Independent Auditor's Report

Board of Directors
Anderson Auto Group 401(k) Profit Sharing Plan & Trust
Lincoln, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Anderson Auto Group 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of July 14, 2025 and December 31, 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the periods from January 1, 2025 to July 14, 2025 and January 1, 2024 to December 31, 2024, and the related notes to the financial statements (modified cash basis) (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 14, 2025 and December 31, 2024, and for the periods from January 1, 2025 to July 14, 2025 and January 1, 2024 to December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2 of the financial statements.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter—Plan Merger and Transfer of Assets

As discussed in Note 6 to the financial statements, on March 11, 2025, the Retirement Plan Committee of the Plan voted to merge the Plan into the FlexPEP(k) Pooled Employer 401(k) Plan (Successor Plan) as of July 15, 2025. The Plan transferred its net assets into the Successor Plan on July 14, 2025 and ceased operations as of that date. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 of the financial statements, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i—Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Anderson Auto Group 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (Modified Cash Basis)

Note 1—Plan Description

The following description of Anderson Auto Group 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by AAI, Inc. (the Company) for the benefit of its employees who are age 18 or older. Related employers who also participate in the Plan include AFL, LLC; AFGI, LLC; MFL, LLC; Anderson Ford of St. Joseph, LLC; Anderson Outdoor of St. Joseph, LLC; Credit Connection, LLC; AFLS, LLC and ACDJ, LLC. The Plan was established January 1, 1992, by resolution of the Anderson Auto Group Board of Directors. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Non-elective employer contributions and profit-sharing contributions remain discretionary as determined by the Company's Board of Directors for participants who have at least one year of service with not less than 1,000 hours. Contributions are subject to certain limitations. Forfeitures are used for plan expenditures and to reduce Company contributions.

Investment Options

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawals or installments as permitted for minimum distribution under Code Section 401(a)(9). Hardship withdrawals are allowed under certain qualifying conditions. There were no plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not been paid at July 14, 2025 and December 31, 2024.

Anderson Auto Group 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (Modified Cash Basis)

Note 1—Plan Description (Continued)

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Forfeited Accounts

At July 14, 2025 and December 31, 2024, forfeited nonvested accounts totaled \$19,682 and \$14,897, respectively. These accounts were used to pay plan expenditures or reduce employer contributions. In 2025 and 2024, forfeitures were used to pay \$12,000 and \$11,500 of Plan expenses, respectively.

Note 2—Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Consequently, contributions and investment income are recognized when received and disbursements when made. Modified cash basis financial statements are cash basis financial statements that adjust securities investments to fair value and notes receivable to their unpaid principal balance. Accordingly, the financial statements are not intended to present the net assets available for benefits or changes in net assets in conformity with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on a cash basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses that are paid by the Company are excluded from these financial statements.

Note 3—Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of July 14, 2025 and December 31, 2024, and for the periods from January 1, 2025 to July 14, 2025 and January 1, 2024 to December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	July 14, 2025	December 31, 2024
Investments, at fair value	\$ -	\$ 13,386,361
Notes receivable from participants	-	289,761

The Trustee also certified to the completeness and accuracy of the following related to the Plan assets.

	July 14, 2025	December 31, 2024
Net appreciation in fair value of investments	\$ 1,153,126	\$ 1,556,790
Dividends and interest from investments	29,144	341,456
Interest income on notes receivable from participants	14,719	28,335

Note 4—Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 14, 2025 and December 31, 2024.

Money Market Funds

The money market fund is classified in Level 1 of the fair value hierarchy as fair value is based on quoted prices in active markets for identical securities.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4—Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 14, 2025 and December 31, 2024:

Assets at Fair Value as of July 14, 2025				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ -	\$ -	\$ -	\$ -
Mutual funds	-	-	-	-
Total Investments at Fair Value	\$ -	\$ -	\$ -	\$ -

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 237,200	\$ -	\$ -	\$ 237,200
Mutual funds	13,149,161	-	-	13,149,161
Total Investments at Fair Value	\$ 13,386,361	\$ -	\$ -	\$ 13,386,361

Note 5—Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays Fidelity Investment Institutional for recordkeeping services; Fidelity Management Trust Company for trust and custodial fees; and pays Gallagher Fiduciary Advisors for investing services, which totaled \$41,003 and \$58,648 during 2025 and 2024, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 6—Plan Merger and Transfer of Assets

On March 11, 2025, the Retirement Plan Committee determined all net assets of the Plan would be transferred to the FlexPEP(k) Pooled Employer 401(k) Plan (Successor Plan). On July 14, 2025, all net assets, totaling \$14,677,341 (including investments and participant loan balances), were transferred to the Successor Plan and plan benefits continued through the Successor Plan. Participant account balances, including all vested employer and employee contributions and outstanding participant loans, were transferred in-kind, and Plan participants became participants of the Successor Plan effective on the transfer date. As of July 14, 2025, the Plan held no assets and had no remaining participants. Upon transfer of the assets to the Successor Plan, the Anderson Auto Group 401(k) Profit Sharing Plan & Trust ceased operations.

A Form 5500 will be filed by the Plan Sponsor as a final return for the short plan year ended July 14, 2025.

Note 7—Tax Status

The Plan operates under a volume submitter adoption agreement sponsored by Fidelity Management & Research Company. This plan document has been filed with the appropriate agency. The Plan Administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8—Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Note 9—Subsequent Events

Management has evaluated subsequent events through May 6, 2026 the date the financial statements were available to be issued, to determine whether any events should be recognized or disclosed in these statements. Except for the previous plan merger and transfer of assets disclosure in Note 6, there were no significant transactions or events in the subsequent period requiring disclosure or recognition in the statements.
