INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Allen & Overy 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Allen & Overy 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 1, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the final period ended August 1, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As further discussed in Note A to the financial statements, the Plan was merged into the A&O Shearman 401(k) Plan (formerly known as the Shearman & Sterling LLP Retirement Savings Plan) on August 1, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ALLEN & OVERY 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

August 1, 2025 and December 31, 2024

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Allen & Overy 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan was a defined contribution plan covering substantially all employees, except for employees classified as associates and counsel, of Allen & Overy LLP (the "Firm") who are age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan was Fidelity Management Trust Company and the recordkeeper was Fidelity Workplace Services LLC (together, "Fidelity"). The Firm is the Plan administrator.

Allen & Overy LLP merged with Shearman & Sterling LLP on May 1, 2024, and the merged Firm's name officially became Allen Overy Shearman Sterling US LLP on May 1, 2024.

In conjunction with the integration of the employee benefit plans of Allen Overy Shearman Sterling US LLP, effective August 1, 2025, the Plan was merged into the Shearman & Sterling LLP Retirement Savings Plan, which was renamed the A&O Shearman 401(k) Plan (the "Merged Plan") effective August 1, 2025. During the seven-month period ended August 1, 2025, the Plan assets totaling \$122,394,354 were transferred into the Merged Plan.

[2] Contributions:

Participants contributed up to 100% of their annual eligible compensation as pre-tax or Roth deferrals, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions. In no event can participant deferrals exceed any statutory limitations.

Employer contributions ("Firm discretionary contributions") could be made at the discretion of the Board of Directors. To be eligible for an allocation of the Firm discretionary contributions, a participant must have worked at least 1,000 hours during the Plan year and had to be employed on the last day of the Plan year, unless they retire, die or become disabled during the Plan year, as further defined in the Plan. Firm discretionary contributions were allocated among eligible participants in accordance with the Plan document.

Effective January 1, 2025, the Plan was amended to remove the 1,000 hours requirement, and to add a six-month eligibility service requirement for the Firm discretionary contributions. No Firm discretionary contributions were made during the final period ended August 1, 2025.

Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These amounts are classified as rollover contributions in the statement of changes in net assets available for benefits for the period ended August 1, 2025.

Participants directed the investment of participant and employer contributions into various investment options offered by the Plan.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan within 35 days after their hire date. Automatically enrolled participants had their deferral rate set at 6% of eligible compensation on a pre-tax basis.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[3] Participant accounts:

Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contribution and allocations of (a) the Firm discretionary contributions, (b) Plan earnings/(losses), and could be charged with an allocation of administrative expenses paid by the Plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Participants directed the investment of their contributions into various investment options offered by the Plan. Firm discretionary contributions were automatically invested in accordance with each participant's individual investment allocations. Participants could reallocate investments on a daily basis.

[4] Vesting:

Participants were immediately vested in their contributions, plus actual earnings thereon. Vesting in the Firm's discretionary contribution portion of their accounts, plus actual earnings thereon, was as follows:

<u>Years of Service</u>	<u>Vesting</u>
0 - 1 year	0%
2 years	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants was recorded when it was earned. Participants could borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from one to five years; however, terms could have been extended to up to 30 years for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bore interest at a rate of prime plus 1%, as determined by the Plan administrator. Interest rates on outstanding loan balances ranged from 4.25% to 9.50% at December 31, 2024. Principal and interest were paid ratably through payroll deductions. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document. Related fees were recorded as administrative expenses and are expensed when incurred.

[6] Payment of benefits:

Upon death, disability, retirement, or termination of employment, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Effective September 23, 2024, installment payments and partial withdrawals were added as benefit payment options under the Plan.

[7] Forfeitures:

Forfeited nonvested accounts could be used to reduce future Firm contributions and pay Plan expenses. During the final period ended August 1, 2025, the Plan utilized \$559 of forfeitures to offset Plan expenses. In addition, \$259,706 of forfeitures was transferred out in connection with the merger. Forfeited nonvested accounts available as of August 1, 2025 and December 31, 2024 were \$0 and \$237,062, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment related expenses are included in the net appreciation of fair value of investments.

[6] Transfers from related plan:

The Firm also sponsored the Allen & Overy Associates 401(k) Plan (the "Associates Plan") for substantially all employees classified as associates and counsel. If employees change their employee classification status, their account balances could be transferred from the Associates Plan into the Plan. During the final period ended August 1, 2025, there were \$312,052 of transfers from the Associates Plan into the Plan.

[7] Subsequent events:

The Plan has evaluated subsequent events through April 28, 2026, the date the financial statements were available to be issued.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity as of July 31, 2025 and for the period January 1, 2025 to July 31, 2025 and as of December 31, 2024 in the accompanying statements of net assets available for benefits as of August 1, 2025 and December 31, 2024, and the statement of changes in net assets available for benefits for the final period ended August 1, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of August 1, 2025 and December 31, 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust – Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Withdrawals made to accommodate a participant-directed exchange to another investment option under the Plan may be made on any business day, provided that the exchange is not directed into a competing fund; transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfer to a competing fund can occur. Withdrawals directed by the Firm must be preceded by a 12-month written notice to the trustee; provided, however, that the trustee may, in its discretion complete any such plan-level withdrawal before the expiration of such 12-month period.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

Investment Assets at Fair Value as of December 31 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 120,355,096</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 120,355,096</u>
Total investment assets in the fair value hierarchy	<u>\$ 120,355,096</u>	<u>\$ -</u>	<u>\$ -</u>	<u>120,355,096</u>
Investments measured at NAV (A):				
Stable value collective trust fund				<u>4,471,074</u>
Investments at fair value				<u>\$ 124,826,170</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by FMR LLC. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt.

ALLEN & OVERY 401(k) PROFIT SHARING PLAN

Notes to Financial Statements August 1, 2025 and December 31, 2024

NOTE E - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 1, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - PLAN OPERATIONS

During the year ended December 31, 2024, it was discovered that the definition of compensation for participant and employer contributions as per the Plan document was not properly applied when calculating contribution amounts. The Plan administrator has identified affected participants and made the Plan whole for related amounts due, including earnings.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments were managed by Fidelity. Therefore, transactions related to these investments qualify as party-in-interest transactions. The Plan also paid investment advisory fees and accountant fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were \$10,157 for the final period ended August 1, 2025. Fees paid by the Plan to the investment advisor were \$46,810 for the final period ended August 1, 2025.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.
