We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Viant Medical, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

- In performing an audit in accordance with generally accepted auditing standards, we:
- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Viant Medical, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Viant Medical, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VIAINT MEDICAL, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Viant Medical, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit sharing plan established on April 4, 2008. Employees of Viant Medical, LLC (the Company or Plan Sponsor) and related employers are eligible to participate in the Plan once they have attained eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Amendments

Effective January 1, 2025, Knightsbridge Plastics, Inc. 401(k) Profit Sharing Plan was merged with the Plan and employees of Knightsbridge Plastics, Inc. became eligible to participate. As of March 28, 2025, approximately \$5,468,000 was transferred into the Plan.

Contributions

Participants may make voluntary salary reductions (participant contributions) up to the maximum amount allowed by the IRS. For 2025, this deferral limit was \$23,500. Newly eligibility participants will automatically be enrolled at six percent of eligible compensation. Participants who have attained age 50 on or before the last day of the Plan year are eligible to make catch-up contributions, and participants aged 60 to 63 on or before the last day of the Plan year are eligible to make enhanced catch-up contributions. Participants may also rollover amounts from other qualified plans.

The Company may make employer matching contributions in a formula, amount, and frequency determined by the Company. During 2025, the Company made approximately \$4,918,000 in discretionary matching contributions.

The Company may also make profit sharing contributions to all participants in an amount determined at its sole discretion. Any profit sharing contributions are made to all participants pro rata as a uniform percentage of eligible compensation. During 2025, the Company did not make discretionary profit sharing contributions.

In some circumstances, the Company may need to make special contributions on the participants' behalf called qualified nonelective contributions. If made, participants are always 100% vested in these contributions. During 2025, the Company made approximately \$22,000 in qualified nonelective contributions.

Participant Accounts

Individual accounts are maintained to record participant contributions, rollover contributions, matching contributions, profit sharing contributions, qualified nonelective contributions, and earnings thereon for each participant. The benefit to which a participant is entitled is the total benefit, which can be provided from the vested portion of these individual accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Upon entry into the Plan, participants are 100 percent vested in their participant contributions, rollover contributions, qualified nonelective contributions, and earnings thereon. Vesting for the discretionary matching contributions, profit sharing contributions, and earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-1	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants

Participants may borrow from their accounts. The amounts borrowed must be greater than \$1,000 and are limited to the lesser of \$50,000 (less the highest outstanding loan balance in the previous twelve months) or 50% of participants vested balance. Loans will bear an interest rate equal to the prime plus one percent and must be repaid within five years, or within thirty years if taken for the purchase of a principal residence.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may request a distribution of their vested account balance. Furthermore, upon approval of the Plan Administrator, participants may be entitled to take hardship distributions. Participants may elect to withdraw all, or a portion of their account while still employed, upon attainment of age 59 ½. Participants who have terminated employment and have a vested account balance of less than \$7,000 will receive a distribution of their account as soon as administratively feasible. Benefits are recorded when paid.

Forfeited Accounts

Forfeited accounts will be used to either pay Plan expenses or to reduce Company contributions. Forfeitures as of December 31, 2025 and 2024, were approximately \$650,000 and \$664,000, respectively. During 2025, the Plan used approximately \$631,000 in forfeitures to reduce employer contributions and approximately \$15,000 to pay Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

VIAINT MEDICAL, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Contracts

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for a description of the investment contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as a distribution based upon the terms of the plan document.

Administrative Costs

The Plan has entered into service contracts with outside consultants and agencies to perform certain administrative services for the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Market Risk

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Event

Management has evaluated subsequent events through May 4, 2026, the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company and Empower Annuity and Insurance Company of America (collectively Empower), qualified institutions.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**VIAINT MEDICAL, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and closed-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 166,315,792	\$ -	\$ -	\$ 166,315,792

2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 134,227,620	\$ -	\$ -	\$ 134,227,620

NOTE 5 – INVESTMENT CONTRACT

The Key Guaranteed Portfolio is a guaranteed-return contract with quarterly interest rate guarantee. Deposits are guaranteed in both principal and interest by Empower. Amounts are held in Empower's general account and are credited on a net daily basis at annual effective rates. This contract is fully benefit-responsive and is reported at contract value using the net investment factor (NIF) of accumulated cash contributions, transfers, and interest credited to the Plan's contract, less any withdrawals. The fair market value is equal to contract value, less any contingent deferred sales charge if applicable.

**VIAINT MEDICAL, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE 5 – INVESTMENT CONTRACT, CONTINUED

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Empower holds the Plans assets and performs the recordkeeping. Plan administration is provided by The Ryding Company. Investment advising and brokerage services are provided by Oakwood Capital Securities, LLC and Empower Advisory Group, LLC. Therefore, any investment, administrative, or compliance fees paid during the year qualify as party-in-interest transactions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2025 and 2024, as reflected in these financial statements, to the amounts reflected in the Plan's Form 5500:

Net assets available for benefits per Form 5500	<u>\$ 180,817,561</u>	<u>\$ 153,017,639</u>

The following is a reconciliation of net increase for the year ended December 31, 2025, as reflected in these financial statements, to the amounts reflected in the Plan's Form 5500:

Net increase in net assets per the financial statements	\$ 33,474,060
Decrease due to Plan merger	<u>(5,674,138)</u>
Net increase in net assets per Form 5500	<u>\$ 27,799,922</u>

NOTE 10 – SECURE 2.0

The SECURE 2.0 Act of 2022 introduces several changes to qualified retirement plans, with various implementation dates ranging from 2023 to future years. Key provisions include enhanced catch-up contribution limits for participants ages 60-63 (effective 2025), requirements for higher-income participants to direct catch-up contributions to Roth accounts (effective 2026), increases to required minimum distribution ages (phasing up to age 75), and the option to increase the automatic rollover threshold for force-out distributions from \$5,000 to \$7,000.

The Plan Administrator is currently evaluating these changes to determine which optional provisions may benefit Plan participants. Any required amendments will be implemented by their respective deadlines, and participants will be notified of adopted changes that affect their accounts or options under the Plan.
