**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## Report of Independent Auditors

To the Joint Pension Committee and Plan Administrator of the  
Michigan Sugar Company Pension Plan  
Bay City, Michigan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Michigan Sugar Company Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Michigan Sugar Company Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended July 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michigan Sugar Company Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Sugar Company Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michigan Sugar Company Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Sugar Company Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of July 31, 2025 and schedule of reportable transactions for the year ended July 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### **1. Description of Plan**

The following brief description of the Michigan Sugar Company Pension Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

#### **General**

The Plan is a defined benefit pension plan covering substantially all employees of Michigan Sugar Company (Company) who are members of the Bakery, Confectionery, Tobacco Workers, and Grain Millers Local No. 263-G, AFL-CIO-CLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees hired on or after August 1, 2011 are not allowed to enter the Plan.

#### **Benefits**

The Plan provides normal retirement, early retirement, disability retirement, spouse's benefits, and post-retirement death benefits. Normal retirement age is 65, and early retirement is available at age 62. The normal monthly retirement benefit for regular status employees is equal to \$45 per year of credited service for those retiring on or after August 1, 2016 but prior to August 1, 2017, and \$46 per year of credited service for those retiring on or after August 1, 2017. Effective for those retiring on or after August 1, 2021, the monthly retirement benefit is equal to \$46.50 per year of credited service. Lesser benefit amounts are paid for retirement prior to August 1, 2016. With 25 years of credited service, retirees are entitled to normal retirement benefits. Various other benefit arrangements apply to early retirement, disability, spouse's benefits, and post-retirement death benefits. Benefits for eligible campaign, inter-campaign, and packaging and warehousing employee's rates are calculated at different rates (\$39 per year for those retiring on or after August 1, 2021).

#### **Vesting**

Employees are 100% vested in the Plan after 5 years of service or upon reaching age 65 regardless of years of service.

#### **Funding Policy**

The Company makes annual contributions in amounts, estimated by an independent actuary, to provide assets sufficient to meet the benefits to be paid to Plan participants. Employee contributions are not permitted. The Plan has met the minimum required contributions established by Section 412 of the Internal Revenue Code (IRC) to satisfy the ERISA funding standards. The Company met the minimum funding requirements for the Plan years ended July 31, 2025 and 2024.

### **1. Description of Plan (continued)**

#### **Administrative Expenses**

The Plan pays administrative expenses related to the Plan. Certain administrative expenses for the Plan are paid by the Company.

#### **Federal Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated February 13, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally, tax years 2022 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

### **2. Summary of Significant Accounting Policies**

The following is a summary of significant accounting policies followed in the preparation of the financial statements of the Plan.

#### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

#### **Investment Valuation**

The Plan's investments are stated at fair value. All investments are valued based on quoted market prices reported in active markets, except the collective investment trust funds. See Note 5 for additional information.

### **2. Summary of Significant Accounting Policies (continued)**

#### **Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks, including interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in values of investment securities in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

#### **Investment Income Recognition**

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

#### **Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

#### **Subsequent Events**

Plan management has evaluated subsequent events through April 16, 2026, the date the financial statements were available to be issued.

### **3. Information Certified by the Plan's Trustee**

Tri-Star Trust Bank held the Plan's investments and executed all investment transactions through January 1, 2025. Effective January 1, 2025, the Plan's investments were transferred to Principal Bank (Principal). Principal holds the Plan's investments and serves as the Plan's trustee and actuary effective January 1, 2025. The investments, other receivables, and due to broker balances and related investment income included in the accompanying financial statements and supplemental schedules are based solely on information certified by the trustees.

### 4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees with vested interests and their beneficiaries, beneficiaries of employees who have died, and present employees or their respective beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for deaths, disabilities, withdrawals, or retirements) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations are:

1. Mortality RP-2014 adjusted to 2006 base mortality rates with improvement scale MP-2025 as of August 1, 2025 and MP-2024 as of August 1, 2024.
2. Interest Interest rate used to value liabilities – effective rate of 5.60% as of August 1, 2025 based on mandated rates (effective rate of 5.41% as of August 1, 2024).
3. Withdrawal The following indicates the rates of withdrawal assumed:

| Age | Males  | Females |
|-----|--------|---------|
| 25  | 16.45% | 26.21%  |
| 40  | 4.38%  | 7.42%   |
| 50  | 1.11%  | 2.81%   |

4. Retirement Age Normal retirement age of 65. The following table illustrates the retirement assumptions:

| Annual Probabilities of Retirement |            |
|------------------------------------|------------|
| Ages                               | Percentage |

| 68                                 | 100%       |

5. Terminated Vested Benefit Commencement Age Terminated vested benefits commence at age 65.
6. Inflation and Asset Return Inflation at 2.40% per year and asset return at 5.90% for the current plan year as of August 1, 2025. Inflation at 2.40% per year and asset return at 7.00% for the current plan year as of August 1, 2024.
7. Marriage Assumption 80% married.
8. Credited Service It was assumed that nonregular employees earn the same Credited Service as in the prior plan year for each year in the future.

The accumulated plan benefit information as of August 1 is shown below:

|                                                        | 2025                 | 2024                 |

### 4. Actuarial Present Value of Accumulated Plan Benefits (continued)

The following is a reconciliation of the changes in the actuarial present value of accumulated plan benefits from the preceding to the current benefit information date as of August 1:

|                                                                                   | <b>2025</b>   | <b>2024</b>   |
|-----------------------------------------------------------------------------------|---------------|---------------|
| Actuarial present value of accumulated plan benefits as of beginning of plan year | \$ 27,730,685 | \$ 27,897,918 |
| Increase (decrease) during the year due to:                                       |               |               |
| Increase for interest due to decrease in discount period                          | 1,458,847     | 1,473,010     |
| Benefits paid                                                                     | (1,550,285)   | (1,523,678)   |
| Changes in actuarial assumptions                                                  | (562,265)     | (404,646)     |
| Benefits accumulated and actuarial experience                                     | 598,405       | 288,081       |
| Total change                                                                      | (55,298)      | (167,233)     |
| Actuarial present value of accumulated plan benefits as of end of plan year       | \$ 27,675,387 | \$ 27,730,685 |

These actuarial assumptions were based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Should the Plan be terminated at some future time, its assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits as determined in accordance with ERISA and its applicable regulations, and with the Plan document, and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at the time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

### 5. Fair Value Measurements

Accounting standards require certain assets and liabilities to be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value. In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs.

# Michigan Sugar Company Pension Plan

## Notes to Financial Statements

July 31, 2025

### 5. Fair Value Measurements (continued)

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3. For the years ended July 31, 2025 and 2024, the application of valuation techniques applied to similar assets and liabilities has been consistent.

*Mutual funds, money market funds, exchange traded funds, and common stock:* Valued at quoted market prices, reported on the active market on which the funds are traded.

*Collective investment trust funds:* Valued at net asset value (NAV) as a practical expedient. Due to the nature of the collective investment trust funds, there are no unfunded commitments. The fair value of the participation units in the Principal LDI Corporate funds are estimated based on the NAV of the fund as reported by the trustee. The NAV is used as a practical expedient to estimate fair value. Redemptions from the trusts may be subject to certain restrictions, including notice periods and limits on redemption frequency.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

### 6. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan paid monthly investment fees and administrative fees to Tri-Star Trust Bank and Principal Bank and its affiliates totaling \$95,965 during the year ended July 31, 2025 and \$231,447 during the year ended July 31, 2024. Tri-Star Trust Bank (Principal Bank and its affiliates as of January 1, 2025) is the trustee; therefore, these transactions qualify as party-in-interest. In addition, investment, PBGC insurance premiums, and actuary expenses in the amount of \$53,243 were paid during the year ended July 31, 2025 (\$62,189 during the year ended July 31, 2024). Effective in March 2024, Creative Planning, LLC serves as the Plan's 3(38) fiduciary and is considered a party-in-interest.

## ACTUARIAL COST METHODS AND ASSUMPTIONS

Michigan Sugar Company Pension Plan  
EIN/PN: 38-3561416/002  
Schedule SB, Part V – Actuarial Assumption Methods

**Traditional Unit Credit Cost Method** – The actuarial cost method used to calculate the minimum required contribution is the traditional unit credit cost method. The normal cost is the sum of all the individual normal costs for each participant. The individual normal cost is the present value of the benefit expected to be earned during the year being valued. For non-active participants, the normal cost is zero. The actuarial accrued liability is the sum of the individual accrued liabilities for all participants. The individual accrued liability is the present value of the accrued benefit as of the valuation date. The unfunded liability is equal to the actuarial accrued liability less the valuation assets, and is referred to as the “shortfall”.

**Projected Unit Credit Cost Method** – The projected unit credit cost method is used for computing pension liabilities used in FASB ASC 715 pension accounting and in the calculation of the maximum deductible contribution. Under this method, the normal cost is the sum of the individual normal costs for all participants. The individual normal cost is the present value of the benefit expected to be earned during the year being valued, assuming the benefit as of the beginning of the year and as of the end of the year are calculated with final average salary. For a non-active participant, the normal cost is zero. The actuarial accrued liability is the sum of the individual accrued liabilities for all plan participants. The individual accrued liability is the present value of the accrued benefit based on service as of the valuation date, calculated using final average salary. For non-active participants, the individual accrued liability is the present value of their benefit. The unfunded liability is equal to the actuarial accrued liability less the valuation assets.

**Actuarial Valuation Asset Method** – The asset method is based on Internal Revenue Notice 2009-22 using an average of three values: the fair market value on the valuation date and the adjusted market value on the previous two valuation dates. Adjustments are made for contributions, benefits, non-investment related expenses and assumed earnings based on the lesser of 6.00% and the PPA third segment interest rate per applicable year. The result is subject to a minimum of 90% and maximum of 110% of the current market value.

Schedule SB, Part V – Schedule of Actuarial Assumptions and Methods

**Retirement Rates** – Active participants were assumed to retire in accordance with the rates shown below:

| Age   | %   |
|-------|-----|
| 55-61 | 10  |
| 62    | 10  |
| 63-64 | 20  |
| 65    | 80  |
| 66-67 | 50  |
| 68    | 100 |

Terminated vested benefits are assumed to commence at age 65

Rationale – reasonable approximation of past experience

**Termination Rates** – Annual number withdrawing per 1,000 employees:

| Age | Males | Females |
|-----|-------|---------|
| 20  | 224.6 | 374.7   |
| 30  | 104.4 | 149.6   |
| 40  | 43.8  | 74.2    |
| 50  | 11.1  | 28.1    |
| 55  | 0.0   | 11.5    |

Rationale – reasonable approximation of past experience

**Future service credits** – Non-regular employees earn the same credited service in the future they earned in the prior year

Rationale – smoothing approach to partial service credit for Non-regular employees whose service is credited based on hours worked instead of assuming a year of elapsed time as Regular employees

**Mortality Tables (as prescribed by law)** – IRS 2024 Generational Mortality

**Rates of Disablement** – 50% of 1977 Social Security incidence rates (sample rates are as follows):

| Age | Sample Rates |         |
|-----|--------------|---------|
|     | Males        | Females |
| 30  | 0.0011       | 0.0008  |

| 50  | 0.0054       | 0.0047  |
| 60  | 0.0136       | 0.0093  |

Rationale – reasonable approximation of past experience

**Post-Disablement Mortality** – Rev. Rul. 96-7 males disabled after 1994 and Rev. Rul. 96-7 females disabled after 1994 (sample rates are as follows):

| Age | Sample Rates |         |
|-----|--------------|---------|
|     | Males        | Females |
| 30  | 0.0307       | 0.0148  |
| 40  | 0.0384       | 0.0206  |
| 50  | 0.0480       | 0.0280  |
| 60  | 0.0581       | 0.0380  |
| 70  | 0.0733       | 0.0513  |
| 80  | 0.1071       | 0.0805  |
| 90  | 0.1734       | 0.1535  |
| 100 | 0.3192       | 0.3034  |

Rationale – reasonable approximation of past experience

**Administrative Expenses** – Prior plan year non-investment expenses

Rationale – reasonable estimate of next year's expense

**Percent Married** - 80% of males and 80% of females were assumed to be married.

Rationale – this assumption affects the benefit value for pre-retirement death benefits for whom marital status is unknown. It is the most conservative approach.

**Age of Spouse** - The female spouse is assumed to be 3 years younger than the male spouse.

Rationale – reasonable age difference without a specific study done on the plan

**Probability of Payment Form** - 100% choose a monthly annuity form of payment

Rationale – All retirees receive a monthly annuity

| To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan. |                                                                                                                                                                             |
