INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Alternative Services, Inc.
403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Alternative Services, Inc. 403(b) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, except for the possible effects of the matter discussed in the Basis for Qualified Opinion section of our report, the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alternative Services, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alternative Services, Inc. 403(b) Plan ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alternative Services, Inc. 403(b) ERISA Plan internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alternative Services, Inc. 403(b) ERISA Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Alternative Services –, Inc. 403(b)Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and any amendments thereto, for a more complete description of the Plan’s provisions.

General

The Plan is an Internal Revenue Code ("Code") Section 403(b) defined contribution retirement plan covering all employees of Alternative Services, Inc., Carpe Diem Foundation, Inc, and Community Living Concepts, Inc., (the "Organization"). All employees are immediately eligible to participate in the Plan upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their salary deferral contributions and employer matching contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, and a fixed annuity contract (Stable Asset Fund) as participant-directed investment options for participants.

The Organization may, at its discretion, make matching and nonelective contributions. Nonelective contributions are allocated to participant accounts based on the ratio of each participant's eligible compensation, as defined by the Plan, to the total eligible compensation of all eligible participants in the Plan. Participants must have completed one year of eligibility service (with a minimum of 1,000 hours) and be actively employed on the last day of the Plan year to share in an allocation of nonelective contributions. For the year ended December 31, 2022, the Organization elective to make a nonelective contribution of \$175,000 to the Plan. Lost earnings related to this contribution of \$35,492 were allocated to the participants in the 2026 plan year. Contributions are subject to certain limitations. Nonelective contributions are invested in a portfolio of investments as directed by the Organization.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Organization's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan.

Investment expenses charged by the exchange traded funds, mutual funds and variable annuity contracts in which the Plan invests are paid directly from the underlying assets of the respective investments and are included in the net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits. Certain advisory fees are paid by the Plan. All other charges related to the administration of the Plan are paid by the Organization.

403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN - CONTINUED

Vesting

Participants are vested immediately in their salary deferral contributions and rollover contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability, normal or early retirement, participants shall become 100% vested in the Organization contribution portion of their account. For all other participants, vesting in the Organization contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are made directly by participants to the custodian. Outstanding notes receivable from participants were \$24,870 and \$28,601 as of December 31, 2022 and 2021.

Payment of Benefits

On termination of service due to death, disability, normal or early retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments for a specified term or through the purchase of an annuity contract available under the terms of the Plan. For termination of service for other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Participants with a vested account balance less than \$5,000 will receive a lump-sum distribution as soon as it is administratively practicable immediately following their separation from service with the Organization.

Withdrawals from a participant's salary deferral account balance may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's rollover account may be made at any time. Additionally, in-service withdrawals are allowed in accordance with the provisions specified in the Plan for participants who have attained age 59 ½.

NOTE 1 – DESCRIPTION OF THE PLAN - CONTINUED

Forfeited Accounts

The Plan Administrator will allocate a Participant forfeiture attributable to nonelective contributions or to matching contributions to first pay reasonable plan expenses and then to allocate to fixed nonelective contributions. During the year ended December 31, 2022, approximately \$8,500 was used to pay plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments, except for the fixed annuity contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sale of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of each type of investment, which includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Organization has evaluated events and transactions for potential recognition or disclosure through April 20, 2026 which is the date the financial statements were available to be issued.

ALTERNATIVE SERVICES, INC.
403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

NOTE 4 – INVESTMENT AT CONTRACT VALUE

The plan holds an annuity contract in a Schwab Stable Value Fund totaling \$193,418 and \$119,430 at December 31, 2022 and 2021, respectively. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The plan sponsor evaluates the general financial condition of the issuer of the annuity contract that is owned by the plan as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value.

Schwab is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the plan. The crediting rate is based on a formula established by Schwab but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the plan to transact at contract value with Schwab. Examples of such events include the following: 1) the plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, 2) premature termination of the contract, 3) plan termination or merger, 4) changes to the plan's prohibition on competing investment options or 5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the plan's normal operations. No events are probable of occurring that might limit the ability of the plan to transact at contract value with Schwab and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 4 – INVESTMENT AT CONTRACT VALUE-CONTINUED

In addition, certain events may allow Schwab to terminate the contract with the plan and settle at an amount different from contract value. Examples of such events include the following: 1) an uncured violation of the plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, or 4) a material amendment to the agreement without the consent of Schwab.

NOTE 5 – CERTIFICATION BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation in fair value of investments, interest and dividends and participant loan interest for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (custodian of the Plan).

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Organization contribution portion of their account.

NOTE 7 – TAX STATUS

The Internal Revenue Service has previously not provided plans established under Section 403(b) with a determination or opinion letter indicating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan was amended and restated on January 1, 2020. Although the Plan has never received a determination or opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan had no uncertain tax positions as of December 31, 2022.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Charles Schwab and the Third-Party Administrator is Sentinel Benefits Group, Inc. Transactions conducted with these entities are considered exempt party-in-interest transactions. Total advisory and investment fees paid to Sentinel were \$8,481 for the year ended December 31, 2022.

NOTE 9 – RISKS AND UNCERTAINTIES

Investments

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
