The financial statements comprise the statement of net assets available for benefits as of June 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended June 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2025 and 2024 and for the year ended June 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RANCHO SANTA FE ASSOCIATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2025

Note 1: Description of the Plan

The following description of the Rancho Santa Fe Association 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Rancho Santa Fe Association (the Organization). All Organization employees are eligible to participate in the Plan if they meet the requirements of being at least 21 years of age and having completed 250 hours in three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of annual compensation or the federal maximum, whichever is less, as defined in the Plan. Participants may make pre-tax elective deferral contributions or Roth elective deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover contributions to the Plan representing distributions from other qualified plans, excluding Roth contributions. The Plan provides automatic enrollment for participants at a rate of 1% of pre-tax eligible compensation.

The Organization may elect to make discretionary matching contributions. During the year ended June 30, 2025, the Organization matched employee contributions up to 100% of their contribution amounts, with a maximum of 4% of total compensation, for a total of \$357,780, net of forfeitures.

The Organization may make non-elective employer contributions each year under the "safe harbor" provision of the Plan documents. The Organization may make a non-elective employer contribution under the "safe harbor" provision for each active participant of an amount equal to a percentage (between 3% and 25%) of the active participant's annual compensation. The Organization elected to make a non-elective employer contribution under the "safe harbor" provision of 3% of compensation, which resulted in an aggregate contribution of \$336,807 for the year ended June 30, 2025.

The Organization may elect to make discretionary profit sharing contributions. During the year ended June 30, 2025, the Organization did not provide a profit sharing contribution.

Note 1: Description of the Plan, Continued

Participant Accounts

Each participant's account is credited/debited with the participant's contribution, allocations of (a) the Organization's contribution and (b) Plan earnings/losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon, employer contributions made under the "safe harbor" provisions, and employer profit sharing contributions. Participants vest in the Organization's discretionary matching contributions plus actual earnings thereon based on years of continuous service. After the second year of service, a participant begins vesting 50% and after three years of credited service a participant is fully vested in the discretionary matching contributions.

Forfeitures

Forfeitures are made available to reduce employer contributions under the Plan. During the year ended June 30, 2025, \$2,238 of forfeitures were applied and used to reduce employer contributions.

Investment Options

The Plan provides participants with several investment options. These investment options consist of various mutual funds (registered investment companies) and a common collective trust investment. Plan participants may direct the change of these investments in accordance with the Plan guidelines.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Organization and are not reflected in the accompanying financial statements of the Plan. Certain transaction processing and administrative fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation.

Note 3: Investments Certified by the Trustee

The plan administrator has elected the method compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by ADP Retirement Trust Services, LLC (ADP), the Plan's trustee, and was not subjected to any auditing procedures by the independent public accountants:

RANCHO SANTA FE ASSOCIATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
June 30, 2025

Note 3: Investments Certified by the Trustee, Continued

- Investments as shown on the statements of net assets available for benefits as of June 30, 2025 and 2024.
- Net appreciation in fair value of investments and dividend income for the year ended June 30, 2025, as included on the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of June 30, 2025, as shown on Schedule H, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

Fair Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at June 30, 2025 and 2024.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents values of the shares held by the Plan at year-end and the Plan has concluded that these investments should be classified as Level 1.

RANCHO SANTA FE ASSOCIATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
June 30, 2025

Note 4: Fair Value Measurement, Continued

Common collective trust - The investment is valued at the net asset value (NAV) of units held of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The collective trust is invested in mutual funds, separate accounts and collective trusts. The investment objective of long-term growth of capital and current income with the investment strategy within a specified expected retirement age. There were no unfunded commitments and the investment can be redeemed on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The common collective trust, which is measured at NAV as the practical expedient, is not required to be included within the fair value hierarchy. As of June 30, 2025 and 2024, the Plan held investments in the common collective trust of \$958,500 and \$1,053,482, respectively.

A summary of Plan investments measured at fair value is as follows:

	Fair Value	Fair Value Measurement Using: Quoted Market Price (Level 1)
<u>June 30, 2025</u>		
Registered investment companies	\$ 8,782,075	\$ 8,782,075
Total assets at fair value	<u>\$ 8,782,075</u>	<u>\$ 8,782,075</u>
<u>June 30, 2024</u>

June 30, 2025

Note 5: Parties-in-interest Transactions

Certain Plan investments are managed by ADP, trustee, as defined by the Plan and is a party-in-interest. ADP Retirement Services (ADP) is the record-keeper and the administrative provider for the Plan. The Plan received certain investment fiduciary and retirement services from Cornerstone Wealth Advisors, Inc. The Plan incurred administrative fees totaling \$42,437 for these services for the year ended June 30, 2025. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Organization pays any other fees related to the Plan's operations.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7: Tax Status

On August 1, 2022, the Plan adopted an Automatic Data Processing Non-Standardized Defined Contribution Plan that the Internal Revenue Service (IRS) approved by a letter dated October 6, 2020. The plan administrator believes that the Plan is currently being operated in compliance with applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
