Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KPMG LLP**

(2) EIN: **13-5565207**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Plan Participants and Plan Administrator
INTEGRIS Health, Inc. Retirement Plan B:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of INTEGRIS Health, Inc. Retirement Plan B (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information

to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INTEGRIS *HEALTH*, INC. RETIREMENT PLAN B

Notes to Financial Statements

June 30, 2025 and 2024

(1) Description of the Plan

The INTEGRIS *Health*, Inc. Retirement Plan B (the Plan) was created on July 1, 2019 through a spin-off from the INTEGRIS *Health*, Inc. Retirement Plan A (Plan A). The participants spun-off into the Plan ceased to be participants in Plan A and the Plan assumed all liabilities with respect to the participant group, and the accrued benefits of each member of the participant group were allocated only to the Plan. The value of the assets allocated to the Plan was equal to the sum of the present value of the accrued benefits of the participant group in Plan A immediately before the spin-off. The assets and accumulated plan benefits obligation of Plan A for the participant group were transferred into the Plan on July 1, 2019.

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a noncontributory defined benefit pension plan covering certain eligible employees of INTEGRIS Health, Inc. (INTEGRIS) and its affiliates. Affiliates participating in the Plan include:

- INTEGRIS Baptist Medical Center, Inc.
- INTEGRIS *Health* Foundation, Inc.
- INTEGRIS ProHealth, Inc. and subsidiaries
- INTEGRIS Realty LLC
- INTEGRIS Ambulatory Care Corporation and subsidiaries
- INTEGRIS South Oklahoma City Hospital Corporation and subsidiary
- INTEGRIS Rural Health, Inc.
- INTEGRIS Cardiovascular Physicians, LLC
- INTEGRIS *Health* Edmond, Inc.
- INTEGRIS *Health* Partners, LLC
- INTEGRIS Hospice, Inc. (formerly Hospice of Oklahoma County, Inc.)
- INTEGRIS *Health*, Inc.
- INTEGRIS Mental Health, Inc.
- INTEGRIS Physician Services, Inc. (dissolved in 2010)
- Baptist Healthcare of Oklahoma, LLC
- Baptist Medical Plaza Associates, LP
- Great Plains Medical Foundation, LLC
- Medical Parking, Inc.
- OneCare, Inc.

INTEGRIS HEALTH, INC. RETIREMENT PLAN B

Notes to Financial Statements

June 30, 2025 and 2024

Participants in the Plan include certain eligible employees of INTEGRIS or certain affiliates who, prior to July 1, 2009, are at least 21 years of age with at least 1,000 hours of credited service during the previous 12 months (a service year). Participating employees become fully vested after completing 3 years of credited service or upon reaching Normal Retirement Age (full social security retirement age), whichever comes sooner. The Plan is frozen with respect to new participants and additional benefit accruals for all Plan participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended effective June 30, 2022 to receive additional participants spun-off into the Plan from Plan A. The participants spun-off into the Plan ceased to be participants in Plan A and the Plan assumed all liabilities with respect to the participant group, and the accrued benefits of each member of the participant group were allocated only to the Plan. The value of the assets allocated to the Plan was equal to the sum of the present value of the accrued benefits of the participant group in Plan A immediately before the spin-off. The assets and accumulated plan benefits obligation of Plan A for the participant group were transferred into the Plan on July 1, 2022 and July 19, 2022 respectively.

In June 2025, INTEGRIS executed an annuity purchase transaction with Minnesota Life Insurance Company to provide benefits to vested participants in the Plan, whereby a portion of the Plan's benefit obligations was transferred. The transaction qualified as a settlement requiring a remeasurement of the Plan's obligations and related assets. The transaction of approximately \$1,174,000 is reflected in the Statement of Changes in Net Assets Available for Benefits.

The Plan was amended effective June 30, 2025 resulting in a spin-off of participants from Plan A to the Plan. Assets of \$13,186,000 were transferred from Plan A to the Plan effective July 1, 2025. The amount of the assets transferred to the Plan was based on actuarial assumptions used to account for the Plan for INTEGRIS' U.S. GAAP purposes under ASC 715. For purposes of accounting for the Plan for U.S. GAAP under ASC 960, the spin-off increased the present value of accumulated plan benefits by approximately \$16,258,000 subsequent to 2025.

The Plan is administered by the Retirement Committee (the Committee), which is under the general supervision of INTEGRIS' board of directors. Bank of Oklahoma, N.A. (the Trustee) serves as the Trustee of the Plan. Under the terms of an agreement between the Trustee and the Plan, the Trustee manages the activities of the trust fund of the Plan, including receiving, investing, and holding the Plan's assets. The Trustee is also responsible for maintaining custody of the Plan assets and payment of benefits to participants at the direction of the Committee.

(b) Pension Benefits

Normal retirement under the Plan is defined as retirement from employment upon reaching Social Security retirement age, as defined in the agreement. Monthly retirement benefits payable to a participant who retires are calculated in accordance with the provisions provided in the Plan document. Prior to July 1, 2000, monthly retirement benefits payable to a participant who retired was based upon accrued benefits under a formula driven benefit based upon a percentage of the participant's final average pay and years of service in accordance with the provisions provided in the Plan document. Thereafter, benefits are based on the Cash Balance provisions as described in Cash Balance Account Feature.

INTEGRIS HEALTH, INC. RETIREMENT PLAN B

Notes to Financial Statements

June 30, 2025 and 2024

The Plan provides that participants may receive reduced early benefits at age 55 with 10 years of vesting service or may receive early unreduced retirement benefits upon reaching age 62 with 10 years of vesting service, or if at least age 55 and age plus years of credited service is at least 85.

(c) *Death and Disability Benefits*

Death benefits and vested benefits on termination are also provided under the Plan. Payments of these benefits to participants are based upon the benefit formulas defined by the Plan document. Disability benefits were frozen as of December 31, 2012.

(d) *Cash Balance Account Feature*

For each participant, interest is credited on a quarterly basis at the greater of an annual rate of 5% or the yield on the one-year Treasury bill auctioned immediately before January 1. The cash balance is at all times actuarially equivalent to a monthly annuity in the normal straight life form payable at normal retirement age.

Retiring employees or death beneficiaries of married participants receive the greater of the cash balance account or the existing benefit formula. Death beneficiaries of single participants will receive the cash balance account.

(e) *Funding Policy*

INTEGRIS and its affiliates voluntarily contribute amounts necessary to provide assets sufficient to meet the benefits estimated to be paid to the Plan's participants. Contributions are made each year to at least meet the actuarially determined minimum required contributions. The Plan has met ERISA funding requirements.

Although it has not expressed any intention to do so, INTEGRIS has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

(2) *Summary of Accounting Policies*

The following are the significant accounting policies followed by the Plan:

(a) *Basis of Accounting*

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with and U.S. generally accepted accounting principles (U.S. GAAP).

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management and the Committee to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

INTEGRIS *HEALTH*, INC. RETIREMENT PLAN B

Notes to Financial Statements

June 30, 2025 and 2024

(c) *Investment Valuation and Income Recognition*

Plan assets are held in the INTEGRIS *Health*, Inc. Retirement Plans Master Trust (Master Trust), which was established by INTEGRIS for the pooled investments of assets for the defined benefit plans sponsored by INTEGRIS. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Bank of Oklahoma, N.A.

The Master Trust investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(d) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

(e) *Professional and Administrative Fees*

The Plan's expenses are paid either by the Plan or INTEGRIS, as provided by the plan document. Expenses that are paid directly by INTEGRIS are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

(3) Interest in INTEGRIS Health, Inc. Retirement Plans Master Trust

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At June 30, 2025 and 2024, the Plan's interest in the net assets of the Master Trust was approximately 5.9 percent and 6.2 percent, respectively. Total investment income (including net appreciation (depreciation) in the fair value of investments) of the Master Trust is allocated to the individual Plans based upon the amount of time the Plan's assets were invested in the Master Trust.

The net appreciation in the fair value of investments was approximately \$14,745,000 and investment income was approximately \$19,057,000 for the Master Trust for the year ended June 30, 2025.

The net appreciation in the fair value of investments was approximately \$11,323,000 and investment income was approximately \$15,405,000 for the Master Trust for the year ended June 30, 2024.

Certain investment related expenses reduce net appreciation as a result of the expenses being intrinsic to earning investment returns.

(a) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3

measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- (a) *Money Market Fund, Common Stocks, Mutual Funds, Treasury Bonds, and Infrastructure Master Limited Partnerships*: Valued at the closing price reported in the active market in which the individual securities are traded.
- (b) *Limited Partnerships*: Valued based on net asset value (NAV) of the fund. NAV is based on estimated fair values of the assets owned by the fund. The Plan has utilized the NAV reported by the underlying funds as a practical expedient for estimating the fair value of the investment.
- (c) *Mortgage Backed Agencies, Corporate Bonds, and Derivative Instruments*: In the absence of market prices, investments are valued based on prices of comparable securities and similar asset activity inputs utilizing a pricing matrix. Investments valued using this methodology where the inputs are observable are categorized in Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

(i) *Fair Value of Investments That Calculate Net Asset Value*

The following table summarizes investments measured at fair value based on NAV per share:

Instrument	Fair value at June 30, 2025	Fair value at June 30, 2024	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Limited partnerships	\$ 47,764,713	45,396,508	29,134,442	(note 1)	(note 1)

note 1 *Limited Partnerships*: The investments in these funds are nonredeemable. The Plan has utilized the net asset value reported by the underlying funds as a practical expedient for estimating the fair value of the investment. Due to the nature of the investment, changes in market conditions and the economic environment may significantly impact the NAV of the funds, and consequently, the fair value of the Plan's interest in the funds. Although a

INTEGRIS *HEALTH*, INC. RETIREMENT PLAN B

Notes to Financial Statements

secondary market exists for investments, it is not active and individual transactions are typically not observable. Although transactions do occur in this limited secondary market, they may occur at discounts to the reported net asset value. It is, therefore, reasonably possible that if the Plan were to sell these investments in the secondary market, a buyer may require a discount to the reported net asset value, and any discounts could be significant. Redemption of these investments is not allowed.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

(4) Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service participants have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The accumulated plan benefits are based on the beginning-of-year information date.

(a) Summary of Significant Actuarial Assumptions

The significant actuarial assumptions used in determining accumulated plan benefits as of June 30, 2024 valuation date are as follows:

Actuarial method	Projected Unit credit method
Interest rate	3.71% per annum
Mortality	Pri-2012 mortality tables, with no collar adjustment, projected generationally with scale MP-2021
Separation rates	Graduated rates
Assumed retirement age	Age-related rates based on plan experience

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might apply in determining the actuarial present value of accumulated plan benefits.

Notes to Financial Statements

(b) Accumulated Plan Benefits

The following table summarizes the accumulated plan benefits as of June 30, 2024:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving payments	\$ 1,525,607
Other vested benefits	<u>32,268,238</u>
	33,793,845

Nonvested benefits	<u>18,215</u>
--------------------	---------------

Total actuarial present value of accumulated plan benefits	<u>\$ 33,812,060</u>
--	----------------------

Changes in the actuarial present value of accumulated plan benefits for the year ended June 30, 2024 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	\$ 28,751,369
Effect of:	
Benefits accumulated, including the effects of noninvestment gains and losses	(120,318)
Increase for interest due to decrease in discount period	1,205,392
Benefits paid	(229,597)
Change in actuarial assumptions	<u>4,205,214</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 33,812,060</u>

The discount rate was changed from 4.21% at June 30, 2023, to 3.71% at June 30, 2024. Also, the Section 417(e) lump sum conversion basis was updated to reflect interest rates as of June 2024 and the 2024 IRS 417(e) mortality table. The prior year Section 417(e) conversion basis reflected interest rate as of June 2023 and the 2023 IRS 417(e) mortality table. The mortality assumption used for active participants and retirees was the Pri-2012 separate employee/annuitant healthy mortality tables for males and females, with no collar adjustment, projected generationally with scale MP-2021. The mortality assumption used for beneficiaries was the Pri-2012 contingent survivor mortality tables for beneficiaries in payment status, separate for males and females, with no collar adjustment, projected generationally with scale MP-2021.

(5) Income Tax Status

The Plan received a favorable determination letter on August 25, 2020 from the Internal Revenue Service (IRS) indicating that the Plan has qualified under the provisions of Section 401(a) of the Internal Revenue Code (IRC) of 1986, as amended and is exempt from federal income taxes under Code Section 501(a). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

INTEGRIS *HEALTH*, INC. RETIREMENT PLAN B

Notes to Financial Statements

June 30, 2025 and 2024

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (DOL). The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods open for examination.

(6) Trustee Certification

Certain information related to investments disclosed in the accompanying financial statements, including plan interest in INTEGRIS *Health*, Inc. Retirement Plans Master Trust held at June 30, 2025 and 2024, and change in plan interest in INTEGRIS *Health*, Inc. Retirement Plans Master Trust for the years ended June 30, 2025 and 2024, except for cash and investments in Limited Partnerships as of and for the year ended June 30, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of Oklahoma, N.A. (the trustee of the Plan).

(7) Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- (b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (d) All nonvested benefits.

If plan funds are not sufficient to provide benefits for all categories, benefits will be prorated to participants within the first group for which benefits cannot be provided in full.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

INTEGRIS *HEALTH*, INC. RETIREMENT PLAN B

Notes to Financial Statements

June 30, 2025 and 2024

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, if benefits have been increased within the five years before plan termination, the entire amount of the Plan's vested benefits or the benefit increase may not be guaranteed. Also, there is a statutory ceiling, which is adjusted periodically, on the amount of monthly benefit the PBGC guarantees. The ceiling varies depending on the form of benefit payment elected by retired participants or active participants at plan termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of INTEGRIS and the level of benefits guaranteed by the PBGC.

(8) Plan Restrictions

Under the Pension Protection Act of 2006 (PPA), benefit restrictions apply to a plan if the Adjusted Funding Target Attainment Percentage (AFTAP) falls below certain thresholds. Based on the current year AFTAP and IRS regulations, the Plan is not subject to benefit restrictions during the 2025 or 2024 plan years.

(9) Risks and Uncertainties

Through the Master Trust, the Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(10) Related Party and Party in Interest Transactions

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

(11) Subsequent Events

The Plan has evaluated events subsequent to June 30, 2025 and through April 28, 2026, the date on which the financial statements were available to be issued.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Rationale for Economic Assumptions

- Cash balance interest accumulation rate – This rate is based on future expectations of the actual interest accumulation rate as defined by the plan provisions.
- Expected investment return – The expected rate of return on plan assets is based on a blend of the hypothetical past performance of the plan’s current asset mix as of July 1, 2024, and the median simulated investment return using capital market assumptions published in Mercer Investment Consulting’s *Capital Markets Outlook* for the plan’s asset mix, rounded to the nearest 10 basis points. The expected return on assets assumption is net of 12 basis points for expenses assumed to be paid from plan assets.
- Expenses – This assumption is based on expectations of the actual expenses to be paid by the plan for the upcoming year and is determined as the sum of the following (rounded to the nearest \$1,000):
 - Estimated PBGC Premiums to be paid for the current plan year
 - Actual non-PBGC expenses paid by the plan during the prior plan year

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Rationale for Demographic Assumptions

- **Withdrawal** – The withdrawal rates were selected based on an experience study completed in 2022 covering the period July 1, 2017 through June 30, 2021. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Retirement age** – The retirement rates were selected based on an experience study completed in 2022 covering the period July 1, 2017 through June 30, 2021. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Spouse assumptions** – The percentage married and spouse age assumptions were selected based on an experience study completed in 2022 covering the period July 1, 2017 through June 30, 2021. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Form of payment** – The form of payment assumption was selected based on an experience study completed in 2022 covering the period July 1, 2017 through June 30, 2021. The plan sponsor believes that this period will be representative of anticipated future experience.

Actuarial methods

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Minimum Funding Methods**

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, line 24 — Change in Actuarial Assumptions

Actuarial assumption changes since prior valuation

- Interest discounts and mortality rates were updated from 2023 to 2024 in accordance with PPA.
- The cash balance interest credit rate assumption increased from 5.25% for 2023 to 5.50% for 2024.
- The expected investment return assumption was updated from 4.00% per year for 2023 to 4.60% per year for 2024.
- The expected expense amount was decreased from \$400,000 to \$300,000.

Participation	Participation begins on the January 1 or July 1 coincident with or next following the later of age 21 and 1,000 hours of service in first 12 consecutive months of employment or any subsequent plan year.
Cash balance account	Opening balance was established effective January 1, 1990 equal to present value of accrued benefit.
Pay credits	For each calendar quarter with at least 250 hours of service, pay credit is equal to 3% of compensation if less than 10 years of Vesting Service and 4% otherwise. No pay credits on and after January 1, 2013 are provided.
Interest credits	The interest credit is the greater of 5% per annum or the annual one-year Treasury constant maturity rate for the month preceding the calendar year. Interest is credited at the end of the quarter and is applied to both the beginning balance and the contributions for the quarter.
Vesting service	Vesting service is credited for each calendar year in which 1,000 or more hours are worked. Vesting Service includes vesting service under the SMC Plan prior to July 1, 1995.
Credited service	Completed calendar months of employment. No credited service is earned for any calendar month during a calendar year of less than 1,000 hours, excluding year of hire and termination. Except for Rule of 85 eligibility, credited service is frozen effective January 1, 2013. Credited service includes credited service under the SMC Plan prior to July 1, 1995.
Rule of 85 eligibility	Sum of age and Credited Service.
Pensionable earnings	Total W2 earnings excluding auto allowances and club memberships. Elective deferrals under Section 125, 402(3)(3), 403(b), 457 and 132(f) are included. Compensation is limited under Section 401(a)(17); the \$150,000 limit in effect prior to July 1, 2002 is applied retroactively.
Final average compensation	Highest 5 consecutive calendar years of compensation out of the last 10 calendar years. Compensation on or after January 1, 2013 is ignored.
Cash Balance Annuity	The cash balance account as of the end of the calendar quarter of termination, with projected interest credits to Normal Retirement Date based on the interest rate in effect for the calendar year of

	termination, annuitized using UP-84 Mortality Table and 5% interest.
Covered Compensation	Covered Compensation with 35-year averaging period ending in the calendar year of Social Security Retirement Age
Final average compensation formula	Benefit: (i) .0135 times Final average compensation times Credited service (maximum 30 years), plus (ii) .0065 times (Final average compensation less Covered compensation) times Credited service (maximum 30 years)
In-service distributions	Participants who have reached early retirement age can elect to commence early retirement benefits on or after age 62 with continued employment.

Schedule SB, Part V — Summary of Plan Provisions**Normal Retirement**

Eligibility	First day of month coincident with or next following Social Security Retirement Age. SMC Normal Retirement Date is the first day of the month coincident with or next following age 65.
Benefit	For Participants prior to July 1, 2000 or initially employed prior to July 1, 2000 at facility owned by Controlled Group Member, the greatest of the following benefits: (1) Final Average Compensation Formula (2) Annuitized Cash Balance Account (3) August 31, 1995 accrued benefit (5 Year certain and continuous annuity) (4) December 31, 1993 accrued benefit (5) Sum of June 30, 1989 accrued benefit, plus accruals after June 30, 1989 under the Final Average Compensation Formula (service cap based on total credited service) Otherwise, the Annuitized Cash Balance Account. The benefit accrued under the SMC Plan as of June 30, 1995 ("SMC Accrued Benefit") is a guaranteed minimum benefit.

Early Retirement

Eligibility	First day of calendar month coincident with or next following age 55 with 10 years of Vesting Service
Benefit	If Participant prior to July 1, 2000 or initially employed prior to July 1, 2000 at facility owned by Controlled Group Member, the greatest of: (1) Final Average Compensation Formula; the 1.35% formula is reduced 6% per year for commencement prior to age 62 (unreduced if Rule of 85 applies) and the 0.65% formula is actuarially reduced for commencement prior to Social Security Retirement Age using UP-84 Mortality Table and 3% interest, (2) Actuarially equivalent of the Annuitized Cash Balance Account, (3) August 31, 1995 accrued benefit (5 Certain and continuous annuity), with same reductions as (1) above except the reduction for the 0.65% excess benefit are from age 65 rather than Social Security Retirement Age, (4) December 31, 1993 accrued benefit, with same reductions as (1) above except the reduction for the 0.65% excess benefit are from age 65 rather than Social Security Retirement Age, (5) Sum of June 30, 1989 accrued benefit, plus accruals after June 30, 1989 under the Final

Schedule SB, Part V — Summary of Plan Provisions

	Average Compensation Formula (Service cap is based on total credited service), with same reductions as (1) above except the reduction for the 0.65% excess benefit are from age 65 rather than Social Security Retirement Age, Otherwise, the actuarially equivalent Annuitized Cash Balance Account. The SMC portion of the accrued benefit is reduced 1/15 for the first 5 years and 1/30 for the next 5 years that commencement precedes Normal Retirement Date (age 65). Special ER distributions were allowed effective on or after July 1, 2007 for the groups listed on Appendix D.
Late Retirement	
Eligibility	First of month following termination after attainment of Normal Retirement Age
Benefit	Continued accruals to plan freeze date of December 31, 2012. Actuarial increases after age 70-1/2 are applied. The plan provides for suspension of benefits notices.
Deferred Vested	
Eligibility	100% vested if the participant has earned 3 years of Vesting Service (5 years of Vesting Service is required prior to July 1, 2008) or at age 65. For former SMC participants, 100% vested if the participant has earned 5 years of Vesting Service or at age 65 applicable to June 30, 1995 guaranteed minimum benefit.
Benefit	The Accrued benefit is payable at Normal Retirement Date. If the participant had 10 years of Vesting Service at termination, benefits may commence at age 55 and reduced for early commencement as follows: (1) Final Average Compensation Formula; the 1.35% formula is actuarially reduced for commencement prior to Normal Retirement Age using UP-84 Mortality Table and 8% interest, and the 0.65% formula is actuarially reduced for commencement prior to Normal Retirement Age using UP-84 Mortality Table and 3% interest, (2) Actuarially equivalent of the Annuitized Cash Balance Account, (3) August 31, 1995 accrued benefit (5 Certain and continuous annuity), with same reductions as (1) above except the reduction for the 0.65% excess

benefit are from age 65 rather than Social Security Retirement Age,

- (4) December 31, 1993 accrued benefit, with same reductions as (1) above except the reduction for the 0.65% excess benefit are from age 65 rather than Social Security Retirement Age,
- (5) Sum of June 30, 1989 accrued benefit, plus accruals after June 30, 1989 under the Final Average Compensation Formula (service cap based on total credited service), with same reductions as (1) above except the reduction for the 0.65% excess benefit are from age 65 rather than Social Security Retirement Age.

The participant may elect immediate commencement if the cash balance account is less than \$10,000, in either of the normal forms (Life annuity if single or 50% joint and survivor annuity if married), or 75% joint and survivor annuity or lump sum.

Schedule SB, Part V — Summary of Plan Provisions

Disability	
Eligibility	Total and permanent disability, as determined by the Administrative Committee, prior to normal retirement date while actively employed.
Benefit	Continued accruals assuming level pay based on rate of compensation, and the same covered compensation level, in effect immediately prior to disability. Benefits commence at Normal Retirement Date. Disability benefits were frozen effective December 31, 2012. If participant had 10 years of vesting Service at disability, benefits can commence at age 55. Effective July 1, 2010, may elect immediate commencement if the cash balance account is less than \$10,000, in either of the normal forms (Life annuity if single or 50% joint and survivor annuity if married), 75% joint and survivor annuity or lump sum.
Pre-retirement death	
Eligibility	A death benefit is payable to an active participant who is vested and has deceased or Deferred Vested participant that deceased before their annuity starting date.
Benefit prior to early retirement	Payable to participants who die while (1) actively employed, (2) vested employees who have not commenced benefits whether actively employed or not, or (3) accruing benefits under the plan. For married participants, the death benefit payable to the surviving spouse is the greater of: (1) Actuarial equivalent of the cash balance account payable as single life annuity, or (2) Survivor portion of accrued benefit payable as 50% joint and survivor annuity assuming the participant commenced benefits on day before death. Spouse may also elect to receive the benefit above as lump sum or 5 year certain annuity. If participant designated non-spouse beneficiary (with spousal consent), or if participant is not married, the cash balance account is payable as a lump sum to the designated beneficiary, or beneficiary can elect payment as 5 year certain annuity. The death benefit is payable immediately, adjusted actuarially for payment before or after Normal Retirement Date.

Schedule SB, Part V — Summary of Plan Provisions

Form Of Benefits	
Automatic form for unmarried participants	Life annuity
Automatic form for married participants	50% joint and survivor annuity
Optional forms	66-2/3% joint and last survivor with 10 year certain, 75% joint and survivor, 5 year certain and continuous 10 year certain and continuous. If cash balance account is less than \$10,000, participant may elect to receive actuarial equivalent of accrued benefit in single lump sum. Mandatory cash out if lump sum is less than \$5,000 For prior SMC participants, additional optional forms are available (Certain and life annuity, 100% joint and survivor annuity and unlimited lump sum).
Optional form conversion factors	UP-84 Mortality Table and 8% interest Lump sum benefits are based on the applicable interest rates and mortality table described in Internal Revenue Code Section 417(e)(3). The applicable interest rates are those for June preceding the first day of the plan year in which the distribution is made.
Miscellaneous	
Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2024, the limit is \$345,000.
Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2024, the limit is \$275,000.

Benefits included or excluded

Unless noted below, all benefits provided by the plan, effective June 30, 2024, are included in this valuation:

- **Most recent plan amendments included:** None.
- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to non-SMC participants who work beyond normal retirement; therefore late retirement actuarial increases only apply to participants who defer retirement beyond age 70.5. This valuation applies late retirement actuarial increases for non-SMC participants over age 71.

Schedule SB, Part V — Summary of Plan Provisions

- Suspension of benefit notices are not provided to SMC participants so this valuation applies late retirement actuarial increases for these participants over age 65
- *Deferred vested participants*: Current deferred vested participants over normal retirement age are valued retroactive annuity payments using a 5% interest rate.
- **Internal Revenue Code limitations**: The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans**: We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions**:
 - *Unpredictable contingent event benefits*: This valuation excludes restricted contingent event benefits for events that occurred before the valuation date but includes contingent event benefits for events that are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments*: See above.
 - *Prohibited payments*: Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals*: The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits**: The plan does not have any unpredictable contingent event benefits

Plan provision changes since prior valuation

Maximum compensation amounts and maximum benefit amounts under IRS rules were updated from 2023 to 2024.
