Independent Auditor's Report

To the Plan Administrator and Participants of KRD, Ltd. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KRD, Ltd. 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 7, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related statement of changes in net assets available for benefits for the period from January 1, 2025 to October 7, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 7, 2025 and December 31, 2024, and for the period from January 1, 2025 to October 7, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the plan sponsor of the Plan terminated the Plan effective January 1, 2025. As a result, the Plan has changed its basis of accounting for periods subsequent to December 31, 2024 from the going-concern basis of accounting to the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

KRD, Ltd. 401(k) and Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the KRD, Ltd. 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Plan termination

By action of the members of KRD, LTD (the Employer), the Plan was terminated effective January 1, 2025. Upon termination, all participant accounts became 100 percent vested. All assets of the Plan were distributed to participants by October 7, 2025.

General

The Plan was a defined contribution plan established effective January 1, 2004, as restated January 1, 2021. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Trustees were responsible for oversight of the Plan. The Plan sponsor's management determined the appropriateness of the Plan's investment offerings, monitored investment performance, and reported to the Plan's Trustees.

Eligibility

The Plan covered all employees, excluding non-resident aliens and union employees, of the Employer who had completed 3 months of service.

Contributions

Each year, participants could contribute a percentage of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also were able to designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who had attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also could contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants directed the investment of their contributions into various investment options offered by the Plan.

KRD, Ltd. 401(k) and Profit Sharing Plan

Notes to Financial Statements

The Employer contributed a non-elective safe harbor contribution equal to 3 percent of eligible compensation, as defined. Due to Plan's termination, none were contributed to the Plan during the period from January 1, 2025 to October 7, 2025.

Additional profit-sharing amounts were permitted to be contributed at the option of the Trustees. For the year period from January 1, 2025 to October 7, 2025, there were no profit sharing contributions to the Plan. Employees who have completed 1 year of service in which the employee completed at least 1,000 hours, were eligible to receive Employer profit-sharing contributions.

Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account was credited with the participant's contributions, allocations of the Employer's safe harbor non-elective contribution, and profit-sharing discretionary contributions, if any, and an allocation of the Plan's earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that was provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Prior to January 1, 2025, vesting in the Employer's contribution portion of their accounts was based on years of continuous service. A participant was 20 percent vested after 2 years of credited service and continued to vest in increments of 20 percent until 100 percent vested after 6 years of credited service.

Notes receivable from participants

Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate, set at the time the loan was initiated, was set at 1 percent above the prime rate, as defined. Principal and interest were paid ratably through payroll deductions. Terms ranged up to 5 years or greater for the purchase of a primary residence.

KRD, Ltd. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, a participant was able to elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a terminated participant's vested balance was less than or equal to \$5,000, the amount was to be automatically distributed in the form of lump-sum cash payment or a distribution to an Individual Retirement Account, depending upon balance. In addition, the Plan allowed for various in-service distributions if certain criteria were met.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled zero and \$10,260, respectively. These accounts were used to reduce Employer contributions or to pay plan administrative expenses. During 2025, Employer contributions were reduced by \$30,084 (netting zero) and plan administrative expenses were reduced by \$960, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

As discussed in Note 1 to the financial statements, the plan sponsor terminated the Plan effective January 1, 2025. As a result, the Plan changed its basis of accounting for the period from January 1, 2025 to October 7, 2025 from ongoing basis to the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amounts of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred in the liquidation process.

The 2024 financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

KRD, Ltd. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period from January 1, 2025 to October 7, 2025.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through April 9, 2026, the date the financial statements were available to be issued.

KRD, Ltd. 401(k) and Profit Sharing Plan

Notes to Financial Statements

3. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, John Hancock Trust Company LLC, the Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of October 7, 2025 (in liquidation) and December 31, 2024 (ongoing basis), and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits (in liquidation) for the period from January 1, 2025 to October 7, 2025.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024.

Notes to Financial Statements

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Assets at Fair Value as of December 31, 2024	Level 1		Level 2		Level 3	Total
Mutual funds	\$	18,983,427	\$	-	\$	18,983,427
Total assets in the fair value hierarchy		18,983,427		-		18,983,427
Total investments at fair value	\$	18,983,427	\$	-	\$	18,983,427

5. Related-Party and Party In Interest Transactions

Certain plan investments were held and/or managed by the Custodian, and therefore, these transactions qualify as party in interest transactions.

Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Employer. No such officer or employee received compensation from the Plan.

6. Plan Termination

On January 1, 2025, the members of Employer approved the termination of the Plan. The Plan termination is effective as of January 1, 2025. Effective January 1, 2025, all employee and Employer contributions ceased, and all participants became 100 percent vested in their account balances. The Employer has distributed all remaining assets to participants and beneficiaries in 2025.

7. Tax Status

The Plan adopted a pre-approved plan offered by DATAIR Employee Benefit Systems Inc. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan was designed and operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Notes to Financial Statements

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
