Independent Auditor's Report

Participants and Plan Administrative Committee
DCG One, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DCG One, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DCG One, LLC Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of DCG One, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General: The Plan is a defined contribution plan covering all employees of the Direct Connect Group, LLC and its affiliates (collectively, the Company or Employer), as defined. The Plan Administrative Committee is responsible for oversight of the Plan. The Plan Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Eligible employees are all employees who are aged 18 or older, except for: (1) nonresident aliens; (2) employees covered by a collective bargaining agreement; and (3) leased employees. Part-time, temporary and seasonal employees of the Company are eligible to participate in the Plan if they are at least 21 years of age and have completed one year of service comprising at least 500 hours of service. An eligible participant can enter the Plan on the first day of each month upon meeting all eligibility requirements for purposes of deferral contributions and discretionary matching contributions. In order to be eligible for non-elective employer contributions from the Company, an employee must have completed one year of service comprising at least 1,000 hours of service. Entry into the Plan for non-elective employer contributions is on the first day of each Plan year and the first day of the seventh month of each Plan year.

Contributions: Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, up to the maximum allowed under the Internal Revenue Code (IRC). The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 10%. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides a discretionary matching contribution as a percentage of eligible compensation deferred by participants. For the year ended December 31, 2024, the Company matched 50% of participant contributions up to 4% of eligible compensation (maximum match of 2% of eligible compensation). Non-elective employer contributions are at the discretion of the Company. There were no non-elective employer contributions for the year ended December 31, 2024.

Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well allocations of the non-elective employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

DCG One, LLC Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Discretionary employer contributions are subject to the following vesting schedule below:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

Notes receivable from participants: Participants may borrow from their fund account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer if used to purchase a principal residence. Loans are collateralized by the balance in the participant's account and bear interest at prime rate plus 1% at the time of loan origination. Principal and interest payments are paid through payroll deductions.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options daily.

Payment of benefits: Upon termination of service, death, retirement or disability, a participant or beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants may request hardship distributions, as defined. Participants can request in-service distributions upon reaching the Plan's normal retirement age.

If the participant's vested account balance exceeds \$5,000, no distribution will be made from the Plan without the participant's consent. If a participant's vested account balance upon termination of service, death, disability or retirement is greater than \$1,000 but less than \$5,000, a participant can elect a distribution option or, if no election is made, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator. If a participant's vested account balance is \$1,000 or less, a lump-sum amount distribution is the required form of distribution on termination of service, death, disability or retirement.

Forfeited accounts: Forfeitures are used to pay administrative expenses or reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$23,649 and \$29,295, respectively. During 2024, \$63,150 of forfeitures were used to pay administrative expenses and no forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DCG One, LLC Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and matching contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation. Non-elective contributions, if any, are recorded in the year in which the underlying compensation is paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through May 8, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution:

	2024	2023
Mutual funds, at fair value	\$ 43,271,209	\$ 41,281,011
Notes receivable from participants	415,427	372,837

Fidelity also certified to the completeness and accuracy of \$3,949,983 of net appreciation in fair value of investments, \$1,429,690 of interest and dividends, and \$32,905 of interest income on notes receivable from participants.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

		2024			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 43,271,209	\$ -	\$ -	\$ 43,271,209
Investments at fair value		\$ 43,271,209	\$ -	\$ -	\$ 43,271,209

		2023			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 41,281,011	\$ -	\$ -	\$ 41,281,011
Investments at fair value		\$ 41,281,011	\$ -	\$ -	\$ 41,281,011

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity, the trustee and recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were \$71,492 for the year ended December 31, 2024.

Certain employees of the Company provide administrative services to the Plan. These employees are not compensated for such services.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA and its related regulations. In the event of Plan termination, participants would become 100% vested in any employer contributions.

Notes to Financial Statements

Note 8. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Nonexempt Transactions

During 2024, 2023 and 2022, the Plan Sponsor inadvertently failed to deposit participant contributions and loan repayments totaling \$249, \$183,882 and \$143,142, respectively, within the timeframes required under Department of Labor regulations. The late deposits identified during 2023 and 2022 were partially corrected in 2025, including the deposit of \$1,077 of lost earnings. The Plan Sponsor also filed Form 5330 and paid the applicable excise taxes related to these prohibited transactions. With respect to the 2024 late deposits, the Plan Sponsor intends to correct the failures in 2026, including depositing any required lost earnings and filing Form 5330. All corrections and excise taxes were or are expected to be paid from the Plan Sponsor's assets and not from plan assets.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2024 and 2023, per the financial statements to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 43,686,636	\$ 41,653,848

Independent Auditor's Report

Participants and Plan Administrative Committee
DCG One, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DCG One, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DCG One, LLC Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of DCG One, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General: The Plan is a defined contribution plan covering all employees of the Direct Connect Group, LLC and its affiliates (collectively, the Company or Employer), as defined. The Plan Administrative Committee is responsible for oversight of the Plan. The Plan Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Eligible employees are all employees who are aged 18 or older, except for: (1) nonresident aliens; (2) employees covered by a collective bargaining agreement; and (3) leased employees. Part-time, temporary and seasonal employees of the Company are eligible to participate in the Plan if they are at least 21 years of age and have completed one year of service comprising at least 500 hours of service. An eligible participant can enter the Plan on the first day of each month upon meeting all eligibility requirements for purposes of deferral contributions and discretionary matching contributions. In order to be eligible for non-elective employer contributions from the Company, an employee must have completed one year of service comprising at least 1,000 hours of service. Entry into the Plan for non-elective employer contributions is on the first day of each Plan year and the first day of the seventh month of each Plan year.

Contributions: Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, up to the maximum allowed under the Internal Revenue Code (IRC). The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 10%. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides a discretionary matching contribution as a percentage of eligible compensation deferred by participants. For the year ended December 31, 2024, the Company matched 50% of participant contributions up to 4% of eligible compensation (maximum match of 2% of eligible compensation). Non-elective employer contributions are at the discretion of the Company. There were no non-elective employer contributions for the year ended December 31, 2024.

Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well allocations of the non-elective employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

DCG One, LLC Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Discretionary employer contributions are subject to the following vesting schedule below:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

Notes receivable from participants: Participants may borrow from their fund account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer if used to purchase a principal residence. Loans are collateralized by the balance in the participant's account and bear interest at prime rate plus 1% at the time of loan origination. Principal and interest payments are paid through payroll deductions.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options daily.

Payment of benefits: Upon termination of service, death, retirement or disability, a participant or beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants may request hardship distributions, as defined. Participants can request in-service distributions upon reaching the Plan's normal retirement age.

If the participant's vested account balance exceeds \$5,000, no distribution will be made from the Plan without the participant's consent. If a participant's vested account balance upon termination of service, death, disability or retirement is greater than \$1,000 but less than \$5,000, a participant can elect a distribution option or, if no election is made, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator. If a participant's vested account balance is \$1,000 or less, a lump-sum amount distribution is the required form of distribution on termination of service, death, disability or retirement.

Forfeited accounts: Forfeitures are used to pay administrative expenses or reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$23,649 and \$29,295, respectively. During 2024, \$63,150 of forfeitures were used to pay administrative expenses and no forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DCG One, LLC Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and matching contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation. Non-elective contributions, if any, are recorded in the year in which the underlying compensation is paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through May 8, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution:

	2024	2023
Mutual funds, at fair value	\$ 43,271,209	\$ 41,281,011
Notes receivable from participants	415,427	372,837

Fidelity also certified to the completeness and accuracy of \$3,949,983 of net appreciation in fair value of investments, \$1,429,690 of interest and dividends, and \$32,905 of interest income on notes receivable from participants.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

		2024			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 43,271,209	\$ -	\$ -	\$ 43,271,209
Investments at fair value		\$ 43,271,209	\$ -	\$ -	\$ 43,271,209

		2023			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 41,281,011	\$ -	\$ -	\$ 41,281,011
Investments at fair value		\$ 41,281,011	\$ -	\$ -	\$ 41,281,011

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity, the trustee and recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were \$71,492 for the year ended December 31, 2024.

Certain employees of the Company provide administrative services to the Plan. These employees are not compensated for such services.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA and its related regulations. In the event of Plan termination, participants would become 100% vested in any employer contributions.

Note 8. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Nonexempt Transactions

During 2024, 2023 and 2022, the Plan Sponsor inadvertently failed to deposit participant contributions and loan repayments totaling \$249, \$183,882 and \$143,142, respectively, within the timeframes required under Department of Labor regulations. The late deposits identified during 2023 and 2022 were partially corrected in 2025, including the deposit of \$1,077 of lost earnings. The Plan Sponsor also filed Form 5330 and paid the applicable excise taxes related to these prohibited transactions. With respect to the 2024 late deposits, the Plan Sponsor intends to correct the failures in 2026, including depositing any required lost earnings and filing Form 5330. All corrections and excise taxes were or are expected to be paid from the Plan Sponsor's assets and not from plan assets.
