INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Oklahoma Christian Schools, Inc

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Oklahoma Christian Schools Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of August 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended August 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended August 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

HSPG & ASSOCIATES, PC

relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of August 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2025**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Oklahoma Christian Schools Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established in 1994. The Plan is a defined contribution retirement plan designed to provide retirement benefits to eligible employees of Oklahoma Christian Schools (“OCS”) the (“Plan sponsor” or “Employer”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On September 29, 2023, the Plan sponsor approved a resolution to amend and restate the plan to convert it from a 401(a) into a 401(k) plan with an effective date of September 1, 2023. The restatement included modifications to the Plan's provisions to comply with the requirements for 401(k) plans, including changes to eligibility, contributions, vesting schedules, distribution options, and to include appropriate retroactive effective dates with respect to provisions for appropriate laws and regulations.

Eligibility – The Plan is a defined contribution Plan covering eligible employees of Oklahoma Christian Schools. Employees must complete one month of service prior to entering the Plan. Participants become eligible to receive employer profit sharing contributions and employer matching contributions following completion of one year of service during which 1,000 hours or more are worked. As additional requirements employees must be at least 20 ½ years of age, must be a nonunion employee, and must meet certain residential requirements.

Employee Contributions - Participants may make contributions during the plan year through regular payroll deductions which are limited by provisions of the Internal Revenue Code and adjusted periodically for increases in the cost of living. Participants age 50 and older are eligible to make additional catch- up contributions. Participants may elect to defer up to the maximum percentage of their annual plan compensation allowable by law. Participant rollover contributions are permitted under the plan document. Beginning September 1, 2023, employees meeting eligibility requirements are automatically enrolled into the Plan at a deferral rate of 10% unless they officially decline participation in writing.

Employer Contributions and Forfeitures – Matching contributions and profit-sharing contributions by OCS are discretionary as determined by plan management. During 2025, plan management made contributions based on 3% of each participant’s salary. Contributions are paid directly to the Trustee who also makes distributions directly to the participants of the Plan. Under certain circumstances, such as full distribution of vested funds by a participant, or certain breaks in service, nonvested employer contributions will be forfeited by the participant. Forfeitures may be used by the Plan to pay expenses of the Plan or to reduce future employer contributions. During 2025, forfeitures totaling \$7,509 and \$11,708 were used to offset employer contributions and pay for plan expenses, respectively. Funds forfeited by participants totaled \$4,083 for the year ended August 31, 2025. The forfeitures account balance totaled \$7,523 and \$15,148 at August 31, 2025, and 2024, respectively.

Participant Accounts - An individual account balance is maintained for each participant. Each participant's account is credited with the participant's elective deferrals, allocations of employer contributions, and investment gains and losses.

Vesting - Participants are immediately 100% vested in their rollovers, elective deferrals, and actual earnings thereon. Participants become vested in employer contributions, and the earnings thereon, at retirement age, as defined in the Plan, or in the event of death or disability. Employer contributions vest based on years of service. Participants vest 20% after one year of service and every subsequent year until becoming fully vested.

Distributions - In the event of a participant reaching normal retirement age (65), terminating, or becoming disabled, participants are paid a single sum equal to their vested account balance if the account balance is less than \$5,000. If a participant dies before distributions begin, the participant's spouse or other designated beneficiary will be entitled to distributions of the vested account balance. Upon attaining the age of 70 ½ participants must generally begin receiving minimum account distributions. Hardship distributions are only permitted if the relevant conditions under DOL and IRS rules and regulations have been met. Married individuals may be required to obtain a spouse's consent for certain forms of benefits.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions among investment choices in increments of one percent. Participants may change their investment options on any normal business day.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, with the exception of the investment contract with insurance company, which is stated at contract value. Purchases and sales of securities are recorded on a trade-date basis. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses of the Plan including investment management fees and professional fees are paid by the Plan. Certain administrative expenses are absorbed by the Plan sponsor at no cost to the Plan.

Plan Termination - Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Subsequent Events – Management has evaluated subsequent events through May 7, 2026 which is the date the financial statements were available to be issued. There were no subsequent events requiring recognition or disclosure.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures fair value in accordance with accounting standards that establish a fair value hierarchy based on the observability of inputs used to measure fair value. These inputs are summarized in the three broad levels listed below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value of measurement.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The pooled separate accounts under the John Hancock group annuity contract are valued at the net asset value (“NAV”) of units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying mutual funds owned by the fund which have publicly quoted pricing inputs adjusted for management fees prior to setting the daily unit value.

In accordance with accounting standards, the pooled separate accounts held by the Plan are not classified in the fair value hierarchy table because they are measured at NAV per share.

The unit value of the pooled separate accounts are based upon significant observable inputs, although it is not based upon quoted market prices in an active market. The observable inputs are unadjusted quoted prices for identical assets in an active market, which is defined as a market in which transactions take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy.

The Plan’s guaranteed interest accounts available through John Hancock are not considered fully benefit responsive. The fair value of the guaranteed interest accounts are measured by comparing the rates in effect on a specific date to the rates on which the actual interest is determined and adjusting the book value based on the difference. Daily rates are published and applied to both new deposits and to the calculation of fair value, constituting an active market (Level 1 inputs).

Furthermore, while the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's investments measured at fair value on a recurring basis at August 31, 2025:

	Total	Investments measured using NAV per share	Level 1	Level 2	Level 3
Pooled separate accounts	\$3,582,790	\$3,582,790	\$ -	\$ -	\$ -
Guaranteed accounts	3,286	-	3,286	-	-
Total investments at fair value	<u>\$3,586,076</u>	<u>\$3,582,790</u>	<u>\$ 3,286</u>	<u>\$ -</u>	<u>\$ -</u>

The following table presents the Plan's investments measured at fair value on a recurring basis at August 31, 2024:

	Total	Investments measured using NAV per share	Level 1	Level 2	Level 3
Pooled separate accounts	\$2,891,010	\$2,891,010	\$ -	\$ -	\$ -
Guaranteed accounts	1,534	-	1,534	-	-
Total investments at fair value	<u>\$2,892,544</u>	<u>\$2,891,010</u>	<u>\$ 1,534</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 4 – TAX STATUS

The Plan is established and maintained pursuant to a volume submitter plan document. The Internal Revenue Service ("IRS") issued a favorable determination letter dated June 30, 2020 recognizing the Plan's qualified status under Section 401(k) of the Internal Revenue Code (IRC). The determination letter signifies that the form of the Plan document, as submitted, meets the applicable requirements of the IRC. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS. Therefore, no provisions for income taxes have been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2022.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, which limits the procedures performed by the Plan's independent public accountants with respect to assets that are held by the Plan when the custodian has provided the Plan's management with, and certified the accuracy of, a statement of those assets.

Accordingly, the Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

The attached Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as well as the following amounts, have been provided and certified as complete and accurate by John Hancock Life Insurance Company as of December 31, 2025, and 2024, and for the year ended December 31, 2025.

	<u>2025</u>	<u>2024</u>
Pooled separate accounts	\$3,582,790	\$ 2,891,010
Guaranteed accounts	3,286	1,534
Non-interest bearing cash	7,523	15,148
	<u>2025</u>	
Investment income:		
Net change in fair value of investments	\$ 335,616	

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

Certain investment securities are managed by John Hancock Life Insurance Company or its affiliates. John Hancock Life Insurance Company is the custodian of the Plan and therefore qualifies as party-in-interest transaction.
