INDEPENDENT AUDITOR'S REPORT

To the Trustees of Moreau Physical Therapy, Inc.
Employee Benefit Plan & Trust

Opinion

We have audited the accompanying financial statements of Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of benefit obligations and net assets available for benefits as of July 31, 2025 and 2024, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended July 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the benefit obligations and net assets available for benefits of Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust as of July 31, 2025 and 2024, and the changes in its benefit obligations and net assets available for benefits for the year ended July 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Description of the Plan

The following description of the Moreau Physical Therapy, Inc. Employee Benefit Plan & Trust provides only general information. Participants should refer to the plan document for a complete description of the plan's provisions.

The plan was established on August 1, 2022. The plan is a contributory health care plan that provides medical and prescription drug benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Generally, full-time employees are eligible to enroll and begin participation on the first day of the month following sixty days of full-time employment. A full-time employee refers to an employee regularly scheduled to work an average of thirty (30) hours per week. However, employees should refer to the plan document for a complete description of the plan's eligibility requirements. Enrolled employees may select individual or tiered family coverage.

The plan also provides continuation coverage as required by the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) for qualified beneficiaries who would otherwise have lost coverage under the plan.

The plan provides benefits through a funding arrangement that includes a trust, which is funded by the plan sponsor and/or the participating employees, and with insurance to protect the plan against unpredictable excess claims. Contributions to the plan are made both by enrolled employees and the employer. The trustee of the plan determines the amount of employee contributions, and the employer contributes the balance necessary to adequately fund the benefits paid to participants and administrative expenses of the plan. Former plan participants covered under COBRA make contributions to the plan for continuation of health coverage.

Medical benefits are provided on a partially self-insured basis. The plan has purchased insurance contracts to protect the plan against excessive or unpredictable claims. The insurance contracts include specific loss provisions that cover claims in excess of \$75,000 for each individual covered under the plan. The insurance contracts also include aggregate loss provisions that cover the combined claims for all participants of the plan when the qualified claims for the plan year exceed a stated amount. The stated amount under the aggregate loss provisions was approximately \$1,078,849 as of July 31, 2025.

An outside administrator, 90 Degree Benefits, processes the claims for covered benefits and, on behalf of the trustee, disburses claim payments due in accordance with the provisions of the plan to the participant or assignee entitled thereto.

Note 1 - Description of the Plan (continued)

The plan trustee is the fiduciary of the plan, with full authority to control and manage the operation and administration of the plan.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the plan are prepared under the accrual method of accounting.

Investment valuation and income recognition – Investments, if any, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's trustees determine the plan's valuation policies utilizing information provided by the investment custodians. See Note 10 for discussion of fair value measurements.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, benefit obligations, and changes therein; claims incurred but not reported; eligibility credits; claims payable; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of benefits – Claim payments and insurance premiums are reported when paid by the plan. Any refunds due to overpayments, subrogation, or adjustments are recorded in the period received and are shown netted with benefit payments.

Cash – Cash in the plan consists of cash held in a noninterest-bearing bank account. Checks issued in excess of available balances are included in accounts payable and accrued liabilities. Claims of the plan are handled by its third-party administrator, 90 Degree Benefits. 90 Degree Benefits pays all of the claims through an account held on behalf of the plan.

Benefit obligations – Benefit claims currently payable include the plan's liability for claims incurred and processed before July 31, 2025. The plan's liability for claims incurred but not reported (IBNR) included claims incurred before July 31, 2025, but processed after July 31, 2025. Additional IBNR is estimated based on prior claims experience and the expected time period from the date claims are incurred to the date that the related claims are submitted and paid.

Note 2 - Summary of Significant Accounting Policies (continued)

Refunds – Refunds due from the plan’s PBM are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling \$25,106 have been netted with claims paid in the accompanying statement of changes in benefit obligations and net assets available for benefits for the year ended July 31, 2025.

Note 3 - Tax Status

The plan and trust are not pursuing tax-exempt status. However, taxable income to the trust is defined in such a way that yields no tax liability for the current year. Accordingly, no tax liability or expense is reflected in the financial statements. The plan is current with all tax filings and is no longer subject to federal income tax examinations by taxing authorities before July 31, 2022.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the plan may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. There were no unrecognized tax benefits identified or recorded as liabilities for the year ended July 31, 2025.

Note 4 - Subsequent Events

The plan evaluated its July 31, 2025 financial statements for subsequent events through April 16, 2026, the date of which the financial statements were available to be issued.

Note 5 - Fidelity Bonding Requirement

ERISA requires every fiduciary of an employee benefit plan and every person who handles funds of the plan to maintain fidelity bond coverage equal to 10% of the amount of plan assets. The trustee (fiduciary) does not maintain such a bond.

Note 6 - Administrative Expenses

The plan pays administrative expenses that consist primarily of administrative fees paid to its third-party administrator, 90 Degree Benefits. These expenses encompass professional fees and miscellaneous healthcare fees. These administrative expenses are reported on the statement of changes in benefit obligations and net assets available for benefits.

Note 7 - Related Party Transactions

The plan paid 90 Degree Benefits, its third-party administrator, administrative fees of \$59,094 and \$69,134 for the years ended July 31, 2025 and 2024, respectively.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying July 31, 2025 and 2024 financial statements to the Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 275,817	\$ 100,198
Benefit obligations currently payable (health claims)	<u>(128,998)</u>	<u>(5,430)</u>
Net assets available for benefits per the Form 5500	<u>\$ 146,819</u>	<u>\$ 94,768</u>

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the years ended July 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Benefits paid to participants per the financial statements	\$ 1,208,137	\$ 2,275,106
Add: Amounts payable at end of year	128,998	5,430
Less: Amounts payable at beginning of year	<u>(5,430)</u>	<u>(150,574)</u>
Benefits paid to participants per the Form 5500	<u>\$ 1,331,705</u>	<u>\$ 2,129,962</u>

Amounts currently payable to or for participants, dependents, and beneficiaries are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to July 31, 2025, but not yet paid as of that date.

Note 9 - Plan Termination

Although it has not expressed any intention to do so, the plan sponsor has the right under the plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of termination of the plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the plan may revert to the Company or be used for purposes other than for the exclusive benefit of the plan's participants.

Note 10 - Fair Value Measurements

The framework for measuring fair values provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement* are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the trust has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other meansIf the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of financial instruments, including cash, approximate the carrying value, principally because of the short maturity of those items and are considered Level 1 or Level 2.

Note 11 - Risks and Uncertainties

The present value of benefit obligations is reported based on assumptions pertaining to participants' past and future health care costs. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.
