INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrative Committee of
Armstrong Garden Centers, Inc. Employee Stock Ownership Plan
Glendora, California

Opinion

We have audited the financial statements of Armstrong Garden Centers, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of July 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended July 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of July 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended July 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year) as of July 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Armstrong Garden Centers, Inc. Employee Stock Ownership Plan
Notes to Financial Statements

(1) PLAN DESCRIPTION

The following brief description of the Armstrong Garden Centers, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

Armstrong Garden Centers, Inc. (the Company) established the Plan in 1980. The Plan operates as an employee stock ownership plan (ESOP), and is a stock bonus plan under Section 401(a) designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an administrative committee (Committee) which consists of the Company's Board of Directors. Don Rogers, Jr., Tom Johnsey and Tom Snyder are the Co-Trustees of the Plan. The Plan's assets, which consist of Company common stock and cash, are held by the Trustees of the Plan. Company contributions and/or S corporation distributions are held and managed by the Trustees, which invests cash received and makes distributions to participants.

Eligibility

Employees of the Company are eligible to participate in the Plan on February 1st or August 1st after completion of twelve months of employment with at least 1,000 hours of service. Participants who do not have at least 1,000 hours of service during a Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions and/or S corporation distributions for such year.

Contributions

Each year, the amount of the employer contributions if any, shall be paid in cash, shares of Company stock or other property as determined by the Board of Directors of the Company; however, such amounts are required to be sufficient to fund current benefit payment obligations. For the year ended July 31, 2025, the Board of Directors approved and funded an employer contribution of \$10,100,000. Participant contributions are not permitted under the Plan.

Payment of Benefits

In most cases, distributions from the Plan are available only after a participant attains retirement age (age 65), meets diversification requirements, dies, becomes totally disabled, or otherwise terminates employment with the Company. Benefits become distributable to a participant upon the attainment of retirement age, death or disability. For participants who terminate employment of the Company, benefits become distributable to a participant no later than the end of the sixth plan year following termination. Normally, the benefits are distributed to a participant in five annual installments. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. As of July 31, 2025, the vested account balances of terminated participants totaled \$29,094,479.

Armstrong Garden Centers, Inc. Employee Stock Ownership Plan
Notes to Financial Statements

(1) PLAN DESCRIPTION (Continued)

Voting Rights

The Plan Trustees will vote the shares held by the Plan, except when a vote concerns a major corporate matter or event, which in such case each participant will have the right to direct the voting of any shares allocated to his or her account.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund would be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

Participant Accounts

Separate accounts are maintained for each participant for shares of Company stock and other investments, if any. Each participant's account is credited with an allocation of the employer's contributions and/or S corporation distributions, Plan earnings and expenses, and forfeitures of terminated participants' nonvested accounts. Allocations to a participant's account are made as of the last day of each Plan year and are normally based on eligible compensation in relation to aggregate eligible compensation of all participants. Net forfeitures of terminated nonvested account balances, including unlocatable participants vested account balances, totaled \$252,609 and \$392,067 at July 31, 2025 and 2024, respectively, and were allocated to remaining participants. In most cases, Plan earnings and expenses are allocated to each participant's account based on the ratio of the participant's adjusted beginning of the year account balance to all participants' adjusted beginning of the year account balances.

As of the last day of the Plan year following the earlier of (1) a participant's normal retirement date (age 65) or (2) the participant's termination of employment date, the participant's account is to be segregated. The terminated participant accounts are reflected in a segregated fund for recordkeeping purposes. Terminated participant accounts in the segregated fund reflect the shares allocated to the participant's Company stock account, and accordingly, the value of this account reflects the appreciation in the fair value of investment in the Company's stock.

Vesting

Participants are fully vested in their accounts if employed by the Company on or after age 65, or become totally disabled or die while employed. Participants begin vesting at 20% after two years of service, increasing 20% each year, becoming fully vested after six years of service.

Armstrong Garden Centers, Inc. Employee Stock Ownership Plan
Notes to Financial Statements

(1) PLAN DESCRIPTION (Continued)

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. During the year ended July 31, 2025, the Company repurchased from participants 3,607 shares at prices determined from the independent appraisal.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end. As part of diversification, during the year ended July 31, 2025, 1,410 shares of Company stock were redeemed for an aggregate amount of \$3,513,178.

Administrative Expenses

Administrative expenses are normally paid directly by the Company. Officers or employees of the Company may perform certain administrative functions. No such officer or employee receives compensation from the Plan.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Armstrong Garden Centers, Inc. Employee Stock Ownership Plan
Notes to Financial Statements

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments with maturities of three months or less at the time of purchase. The Plan maintains certain cash balances in a sweep account. During the year ended July 31, 2025, average annual yield was 4.06%.

The ESOP maintains its cash accounts in deposit and investment sweep accounts, the balances of which are less than the federally insured limits provided by the investment sweep agreement, therefore, as of July 31, 2025, the Plan had no uninsured cash balances.

Investment Valuation and Income Recognition

The Plan's investment in shares of the Company common stock is valued at estimated fair value as determined by annual independent appraisals (see Note 4 for discussion of fair value measurements). Purchases and sales of securities, if any, are recorded on a trade-date basis. Dividend income, if any, is accrued on the ex-dividend date, and S corporation distributions are recorded as approved by the Board of Directors. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits are recorded when paid or upon distribution of shares.

Non-Participant-Directed Investments

All investments included in these financial statements are considered non-participant-directed investments.

(3) SPONSOR COMPANY COMMON STOCK

The Plan's investment in Company common stock at July 31, 2025 and 2024 is as follows:

	<u>2025</u>	<u>2024</u>
Number of shares	<u>55,341</u>	<u>55,341</u>

(4) FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level 1 include listed equities and other securities held in the name of the Plan, and exclude listed equities and other securities held indirectly through commingled funds.

Level 2 - Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 - Pricing inputs are unobservable for the investment and include situations where there is little, if any market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

The following tables summarize the fair value measurement information of the Plan's investments as of July 31, 2025 and 2024:

	<u>Fair Value</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>July 31, 2025</u>

The investment asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2025 and 2024.

(4) FAIR VALUE MEASUREMENTS (Continued)

The fair value of the common stock held by the Plan is valued at estimated fair value based upon appraisals performed by an independent firm who specializes in such valuations. The appraisals were based upon a combination of the market and income valuation techniques consistent with prior years. For the income valuation technique, the unobservable inputs consist of EBITDA, net income, free cash flow, weighted average cost of capital and discount rate. For the market valuation technique, the unobservable inputs consist of merger and acquisition comparables, revenue multiple and EBITDA multiple.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from audited and internal financial statements of the Company and also from other financial reports, including projections. The appraiser prepares a preliminary report which plan management, along with the Plan Trustees, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers, purchases or issuances of Level 3 investments during the year ended July 31, 2025.

The following table summarizes our fair value measurements using significant Level 3 inputs, and changes therein, for the year ended July 31, 2025:

Balance as of July 31, 2024	\$137,899,811
Net unrealized gains	<u>1,400,127</u>
Balance as of July 31, 2025	<u>\$139,299,938</u>

The unrealized gain above relates to the assets still held at the reporting date and equal to the total gain for the period included in the changes in net assets available for benefits.

(5) TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock which is a related party and party in interest transaction. As described in Note 1, the Company pays most of the Plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

(7) RISKS AND UNCERTAINTIES

The Plan's investments consist of investments in the Company's common stock and cash and cash equivalents. The Plan owns 100% of the Company's shares of common stock at July 31, 2025. This investment is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the Company's common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the Company's common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(8) SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through May 1, 2026, the date the financial statements were available to be issued.
