Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CLIFTONLARSONALLEN LLP**

(2) EIN: **41-0746749**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		9000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rally Credit Union Defined Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of July 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rally Credit Union Defined Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended July 31, 2025 and 2024 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rally Credit Union Defined Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rally Credit Union Defined Benefit Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Trustees
Rally Credit Union Defined Benefit Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rally Credit Union Defined Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rally Credit Union Defined Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of July 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RALLY CREDIT UNION DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS
JULY 31, 2025 AND 2024

NOTE 1 DESCRIPTION OF THE PLAN

Description of Plan

The following brief description of Rally Credit Union Defined Benefit Plan (formerly the Navy Army Community Credit Union Defined Benefit Plan) (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit noncontributory plan covering substantially all employees of Rally Credit Union (formerly Navy Army Community Credit Union) (the Credit Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all employees of the Credit Union who have six consecutive months of service or one total year of service and are at least 21 years of age are eligible to participate in the Plan. A year of service is defined as at least 1,000 hours in a calendar year. Eligible employees become participants effective as of the first day of the month coinciding with or next following the date on which they satisfied the eligibility requirements. The Plan excludes nonresident aliens with no U.S. source income. The Plan has been restated as of May 1, 2019, to exclude employees hired or rehired on or after August 1, 2018. The Plan was most recently restated effective August 1, 2024.

Pension Benefits

Employees with five or more years of service who are at least the normal retirement age (65) are entitled to annual pension benefits equal to 50% of their average monthly compensation for service prior to August 1, 2018, and 40% of their average monthly compensation for service earned on or after August 1, 2018, which produces the highest average compensation reduced proportionately for less than 25 years of service at retirement. The Plan permits early retirement for participants between the ages of 55 and 64 for participants with 10 years of vested service. The normal retirement benefit accrued to date is reduced to an actuarial equivalent to compensate for the longer period over which benefits will be paid. The actuarial equivalence reduction is 4% per year or portion thereof for each year preceding normal retirement. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Credit Union's contributions. Employees with service dates before October 1, 2003, may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination (this option is not available to employees hired after October 1, 2003), or they may elect to receive their benefits as a life annuity payable monthly from retirement. The normal annuity form is a monthly income payment for 120 months certain and life annuity. At the participant's option, retirement income may be paid without a certain period, with a different certain period, or on a joint and survivor basis. Election of an optional annuity form may be made at any time before retirement.

The Plan was amended June 1, 2022, to allow lump sum payments to employees with 10 years vesting service as of January 1, 2021. Participants with more than ten years of vesting service as of June 1, 2021, can receive lump sums if the present value does not exceed \$100,000.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Pension Benefits (Continued)

Effective January 1, 2021, the Plan's normal retirement benefit formula was amended. The new formula for a participant's accrued benefit is based on the greater of the participant's frozen accrued benefit and a retirement benefit formula equal to 50% of such participant's average monthly compensation for service earned prior to August 1, 2018, and 40% of such participant's average monthly compensation for service earned on or after August 1, 2018 through December 31, 2020 and the following percentage for service earned on or after January 1, 2021:

- For participants with less than 5 years of vesting service as of January 1, 2021, 10% of average monthly compensation; and
- For participants with at least 5 years of vesting service but less than 10 years of vesting service as of January 1, 2021, 20% of average monthly compensation; and
- For participants with at least 10 years of vesting service as of January 1, 2021, 30% of average monthly compensation.

Vesting

Vesting in the Plan is based on years of continuous service. Participants are 100% vested at the end of five years. No vesting occurs in years one through four.

Death and Disability Benefits

If an active participant dies, a death benefit equal to the value of the employee's accrued pension benefits is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants begin receiving normal retirement benefits.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employee's compensation during the last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation to the date as of which the benefit information is presented (the valuation date).

Benefits payable under all circumstances – retirement, disability, death, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts are excluded from Plan assets and are also excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an enrolled actuary employed by Standard Insurance Company (Standard) and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuations date and the expected date of payment. The significant actuarial assumptions used in the valuations as of July 31, 2025 and 2024, respectively, were (a) life expectancy of participants (the Pri-2012 Total Dataset Amount-Weighted Mortality generationally projected with SOA MP-2023 and SOA MP-2021 was used in 2025 and 2024, respectively) and (b) retirement age 65 with current age if over 65, and (c) investment returns of 6.50% in 2025 and 2024. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan terminates, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computations of the actuarial present value of accumulated plan benefits were made as of August 1, 2025 and 2024. Had the valuations been performed as of July 31, 2025 and 2024, there would be no material differences.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Assumption Changes

In the August 1, 2025, actuarial assumptions were updated to use the Pri-2012 total dataset amount-weighted mortality generationally projected with SOA MP-2023. In the August 1, 2024, actuarial assumptions were updated to assumed that 100% of lump sum eligible participants and beneficiaries will elect a lump sum distribution upon retirement, termination or death. Additionally, it was noted that all remaining participants not eligible for an unlimited lump sum are assumed to receive the Qualified Join and Survivor annuity.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Credit Union. Investment related expenses are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through May 8, 2026, the date the financial statements were available to be issued.

NOTE 3 FUNDING POLICY

Each year the Credit Union will contribute a sum of money necessary to fund the benefits specified by the Plan, subject to the Internal Revenue Service (IRS) full funding limit test. The amount of this annual contribution will be actuarially determined. Employees are not required to make contributions to the Plan. The Plan has met the ERISA minimum funding requirement for the years ended July 31, 2025 and 2024.

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 4 PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits former employees, or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.

RALLY CREDIT UNION DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS
JULY 31, 2025 AND 2024

NOTE 4 PLAN TERMINATION (CONTINUED)

2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The separate accounts are segregated investment accounts of Standard Insurance Company. The account is divided into subaccounts. Each subaccount invests its assets solely in the shares or units of an underlying fund. Each fund is a portfolio of an investment company, or a unit investment trust. Payments allocated and transfers to a subaccount are invested in the fund underlying that subaccount. The investment objective of each subaccount corresponds to the investment objective of the underlying fund.

NOTE 6 CERTIFICATION OF INVESTMENT INFORMATION

Standard Insurance Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments as of July 31, 2025 and 2024, and investment income for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 7 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

RALLY CREDIT UNION DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS
JULY 31, 2025 AND 2024

NOTE 7 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at July 31, 2025 and 2024.

Separate Accounts: Net asset values (NAV) and dividend rates per share are determined by Standard Insurance Company's (Standard's) fund company trading partners as of the close of business each day. The separate accounts are valued at fair value using NAV per share without further adjustment. NAV is based upon the fair value of the underlying investments.

General Account: Valued at contract value, which represents contributions made, less withdrawals and administrative expenses, plus interest credited. Contract value approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31:

2025				
	Level 1	Level 2	Level 3	Total
Separate Accounts	\$ -	\$ 56,639,986	\$ -	\$ 56,639,986

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of July 31:

NOTE 8 TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

NOTE 8 TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Some of the Plan's investments are separate accounts or a general account managed by Standard. Standard is the qualified institution as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Appendix A – Summary of Principal Plan Provisions

*For attachment to 2024 Schedule SB, Part V – Summary of Plan Provisions
EIN 74-1237070 / PN 001*

Original Effective Date:	August 1, 1979
Last Restatement:	May 1, 2019
Subsequent Amendments:	Amendment No. 1 (effective September 1, 2019): Change in Plan Trustees. Amendment No. 2 (effective January 1, 2021): Reduce benefit formula and eliminate cost-of-living adjustments for prospective service. Amendment No. 3 (effective June 1, 2022): Full lump sum eligible expanded to plan participants with at least ten years of vesting service as of January 1, 2021. Plan participants with less than ten years of vesting service as of January 1, 2021, can receive a lump sum if the present value is under \$100,000.
Participation:	Employees hired before August 1 2018, enter the plan on the first of the month following completion of six months of service and attaining age 21. A participant accrues a year of service for each plan year in which they work at least 1,000 hours. Employees hired or rehired on or after August 1, 2018, are not eligible for pension plan participation.
Benefit Service:	A participant accrues a year of service for each plan year in which they work at least 1,000 hours.
Vesting Service:	The sum of the plan years during which a participant has at least 1,000 hours of service.
Normal Retirement Date:	Normal retirement is the earlier of (a) age 65 or (b) age 60 where age plus service equals 85.
Early Retirement Date:	At any time after attainment of age 55 and 10 years of vesting service, a participant may elect early retirement.
Average Monthly Earnings:	Average monthly earnings means the average compensation paid during the 5 consecutive year period which produces the highest average. If a participant works less than 5 consecutive years, the compensation shall be averaged over the sum of the months the participant was paid.

Rally Credit Union Defined Benefit Plan

Appendix A – Summary of Principal Plan Provisions (cont.)

Regular Benefit Amount:

The normal retirement benefit is 50% of basic monthly earnings multiplied by a fraction where the numerator is the number of years of benefit service up to August 1, 2018, and the denominator is the greater of 25 years or the total number of years of benefit service the participant would have accrued if the participant had continued employed until normal retirement age. The normal retirement benefit is 40% of basic monthly earnings for years of service from August 1, 2018, to December 31, 2020.

For years of service earned after January 1, 2021, the normal retirement benefit percentage is lowered to the following percentages:

- a) 10% for participants with less than five years of vesting service as of January 1, 2021,
- b) 20% for participants with at least five years but less than ten years of vesting service as of January 1, 2021, or
- c) 30% for participants with at least ten years of vesting service as of January 1, 2021.

Early Retirement Benefit:

The normal retirement benefit accrued to date is reduced to an actuarial equivalent to compensate for the longer period over which benefits will be paid. The actuarial equivalence reduction is 4% per year or portion thereof for each year preceding normal retirement.

Termination Benefit:

A terminating participant who has completed five years of service is entitled to receive a vested monthly benefit starting on his normal retirement date. The amount of the benefit is equal to the retirement income earned on the basis of service to date multiplied by the appropriate vested percentage from the following table:

<u>Years of Service</u>	<u>Vested Interest</u>
less than 5	0%
5 or more	100%

A participant will be 100% vested upon attainment of retirement age while an active employee.

Normal Form of Benefit:

The normal annuity form is a monthly income payable as a ten year Certain and Life annuity. At the participant's option, retirement income may be paid with a straight life annuity, another certain period, or on a joint and survivor basis. Election of an optional annuity form may be made at any time before retirement. For any annuity form (other than the subsidized joint and survivor form), the amount of income the amount of income is adjusted so the cost to the fund is the same as it would have been under the normal annuity form.

Rally Credit Union Defined Benefit Plan

Appendix A – Summary of Principal Plan Provisions (cont.)

Cost-of-Living Adjustment:	A post-retirement cost-of-living adjustment will be added to the retirement benefit payable to each retired participant. The COLA will be applied each August 1 following the calendar year the participant retires and shall be equal to the less of the Consumer Price Index or 3% (prorated for less than a year) to a maximum of 30%. The COLA shall be calculated as a simple interest COLA. Effective January 1, 2021, the cost-of-living adjustment is eliminated for benefit accruals after January 1, 2021.
Optional Benefit Forms:	At the participant's option, retirement income may be paid in any of the optional forms shown below. Election of an optional annuity for may be made at any time before retirement. For any annuity form (other than the subsidized joint and survivor form), the amount of income is adjusted so the cost to the fund is the same as it would have been under the normal annuity form. > Straight Life Annuity. > 100%, 75% or 50% Joint and Contingent Survivor Annuity. > 5, 10 or 15 year Certain and Life Annuity. > Unlimited single lump sum payment to participants hired before 10-1-2003 or if have ten years of service as of January 1, 2021; otherwise, lump sum payment only available if less than \$100,000.
Death Benefits (Pre-Retirement):	If a participant dies prior to the time his benefit payments commence, a death benefit shall be provided to the participant's beneficiary equal to the actuarial equivalent of the Qualified Preretirement Survivor Annuity. A Qualified Preretirement Survivor Annuity is an annuity for the life of the surviving spouse commencing on the later of (1) the date of the participant's death and (2) the earliest date on which the participant could retire, in an amount equal to the amount the surviving spouse could receive had the participant (a) retired on such date, (b) accrued benefits equal to his accrued benefit on the date of his death, (c) elected a one-half (50%) joint and survivor annuity, and (d) died on the day following the date he retired.
Death Benefits (Post-Retirement):	None except as provided by the annuity form elected.
Changes Since Last Year:	None.

EIN 74-1237070 / PN 001*

Actuarial Value of Assets: Market Value Method.

Turnover: 2003 SOA Small Plan Turnover Table

A study of the plan's turnover experience was last conducted in 2021 including experience from 2015 to 2020. It was found the 2003 SOA Turnover (Small Plan) rates was a reasonable match for the results.

Sample rates are:

<u>Age</u>	<u>Rate</u>
25	19.50%
40	9.40%
55	4.20%

Disability Incidence: None.

Retirement: 100% at Normal Retirement Age.

Salary Scale (compounded annually): 7.00%

Based on plan sponsor's future pay expectations in conjunction with average pay increase analysis from 2014 to 2020 conducted in 2021.

Marital Status: 90% of males and 80% of females are assumed to be married with males 3 years older than spouses.

Assumed Form of Payment: It is assumed that 100% of lump sum eligible participants and beneficiaries will elect a lump sum distribution upon retirement, termination or death.

All remaining participants not eligible for an unlimited lump sum are assumed to receive the Qualified Joint and Survivor annuity.

Expenses: Expected return is assumed to be net of expenses.

Plan Benefits Not Considered: None.

Changes since prior year: The funding and lump sum mortality tables and segment rates were updated as per IRS regulations.

Valuation was updated to apply 100% lump sum election assumption to former vested employees.
