INDEPENDENT AUDITOR'S REPORT

April 27, 2026

To the Plan Administrator of the
Metropolitan Enterprises 401(k) Plan
Wyoming, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Metropolitan Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of July 23, 2025 (in liquidation) and December 31, 2024 (ongoing), and the related statements of changes in assets available for benefits for the period ended July 23, 2025 (in liquidation) and the year ended December 31, 2024 (ongoing) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Metropolitan Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended July 23, 2025 and the year ended December 31, 2024 stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Metropolitan Enterprises 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As described in Note H to the financial statements, the Plan sponsor decided to terminate the Plan, effective May 1, 2025, and the assets were fully liquidated on July 23, 2025. As a result, the Plan changed its basis of accounting from the going concern basis of accounting used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metropolitan Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Metropolitan Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Metropolitan Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

NOTES TO FINANCIAL STATEMENTS

METROPOLITAN ENTERPRISES 401(K) PLAN

For the period ended July 23, 2025
and the year ended December 31, 2024

Note A – Description of Plan

The following brief description of the Metropolitan Enterprises 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of Metropolitan Enterprises, Inc. (Company), the Plan's sponsor. Prior to July 1, 2016, employees became eligible to participate in the Plan on the first day of the month following date of hire and attainment of age 21. Upon completing one year of service, as defined, eligible participants were also eligible for an employer discretionary non-elective contribution and a discretionary matching contribution if they worked a minimum of 1,000 hours per employment year.

Effective July 1, 2016, all active Plan participants became eligible to participate in the Metropolitan Hospital 403(b) Retirement Savings Plan (Successor Plan) and are allowed to roll their account balances into the Successor Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was terminated May 1, 2025, and fully liquidated on July 23, 2025, and therefore the 2025 "period" is as of and for the six months and twenty-three days ended July 23, 2025. The following is a description of the Plan prior to termination.

Contributions

Prior to July 1, 2016, a participant could elect to make contributions to the Plan through payroll deductions as a percentage of the participant's compensation, as defined, subject to statutory limitations. Employees who were regularly scheduled to work at least 20 hours per week were automatically enrolled in the Plan as soon as administratively feasible, after meeting eligibility requirements, at a 3% deferral rate unless they elected otherwise. Automatically enrolled participants would have deferral rates increased 1% each January 1 until the participant's deferral rate reached 6%. Active participants were automatically enrolled in the successor plan as of July 1, 2016, at the same deferral rate in place under the Plan at that date. The Plan also allows participants to transfer funds from other qualified plans into the Plan.

The Company may elect to make discretionary matching contributions by applying the matching contribution formula adopted by the Company for the plan year to each eligible participant. There were no such contributions made for the period ended July 23, 2025 and year ended December 31, 2024.

The Company may also make an employer profit-sharing contribution to the Plan equal to 3% of each participant's compensation. There were no profit-sharing contributions made to the Plan for the period ended July 23, 2025 and year ended December 31, 2024.

Note A – Description of Plan (Continued)

Plan Operations

The Company has appointed Principal Trust Company (Trustee) to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions, and making distributions to participants. The plan administrator is responsible for interpreting and communicating the provisions of the Plan and ensuring that all government and participant reporting requirements are fulfilled. The Plan’s fiduciary committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment strategy, and monitors investment performance.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant’s account plus or minus any allocation of income, expenses, gains, and losses. Allocations to participant accounts are based on compensation or account balances, as specified by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Prior to January 1, 2013, participants were 100% vested in all accounts at all times. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the discretionary and matching contribution accounts for participants hired after January 1, 2013 is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 3 years	0%
3 years or more	100%

Effective May 1, 2025, all participant accounts are 100% vested without regard to the Plan’s vesting schedule.

Forfeitures

Forfeited balances of terminated participants’ non-vested accounts may be used to offset employer contributions or pay plan expenses. Forfeitures of \$852 were used during the period ended July 23, 2025 There were no forfeitures used during the year ended December 31, 2024. There was no balance in the forfeiture account as of July 23, 2025. The balance in the forfeiture account as of December 31, 2024 was \$852.

Note A – Description of Plan (Continued)

Loans to Participants

Under certain conditions, a participant may obtain a loan from the Plan. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the largest outstanding loan balance during the previous 12 months or one half of the participant's nonforfeitable interest in the Plan reduced by the outstanding balance of any other loan. The loan will bear a reasonable interest rate, be adequately secured, and not exceed a period of five years unless used for the purchase of a principal residence. Principal and interest is paid through payroll deductions. Effective May 1, 2025, new loans are not permitted under the Plan.

Payment of Benefits

Upon termination of service, a participant with an account balance valued at less than \$1,000 must choose to receive a lump sum distribution or a direct rollover of the distribution to another qualified plan or IRA. For account balances of terminated participants that exceed \$1,000, the participant may elect to leave the funds in the Plan, request a direct rollover to an IRA or other qualified plan, or take a lump sum distribution. In-service withdrawals are permitted upon attaining age 59-1/2. Hardship withdrawals are permitted under certain circumstances.

Administrative Expenses

Certain trustee fees, transaction fees, and other administrative fees and expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Note B – Summary of Accounting Policies

Basis of Accounting

As discussed in Note H to the financial statements, the plan sponsor terminated the Plan effective May 1, 2025. As a result, the accompanying financial statements are prepared using the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred in the liquidation process.

For the period ended July 23, 2025
and the year ended December 31, 2024

Note B – Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in the Plan's financial statements at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expense when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document; therefore, an allowance for credit losses is not considered necessary at July 23, 2025 and 2024.

Benefits

Benefits payments to participants are recorded upon distribution.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through April 27, 2026, which is the date the financial statements were available to be issued.

and the year ended December 31, 2024

Note C – Fair Value Measurements

The Plan's investments, except for the fully benefit-responsive contract, are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets,
- quoted prices for identical or similar assets and liabilities in markets that are not active,
- other inputs that are observable or can be corroborated by observable market data,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at July 23, 2025 and December 31, 2024.

Mutual funds: Valued based on quoted net asset values (NAV) of the shares held by the Plan on the last business day of the plan year.

NOTES TO FINANCIAL STATEMENTS

METROPOLITAN ENTERPRISES 401(K) PLAN

For the period ended July 23, 2025
and the year ended December 31, 2024

Note C – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2024				
Mutual funds	\$ 18,907,944	\$ -	\$ -	\$ 18,907,944

As discussed in Note H, all plan assets were liquidated and the Plan did not hold any assets for investment as of July 23, 2025.

Note D – Investment Contract with Insurance Company

Plan assets include a fully benefit-responsive group annuity fixed income contract issued by Principal Life Insurance Company (Principal Life). The methodology for calculating the interest crediting rate is defined in the terms of the contract. Under terms of the existing contract, the crediting rate is reset on a semiannual basis and will never be less than 1%. The interest crediting rate was 1.65% and 1.55% for the period ended July 23, 2025 and year ended December 31, 2024.

As described above, because the fixed income contract is fully benefit-responsive, contract value is the relevant measure attribute for that portion of the assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. There are no events that could limit the ability of the Plan to transact at contract value paid within twelve months. There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value paid within twelve months. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their investment at contract value within reasonable timeframes.

Note E – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$34,988 and \$36,502 for the period ended July 23, 2025 and year ended December 31, 2024, respectively. Such fees were based on reasonable and customary rates. In addition, the Plan maintains notes receivable from participants. These party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

NOTES TO FINANCIAL STATEMENTS

METROPOLITAN ENTERPRISES 401(K) PLAN

For the period ended July 23, 2025
and the year ended December 31, 2024

Note G – Information Certified by Trustee

All investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants at July 23, 2025 and December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the periods then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Note H – Plan Termination

The Organization elected to terminate the Plan effective May 1, 2025. Participants were given the option to distribute their account balance in the form of a lump sum cash payment, a direct rollover into an individual retirement arrangement, or a direct rollover to another employer sponsored retirement plan. As of the effective date of the termination, participants are 100% vested in plan benefits. A full liquidation occurred on July 23, 2025.

Note I – Tax Status

The Plan obtained its latest determination letter dated December 7, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 23, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
