing contributions. Total amounts forfeited and reallocated during the plan years ended June 30, 2025 and 2024, were \$6,846 and \$1,062, respectively.

Plan earnings and losses are credited to each participant account based upon the performance of the funds in which the participant is invested, as the participant investments are self-directed. *Notes receivable from participants*

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus two-percent. Payment due dates and length of repayment period are established in a promissory note. Payments are due at least quarterly.

*Benefits and distributions upon termination of employment:*

Participants may receive a distribution of the vested portion of some or all of their account balances in the Plan for termination of employment for reasons other than death, disability or retirement. The participant may also receive distributions while the participant is still employed such as after attaining the age of 60; hardship distributions; qualified reservist distributions; and qualified birth or adoption distributions.

Benefits under the Plan will generally be paid to the participant in cash only.

Termination of employment before death, disability or retirement

If the participant's employment terminates for reasons other than death, disability or normal retirement, the participant will be entitled to receive only the "vested percentage" of the participant's account balance.

**NOTES TO FINANCIAL STATEMENTS - continued**  
**June 30, 2025 and 2024**

**1. Description of the Plan - continued**

Termination of employment at Normal Retirement Date

*Normal Retirement Date* - The participant will attain the participant's Normal Retirement Age when the participant reaches age 60, or the participant's 5th anniversary of joining the Plan, if later. The participant's Normal Retirement Date is the date on which the participant attains the participant's Normal Retirement Age.

*Payment of benefits* - The participant will become 100% vested in all of the participant's accounts under the Plan once the participant attains the participant's Normal Retirement Age. However, the actual payment of benefits generally will not begin until the participant has terminated employment and reached the participant's Normal Retirement Date. In such an event, a distribution will be made, at the participant's election, as soon as administratively feasible. If the participant remains employed past the participant's Normal Retirement Date, the participant may generally defer the receipt of benefits until the participant actually terminates employment. In such an event, benefit payments will begin as soon as feasible at the participant's request, but generally not later than age 70 1/2 (if the participant was born before July 1, 1949) or age 72 (if the participant was born after June 30, 1949).

Termination of employment due to disability

*Payment of benefits* - If the participant becomes disabled while an employee, the participant will become 100% vested in all of the participant's accounts under the Plan. Payment of the participant's disability benefits will be made to the participant as if the participant had retired.

*Military service* - If the participant is a veteran and is reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, the participant's qualified military service may be considered service with the Employer. There may also be benefits for employees who die or become disabled while on active duty. Employees who receive wage continuation payments while in the military may benefit from various changes in the law. If the participant is on active duty for more than 30 days, then the Plan generally treats the participant as having severed employment for distribution purposes. This means that the participant may request a distribution from the Plan. If the participant requests a distribution on account of this deemed severance of employment, then the participant is not permitted to make any contributions to the Plan for six (6) months after the date of the distribution.

Benefit payments

*Form of distribution* - If the participant's vested account balance does not exceed \$5,000, then the participant's vested account balance may only be distributed to the participant in a single lump-sum payment. In determining whether the participant's vested account balance exceeds the \$5,000 threshold, "rollover" contributions (and any earnings allocable to "rollover" contributions) will be taken into account. In addition, if the participant's vested account balance exceeds \$1,000, the participant must consent to any distribution before it may be made. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a distribution of the participant's vested account balance in a single lump-sum payment or partial withdrawals.

*Delaying distributions* - The participant may delay the distribution of the participant's vested account balance unless a distribution is required to be made, because the participant's vested account balance does not exceed \$1,000. However, if the participant elects to delay the distribution of the participant's vested account balance, there are rules that require that certain minimum distributions be made from the Plan. Distributions are required to begin not later than the April 1st following the later of the end of the year in

which the participant reaches age 70 1/2 (if the participant was born before July 1, 1949) or age 72 (if the participant was born after June 30, 1949) or retires.

*Expenses*

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

**2. Summary of Accounting Policies**

*Basis of accounting*

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP).

*Subsequent events*

Subsequent events were evaluated through April 24, 2026, which is the date the financial statements were available to be issued.

*Use of estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

*Cash equivalents*

Cash equivalents include amounts held in a "synthetic cash account". Cash equivalents are readily convertible to cash upon demand and are considered short-term investment funds that have an original maturity of 90 days or less and are valued at cost which approximates fair value.

*Notes receivable from participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2025 and 2024, no allowance for credit losses has been reported. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

*Investment valuation and income recognition*

Investments are stated at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-

responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the interest in the stable value fund relating to the fully benefit-responsive investment contract at fair value, which approximates contract value and, therefore, no adjustment from fair value to contract value is necessary. The stable value fund represents participation units of a collective investment trust for which the net asset value (NAV) is based on the market value of the underlying investments.

Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

*Payment of benefits* - Benefits are recorded when paid.

**3. Income tax status**

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan's annual information return is subject to examination by the taxing authority generally for a period of three years from the filing date of the return.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that the Plan has not taken any uncertain tax positions. The Plan's tax returns are generally subject to examination by the IRS for three years after the date the return is filed. There are no current or pending IRS examinations.

**4. Stable value fund**

The Plan invests in a common collective trust fund whose underlying assets are fully benefit-responsive investment contracts. This stable value fund seeks to provide preservation of capital and relatively stable returns by investing primarily in short-term investments and investment-grade stable value investment contracts. The underlying investments of the Federated Hermes Capital Preservation Fund consist of Conventional Guaranteed Investment Contracts ("GICs") and Synthetic Guaranteed Investment Contracts (wrap contracts) and cash equivalents. The GICs are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Whereas, wrap contracts typically reset on a monthly or quarterly basis as negotiated with the issuer and do not have a final stated maturity date. Gains and losses on the underlying portfolio are amortized over the duration of the investment, through adjustments to the future interest crediting rate.

**June 30, 2025 and 2024**

**4. Stable value fund - continued**

A number of factors can influence future crediting rates of wrap contracts, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

**5. Fair value measurements**

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The established framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for the Plan's instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used as of June 30, 2025 and 2024.

*Common Collective Trust Funds*

Common collective trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

*Stable Value Collective Trust Fund*

A stable value fund is a form of common collective trust fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical

expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Mutual Funds*

The investments in mutual funds are valued utilizing a market approach wherein the Plan uses the quoted prices in the active market for identical assets. All of these investments are traded in active markets at their net asset value per share and are primarily categorized as Level 1.

A summary of the Plan's investments measured at fair value on a recurring basis at June 30, 2025 and 2024, set forth by level within the fair value hierarchy (if applicable), is as follows:

The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions.

**6. Certified investments**

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including all investments and notes receivable from participants, held at June 30, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, administrative and trustee fees, and interest income on notes receivable from participants for the years ended June 30, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by COUNTRY Trust Bank (the trustee of the Plan).

**7. Plan Termination**

Although it has not expressed any intent to do so, the Agency has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

**8. Agreements and transactions with parties-in-interest and plan administration costs**

Certain participants borrowed from the Plan. As of June 30, 2025 and 2024, the outstanding notes due from Plan participants were \$65,711 and \$68,699, respectively. Participants are a party-in-interest to the Plan and these loans were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

All administrative costs and expenses incurred by the plan are paid by Portable Practical Educational Preparation, Inc. (PPEP); such expenses include trustee, plan administration and audit fees. Participant related administrative and trustee fees totaling \$27,021 and \$32,565 for the years ended June 30, 2025 and 2024, respectively, were paid directly by the participants.

**9. Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at June 30, 2025, may not necessarily be indicative of amounts that could be realized in a current market exchange.
