INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Emancipet 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Emancipet 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Emancipet 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Emancipet 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Emancipet 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Emancipet 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Emancipet 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EMANCIPET 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and Year Ended December 31, 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of the Emancipet (the Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Emancipet, the Plan Sponsor, adopted the Plan on July 14, 2022 to be effective January 1, 2022. The Plan is a defined contribution plan covering all employees of the Company who have three months of service and are age twenty-one or older. A year of service, for eligibility purposes, is defined as a twelve consecutive month period in which the employee is credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Allocations: For 2022 participants may elect to defer up to \$20,500 of their pretax annual compensation. Participants over 50 years of age may contribute additional amounts. The Company will make contributions towards the Plan at its own discretion, from year to year. The amount of the matching contribution to each participant will be determined by the amount that each participant makes to the Plan in the year.

Participants Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in all contributions to their accounts plus actual earnings thereon, except the portion of contributions made from the employer that are subject to a vesting schedule. A participant is 100% vested after seven years of credited service.

Investment Options: Participants direct both employee and employer contributions to their account into various investment options offered by the Plan. Additionally, the Plan allows for self-directed brokerage accounts.

Loans Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate (as specified in the Wall Street Journal) plus 1%. Principal and interest are paid ratably through payroll deductions.

Plan Administration: The Company is the Plan Administrator. The Company has an agreement with Ascensus Trust Company (Ascensus) to perform certain trustee duties including preparation of tax returns, financial and participant reporting, as well as other duties.

Administrative Expenses: The Plan assumes responsibility for its administrative expenses, although for any plan year, the Plan Administrator may pay the expenses of operating and maintaining the Plan. Such Plan Administrator payments shall be in addition to and independent of any matching contributions to the Plan. For 2022, the Plan Administrator absorbed significant costs of the Plan.

Benefits paid to Participants: Under the terms of the Plan, participants are eligible for benefit payments upon reaching the age 59 1/2. The Plan also provides for distributions to participants, or their beneficiaries, upon death, disability, normal retirement age, and termination of employment. Participants may choose to have benefits paid directly to them or to have benefits paid directly to another qualified plan on their behalf.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis method of accounting. Investment contracts held by defined contribution plan are required to be reported at fair value, however, contract value is the relevant measurement attribute for that position of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefit is prepared on the contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events: Subsequent events have been evaluated through the date of the *Independent Auditor's Report*, which is the date the financial statements were available for issue.

Investment Valuation and Income Recognition: The investments of the Plan are reported at fair value. The change in net unrealized appreciation or (depreciation) on investments is included in the statement of changes in net assets available for benefits. Net appreciation (depreciation) in the fair value of investments includes the realized gain or loss on sale of investments sold and unrealized gains/losses on investments held during the year determined on a revalued cost basis.

Purchases and sales of securities are accounted for on the trade date. Dividend income is accounted for on the ex-dividend date.

Notes receivable from participants: Notes receivable from participants are valued at their outstanding balances, plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan payments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Fair Value Measurements: The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10-50 for valuing investments. FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value and sets forth the disclosures relating to fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FAS ASC 820-10-50 includes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives priority to unadjusted quoted priced in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820-10-50 are described below:

1. Market approach (Level 1) – unadjusted quoted priced in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities;
2. Cost approach (Level 2) – inputs other than quoted market priced in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability; and

EMANCIPET 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - continued
December 31, 2022 and Year Ended December 31, 2022

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

3. Income approach (Level 3) – unobservable inputs for the assets and liabilities (i.e., supported by little or no market activity) Level 3 inputs include management’s valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Those separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets (Level 1). Separate accounts directly investing in fixed maturity securities are measured based on the pricing date provided by outside valuation service providers who in turn generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities (Level 2).

The following tables set forth, by level within the fair level hierarchy, the Plan’s investments at fair value as of December 31, 2022:

	Fair Value	Fair Value Measurement at Year-end Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Other Unobservable Inputs (Level 3)
Pooled separate accounts				
Index funds	\$ 281,523	\$ 281,523	\$ -	\$ -
Growth funds	10,180	10,180	-	-
Bond funds	1,476	-	1,476	-
Money market	15,765	-	15,765	-
Total assets at fair value	<u>\$ 308,944</u>	<u>\$ 291,703</u>	<u>\$ 17,241</u>	<u>\$ -</u>

For the year ended December 31, 2022, the Plan’s investments (including gains and losses on investments bought and sold as well as held during the year) depreciated in value in the amount of \$1,031.

Benefits: Participant benefits are recorded when paid.

Recent Accounting Guidance: In May 2015, the financial Accounting Standards Board (“FASB”) issued Accounting Standards Update 2015-07, “Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent),” (“ASU 2015-07”). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by FASB Accounting Standards Codification 820, “Fair Value Measurement.” Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management is currently evaluating ASU 2015-07.

EMANCIPET 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - continued
December 31, 2022 and Year Ended December 31, 2022

NOTE 3: RELATED PARTY TRANSACTIONS

At any time, the Plan may record contributions receivable from the Company. The Plan also allows participants to borrow from their accounts. These transactions and their balances are considered to be with related parties and qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Contributions receivable at December 31, 2022 amounted to \$43,269 and were received subsequent to end of year.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 4: TAX STATUS

The Plan adopted in July 2014 and allowed contributions effective from January 01, 2022 to comply with applicable requirements of the Internal Revenue Code. A tax determination was received in June 30, 2020, in which the Internal Revenue Service stated that the plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt, and as such, does not believe there are any uncertain tax positions that are material to the financial statements.

NOTE 5: RISKS AND UNCERTAINTIES

The Plan provides investment options in a combination of various mutual funds. The mutual funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Trustee of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and the schedule of assets held for investment purposes as of December 31, 2022, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022, and for the years then ended, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Ascensus Trust Trust Company, the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate:
